1 I, Ryan Steger, being first duly sworn under oath, depose and say:

2 **I. INTRODUCTION AND AGENT BACKGROUND**

3 **A. Purpose of Affidavit**

4 1. I make this Affidavit in support of a complaint charging the individuals below of the
5 following violations:

6 a) **Count 1 - Conspiracy to Distribute and Possess with Intent to Distribute a**
7 **Controlled Substance, in violation of Title 21, United States Code, Sections 846 and 841(a):**

8 i. **Ignacio SANCHEZ (SANCHEZ)**, aka “Giddy” is
9 currently incarcerated at Salinas Valley State Prison, is the user of
10 (279) 386-7769 (Target Telephone 6) and is a user of (213) 334-1252
11 (Target Telephone 18). **SANCHEZ** is the *de facto* head of the
12 **ENTERPRISE**¹.

13 ii. **Benny GONZALEZ (GONZALES)**, aka “Huero” is one
14 of Ignacio **SANCHEZ**’s lieutenants, is a heroin distributor and
15 transporter who lives and works with his paramour Ramona
16 **FELISCIANO** at the direction of **SANCHEZ**, and is the user of (559)
17 961-6401 (Target Telephone 5).

18 iii. **Ramona FELISCIANO (FELISCIANO)** is involved in
19 the day-to-day movement of money and transportation of various types
20 of narcotics at **SANCHEZ**’s direction, and lives with her paramour
21 Benny **GONZALES**.

22 iv. **Jennifer ESCOBEDO (ESCOBEDO)** is involved in the
23 day-to-day movement of money and transportation of various types of
24 narcotics at **SANCHEZ**’s direction. **ESCOBEDO** is also the user of
25 (831) 596-0869 (Target Telephone 3).

26

27

28 ¹ For the purpose of this affidavit, I will refer to the Bulldog criminal street gang alliance of the Huron Dog Life
Bulldogs (HDL), Coalinga Dog Life Bulldogs (CDL), and San Joaquin Ruthless Perro Bulldogs (SRP) as “the
ENTERPRISE”.

v. **Armando ALFARO (ALFARO)**, aka “Whisper” procured various types of narcotics at **SANCHEZ**’s direction and is currently incarcerated at the Fresno County Jail.

vi. **Luis Amaro AGUILAR (AGUILAR)** is a regular supplier of methamphetamine to members of the **ENTERPRISE** and is a member of the **ENTERPRISE** as well.

vii. **Carly BALBOA (BALBOA)** is involved in the day-to-day movement of money and transportation of various types of narcotics at **SANCHEZ**'s direction.

viii. **Timothy CHENOT (CHENOT)**, aka “Lil Whisper”
conspired with **SANCHEZ** to traffic narcotics into the Fresno County
Jail.

ix. **Barbara DIAZ (DIAZ)** conspired to traffic narcotics.

x. **Susanna GARCIA (GARCIA)** is an associate of **SANCHEZ** and is involved in the movement of money and transportation of various types of narcotics at **SANCHEZ**'s direction.

xi. **AXEL GUEVARA (A. GUEVARA)**, aka "Action" attempted to distribute controlled substance into the Fresno County Jail at the direction of **SANCHEZ** and **D. MURPHY**. **A. GUEVARA** is also the user of (559) 404-9901 (Target Telephone 25).

xii. **Carlos GUILLEN (GUILLEN)**, aka “C-Dog” is involved in the day-to-day movement of money and transportation of various types of narcotics at **SANCHEZ**’s direction. **GUILLEN** is also involved in the sale and distribution of firearms. **GUILLEN** is also the user of (559) 508-6409 (Target Telephone 9).

xiii. **Gilberto HERNANDEZ (HERNANDEZ)** is a regular supplier of controlled substances to members of the **ENTERPRISE**.

xiv. **Anthony JEFF (JEFF)**, aka “Envy” conspired to traffic

1 narcotics.

2 xv. **Victoria LIMA (LIMA)** conspired to traffic narcotics.

3 xvi. **Angel Solorio LOPEZ (A. LOPEZ)**, aka “Rondo”
4 attempted to distribute controlled substance into the Fresno County
5 Jail at the direction of **SANCHEZ** and **D. MURPHY**. **A. LOPEZ** is
6 also the user of (559) 818-8601 (Target Telephone 8).

7 xvii. **Ricardo LOPEZ (R. LOPEZ)**, aka “R-Dog” is a regular
8 supplier of methamphetamine to **SANCHEZ** and his associates. **R.**
9 **LOPEZ** is the user of (559) 519-8338 (Target Telephone 20).

10 xviii. **Damien MURPHY (D. MURPHY)** conspired to traffic
11 controlled substances into the Fresno County Jail.

12 xix. **Bridgett MURPHY (B. MURPHY)** conspired to traffic
13 controlled substances into the Fresno County Jail.

14 xx. **Ricardo NUNEZ (NUNEZ)** conspired to traffic controlled
15 substances into the Fresno County Jail. **NUNEZ** is currently
16 incarcerated at the Fresno County Jail.

17 xxi. **Laura PLASENCIA (L. PLASENCIA)** aka “LP” is
18 involved in the day-to-day movement of money and transportation of
19 various types of narcotics at **SANCHEZ**’s direction. **L. PLASENCIA**
20 is also the user of (559) 800-4470 (Target Telephone 12) and
21 frequently uses it to facilitate **SANCHEZ**’s communication with
22 sources of supply and other members of the **ENTERPRISE**.

23 xxii. **Gracie PULIDO (PULIDO)**. **PULIDO** is involved in the
24 day-to-day movement of money and transportation of various types of
25 narcotics at **SANCHEZ**’s direction.

26 xxiii. **Daniel Loubet ROMERO (ROMERO)**, aka “Topo” is
27 involved in the day-to-day movement of money and transportation of
28 various types of narcotics at **SANCHEZ**’s direction.

1 xxiv. **Debbie SANCHEZ (D. SANCHEZ)** is involved in the
2 day-to-day movement of money and transportation of various types of
3 narcotics at **Ignacio SANCHEZ**'s direction.

4 xxv. **Naul SANDOVAL (SANDOVAL)** conspired to traffic
5 controlled substances into the Fresno County Jail.

6 xxvi. **Angel Soto RIOS (RIOS)** distributed heroin to members
7 of the **ENTERPRISE**, as well as coordinated the procurement of
8 methamphetamine between **SANCHEZ** and a supplier.

9 xxvii. **Rodrigo RUVALCABA (RUVALCABA)**, aka "Regal" is
10 involved in the day-to-day movement of money and transportation of
11 various types of narcotics at **SANCHEZ**'s direction. **RUVALCABA**
12 is also the user of (559) 210-2375 (Target Telephone 21).

13 xxviii. **Victor TAMAYO (TAMAYO)** is a regular supplier of
14 controlled substances to members of the **ENTERPRISE**. **TAMAYO**
15 is also the user of (559) 776-7731 (Target Telephone 17).

16 xxix. **Louis BONILLA (BONILLA)** is an associate of
17 **SANCHEZ** who buys and sells narcotics on **SANCHEZ**'s behalf.

18 xxx. **Crystal MARTINEZ (MARTINEZ)** is an associate of
19 **SANCHEZ** who buys and sells narcotics on **SANCHEZ**'s behalf.

20 b) **Count 2 - Distribution and Possession with Intent to Distribute a Controlled**
21 **Substance, in violation of Title 21, United States Code, Section 841(a):**

22 i. **Ray PINON (PINON)**, aka "Lil Ray" is one of **SANCHEZ**'s
23 lieutenants, a methamphetamine distributor, and is the user of (559)
24 931-4104 (Target Telephone 1) and (559) 806-4347 (Target Telephone
25 15).

26 c) **Count 3 - Distribution and Possession with Intent to Distribute a Controlled**
27 **Substance, in violation of Title 21, United States Code, Section 841(a):**

28 i. **Hemir Alonso Fevela VELAZQUEZ (VELAZQUEZ)** is a regular

1 supplier of controlled substances to **PINON**. **VELASQUEZ** is also
2 the user of (213) 795-3500 (Target Telephone 14).

3 ii. **Ray PINON (PINON)** is one of **SANCHEZ**'s lieutenants, a
4 methamphetamine distributor, and is the user of (559) 931-4104
5 (Target Telephone 1) and (559) 806-4347 (Target Telephone 15).

6 d) **Count 4 – Conspiracy to Traffic in Firearms, in violation of Title 18, United States**
7 **Code, Section 933(a)(1), (2), and (3):**

8 i. **Carlos GUILLEN (GUILLEN)** is involved in the sale and
9 distribution of firearms to members of the **ENTERPRISE**.

10 **GUILLEN** is also the user of (559) 508-6409 (Target Telephone 9).

11 e) **Count 5 – Possession of a Firearm by a Felon, in violation of Title 18, United States**
12 **Code, 922(g)(1):**

13 i. **Herman VIERA JR (VIERA)** possessed a firearm while involved in
14 the sale and distribution of firearms to members of the
15 **ENTERPRISE**.

16 f) **Count 6 – Conspiracy to Deal in Firearms without a License, in violation of Title 18,**
17 **United States Code, Sections 371 and 922(a)(1)(a):**

18 i. **Servando AYALA (AYALA)** is involved in the sale and distribution of
19 firearms to members of the **ENTERPRISE**.

20 ii. **Jose LICEA (J. LICEA)**, aka “T-Bird” is involved in the sale and
21 distribution of firearms to members of the **ENTERPRISE**. **J. LICEA** is also
22 the user of 559-410-2221 (Target Telephone 2221), (559) 880-5089 (Target
23 Telephone 26) and (559) 880-3519 (Target Telephone 29)

24 iii. **Alexander VASQUEZ (VASQUEZ)** is involved in the sale and distribution
25 of firearms to members of the **ENTERPRISE**. **VASQUEZ** is also the user of
26 (559) 895-2027 (Target Telephone 10).

27 iv. **Brian FORNES (FORNES)** is involved in the sale and distribution of
28 firearms to members of the **ENTERPRISE**. **FORNES** is also the user of

1 (559) 742-9396 (Target Telephone 23).

2 g) **Count 7 – Conspiracy to Traffic in Firearms, in violation of Title 18, United States**
3 **Code, Section 933(a)(1), (2), and (3):**

4 i. **Alexander VASQUEZ (VASQUEZ)** is involved in the sale and distribution
5 of firearms to members of the **ENTERPRISE**. **VASQUEZ** is also the user of
6 (559) 895-2027 (Target Telephone 10).

7 v. **Brian FORNES (FORNES)** is involved in the sale and distribution of
8 firearms to members of the **ENTERPRISE**. **FORNES** is also the user of
9 (559) 742-9396 (Target Telephone 23).

10 h) **Count 8 -- Possession of a Firearm by a Felon, in violation of Title 18, United States**
11 **Code, 922(g)(1):**

12 vi. **Jose QUESADA (QUESADA)**, aka “Rojo” possessed a firearm while
13 involved in the sale and distribution of firearms to members of the
14 **ENTERPRISE**. **QUESADA** is also the user of (559) 796-3656 (Target
15 Telephone 27).

16 **B. Agent Experience**

17 2. I am an “investigative or law enforcement officer” within the meaning of Title 18, United
18 States Code, Section 2510(7), that is, an officer of the United States who is empowered by law to
19 conduct investigations of, and to make arrests for, offenses enumerated in Title 18, United States Code,
20 Section 2516, and Title 21, United States Code.

21 3. I am a Special Agent with the Federal Bureau of Investigation (FBI), and I am a “federal
22 law enforcement officer” within the meaning of Federal Rule of Criminal Procedure 41(a)(2)(C). I have
23 been a Special Agent with the FBI since September 2018. I received basic law enforcement instruction
24 at the FBI Academy from approximately September 2018 through February 2019. I have been assigned
25 to FBI’s Safe Streets Task Force (SSTF) in Fresno, CA since February 2019. In 2019, I completed the
26 California Department of Justice’s Electronic Surveillance Certification course, which authorizes my
27 participation in California state wire investigations for a period of five years. I then renewed that
28 authorization in February 2024.

1 4. Prior to joining the FBI, I was a prosecutor at the Kane County State's Attorney's Office
2 in Kane County, Illinois from approximately November 2014 until September 2018. In that position, I
3 prosecuted offenses ranging from traffic infractions to felony-level violent offenses, drug offenses,
4 burglaries, and gang-related offenses, and have participated in numerous investigations of the same. As
5 a prosecutor and a Special Agent, I have attended numerous trainings related to investigating and
6 prosecuting gang-related crimes, which most recently includes the MAGEC Regional Gang Summit in
7 Fresno, CA in March 2025.

8 5. I am currently assigned to the FBI Sacramento Division – Fresno Resident Agency
9 Violent Crime Squad, and I investigate violations of Titles 18 and 21 of the United States Code and Title
10 28 of the Federal Code of Regulations.

11 6. As a Special Agent, I have investigated and wiretapped numerous members and
12 associates of criminal street gangs in California's Central Valley, spoken with numerous criminal street
13 gang members, cooperators, witnesses, confidential human sources ("CHSs"), and defendants, and
14 reviewed legal documents and reports describing various Fresno-based street gangs and prison gangs
15 and their activities. Specifically, I have obtained intelligence regarding criminal prison gangs, criminal
16 street gangs, drug trafficking, illegal firearms trafficking, and human trafficking. Additionally, I have
17 reviewed the supporting affidavits of all the warrants and/or orders set out below and have spoken at
18 length with members of the investigative team who have extensive experience specifically with Bulldog
19 criminal street gang cliques. Additionally, I have previously participated in several wiretaps involving
20 Sureno criminal street gangs, Norteno criminal street gangs, the Mexican Mafia criminal prison gang,
21 the Nuestra Familia criminal prison gang, the Aryan Brotherhood criminal prison gang, and other
22 various criminal street gangs in California's Central Valley area. As part of those investigations, I
23 reviewed tens of thousands of gang-related calls and messages and have authored numerous affidavits
24 supporting complaints, residential search warrants, pen register/trap and trace orders, precision location
25 warrants, vehicle trackers, Title III wiretap orders, and Title III audio listening device orders based on
26 that intelligence. Based on these experiences, I am aware of common themes, slang, and *modus*
27 *operandi* of gangs in California's Central Valley, which includes the Bulldog criminal street gang
28 alliance of the Huron Dog Life Bulldogs (HDL), Coalinga Dog Life Bulldogs (CDL), and San Joaquin

1 Ruthless Perro Bulldogs (SRP) ("the **ENTERPRISE**") and the general manner in which these gangs
2 operate.

3 7. I have participated in the prosecution of Racketeer Influenced and Corrupt Organization
4 Act ("RICO") violations targeting criminal street gangs and criminal prison gangs in this judicial district
5 since November 2019. I am familiar with street- and leadership-level "tax" collection activities of these
6 gangs, specifically those which involve drug trafficking, illegal firearms trafficking, and violent activity
7 in furtherance of their goals. I am familiar with the types and amount of profits made by firearms
8 traffickers and gun traffickers and the methods, language, and terms which are used to disguise the
9 source and nature of the profits from their illegal dealings. These methods include the use of telephones,
10 cellular telephones, wireless communication technology, counter surveillance, elaborately planned
11 smuggling schemes tied to legitimate businesses, false or fictitious identities, and the use of coded or
12 vague communications in an attempt to thwart law enforcement interference with illegal transactions. I
13 have also surveilled and observed gang members and contraband traffickers at length and have discussed
14 with other experienced investigators the lifestyle, appearances, and habits and methods of gang members
15 and contraband traffickers. I have also previously participated in investigations that utilized multiple
16 Title III wiretaps and/or audio listening devices and am familiar with various investigative methods used
17 in conjunction with Title III methods.

18 8. Additionally, I have become knowledgeable about the investigative techniques that are
19 useful and viable in investigations involving criminal **ENTERPRISEs** and contraband traffickers and
20 those that are not. I have also consulted with other investigators who have extensive training and
21 experience in criminal **ENTERPRISEs** and financial investigations. I have executed numerous search
22 warrants for gang and narcotics investigations, seeking evidence of the trafficking of controlled
23 substances, weapons violations, gang indicia, and violent crimes. I have participated in multiple gang,
24 narcotic, firearms, and human trafficking investigations which utilized court-ordered interceptions of
25 wire, electronic, and/or oral communications to assist in dismantling violent criminal street gangs and
26 drug and/or firearms trafficking organizations.

27 9. During my review of monitoring and review of legally intercepted phone calls, text
28 messages, social media postings, social media messages, and oral conversations in previous cases, I have

1 noted several slang terms used in reference to illegally-obtained items or illegally-possessed items. I
2 have learned that the purpose of the use of slang during phone calls, social media messages, and text
3 messages is to obstruct law enforcement in their investigations. During this investigation, the
4 investigative team has reviewed hundreds and/or thousands of social media communications received
5 from search warrants and has observed that the **ENTERPRISE** members and associates referenced
6 below generally align with other Central Valley gang-related investigations in how they attempt to
7 encode their communications.

8 10. Some members of the **ENTERPRISE** speak Spanish, and occasionally utilize the
9 Spanish language to communicate with each other. I speak and understand Spanish in a very limited
10 capacity. Throughout this investigation, law enforcement linguists and certified Spanish-speaking
11 members of the investigative team have been employed to translate communications between
12 **ENTERPRISE** members, witnesses, Confidential Human Sources (CHS), and/or in reviewing social
13 media communications.

14 11. Except where otherwise noted, the information set forth in this affidavit has been
15 provided to me by other law enforcement agents who have assisted in the investigation. Unless
16 otherwise noted, wherever in this affidavit I assert that a statement was made, the statement was made
17 by another law enforcement officer (any of whom may have had either direct or hearsay knowledge of
18 that statement) to whom I or other law enforcement officers have spoken or whose reports I have read
19 and reviewed. Such statements are reported in substance and in part, unless otherwise indicated. When
20 I use the term “investigative team”, I am referring to the Fresno County Sheriff’s Office; the Federal
21 Bureau of Investigation; the Bureau of Alcohol, Tobacco, Firearms, and Explosives; Homeland Security
22 Investigations; the Drug Enforcement Administration; and the following state and local participating
23 agencies: the California Highway Patrol, the California Department of Justice, the California
24 Department of Corrections and Rehabilitation, the Fresno Sheriff’s Office, the Fresno Police
25 Department, the Fresno County District Attorney’s Office, and other participating law enforcement
26 agencies.

27 12. Since this affidavit is being submitted for the limited purpose of securing a complaint and
28 arrest warrants, I have not included details of every aspect of this investigation to date in describing the

1 probable cause for issuance of these warrants. Facts not set forth herein are not being relied on in
2 reaching my conclusion that a warrants should be issued. Nor do I request that this Court rely on any
3 facts not set forth herein in reviewing this complaint.

4 C. Summary of Investigation

5 13. On February 8, 2024, Members of the Multi-Agency Gang Enforcement Consortium
6 (MAGEC) began a focused investigation into the Bulldog criminal street gang operating in Fresno
7 County with a specific focus on the ongoing criminal activities of the Bulldog cliques Huron Dog Life
8 (HDL), Coalinga Dog Life (CDL) and San Juaquin Ruthless Perros (SRP) (hereinafter “the
9 **ENTERPRISE**). Since that date, the investigation has expanded to include the Fresno Police
10 Department, the Federal Bureau of Investigation, Homeland Security Investigations, the California
11 Department of Justice, and the California Department of Corrections and Rehabilitation.

12 14. During the course of this investigation, a series of wiretap applications were authorized
13 and are further described as follows.

14 a) On April 11, 2025, the Honorable Jennifer L. Thurston authorized the interception of
15 communications to and from (559) 931-4104 (Target Telephone 1 or TT1), used by Ray
16 **PINON**; (559) 442-9272 (Target Telephone 2 or TT2), used by an uncharged individual; (831)
17 596-0869 (Target Telephone 3 or TT3), used by Jennifer **ESCOBEDO**; (559) 341-3196 (Target
18 Telephone 4 or TT4), used by an uncharged individual; and (279) 386-7769 (Target Telephone 6
19 or TT6), used by Ignacio **SANCHEZ**. The wire intercepts were initiated on April 14, 2025.

20 b) On April 22, 2025, the Honorable Jennifer L. Thurston authorized the interception of
21 communications to and from (559) 961-6401 (Target Telephone 5 or TT5), used by Benny
22 **GONZALES**, (559) 895-2773 (Target Telephone 7 or TT7), used by an uncharged individual;
23 and (559) 818-8601 (Target Telephone 8 or TT8), used by Angel Solorio **LOPEZ**. The wire
24 intercepts were initiated on April 22, 2025.

25 c) On May 7, 2025, the Honorable Jennifer L. Thurston authorized the interception of
26 communications to and from (559) 508-6409 (Target Telephone 9 or TT9), used by Carlos
27 **GUILLEN**; (559) 895-2027 (Target Telephone 10 or TT10), used by Alexander **VASQUEZ**;
28 (559) 404-9386 (Target Telephone 11 or TT11), used by an uncharged individual ; (559) 800-

1 4470 (Target Telephone 12 or TT12), used by Laura **PLASENCIA**; (559) 821-3314 (Target
2 Telephone 13 or TT31), used by an uncharged individual; and (213) 795-3500 (Target Telephone
3 14 or TT14), used by Hemir **VELAZQUEZ**. The intercepts were initiated on May 7, 2025.

4 d) On May 9, 2025, the Honorable Jennifer L. Thurston authorized the interception of (559)
5 806-4347 (Target Telephone 15 or TT15), used by Ray **PINON**. The intercepts were initiated on
6 May 10, 2025.

7 e) On May 13, 2025, the Honorable Jennifer L. Thurston authorized the continued
8 interception of (831) 596-0869 (Target Telephone 3 or TT3), used by Jennifer **ESCOBEDO**;
9 (559) 341-3196 (Target Telephone 4 or TT4), used by an uncharged individual; and (279) 386-
10 7769 (Target Telephone 6 or TT6), used by Ignacio **SANCHEZ**.

11 f) On May 26, 2026, the Honorable Jennifer L. Thurston authorized interception of
12 communications to and from (559) 796-3656 (Target Telephone 27 or TT27), used by Jesus
13 **QUESADA**. The intercepts were initiated on May 26, 2025.

14 g) On May 30, 2025, the Honorable Jennifer L. Thurston authorized the continued
15 interception of communications to and from (559) 961-6401 (Target Telephone 5 or TT5), used
16 by Benny **GONZALES**; and (559) 818-8601 (Target Telephone 8 or TT8), used by Angel
17 Solorio **LOPEZ**; as well as the initial interception of communications to and from (559) 803-
18 7096 (Target Telephone 16 or TT16), used by an unidentified male (**HERNANDEZ**); (559) 776-
19 7731 (Target Telephone 17 or TT17), used by Victor **TAMAYO**; (213) 334-1252 (Target
20 Telephone 18 or TT18), used by Ignacio **SANCHEZ**; (559) 882-8428 (Target Telephone 19 or
21 TT19), used by an uncharged individual ; (559) 519-8338 (Target Telephone 20 or TT20), used
22 by Ricardo **LOPEZ**; (559) 210-2375 (Target Telephone 21 or TT21), used by Rodrigo
23 **RUVALCABA**; (559) 573-5821 (Target Telephone 22), used by an uncharged individual; (440)
24 742-9396 (Target Telephone 23 or TT23), used by Brian **FORNES**; (559) 776-2856 (Target
25 Telephone 24 or TT24), used by an uncharged individual (UM369); (559) 404-9901 (Target
26 Telephone 25 or TT25), used by Axel **GUEVARA**; and (559) 880-5089 (Target Telephone 26 or
27 TT26), used by Jose **LICEA**. Intercepts on the initial authorizations commenced on May 30,
28 2025.

1 h) On June 5, 2025, the Honorable Jennifer L. Thurston authorized the continued
 2 interception of communications to and from (831) 596-0869 (Target Telephone 3 or TT3), used
 3 by Jennifer **ESCOBEDO**; (279) 386-7769 (Target Telephone 6 or TT6), used by Ignacio
 4 **SANCHEZ**; (559) 508-6409 (Target Telephone 9 or TT9), used by Carlos **GUILLEN**; (559)
 5 895-2027 (Target Telephone 10 or TT10), used by Alexander **VASQUEZ**; (559) 404-9386
 6 (Target Telephone 11 or TT11), used by an uncharged individual ; (559) 800-4470 (Target
 7 Telephone 12 or TT12), used by Laura **PLASENCIA**; (559) 821-3314 (Target Telephone 13 or
 8 TT31), used by an uncharged individual; (213) 795-3500 (Target Telephone 14 or TT14), used
 9 by Hemir **VELAZQUEZ**; and (559) 806-4347 (Target Telephone 15 or TT15), used by Ray
 10 **PINON**; as well as the initial interception of communications to and from (559) 894-9222
 11 (Target Telephone 28 or TT28), used by Ricardo **LOPEZ**; and (559) 880-3519 (Target
 12 Telephone 29 or TT29), used by Jose **LICEA**. Intercepts on the initial authorizations
 13 commenced on June 5, 2025.

14 II. PROBABLE CAUSE

15 A. Count 1 – Members and Associates of the ENTERPRISE Conspire to Distribute and 16 Possess with Intent to Distribute Controlled Substances

17 1. **April 17, 2025 – SANCHEZ Arranged Methamphetamine Transaction with**
 18 **AGUILAR, Resulting in the Arrest of ROMERO on April 17, 2025 with 1**
pound of methamphetamine.

19 15. On April 17, 2025, at 9:45 AM, the investigative team intercepted a call between Ignacio
 20 **SANCHEZ**, using (279) 386-7769² (TT6) and Jennifer **ESCOBEDO**, using (831) 596-0869³ (TT3).
 21 During this call, **SANCHEZ** spoke to **ESCOBEDO** about **SANCHEZ**'s inventory and how it was
 22 depleted. **ESCOBEDO** then used (831) 596-0869 (TT3) to call Ramona **FELISCIANO** using (559)

23
 24
 25 ² The investigative team learned via intelligence gathered from a Confidential Human Source (CHS-1) that
 26 **SANCHEZ** possessed and utilized a contraband cell phone while incarcerated at the Salinas Valley State Prison. Through
 27 analysis of historical call detail records and precision location data, the contraband cell phone utilized by **SANCHEZ** was
 28 found to be (279) 386-7769. This has been corroborated by intercepted calls in which **SANCHEZ** is named as "Giddy"
 which I know to be the street moniker of **SANCHEZ**.

³ The investigative team learned via intelligence gathered from a Confidential Human Source (CHS-2) that
ESCOBEDO's cell phone number was (831) 596-0869. This was corroborated on May 12, 2025, when members of the
 investigative team intercepted calls on (831) 596-0869 while simultaneously physically surveilling **ESCOBEDO**.

1 401-8633⁴ (TT8633), at **SANCHEZ**'s request. **ESCOBEDO** then merged the call with **FELISCIANO**
 2 to the call with **SANCHEZ**, so that all three subjects could speak on a three-way call. The following is
 3 a transcript of the pertinent portions of that call:

	[Beginning at the 7:20 minute mark]
SANCHEZ	I'm going to have to go to Hanford and get the rest that I have, right there in the cuts, and then I have to – within that time – which today til – til then, I have to go search for a good uh – uh – uh deal. I have to go shopping. And I have to go shopping with – for at least 2 or 3 because I can't be like this. Without – without it. Without it like that, without food.
FELISCIANO	Si Si.
	[Ending at the 7:51 minute mark]

10 16. During the course of this investigation, I have learned that **SANCHEZ** and his associates
 11 use food terminology to describe illicit narcotics. I believe **SANCHEZ** and his associates use these
 12 vague terms to attempt to thwart law enforcement's ability to arrest and prosecute them for trafficking
 13 illicit narcotics. Therefore, I believe the term, "shopping," when used in this context, to mean
 14 **SANCHEZ** intended to purchase illicit narcotics. I also believe that when **SANCHEZ** used the term,
 15 "food," **SANCHEZ** is referring to illicit narcotics. I know the term "cuts" to mean a location that is
 16 geographically removed from a city. I also know that when **SANCHEZ** stated, "for at least two or
 17 three," **SANCHEZ** is referring to two or three pounds of an illicit narcotic.

18 17. Therefore, I believe **SANCHEZ** communicated to **FELISCIANO** that **SANCHEZ**
 19 needed to procure additional narcotics and hoped to get the narcotics for a good price. **SANCHEZ**
 20 further related that **SANCHEZ** wanted to purchase two or three pounds of narcotics because
 21 **SANCHEZ**'s inventory of narcotics was currently low.

22 18. After the conclusion of this call, **SANCHEZ** used (279) 386-7769 to contact multiple
 23 individuals to procure methamphetamine. For example, on April 17, 2025, at 10:53 AM, **SANCHEZ**
 24 used (279) 386-7769 (TT6) to call **Carly BALBOA**⁵ on (559) 413-8584 (TT 8584). During this call,
 25

26 ⁴ On March 11, 2025, members of the investigative team established physical surveillance on **FELISCIANO**.
 27 Members of the investigative team called (559) 401-8633 and spoke with **FELISCIANO** while surveilling her. Therefore, I
 believe **FELISCIANO** is the user of (559) 401-8633.

28 ⁵ Based on my knowledge of the investigation, I know that **Carly BALBOA** is **Ignacio SANCHEZ**'s sister. In later
 calls, **SANCHEZ** identifies the user of (559) 413-8584 (TT 8584) as his sister.

1 **SANCHEZ** asked **BALBOA** if she was able to get a CashApp; **BALBOA** related she had obtained a
 2 CashApp account and currently had \$765 in it. I entered (559) 413-8584 (TT 8584) into CashApp, a
 3 commonly used money sending mobile phone application, which indicated that (559) 413-8584 (TT
 4 8584) was associated with the account name “Carli Balboa” and the account handle “\$xocarlii”. Based
 5 on my training and experience, I know that gang members and contraband traffickers will maintain their
 6 true identity in a money sending / receiving application like “CashApp” so that members of their family
 7 and friend group can confidently transfer money between themselves. **BALBOA** then explained to
 8 **SANCHEZ** what narcotics were currently on hand in **BALBOA**’s possession. The following is a
 9 transcribed portion of that call:

10		[Beginning at the 3:41 minute mark]
11	SANCHEZ	What was it?
12	BALBOA	Ok there uh – so – you had uh – 14 moms – uh – we got – we got, 300 cause we sold – she sold – uh – 1, 2...
13	SANCHEZ	Yeah.
14	BALBOA	Whatever. And then there’s – uh – six left, but she’s going to ask you if she could have one for one hundred or something like that. And then there’s going to be two left. And she reason, she said the reason why she don’t get it from here is ‘cause – uh – you said – uh – well she – ‘cause she – she – she got it more...
15	SANCHEZ	Ok, so how much is it right now?
16	BALBOA	Six.
17	SANCHEZ	Six full ones?
18	BALBOA	Yeah. Whatever I don’t – do you say there 50s.
19	SANCHEZ	Oh – oh – ok. Oh, there’s only – there’s only 6 left?
20	BALBOA	Yeah. Well, cuz she’s been selling – that’s what all the – all the money is coming from.
21	SANCHEZ	OK...
22	BALBOA	Cuz she has been selling them. All the little ones – and then – those other ones – and yeah.
23	...	[This conversation continued as BALBOA and SANCHEZ rehashed the inventory and finances available within BALBOA ’s custody. During this time, BALBOA told SANCHEZ they have sold all of the “twenty-five dollar ones,” and only have, “six of the fifty dollar ones left.” SANCHEZ communicated to BALBOA that SANCHEZ will call BALBOA regarding procuring more narcotics].
24		[Ending at the 4:53 minute mark]

25
 26 19. I know from my training and experience that drug traffickers often use vague or
 27 innocuous language to communicate with their co-conspirators, as is evident during this call. I believe
 28 that when **BALBOA** stated there were “6 left,” **BALBOA** was referring to six individually packaged

1 narcotics. Later in the call, **BALBOA** clarified to **SANCHEZ** that these packages sell for \$50 apiece.
 2 **SANCHEZ** then related they will get \$300 from those remaining. Using this arithmetic and the
 3 interpretation that **BALBOA** is providing a report to **SANCHEZ** on individually packaged narcotics
 4 sold for \$50 apiece, I deduced that the “14 moms” produced a profit of \$700, which is reflected in
 5 **BALBOA**’s CashApp.

6 20. Therefore, I believe this conversation between **SANCHEZ** and **BALBOA** centered
 7 around **BALBOA** providing a summary of available funds and narcotics to **SANCHEZ**. More
 8 importantly, I also believe that **BALBOA** and “Mom⁶” are likely storing and selling narcotics on
 9 **SANCHEZ**’s behalf at **BALBOA**’s residence in Hanford, CA. Based on this call and the prior call with
 10 **ESCOBEDO** and **FELISCIANO**, I believe when **SANCHEZ** stated he needs to go to Hanford “and get
 11 the rest that I have,” **SANCHEZ** is referring to the narcotics at Carli **BALBOA**’s residence located in
 12 Hanford, CA.

13 21. On April 7, 2025, at 12:43 PM, **SANCHEZ** used (279) 386-7769 (TT6) to call
 14 **ROMERO** on (559) 821-3633⁷ (TT 3633). During this call, **SANCHEZ** simply stated, “I’m going to
 15 need a ride to Fresno, right?” **ROMERO** responded, “Oh, ok.” The call ended as **SANCHEZ** told
 16 **ROMERO** he planned to call **ROMERO** back in 20 to 30 minutes.⁸

17 22. On April 17, 2025, at 1:55 PM, members of the investigative team intercepted a call
 18 placed by **SANCHEZ** using (279) 386-7769 (TT6) to (559) 880-7337 (TT 7337), used by an Uncharged
 19 Co-Conspirator, hereinafter “UCC1”. During the course of this investigation, I learned that UCC1 is the
 20 daughter of **ROMERO**. Prior to this call, UCC1 sent **SANCHEZ** a text message on (279) 386-7769
 21 (TT6) indicating **ROMERO**’s vehicle was undrivable. The following is a transcript of the pertinent
 22 portions of the call:

	[Beginning of Call]
SANCHEZ	What’s upper?

25 ⁶ The investigative team later identified Carly **BALBOA** as Ignacio **SANCHEZ**’s sister and Debbie **SANCHEZ** as
 26 Ignacio **SANCHEZ**’s mother. Due to the fact that **SANCHEZ** and **BALBOA** likely share the same mother, as well as the
 27 calls set out in sections below, I believe Debbie **SANCHEZ** to be “Mom” during this call.

⁷ **ROMERO** was later detained and provided the phone number (559) 821-3633 (TT 3633) as his cell phone
 28 number.

⁸ This call occurred in a mix of the Spanish and English language. Spanish speaking members of the investigative
 28 team translated the Spanish language portions of this call into the English language.

1	UCC1	Hello.
2	SANCHEZ	Yeah, wh-what happened right now?
3	UCC1	Oh that my Dad, he told me – he texted me right now, he told me to tell you that he wont be able to go for it. Where was he going to go?
4	SANCHEZ	To Fresno.
5	UCC1	Oh... to go pick up – uh – shit?
6	UCC1	Yeah.
7	UCC1	Oh shit. He said he is going to try fix it. But he's going to get someone to fix it.
8	...	[The conversation continues, as SANCHEZ and UCC1 discuss alternate methods in which ROMERO can procure a truck on SANCHEZ 's behalf. ROMERO is then added to the call by UCC1. UCC1 then acts as a translator between SANCHEZ and UCC1, as the two discuss using ROMERO 's truck for the trip to Fresno. The call ends as SANCHEZ agreed to send ROMERO extra money to offset the cost of gas in ROMERO 's truck.
9		[End of Call]

10. 23. I know from my training and experience that the term, “shit,” refers to methamphetamine. Based on that knowledge, I believe that when UCC1 asked **SANCHEZ** “to go pick up shit?” UCC1 was actually asking **SANCHEZ** if **ROMERO** was going to Fresno to pick up narcotics, to which **SANCHEZ** confirmed. Therefore, I believe **SANCHEZ** placed the call to UCC1 to help **SANCHEZ** effectively communicate to **ROMERO** what **SANCHEZ** needed from **ROMERO**. I believe **SANCHEZ** intended to send **ROMERO** to Fresno to purchase narcotics on **SANCHEZ**'s behalf, and that UCC1 was aware of the purpose of the trip, and relayed this information to **ROMERO**.

11. 24. On April 17, 2025, at approximately 2:07 PM, members of the investigative team 12. intercepted a call placed by **SANCHEZ** using (279) 386-7769 (TT6) to **FELISCIANO** using (559) 401- 13. 8633 (TT 8633). **SANCHEZ** told **FELISCIANO**, “Prima I'm paying – I've never paid this much for – 14. for – for just ‘Cochina.’ That's why I'm – but I gotta get it right – right now because a lot of...” 15. **FELISCIANO** asked, “How much?” **SANCHEZ** then stated, “I'm going to pay a lot, I don't even 16. want to say how much I'm going to pay, but I'm going to pay a lot.”

17. 25. I know from my training and experience that “Cochina” is used by **SANCHEZ** as well as 18. other drug traffickers and is code for methamphetamine. Therefore, I believe **SANCHEZ** further 19. corroborated my belief that **SANCHEZ** intended to purchase methamphetamine during this portion of 20. the call.

21. 26. Further into the conversation, **FELISCIANO** asked **SANCHEZ**, “What happened to 22.

1 fucking Topochito⁹?" **SANCHEZ** then stated, "He – he – he's going to go for me with – with –
 2 with my celly's people right now. I – I – I have to go that route right now. You know what I mean?

3 27. I know from my training and experience that "celly" is short for "cellmate." In the jail
 4 and prison systems, incarcerated persons are often required to share their housing unit, or cell, with
 5 another individual. Incarcerated person's often call these individuals their "cellmate" or "celly."
 6 Therefore, I believe **SANCHEZ** communicated to **FELISCIANO** that not only is **ROMERO**
 7 purchasing methamphetamine on **SANCHEZ**'s behalf, but **SANCHEZ** plans to purchase the
 8 methamphetamine through a source of supply connected to **SANCHEZ**'s cellmate.

9 28. Over the next several hours, **SANCHEZ** coordinated the transfer of funds between
 10 **SANCHEZ**'s associates and Benny **GONZALES**' CashApp account. At approximately 2:48 PM,
 11 **SANCHEZ** used (279) 386-7769 (TT6) to call **GONZALES** on (559) 961-6401¹⁰ (TT5). During this
 12 call, **SANCHEZ** told **GONZALES**, "My sister is going to send the money." I know that **SANCHEZ**'s
 13 sister is Carly **BALBOA**.¹¹ At approximately 2:49 PM, **SANCHEZ** used (279) 386-7769 (TT6) to call
 14 Carly **BALBOA** on (559) 413-8584 (TT 8584). This call was placed by **SANCHEZ** as **GONZALES**
 15 remained on hold on the other line. **SANCHEZ** stated, "send 300 to my Primo's CashApp real quick."
 16 I know from my experience gained during this investigation that "Primo" is a name by which
 17 **SANCHEZ** identifies **GONZALES**. **BALBOA** then stated, "I did." I queried the pen-register trap and
 18 trace installed on (559) 961-6401 (TT5) and discovered an incoming text from "CashApp" at the same
 19 time **BALBOA** stated, "I did."

20 29. I know from my training and experience that CashApp sends text messages as a means of
 21 notifying its account holders of activity on their accounts. I believe this text message corroborates my
 22 belief that **BALBOA** did indeed send the \$300 from her CashApp account to **GONZALES**' CashApp
 23

24 ⁹ I know from my experience gained during this investigation that "Topo" is the street moniker of **Daniel Loubet**
 25 **ROMERO**. I also know that "chito" is a suffix added to the end of a name in Spanish culture and usually means "little" or
 "young." In this instance, I believe **FELISCIANO** is stating "little or young Topo."

26 ¹⁰ I entered (559) 961-6401 into CashApp, a commonly used money sending mobile phone application, which
 27 indicated that (559) 961-6401 was associated with the account name "Benny Gonzales" and the account handle "\$Huero824." Furthermore, **GONZALES** is listed as the subscriber of (559) 961-6401. Finally, during intercepted calls, **GONZALES** is named by callers as "Huero" or "Primo" or "Cousin," all monikers I know to be used by **GONZALES**.

28 ¹¹ This was further corroborated during this call as **SANCHEZ** called **BALBOA** "sis," short for "sister" on multiple occasions.

1 account at **SANCHEZ**'s request. **SANCHEZ** then returned to the call with **GONZALES**, and the two
 2 conspired to withdraw the funds from **GONZALES**' CashApp account so that they could send
 3 **ROMERO** with cash to Fresno to purchase the methamphetamine with these funds. **GONZALES** and
 4 **SANCHEZ** accomplished this by sending **ROMERO** and **FELISCIANO** to the bank to withdraw
 5 money from **GONZALES**' CashApp account.

6 30. These actions were corroborated by the investigative team by deploying physical
 7 surveillance to the location of **ROMERO**, **SANCHEZ** and **FELISCIANO**. At 2:58 PM, members of
 8 the investigative team observed **ROMERO** and **FELISCIANO**¹² occupy a white Cadillac Escalade at
 9 residence in Huron, CA. The Cadillac Escalade then drove to the West America Bank also located in
 10 Huron, CA. At 3:03 PM, members of the investigative team observed **FELISCIANO** exit the Cadillac
 11 Escalade and enter the West America Bank. At 3:07 PM, members of the investigative team observed
 12 **FELISCIANO** exit the West America Bank.

13 31. At 3:04 PM, **GONZALES**, using (559) 961-6401 (TT5), told **SANCHEZ**, using (279)
 14 386-7769 (TT6), "Alright she took the money off already, off my card." **SANCHEZ** responded, "She
 15 did Primo?" **GONZALES** then stated, "Yeah, I just got the mem – I just got the memo right now." The
 16 conversation continued as **ROMERO** and **FELISCIANO** can be heard in the background of
 17 **GONZALES**' line. The conversation then continued as follows:

	[Beginning at the 14:47 minute mark]
SANCHEZ	Ok uh Dog's right there?
GONZALES	Yes.
SANCHEZ	Alright – so check it out – what did they end up taking out?
FELISCIANO	[Joined the call from the background of GONZALES line] 3 [UI] go to bank [UI] America.
SANCHEZ	So, how much is it – what is – what did they charge you?
GONZALES	280.
FELISCIANO	I got 280 out, from the bank.
SANCHEZ	Oh, they only let you take out 280? Ok, hold up real quick. Alright, lets check out 280.
...	[SANCHEZ disconnected a call with PINON and an uncharged individual, and continued to speak on the specifics of the methamphetamine procurement at the 16:58 minute mark].
GONZALES	[GONZALES is counting in the background] 1190.

12 Members of the investigative team identified these individuals by comparing their observations to known photographs of both **FELISCIANO** and **ROMERO** obtained from law enforcement databases.

1	SANCHEZ	1190, alright. Tell him – tell him he's going to put 40 in his gas, 40 2 in his – uh – uh – truck – I have to pay, this is the most I've ever paid but I have to do it.
3	FELISCIANO	[Speaking Spanish to ROMERO in the background]
4	GONZALES	[UI] 1190? Give him 40?
5	...	[The details of the exact amount is disputed, specifically what ROMERO is due.]
6	SANCHEZ	Put 1150 in an envelope, and that's going to get handed off to somebody. So just tell my prima to put 1150 in an envelope, and then uh – all Topo is going to do is hand that envelope to him.
7	...	[The conversation continues as SANCHEZ rehashes details already discussed GONZALES is heard relaying the orders given by SANCHEZ .]
8		[Ending at the 17:50 minute mark]

10 32. I know from my training and experience that drug traffickers often do not give the
denomination of bills when talking about finances. They will often state, "3" and mean \$300 or "280"
11 and mean \$280. I believe this is apparent during this call, as the individuals are speaking about numbers
12 in hundred-dollar denominations. I know from my experience gained during this investigation that
13 "Prima" is a name by which **SANCHEZ** identifies Ramona **FELISCIANO**.

14 33. I believe that **SANCHEZ** and **GONZALES** sent **FELISCIANO** and **ROMERO** out to
15 withdraw the funds from **GONZALES**' CashApp account to fund the purchase of methamphetamine,
16 and that **FELISCIANO** and **ROMERO** were successful in that endeavor.

17 34. I also believe **SANCHEZ** asked **GONZALES** how much money **FELISICIANO** and
18 **ROMERO** were able to liquidate from **GONZALES**' CashApp account. **FELISCIANO** related she
19 obtained \$280 from the West America Bank. **GONZALES** communicated to **SANCHEZ** they had
20 \$1,190 towards the purchase of methamphetamine. I believe **SANCHEZ** then broke down the plan for
21 the finances, which included giving **ROMERO** \$40 for fuel, and asked **GONZALES** to put the
22 remaining \$1,150 in an envelope to be given to the methamphetamine supplier in Fresno, CA.

23 35. Therefore, I believe this call demonstrated that **SANCHEZ** communicated with
24 **GONZALES**, who relayed this communication to **FELISCIANO** and **ROMERO**. These
25 communications lay out the coordinated effort to send **ROMERO** with \$1,150 to be given to a source,
26 for the procurement of methamphetamine in Fresno, CA.

27 36. The investigative team continued to surveil **FELISCIANO** and **ROMERO** within the

1 Cadillac Escalade and watched as they returned to the residence of **GONZALES** and **FELISCIANO**.

2 37. On April 17, 2025, at 3:28 PM, the investigative team intercepted a text message
 3 received by **SANCHEZ** on (279) 386-7769 (TT6) from (213) 334-1252¹³ (TT18), which was later
 4 identified as belonging to Ignacio **SANCHEZ**'s cell mate. This text message read, "2417 s. Argyle"
 5 and was sent while **SANCHEZ** and **GONZALES** were still communicating on the call which began at
 6 2:55 PM. Seconds after receiving the text message, **SANCHEZ** stated to an individual that appeared to
 7 be personally in the company of **SANCHEZ**, "Ok, boom – alright. Yeah, I got it celly, thank you."
 8 After a short pause, **SANCHEZ** appeared to be talking to no one in particular and stated, "k, give it –
 9 send it to "Mona..." **SANCHEZ** then told **GONZALES** and **FELISCIANO**, "I sent it to you."

10 38. I know from my experience gained during this investigation that "Mona" is a name by
 11 which **SANCHEZ** identifies Ramona **FELISCIANO**. Based on the above call, along with the prior
 12 knowledge that **SANCHEZ** used his "celly's people" for this procurement, I believe **SANCHEZ**'s
 13 cellmate used (213) 334-1252 (TT18) to send the address of his source of supply to **SANCHEZ** on
 14 (279) 386-7769 (TT6).

15 39. At 3:29 PM, **SANCHEZ**, using (279) 386-7769 (TT6), sent **FELISCIANO**, using (559)
 16 401-8633 (TT8633) a text. This message read, "2417 s. Argyle." **FELISCIANO** can be heard in the
 17 background of **GONZALES**' line speaking to **ROMERO** in the Spanish language and appeared to
 18 place the directions to this address in **ROMERO**'s cell phone. Based on this call, I believe **SANCHEZ**
 19 received the address of the source of supply from his cellmate and forwarded this address to
 20 **FELISCIANO** on (559) 401-8633 (TT 8633). I believe **FELISCIANO** then directed **ROMERO** to
 21 this address.

22 40. At 3:34 PM, members of the investigative team observed the Cadillac Escalade leave
 23 **GONZALES** and **FELISCIANO**'s residence and followed it as it left the city of Huron.

24 41. At 4:51 PM, **ROMERO** used (559) 821-3633 (TT 3633) to call **SANCHEZ**, using (279)
 25 386-7769 (TT6). The following transcript contains the pertinent portions of that call:

26

27 ¹³ The investigative team searched the historical precision location data from (213) 334-1252 pursuant to a court
 28 order and discovered the cell phone was within the Salinas Valley State Prison. The investigative team believed (213) 334-
 1252 to be a contraband cell phone used by incarcerated persons. This belief was corroborated as **SANCHEZ** indicated on a
 intercepted call that this text message came from **SANCHEZ**'s cell mate.

1		[BEGINNING OF CALL]
2	SANCHEZ	10 more minutes?
3	ROMERO	[UI]
4	SANCHEZ	[speaking to an individual in the background] Uh – ce -celly – he said 10 minutes he's away. Spenca. Yeah, yeah OK 10 minutes ok. OK – OK – uh – uh I'm gonna – I'm gonna let my – my – my – my amigo know real quick – the homie.
5	ROMERO	OK.
6	SANCHEZ	I'm gonna let him know your 10 minutes away. OK?
7	ROMERO	Yeah.
8	SANCHEZ	OK. Trucha. OK, bye.
9	ROMERO	[UI]
10		[END OF CALL]

42. During this conversation, **SANCHEZ** used Spanish slang terms like, “Spenca,” and
9 “Trucha.” In speaking with Spanish translators, I learned “Spenca” is a slang term for “sorry,” while
10 “Trucha” is a slang term for “be careful.” I believe **ROMERO** called **SANCHEZ** to notify **SANCHEZ**
11 that **ROMERO** was 10 minutes away from **SANCHEZ**’s cellmates’ methamphetamine source.
12 **SANCHEZ** then relayed this information to his cellmate and ended the call.

13 43. The investigative team applied for an administrative subpoena for historical call detail
14 records and subscriber information associated with (213) 334-1252 (TT18) used by **SANCHEZ**’s
15 cellmate. Upon reviewing these historical records, I discovered that immediately after this call,
16 **SANCHEZ**’s cellmate used (213) 334-1252 (TT18) to send two outgoing text messages to the user of
17 (559) 652-6826¹⁴ (TT 6826) at 4:53 PM and 4:56 PM respectively. At 4:56 PM, the user of (559) 652-
18 6826 (TT 6826), believed to be **AGUILAR**, responded and sent a text message back to **SANCHEZ**’s
19 cell mate on (213) 334-1252¹⁵ (TT18).

20 44. The investigative team was not privy to the content of these messages, due to the fact that

21
22
23 ¹⁴ I conducted an open-source search of this phone number utilizing a database that searches through public and
24 proprietary databases and found (559) 652-6826 (TT6826) is associated with “Luis Amaro” at an address of “2417 S. Argyle
25 Avenue in Fresno, CA.” I entered (559) 652-6826 (TT6826) into CashApp, which indicated that (559) 652-6826 (TT6826)
26 was associated with the account name “Luis Aguilar” and the account handle “\$luisaguilar624. I know that “624” represents
27 “FBD” alphabetically, which represents the Fresno Bulldogs criminal street gang. The investigative team applied for an
administrative subpoena for historical call detail records and subscriber information associated with (559) 652-6826
(TT6826). The records were received and reviewed, and I found that (559) 652-6826 (TT6826) is subscribed to “Jamie
Fleming” at an address of, “2417 S. Argyle Avenue in Fresno, CA.” I therefore believe the user of (559) 652-6826 (TT6826)
is likely Luis Mario Amaro **AGUILAR**, who is a member of the Fresno Bulldog criminal street gang.

28 ¹⁵ From 4:51 PM to 4:57 PM, these text messages are the only transactional records between (279) 386-7769, (213)
334-1252 and (559) 652-6826.

1 there was not a court order at the time authorizing the interception of electronic content on (213) 334-
 2 1252 (TT18). Based on the context of the prior calls and the later observations of the investigative team,
 3 I believe **SANCHEZ**'s cell mate sent a text message to the source of supply which indicated **ROMERO**
 4 was 10 minutes away.

5 45. At 4:54 PM, members of the investigative team observed the Cadillac Escalade arrive at
 6 2417 S. Argyle Avenue in Fresno, CA. **ROMERO** exited the Cadillac Escalade and walked towards the
 7 front door of the residence.

8 46. At 4:57 PM, simultaneous with the above observations, members of the investigative
 9 team intercepted an incoming call to **SANCHEZ** on (279) 386-7769 (TT6) from **ROMERO** on (559)
 10 821-3633 (TT 3633). **ROMERO** told **SANCHEZ** that **ROMERO** was "outside." A few seconds later,
 11 a male in the background of **ROMERO**'s line asked for "Giddy." **SANCHEZ** introduced **ROMERO** to
 12 the male. **SANCHEZ** then asked the male, "If time permits right, and we – we need something else, and
 13 if we get more than one, will – will the price change?" The male responded, "um – well let me see and
 14 shit, because I said – uh – uh – you know I'm just busting middle shit you know?"

15 47. I believe **SANCHEZ** inquired that if **SANCHEZ** was able to purchase more than one
 16 pound of methamphetamine from the seller, would the price be reduced. The unidentified male
 17 responded that he was unsure, because he was "just busting middle shit." I believe this to mean the
 18 unidentified male was acting as a broker between buyer and seller, and did not have the authority to
 19 negotiate prices with **SANCHEZ**.

20 48. The conversation continued, and at the 1:40 minute mark, **SANCHEZ** asked the male,
 21 "and it's, it's all rock right? It's not powder?" The male responded, "Nah hell nah, it's all rock baby."
 22 **SANCHEZ** responded, "OK, there it is there." The male stated, "Your homeboy is looking at it right
 23 now too." Immediately after this statement, the male told **ROMERO**, "dile pura piedra," which
 24 translates, "tell him (**SANCHEZ**) pure rock.¹⁶" **ROMERO** responded, "pura piezita," which translates,
 25 "nothing but little parts or rocks." The conversation ended as **SANCHEZ** and **ROMERO** agreed that
 26 **ROMERO** will return to Huron with the methamphetamine. Based on my training and experience, I
 27

28 ¹⁶ Spanish speaking members of the investigative team translated **ROMERO**'s statements from the Spanish language to the English language.

1 know the terms, "rock" and "powder" to describe different types of methamphetamine.

2 49. Therefore, I believe when **SANCHEZ** asked, "and it's, it's all rock right? It's not
3 powder?", he was inquiring about the physical consistency of the methamphetamine. I further believe
4 **ROMERO** paid the male the \$1,150 as ordered, and in turn was given a pound of methamphetamine.
5 The male described the quality of the methamphetamine to **SANCHEZ** while in the company of
6 **ROMERO**, and **ROMERO** is heard commenting on the methamphetamine's quality.

7 50. At 5:01 PM, members of the investigative team observed **ROMERO** re-enter the
8 Cadillac Escalade, and drive away from the residence located at 2417 Argyle Avenue. At 5:34 PM a
9 Fresno Sheriff's Deputy conducted a traffic stop of the Cadillac Escalade in the City of Fresno. The
10 deputy contacted the driver and sole occupant of the car, and identified him as Daniel Loubet
11 **ROMERO** via his personal admission as well as **ROMERO**'s California driver license. The deputy
12 observed an open grocery bag containing a white crystalline substance in plain view on the floorboard in
13 the passenger compartment. The white crystalline substance was seized and tested by the Fresno County
14 Sheriff's Office Forensic Laboratory and confirmed to be positive for methamphetamine with a weight
15 of 446.73 grams.

16 51. A cell phone was located during the search of **ROMERO**'s vehicle. Investigators placed
17 a call to (559) 821-3633 (TT 3633) and the phone did not show an incoming call. Based on my training
18 and experience, I know cell phone users can apply settings to their phone in which a cell phone can be
19 placed in a state where it does not notify the user of an incoming notification. I believe it is likely that
20 this device was in this form or state.

21 52. Based on the intercepted calls and electronic messages, coupled with the physical
22 observations and transactional data observed by members of the investigative team, I believe **Ignacio**
23 **SANCHEZ**, **Jennifer ESCOBEDO**, **Carly BALBOA**, **Daniel Loubet ROMERO**, **Benny**
24 **GONZALES**, **Ramona FELISCIANO**, and **Luis Amaro AGUILAR** conspired to distribute and
25 possess with intent to distribute methamphetamine, in violation of Title 21, United States Code Sections
26 846, 841(a)(1).

27
28

2. **April 22, 2025 – SANCHEZ and ROMERO facilitated the distribution of methamphetamine from AGUILAR to FELISCIANO**

53. As is set out above, on April 17, 2025, Daniel Loubet **ROMERO** was pulled over by the investigative team while transporting approximately one pound of methamphetamine. On April 22, 2025, **SANCHEZ**, using (279) 386-7769 (TT6) called **FELISCIANO**, using (559) 401-8633 (TT 8633), and told her that he no longer wanted to use **ROMERO** to transport illicit narcotics.

54. Later that day, at approximately 2:07 PM, **SANCHEZ**, using (279) 386-7769 (TT6), conducted a three-way call with **FELISCIANO**, using (559) 401-8633 (TT 8633), and **ROMERO**, using (559) 821-3633 (TT 3633). During the portion of the call in which **ROMERO** participated, **FELISCIANO** translated for **SANCHEZ**; based on the fact that **SANCHEZ** usually uses a translator to convey complex ideas to **ROMERO**, I do not believe that **SANCHEZ** is very proficient in Spanish, and Spanish speaking members of the investigative team have confirmed this belief. During the call, **SANCHEZ** told **FELISCIANO** to tell **ROMERO** that **SANCHEZ** was “going to need it real fast,” that it would “take forty-five minutes to go over there” and “forty-five minutes to go back,” and that the parties would pick “it” up “at four.” I then heard **ROMERO** say “*esta bien*,” which – though I am not fluent in Spanish – I know to essentially mean “okay” or “that’s fine” in Spanish. Additionally, based on the events set out above, the subsequent events set out below in this section, as well as the fact that I heard **FELISCIANO** use the phrase “*tu carro*,” which I know to mean “your car” in Spanish, I believe that **SANCHEZ** was asking **ROMERO** to use his car and that **ROMERO** understood this fact.

55. Additionally, I believe that **ROMERO** understood that his vehicle was going to be used to transport illicit narcotics. First, I believe **ROMERO** understood the nature of his relationship with **SANCHEZ** based on the events from April 17, 2025, set out above. Also, several minutes after the previous call, at approximately 2:19 PM, **SANCHEZ**, using (279) 386-7769 (TT6), received a call from **FELISCIANO**, using (559) 401-8633 (TT 8633). During the call, **FELISCIANO** told **SANCHEZ** that **ROMERO** had a question, at which point **SANCHEZ** and **ROMERO** discussed – in English – how **SANCHEZ** was willing to sell “two fifty for two of them” or “four for five hundred.” **SANCHEZ** asked **ROMERO** if he wanted “that” immediately, at which point **ROMERO** asked **SANCHEZ** to hold on. While **SANCHEZ** and **FELISCIANO** were waiting, **SANCHEZ** told **FELISCIANO** that “... if he

1 [ROMERO] wants that, I'm just gonna- I'll- I'll have to order me a full one real quick. That's why he
 2 needs to let me know. If not... [if] he doesn't let me know ahead of time, I- I'm willing to do, uh, two...
 3 and that's it. So he's just gonna have to accept that." The parties then made small talk until **ROMERO**
 4 came back on the line and attempted to say in English that another party wanted "one thousand for one
 5 pound;" **FELISCIANO** then clarified with **ROMERO** for **SANCHEZ** that **ROMERO** was attempting
 6 to say that another party wished to purchase "a pound" for "a thousand bucks" from **SANCHEZ**.
 7 **SANCHEZ** responded by asking **FELISCIANO** to convey to **ROMERO** that this was not possible
 8 because the "yellow" was "pricey."

9 56. Based on my training and experience, I know that it is very common for drug traffickers
 10 to use vague and innocuous language when discussing their illicit narcotics. I also know that they very
 11 commonly refer to their narcotics by the number of the weight only, in an attempt to confuse law
 12 enforcement. I also know that \$250 for two ounces and \$500 for four ounces is consistent with the
 13 current price of methamphetamine in California's Central Valley. Finally, I know that the phrase "full
 14 one" is very commonly used in drug trafficking circles to refer to the idea of a full ounce, pound, or
 15 kilogram, as the context requires.

16 57. Therefore, I believe that **ROMERO** was initially discussing with **SANCHEZ** how
 17 **SANCHEZ** was essentially willing to sell ounces of methamphetamine for \$125. **SANCHEZ** then
 18 asked if **ROMERO** wanted the methamphetamine immediately, at which point **ROMERO** left the
 19 conversation, presumably to ask a third party with whom he would be coordinating the distribution of
 20 these narcotics. Based on subsequent information set out below, I know that **SANCHEZ**'s goal was to
 21 purchase one-half pound of methamphetamine, or eight ounces. I therefore believe that **SANCHEZ**
 22 indicated to **FELISCIANO** that if **ROMERO** wanted to purchase four ounces, **SANCHEZ** would have
 23 to purchase a full pound of methamphetamine; otherwise, **SANCHEZ** was only willing to distribute two
 24 ounces of methamphetamine to **ROMERO**. I believe **ROMERO** then re-entered the call and effectively
 25 asked **SANCHEZ** if **SANCHEZ** were willing to sell one pound of methamphetamine for \$1,000.
 26 **SANCHEZ** responded in the negative, indicating that methamphetamine was more expensive than that.

27 58. Based on all of the above information, including the facts that **ROMERO** asked
 28 **SANCHEZ** to distribute narcotics to him approximately twelve minutes after he had just agreed to let

1 **SANCHEZ** use his vehicle and that **ROMERO** had just been pulled over with a pound of
2 methamphetamine in the vehicle, I believe that **ROMERO** was aware that **SANCHEZ** was (again)
3 going to attempt to obtain methamphetamine, and that he was going to use **ROMERO**'s vehicle to do
4 so.

5 59. **SANCHEZ** then used (279) 386-7769 (TT6) to participate in calls at 2:36 PM with
6 **FELISCIANO**, using (559) 401-8633 (TT 8633), and at 3:08 PM with **ESCOBEDO**, using (831) 596-
7 0869 (TT3), to indicate to both women that he was going to "No Town" and that he was doing so
8 because "it" was cheaper there. Specifically, in the call with **FELISCIANO**, **SANCHEZ** told her to
9 "take out that six hundred." Based on my training and experience, I know that the name "No Town" is
10 commonly used in California's Central Valley to refer to Fresno, CA. I also know that drug dealers also
11 frequently speak about the prices for their narcotics without using the denominations of the money being
12 used. For example, they commonly say "one hundred" or even just "one" instead of "one hundred
13 dollars." Finally, I know that \$600 for one-half pound is consistent with the price of methamphetamine
14 in California's Central Valley.

15 60. Because of all of the other indications in the calls set out herein that **SANCHEZ** was
16 purchasing methamphetamine, as well as the fact that he had just unsuccessfully attempted to obtain
17 methamphetamine using **ROMERO** several days earlier, I believe that he was coordinating the sale of
18 one-half pound of methamphetamine in exchange for \$600. Based on the context of the calls set out
19 above, I believe that **SANCHEZ** was indicating that he was going to obtain said methamphetamine in
20 Fresno, CA because he could obtain it there for a lower cost. Additionally, based on the calls above and
21 subsequent events, I believe **SANCHEZ** was indicating that he was going to have **FELISCIANO** go to
22 Fresno to obtain that methamphetamine in **ROMERO**'s vehicle.

23 61. At approximately 3:00 PM, the team established surveillance on 16901 W. Tornado
24 Avenue, Apt. 1510, Huron, CA, an apartment believed to be **ROMERO**'s residence. Several minutes
25 later, at approximately 3:21 PM, the surveillance team observed a black 2010 Mazda 323 registered to
26 Daniel Loubet **ROMERO** pull into the parking lot of the apartment complex. A female exited the
27 vehicle and the Mazda then travelled to a nearby parking lot. The driver exited the vehicle and walked
28 into a nearby taco shop; when the driver came back out, he was positively identified by members of the

1 investigative team as **ROMERO**, based on a comparison with the picture of Daniel Loubet **ROMERO**
 2 maintained on file by the California Department of Motor Vehicles, as well as prior contacts with
 3 **ROMERO** in this case. At approximately 3:24 PM, **ROMERO** drove the Mazda to 36946 Los
 4 Angeles Street, Huron, CA, a property owned by **SANCHEZ**, and on which a trailer has been placed
 5 and named “Thug Mansion” by members of the ENTERPRISE. Based on my knowledge of the
 6 investigation, I know that Benny **GONZALES** and Ramona **FELISCIANO** reside at this property
 7 based on numerous intercepts between (559) 961-6401 (TT5), used by **GONZALES**, and (559) 401-
 8 8633 (TT 8633), used by **FELISCIANO**, which indicate that the two live together and sleep at that
 9 location, coupled with numerous surveillance observations of those two individuals at that property, as
 10 well as precision location data transmitted by both phones which cover that property during nighttime
 11 hours when I know most people are asleep.

12 62. When **ROMERO** arrived at “Thug Mansion,” a female positively identified as
 13 **FELISCIANO**¹⁷ exited the residence and got into the front passenger seat of the Mazda with
 14 **ROMERO**. **ROMERO** then drove the Mazda back to the parking lot of his apartment complex on
 15 Tornado Avenue and exited the vehicle, at which point **FELISCIANO** exited the front passenger seat,
 16 entered the driver’s seat of the vehicle, and departed the area.

17 63. Based on the prior call in which **SANCHEZ** and **FELISCIANO** spoke with **ROMERO**
 18 about using his vehicle to obtain methamphetamine, the investigative team maintained visual of
 19 **ROMERO’S** Mazda.

20 64. At approximately 4:00 PM, **SANCHEZ**, using (279) 386-7769 (TT6), called (559) 800-
 21 4470 (TT12), used by Laura **PLASENCIA**.¹⁸ It should be noted that **SANCHEZ**, using (279) 386-7769

22 ¹⁷ **FELISCIANO** was identified based on a comparison with the known picture of **FELISCIANO** maintained on
 23 file by the California Department of Motor Vehicles, as well as prior contacts in this case.

24 ¹⁸ I believe that **PLASENCIA** is the user of (559) 800-4470 (TT12) for several reasons. First, this number is
 25 registered to **PLASENCIA** in open-source databases commonly used by law enforcement to identify subjects. Additionally,
 26 the account name listed in the cellular phone application CashApp for this number is “laura plasencia” and the account handle
 27 is “\$Lplocs79”. Based on my knowledge of the investigation, as well as my training and experience, I know that
 28 **PLASENCIA**’s date of birth is in 1979, and that ENTERPRISE members use the word “loc” or “locs” to refer to the Spanish
 word “loco,” which means crazy; I know that these ENTERPRISE members and associates use these words to refer to other
 ENTERPRISE members and associates. Therefore, I believe the CashApp handle is meant to stand for the initials “L.P.,” the
 word “locs,” and then the year of **PLASENCIA**’s birth. Additionally, in a text message from Jennifer **ESCOBEDO**, using
 (831) 596-0869 (TT3), to (559) 800-4470 (TT12), **ESCOBEDO** addressed the user of TT12 as “LP.” I therefore believe that
PLASENCIA is the user of (559) 800-4470 (TT12).

1 (TT6), had previously sent a text message to (559) 800-4470 (TT12) at approximately 2:56 PM which
 2 read, "Hi coma, give me a call asap please!!" The following is a transcript of the pertinent portions of
 3 the conversation which took place at approximately 4:00 PM:

4	[BEGINNING OF CONVERSATION]
5	... [During the beginning portion of the conversation, SANCHEZ called PLASENCIA his "Comadre" and indicated that he had acquired a car and been trying to get ahold of her so that she could drive that car to Fresno, CA.]
6	SANCHEZ I needed it today, right? [OV]
7	PLASENCIA [OV] Oh, okay.
8	SANCHEZ [OV] I needed it "asap," right? So, I- I said, "Man." I- I tried to wait for you. And I was like, "Oh, she has to be busy. Something has to be going on." [OV][UI]
9	PLASENCIA [OV] Oh. Yeah.
10	SANCHEZ You know what I mean? So I just crossed my fingers. Everything was okay. Because with you, it's legit, because you have a license.
11	PLASENCIA [OV] Right.
12	SANCHEZ [OV] They cannot pull you over for nothing. Or they just- can't just... you know what I mean?
13	PLASENCIA Yeah.
14	SANCHEZ So I just had to take the- the chance. You know me, man. I gotta have food. I cannot- [OV]
15	PLASENCIA [OV] Yeah. Yeah.
16	SANCHEZ [OV] -go without food like that. You know?
17	PLASENCIA Yeah. [OV][UI]
18	SANCHEZ That's not just for my sake, it's for the community's sake, that likes to still mess around. You know what I mean?
19	PLASENCIA Mm-hm. [indicating the positive]
20	SANCHEZ And then, uh... shit like that. So-
21	PLASENCIA Okay.
22	SANCHEZ That's what happened. Um, um... Coma, it's alright. It- it- it happens. Uh, just-
23	PLASENCIA No, but, um, well, now that I know that, like, you're gonna need me like that, like that- [OV]
24	SANCHEZ [OV] Yes.
25	PLASENCIA [OV] -I'll be- you know what I mean? I'm gonna be- [OV]
26	SANCHEZ [OV] Yes. Yes, I wa- I was even trying to- mm-hm [indicating the positive]. I was even trying to, uh, uh, uh- I am still gonna do it, but I'm gonna get me a car.
27	... [SANCHEZ then explains why he did not already have a car]
28	SANCHEZ Um, I told them that you were gonna be the one to be driving the car, mostly [sic] the time, because you have a license, right?
29	PLASENCIA Yeah.
30	... [The parties then talk about how SANCHEZ sent "Mona" instead of "Comadre," and how the people "Mona" met function "like going to McDonald's" or "like a drive-in" in that they operate very quickly.]
31	PLASENCIA Like the way we did the other day? We were gonna- in Fresno? Me and Jen?

1	Or- [OV]
2	SANCHEZ [OV] Yes. Yes.
3	PLASENCIA [OV] Boom boom.
4	SANCHEZ [OV] Like- like that. When you guys went with the black?
5	PLASENCIA Yeah. Yeah.
6	SANCHEZ Just- just like that. Just like that. In and out. Boop boop. We're outta here. You know? [OV]
7	PLASENCIA Yeah.
8	SANCHEZ [OV] So I had to do that for- you know? Even doing your brother a favor, too. You know what I mean?
9	PLASENCIA Yeah.
10	SANCHEZ Yeah, yeah. So he could have something. 'Cause I know that a lot of stuff that's in the hood right now, it's- it- it tastes, uh, like, uh, like, uh, gasoline.
11	PLASENCIA Yeah.
12	SANCHEZ Yeah.
13	PLASENCIA Yeah.
14	SANCHEZ And- and- and it- it's- it's not that it's bunk. It just tastes like gasoline- it smells like gasoline 'cause [of] the way they brought it back from T.J. [OV]
15	PLASENCIA [OV] Yeah. Yeah.
16	SANCHEZ [OV] You know what I mean? From the bord- from the- from Mexico and all that stuff. [UI] [OV]
17	PLASENCIA [OV] Yeah.
18	SANCHEZ So that's what it is, but I wasn't gonna try to get none of that. I try not to get nothing that's in the hood and try to have some different stuff.
19	PLASENCIA Yeah.
20	SANCHEZ You know what I mean?
21	... [SANCHEZ and PLASENCIA then spoke about how PLASENCIA's family is doing and what they plan to do to celebrate SANCHEZ's birthday.]
22	[END OF CONVERSATION]

65. Based on my training and experience, I know that drug traffickers very commonly use vague or innocuous language – such as the words “that” or “it” – when speaking about their drug dealing to attempt to confuse law enforcement and avoid criminal liability for their actions. Furthermore, I know that they use the word “black” to refer to black tar heroin, specifically. I also know that drug couriers are often individuals who do not have a valid driver’s license or are otherwise not legally able to operate a motor vehicle in California; as such, when these individuals are stopped by law enforcement and subsequently detained or instructed not to drive, law enforcement is then able to search the vehicle at issue when it is towed or when law enforcement becomes aware of other probable cause to search it. Therefore, I know that a drug courier with a valid driver’s license is less susceptible to losing the narcotics they are transporting and are also more highly valued by the individual sending them. Finally, I

1 also know that the vast majority of methamphetamine in California's Central Valley comes from
2 Mexico, that methamphetamine is sometimes described as tasting like gasoline, and that many times
3 drug couriers attempt to smuggle methamphetamine across the U.S./Mexico border by putting it in a
4 vehicle's gasoline tank. I therefore believe that the "stuff" **SANCHEZ** and **PLASENCIA** discuss in the
5 latter part of the call is methamphetamine, which corroborates my belief that **SANCHEZ** was sending
6 **FELISCIANO** to purchase one-half pound of methamphetamine.

7 66. Based on my knowledge of the investigation, I know that ENTERPRISE members – and
8 **SANCHEZ**, specifically – uses food-related terms, such as "burrito," to refer to illicit narcotics. I also
9 know of only one individual in **SANCHEZ** and **PLASENCIA**'s social circles who is named "Jen," and
10 that is Jennifer **ESCOBEDO**, who I already know to be involved in drug trafficking with **SANCHEZ**,
11 as is set out in elsewhere in this affidavit.

12 67. Therefore, I believe that **SANCHEZ**'s preference would have been for **PLASENCIA** to
13 go pick up the methamphetamine and sent her a text message, using (559) 800-4470 (TT12), asking her
14 to call him. When she called him back approximately one hour later, I believe **SANCHEZ** indicated
15 that he tried to wait for her because she has a valid driver's license and would therefore have a higher
16 likelihood of returning his drugs to his stash house without law enforcement interference. I believe
17 **SANCHEZ** then indicated that he could not wait any longer because he had to get narcotics "for the
18 community's sake," but also indicated that he was "still gonna do it" and was going to get another
19 vehicle. When **SANCHEZ** began to discuss the speed of the individuals distributing the narcotics in
20 Fresno, I believe **PLASENCIA** and **SANCHEZ** transitioned to speaking about a different time in which
21 **PLASENCIA** and Jennifer **ESCOBEDO** transported heroin. I believe the parties ended this portion of
22 the conversation by discussing how the methamphetamine that is available in "the hood" tastes like
23 gasoline due to the way it is smuggled into the United States from Mexico, and that this is why
24 **SANCHEZ** wanted to get methamphetamine from somewhere else (i.e. from Fresno). I believe this also
25 corroborates my belief that the narcotic being obtained was methamphetamine.

26 68. Over the next hour, **SANCHEZ**, using (279) 386-7769 (TT6), called **FELISCIANO**
27 several times, using (559) 401-8633 (TT 8633), to ask for her location and to coordinate where she
28 would meet "him" (referring to the source of supply). Eventually, **SANCHEZ** told **FELISCIANO** to

1 travel to a Me-n-Ed's Pizza Parlor located in the vicinity of W. Clinton Avenue and Interstate Highway
 2 99 in Fresno, CA.

3 69. The investigative team was previously aware that an incarcerated person at Salinas
 4 Valley State Prison illegally used – and allowed **SANCHEZ** to also illegally use – (213) 334-1252
 5 (TT18) to communicate with other individuals while in custody. When I observed records obtained from
 6 Verizon¹⁹ for (213) 334-1252 (TT18), I saw that several text messages had been sent between (213)
 7 334-1252 (TT18) and (559) 652-6826 (TT 6826) during the time the investigative team was following
 8 **FELISCIANO** in **ROMERO**'s Mazda. For example, at approximately 4:01 PM, (213) 334-1252
 9 (TT18) sent a text message to (559) 652-6826 (TT 6826) which read, “\0T\0h\0e\0r\0e\0 \0o\0n\0
 10 \0t\0h\0e\0i\0r\0 \0w\0a\0y\0 <q\0 \04\05\0 \0m\0i\0n\0u\0t\0e\0s\0 \0a\0w\0a\0y\0”, which translates to
 11 “There [sic] on their way [new line] 45 minutes away”. As stated above, **SANCHEZ** and
 12 **FELISCIANO** spoke several times during this period, including at approximately 4:15 PM. During this
 13 call, the audio for **FELISCIANO**'s side of the conversation is of poor quality; however, **FELISCIANO**
 14 may be heard saying that she is approximately “twenty-one miles” and “fifteen, twenty minutes” away
 15 from “Fresno” and “that place.” Approximately four minutes after this call took place, (213) 334-1252
 16 (TT18) sent a text message to (559) 652-6826 (TT 6826) (in plain text) which read, “There [sic] in
 17 Caruthers about 20 minutes away”. It should be noted that at the time of these calls and text messages,
 18 the surveillance team was following **FELISCIANO** as she drove north on State Route 41 toward
 19 Fresno, CA.

20 70. Additionally, although **SANCHEZ** eventually told **FELISCIANO** to go to the Me-n-
 21 Ed's Pizza Parlor located near W. Clinton Avenue and State Highway 99, he had initially told her in
 22

23 ¹⁹ On April 23, 2025 – the day after this narcotics deal – the investigative team served a search warrant on
 24 VERIZON for records associated with (213) 334-1252 (TT18). Because VERIZON retains content from text message
 25 conversations for several days, the investigative team received the content of text messages sent on April 22, 2025, between
 26 (213) 334-1252 (TT18) and (559) 652-6826 (TT 6826). It should be noted that due to the format in which the team received
 27 some of the text messages, several irrelevant characters were inserted in between the letters of the text. For example, instead
 28 of the word “There”, the raw return from VERIZON for several of the text messages would read, “\0T\0h\0e\0r\0e\0”. Furthermore,
 it appears that the characters “<q\0” denote a new line in the text message. Finally, sometimes the text messages were returned out of the order in which they were likely sent; however, in most cases, the text was cut off in the middle of the word, making the task of piecing the text message thread together much easier. In this affidavit, I will first set out the raw text received between (213) 334-1252 (TT18) and (559) 652-6826 (TT 6826) and will then translate it to ease the Court's evaluation of the evidence.

1 calls at 4:31 PM and 4:42 PM to go to a McDonald's restaurant located near the corner of Jensen
2 Avenue and Interstate Highway 99. Accordingly, at approximately 4:44 PM, (213) 334-1252 (TT18)
3 sent a text message (in plain text) to (559) 652-6826 (TT 6826) which read, "Where at McDonald's at
4 41 and Jensen".

5 71. Based on my knowledge of Fresno, CA, I know that there is only one McDonald's
6 restaurant on or near Jensen Avenue in Fresno, CA, and it is located directly (and immediately) to the
7 east of the off ramp for State Highway 99 on E. Jensen Avenue. However, I also know that State Route
8 41 is a short distance to the west of this intersection.

9 72. Therefore, based on the fact that the text messages from (213) 334-1252 (TT18) were
10 mirroring **FELISCIANO**'s location, as well as her calls with **SANCHEZ**, using (279) 386-7769 (TT6),
11 I believe that (213) 334-1252 (TT18) was essentially coordinating for the user of (559) 652-6826 (TT
12 6826) to meet with **FELISCIANO** when she arrived in Fresno, CA.

13 73. Subsequent events would corroborate this belief, as well as reveal the user of (559) 652-
14 6826 (TT 6826). At approximately 4:56 PM, **SANCHEZ**, using (279) 386-7769 (TT6), spoke with
15 **FELISCIANO**, using (559) 401-8633 (TT 8633), to confirm that the meeting location was "the Me-n-
16 Ed's" located at "Clinton and ninety-nine." **FELISCIANO** indicated that she was three miles away.
17 **SANCHEZ** indicated he would call her back and eventually did so at approximately 5:07 PM. It should
18 be noted that this call was approximately 21 minutes long, and did not terminate until approximately
19 5:28 PM. During this call, **SANCHEZ** asked how far away she was and **FELISCIANO** responded that
20 she was "like, a minute" away. Approximately 24 seconds into that call, another unidentified male may
21 be heard speaking in the background; based on the exchanges between him and **SANCHEZ**, I believe
22 that he was physically present with **SANCHEZ**. Because the unidentified male could be clearly heard,
23 but no "other side" of the conversation could be heard at all, it appeared that the unidentified male was
24 speaking on the phone to another individual. The unidentified male could be heard saying that "we're
25 pulling up, like, right now." **FELISCIANO** then conveyed to **SANCHEZ**, **SANCHEZ** conveyed to the
26 unidentified male, and the unidentified male conveyed to the individual on the phone with him that
27 **FELISCIANO** was in a black "little buggy." When **SANCHEZ** attempted to ask the unidentified male
28 what kind of car the source of supply was driving, the unidentified male started to ask the individual he

1 had been speaking with but then indicated that “he [i.e. the source] hung up.”

2 74. From the time that I first heard the unidentified male greet the source on the phone until
3 the time he indicated to **SANCHEZ** that the source had hung up was approximately 26 seconds (00:23
4 to 00:50). I therefore believe that the call time for the unidentified male’s call with the source of supply
5 likely started several seconds before 00:23 – the phone had to ring – and likely ended several seconds
6 before 00:50, as the unidentified male did not realize immediately that the source of supply had
7 terminated the call. When I viewed the records provided for Verizon for (213) 334-1252 (TT18), I
8 observed that (213) 334-1252 (TT18) placed a call to (559) 652-6826 (TT 6826) at approximately 5:08
9 PM – the next minute after **SANCHEZ** called **FELISCIANO** at 5:07 PM – and that the call lasted 27
10 seconds. I therefore believe that the unidentified individual in the background of **SANCHEZ**’s call with
11 **FELISCIANO** was using (213) 334-1252 (TT18) to call (559) 652-6826 (TT 6826), and that the user of
12 (559) 652-6826 (TT 6826) was the source of supply of methamphetamine.

13 75. At approximately 5:12 PM, while **SANCHEZ** and **FELISCIANO** were still on the
14 phone, the surveillance team observed the Mazda driven by **FELISCIANO** pull into the Me-n-Ed’s
15 Pizza Parlor parking lot located on W. Clinton Avenue, just east of State Highway 99.

16 76. At approximately 5:24 PM (approximately 17 minutes and 20 seconds into the ongoing
17 call between **SANCHEZ** and **FELISCIANO**), **FELISCIANO** began speaking to **SANCHEZ** about
18 getting “the rest of the money out.” **SANCHEZ** then became upset and said, “You didn’t fucking take it
19 out?” **FELISCIANO** then told **SANCHEZ** to hold on and **SANCHEZ** effectively sat on hold for the
20 next six minutes until the call terminated.

21 77. Based on my knowledge of the investigation, I know that because **SANCHEZ** is in
22 custody with the California Department of Corrections and Rehabilitation, he does not have direct
23 access to cash U.S. currency in order to purchase illicit narcotics, and must therefore rely on his
24 associates to conduct the transactions for him. I also know that one of the ways that he exerts control
25 over these situations is to have his associates use money transfer cellular phone applications such as
26 CashApp and Chime to gather and transfer funds for illegal transactions involving illicit narcotics.
27 Therefore, based on the context of this call, as well as numerous prior calls in which **SANCHEZ** and
28 **FELISCIANO** discussed transferring funds from and to various accounts, I believe that **SANCHEZ**

1 had instructed **FELISCIANO** to withdraw cash for this transaction, and that she had failed to do so.

2 78. Several minutes prior, at approximately 5:23 PM, (559) 652-6826 (TT 6826) sent a text
 3 message (in plain text) to (213) 334-1252 (TT18) which read, “Pulling up”. Based on my training and
 4 experience, I know this to be a phrase used in popular culture to refer to the idea of imminently arriving
 5 at a location. Accordingly, at 5:26 PM, the team observed a silver Toyota sedan pull into the same
 6 parking lot and park next to **ROMERO**’s Mazda. **FELISCIANO** was then observed exiting the driver’s
 7 seat of the Mazda and speaking with the occupants of the silver Toyota through the passenger side
 8 window and showing them something on her cellular phone.

9 79. Three minutes later, at 5:29 PM, the silver Toyota pulled out of the parking lot and
 10 departed the area. At approximately the same time, **FELISCIANO**, using (559) 401-8633 (TT 8633),
 11 called **SANCHEZ**, using (279) 386-7769 (TT6). During the call, **SANCHEZ** asked what happened and
 12 **FELISCIANO** responded “Touchdown! It’s a touchdown!” **FELISCIANO** also elaborated that “he”
 13 [the source] had Chime and **SANCHEZ** instructed her to “head on back” and to “go smooth.” The next
 14 minute, **SANCHEZ**, using (279) 386-7769 (TT6), called **ROMERO**, using (559) 821-3633 (TT 3633),
 15 to tell him that “they already left Fresno” and thanked **ROMERO**. Based on the previous calls and
 16 events, I believe **SANCHEZ** was thanking **ROMERO** for letting **SANCHEZ** use his vehicle to traffic
 17 illicit narcotics.

18 80. Based on my training and experience, I know that the word “touchdown” is very
 19 frequently used in contraband trafficking communities to refer to the idea that a transaction has been
 20 successfully completed, and I therefore believe that **FELISCIANO** was indicating to **SANCHEZ** that
 21 she had completed the transaction and obtained the methamphetamine. I also know that when a courier
 22 is travelling with contraband in their vehicle, they very often attempt to drive in such a way that they
 23 will not invite a traffic stop by law enforcement during their trip; I believe this is what **SANCHEZ** was
 24 referring to when he told **FELISCIANO** to “go smooth.”

25 81. Several minutes later, a series of text messages was sent from (213) 334-1252 (TT18) to
 26 (559) 652-6826 (TT 6826). The following chart sets out how the text messages were initially received:

27 ///

28 ///

CALL NUMBER	RAW TEXT
837	\0\0\0\0\0a\01\0r\0e\0a\0d\0y\0\0k\0n\0o\0w\0 q<\0\0\0\0d\0o\0n\0'\0t\0\0k\0n\0o\0w\0 \0w\0h\0y\0 \0t\0h\0e\0y\0 \0d\0i\0d\0n\0'\0t\0\0h\0a\0v\0e\0 \0c\0a\0s\0h\0.\0.\0t\0h\0a\0t\0 \0g\0i\0r\0
838	\0\0h\0a\0t\0 \0o\0n\0e\0 \0b\0i\0t\0.\0.\0m\0y\0 \0b\0a\0d\0\0b\01\0o\0c\0k\0
839	\0\0\0\0\0w\0a\0s\0 \0s\0u\0p\0p\0o\0s\0e\0d\0 \0t\0o\0 \0d\0o\0\0t\0h\0a\0t\0.\0.\0d\0o\0n\0'\0t\0 \0k\0n\0o\0w\0 \0w\0h\0y\0 \0s\0h\0e\0\0d\0i\0d\0n\0'\0t\0.\0.\0d\0i\0d\0n\0'\0t\0 \01\0i\0k\0e\0\0t
840	\0\0\0\0\0a\01\0r\0e\0a\0d\0y\0\0k\0n\0o\0w\0 q<\0\0\0\0d\0o\0n\0'\0t\0\0k\0n\0o\0w\0 \0w\0h\0y\0 \0t\0h\0e\0y\0 \0d\0i\0d\0n\0'\0t\0\0h\0a\0v\0e\0 \0c\0a\0s\0h\0.\0.\0t\0h\0a\0t\0 \0g\0i\0r\0
841	\0\0h\0a\0t\0 \0o\0n\0e\0 \0b\0i\0t\0.\0.\0m\0y\0 \0b\0a\0d\0\0b\01\0o\0c\0k\0

82. When I reviewed the above data, I observed that the text message sent under call 840 was the same as that sent under call 837, and that the text message sent under call 841 was the same as that sent under call 838. Additionally, when translated, I observed that the letters “gir” were at the end of call 837 and that that call 839 began with the letter “L”. Furthermore, I observed that call 839 ended with the letter “T” and that call 838 began with the letters “hat”. I therefore believe that the correct ordering of the messages is 837, 839, and then 838, which I believe is borne out by the context of the translated text:

CALL NUMBER	TRANSLATED TEXT
837	I already know I don't know why they didn't have cash..that gir
839	I was supposed to do that..don't know why she didn't..didn't like t
838	hat one bit..my bad block

83. Based on the context of the calls set out above, in which **FELISCIANO** appears to indicate to **SANCHEZ** that she had not drawn the cash out like he had instructed, and in which **FELISCIANO** later indicated that the transaction was completed because “he” had Chime, I believe that the user of (213) 334-1252 (TT18) was apologizing to the source of supply because **FELISCIANO** had not used cash to complete the transaction though she was supposed to have done so, requiring the source and **FELISCIANO** to use the Chime application to transfer to the funds instead. This belief was corroborated by a subsequent text message sent later that evening from (559) 652-6826 (TT 6826) to (213) 334-1252 (TT18), which read, “Ay block next time all cash b”. Based on the context of the messages sent between (559) 652-6826 (TT 6826) and (213) 334-1252 (TT18), I believe the parties call each other “block” as a term of endearment. Based on the context of all of the events and calls set out

1 above, I believe the user of (559) 652-6826 (TT 6826) was essentially telling the user of (213) 334-1252
2 (TT18) that transactions for illicit narcotics in the future would have to be conducted in cash, not using
3 money transfer applications such as Chime.

4 84. Based on events on April 22, 2025, as well as subsequent events in May 2025, I believe
5 that the user of (559) 652-6826 (TT 6826) is Luis AMARO **AGUILAR**. First, members of the
6 investigative team checked open-source databases frequently used by law enforcement to identify
7 individuals and learned that (559) 652-6826 (TT 6826) is associated with Luis AMARO **AGUILAR**.
8 Additionally, on April 22, 2025, after the deal with **FELISCIANO**, the surveillance team continued to
9 follow the silver Toyota – whose occupants had spoken with **FELISCIANO** – until the driver exited the
10 vehicle. Members of the investigative team then positively identified the driver as Luis AMARO
11 **AGUILAR** after reviewing the picture of Luis AMARO **AGUILAR** maintained on file with the
12 California Department of Motor Vehicles. Finally, on April 24, 2025 (two days after this deal), Debbie
13 **SANCHEZ** and Carly **BALBOA** travelled to Fresno to receive methamphetamine from **AGUILAR**²⁰
14 at **SANCHEZ**'s direction. During that deal, as is set out below, **AGUILAR** got on the phone with
15 **SANCHEZ** and spoke about how the way the last deal (i.e. the deal set out in this section) had
16 transpired was not optimal and that he wished to proceed only with cash. Therefore, I believe that
17 **AMARO AGUILAR** is the user of (559) 652-6826 (TT 6826), that he was the driver of the vehicle
18 from which **FELISCIANO** obtained the methamphetamine, and that he coordinated the distribution of
19 the methamphetamine with the user of (213) 334-1252 (TT18).

20 85. Therefore, I believe that **ROMERO** knowingly provided a vehicle for **FELISCIANO** to
21 use to facilitate the distribution of illicit narcotics; that **FELISCIANO** knowingly travelled to Fresno,
22 CA, to receive one-half pound of methamphetamine in exchange for \$600; that **AMARO AGUILAR**
23 distributed one-half pound of methamphetamine in exchange for \$600; and that **SANCHEZ** coordinated
24 all of the above, along with the unidentified male in the background of his calls with **FELISCIANO**.

25
26
27
28 ²⁰ **AGUILAR** was positively identified on that date based on a comparison with the picture maintained on file by the
California Department of Motor Vehicles.

3. **May 2, 2025 – SANCHEZ and RIOS facilitated the distribution of heroin from TAMAYO to FELISCIANO and GONZALES**

86. On May 1, 2025, at approximately 11:28 AM, Angel Soto **RIOS**,²¹ using (559) 514-1768 (TT 1768), called **SANCHEZ**, using (279) 386-7769 (TT6). It should be noted that during this call, **SANCHEZ** referred to **RIOS** as “Happy,” and **RIOS** identified himself as “Angel Soto RIOS.” Based on my knowledge of the investigation, I know that “Happy” is **RIOS**’s moniker. The following is a transcript of the pertinent portions of that call:

	[BEGINNING OF CALL]
...	[During the initial portions of this call, the parties spoke about how RIOS 's associate was attempting to sell high-quality marijuana and how RIOS wanted to get a job. At one point, SANCHEZ conducted a three-way call with his "Compa" who indicated that he would consider RIOS for a job. SANCHEZ then terminated the call with his "Compa" and he and RIOS continued to speak about SANCHEZ 's relationship with his "Compa."]
SANCHEZ	But, uh, are we still rocking and rolling with the <i>negrita</i> ?
RIOS	Hell, yeah. Mando. Always. [OV] [UI] It could happen right now if you want.
SANCHEZ	Ye- ye- no, no, no, no. I- I am. I- um. I'm gonna be ready- remember? I told you before Friday?
	[the parties speak over each other]
SANCHEZ	It will be tom- yeah, it will be tomorrow, you hear me? I'll end up snat-snatching up, uh, one. You know what I mean?
...	[SANCHEZ then speaks about how he gave narcotics to another individual to smuggle it into the Fresno County Jail, but this individual has not turned himself in yet. RIOS indicated that he understood.]
	[END OF CONVERSATION]

87. Based on my training and experience, I know that drug traffickers commonly use the word “black” to refer to heroin, that the word “*negrita*” means “the little black girl” in Spanish, and that Hispanic drug traffickers very commonly use various derivations of the word “black” in various languages, including this word, to refer to black tar heroin. I therefore believe that in this call, **SANCHEZ** was asking **RIOS** if **RIOS** still sold heroin. After **RIOS** indicated that he did, and that **SANCHEZ** could get it right now, **SANCHEZ** reminded²² him that he would be ready “before Friday”

²¹ Based on the fact that the user of (559) 514-1768 (TT 1768) identified himself as “Angel Soto Rios,” as well as the fact that **SANCHEZ** identified the user of (559) 514-1768 (TT 1768) as “Happy,” which I know to be **RIOS**’ moniker, I believe that the user of (559) 514-1768 (TT 1768) is **RIOS**.

²² Several days before, on April 27, 2025, between approximately 9:53 PM and 11:19 PM, **SANCHEZ** and **RIOS** had exchanged text messages on (279) 386-7769 (TT6) and (559) 514-1768 (TT 1768) in which **RIOS** asked **SANCHEZ**, “When are you gonna be ready again” and **SANCHEZ** responded, “By Friday, my ninja gracias”.

1 and indicated that he would take “one.” Based on subsequent events, I believe that **SANCHEZ** was
2 indicating he would take one ounce.

3 88. Later that night, at approximately 6:09 PM, **SANCHEZ**, using (279) 386-7769 (TT6),
4 called Ramona **FELISCIANO**, using (559) 401-8633 (TT 8633). During the call, another male began
5 speaking with **SANCHEZ**. Based on the fact that the investigative team has intercepted hours of
6 conversation involving Benny **GONZALES** while he was using (559) 961-6401 (TT5), I and other
7 members of the investigative team recognized this male voice as belonging to **GONZALES**. During this
8 conversation, **GONZALES** indicated that he was going to go to Fresno in the morning because he had
9 “court in the morning.” **GONZALES** then stated, “If you need it tomorrow by a certain time, like when
10 I get out of court, like if it’s in the morning.” and then the parties spoke over each other. **GONZALES**
11 then suggested that one of them speak with “Happy,” and **SANCHEZ** agreed. The parties then spoke
12 about transferring money with CashApp. Approximately 23 minutes and 26 seconds into the call,
13 **SANCHEZ** indicated that “tomorrow” they would “buy an ounce of it,” and that he was going to “call
14 the homie” to see if he could “make this happen early in the morning,” at which point the call stayed
15 active, but no noise could be heard.

16 89. Accordingly, at approximately 6:33 PM, while **GONZALES** and **FELISCIANO** stayed
17 on the other line, **SANCHEZ** used (279) 386-7769 (TT6) to call **RIOS**, using (559) 514-1768 (TT
18 1768). During the call, **SANCHEZ** stated that when his “*primo* goes to court,” he wanted to “get one for
19 sure.” **SANCHEZ** also stated that it was “too much” to have his associates go to “the ‘No’ at the time of
20 the call, but then asked, “Can you have it ready in the morning for us?” **RIOS** responded that he could
21 call “[his] people right now.”

22 90. Based on my training and experience, I know that ENTERPRISE members refer to
23 Fresno, CA as “the ‘No.’” Therefore, based on the context of the previous calls, I believe **SANCHEZ**
24 was indicating that he wished to have one ounce of heroin distributed to one of his associates when that
25 associate went to court, as it would be “too much” to have his associate go to Fresno, CA before that
26 time. Based on the context of the previous call with **GONZALES** and **FELISCIANO**, I believe that
27 **SANCHEZ**’s associate was **GONZALES**, and that therefore the plan was for **GONZALES** and
28 **FELISCIANO** to receive that heroin. I therefore believe that the heroin source – and possibly **RIOS** –

1 were located in Fresno, CA.

2 91. I observed call detail records from (559) 514-1768 (TT 1768) and observed that (559)
 3 514-1768 (TT 1768), used by **RIOS**, called (559) 776-7731 (TT17), used by **TAMAYO**²³ as described
 4 below, approximately two minutes after the previous call, at 6:35 PM. The call with **TAMAYO** lasted
 5 just over one minute. Based on the context of the previous call between **SANCHEZ** and **RIOS**, I
 6 believe **RIOS** called **TAMAYO** to ask if **TAMAYO** would agree to distribute the heroin to
 7 **SANCHEZ**'s associate (**GONZALES**) the following morning.

8 92. Approximately two minutes after that, at 6:37 PM, **RIOS** again used (559) 514-1768 (TT
 9 1768) to call **SANCHEZ**, using (279) 386-7769 (TT6). The following is a transcript of the pertinent
 10 portions of that call:

	[BEGINNING OF CONVERSATION]
SANCHEZ	Yee.
RIOS	Yeah, boy. Don't even trip, B. We'll make it happen first thing in the morning. My boy don't work tomorrow, so it's all good.
SANCHEZ	Oh, there it is there. Yes. [OV]
RIOS	[OV] Just give me a- just give me a call when your people on the way over here. He said if they can to meet at the same Seven Eleven.
SANCHEZ	Okay. Yeah, yeah, yeah. Mandatory, we'll do that.
...	[The parties then spoke about other individuals who were transporting and distributing narcotics, as well as SANCHEZ 's "Compa," who was going to get RIOS a job.]
	[END OF CONVERSATION]

18 93. Based on the context of the calls set out above, as well as subsequent events, I believe
 19 **RIOS** indicated to **SANCHEZ** that **TAMAYO** would have the heroin ready "first thing in the
 20 morning," and that the deal was going to happen at a "Seven Eleven" convenience store.

21 94. The following morning, on May 2, 2025, at approximately 8:22 AM, **SANCHEZ**, using
 22 (279) 386-7769 (TT6), called **RIOS**, using (559) 514-1768 (TT 1768). During the call, **RIOS** indicated
 23 that "[his] boy was waiting on [**SANCHEZ**'s] people." **SANCHEZ** responded that "he" was "going to
 24 court" and that **SANCHEZ** would have his "*prima*" go and "meet the homie," as she was going to drop
 25 off the individual who had court. The parties then (again) spoke about **RIOS** working with

26
 27 ²³ On May 2, 2025, members of the investigative team established physical surveillance on **TAMAYO** who was
 28 with an uncharged female. The investigative team called (559) 776-7731 and watched as the uncharged female removed a
phone from her purse and handed it to **TAMAYO**. **TAMAYO** placed the cell phone on his ear and answered the
investigative team's call. Therefore, I believe **TAMAYO** is the user of (559) 776-7731.

1 **SANCHEZ**'s "Compa."

2 95. Based on the context of previous calls, I believe **SANCHEZ** was indicating that
 3 **GONZALES** had to go to court, but that **FELISCIANO** would come to pick up the heroin. A
 4 subsequent call at approximately 8:27 AM between **SANCHEZ**, using (279) 386-7769 (TT6), and
 5 **FELISCIANO**, using (559) 401-8633 confirmed this belief; during this call **SANCHEZ**'s "suggestion"
 6 was that his "primo" would go "into the courts" and that **FELISCIANO** would "go over there and pick
 7 it up." **FELISCIANO** ended the call by telling **SANCHEZ** that **GONZALES** had already been
 8 dropped off at the courthouse.

9 96. At approximately 8:43 AM, **SANCHEZ** used (279) 386-7769 (TT6) to call (559) 514-
 10 1768 (TT 1768), used by **RIOS**. During the call, **RIOS** said that his "homeboy" had sent a text
 11 message²⁴ indicating he was on his way. **RIOS** indicated that his "homeboy" would be in "a truck or a
 12 Charger;" **SANCHEZ** indicated that he (i.e. **FELISCIANO**) was in a white Nissan Altima.

13 97. When I reviewed call detail records for (559) 514-1768 (TT 1768), I observed that
 14 approximately six minutes before the previous call with **SANCHEZ**, **RIOS** used (559) 514-1768 (TT
 15 1768) to attempt to call **TAMAYO**, using (559) 776-7731 (TT17). The call lasted approximately two
 16 seconds, which indicates to me that the call was likely not completed. Immediately after hanging up with
 17 his next call with **SANCHEZ** at 8:44 AM, **RIOS**, using (559) 514-1768 (TT 1768), again called
 18 **TAMAYO**, using (559) 776-7731 (TT17). That call lasted approximately 16 seconds, which based on
 19 my experience I know to be consistent with a short conversation indicating someone was on their way to
 20 a meeting. I therefore believe that **TAMAYO** was the "homeboy" who would be distributing the heroin,
 21 based on the context of the prior call and transactional data discussed.

22 98. It should be noted that while these calls were taking place that morning, the surveillance
 23 team had observed that the vehicle tracker installed on **GONZALES**'s white Nissan Altima had
 24 travelled to Fresno, CA earlier that morning. Due to the large increment set on the tracking device, the
 25 logged geolocation points in the vehicle's tracker jumped from the area of Fowler, CA, to a 7-11
 26

27 24 A search of the historical records of (559) 514-1768 (TT 1768) via a court order did not reveal any text messages
 28 sent from (559) 514-1768 (TT 1768) immediately prior to this call. This does not preclude the possibility that **RIOS** was
 using a second phone or an encrypted application on his primary phone.

1 convenience store located at Fresno St and E. McKinley Avenue in the city of Fresno, CA. Though the
 2 tracker recorded that it was in the area of the 7-11 convenience store at 8:55 AM, the team was able to
 3 view in real time that the tracker had arrived several minutes before that, at approximately 8:40 AM.
 4 Based on the calls set out above, as well as subsequent calls and events, I believe **FELISCIANO**
 5 dropped **GONZALES** off at the Fresno County Courthouse and then proceeded to the agreed upon
 6 location to receive the heroin.

7 99. It should also be noted that at approximately 8:29 AM, **SANCHEZ**, using (279) 386-
 8 7769 (TT6), began a call with another phone line. For an unknown reason, the pen register did not
 9 capture the number he called. However, based on the fact that he was speaking with a female, that the
 10 female knew **GONZALES**, that the female and **SANCHEZ** were speaking about breaking “it” down
 11 into “Gs,” and the fact that several members of the investigative team recognized the voice as
 12 **FELISCIANO**’s, I believe that **SANCHEZ** had used (279) 386-7769 (TT6) to contact **FELISCIANO**,
 13 using (559) 401-8633 (TT 8633). Additionally, during the call, which lasted approximately one hour and
 14 two minutes, **FELISCIANO** told **SANCHEZ** that she had put the “black shirts” in a brown paper bag.

15 100. I believe that when **FELISCIANO** related she was breaking “it” down into “Gs”,
 16 **FELISCIANO** was communicating to **SANCHEZ** that **FELISCIANO** packaged the narcotics into
 17 grams, to be eventually sold to drug users. I know the term “black shirts” is used by the ENTERPRISE
 18 to describe heroin. Therefore, when **FELISCIANO** told **SANCHEZ** she put the “black shirts” in a
 19 brown paper bag, **FELISCIANO** was describing that she placed heroin in a brown paper bag.

20 101. The team then established surveillance on the vehicle while it travelled to the Fresno
 21 County Courthouse, and subsequently observed **GONZALES** in the front passenger seat of the
 22 vehicle²⁵. The investigative team subsequently initiated a traffic stop on the vehicle at approximately
 23 9:46 AM. At approximately 9:50 AM, **FELISCIANO**, using (559) 401-8633 (TT 8633), sent a text
 24 message to **SANCHEZ**, using (279) 386-7769 (TT6), which read, “Primo they stopped us”. **SANCHEZ**
 25 then attempted to call **FELISCIANO** without success, and **FELISCIANO** sent another text message
 26 which read, “Can’t talk”. She then sent another text message several seconds later which read, “They’re

27
 28 ²⁵ Based on the totality of the data, intercepted phone calls and personal observations, the investigative team believes
FELISCIANO returned to pick up **GONZALES** at the courthouse after **FELISCIANO** purchased the heroin.

1 going to take us primo I don't have that stuff put away". After several more text messages between the
 2 two, in which **FELISCIANO** states the location of the stop and **SANCHEZ** tells her to "[p]ut it a way!
 3 Real quick", **FELISCIANO** sent a text message which read, "Primo we are going to jail" and another
 4 message which read, "I'm going to take the blame".

5 102. During the vehicle stop, a member of the investigative team removed **GONZALES** and
 6 **FELISCIANO** from the vehicle, and subsequently located approximately one ounce of a black, tar-like
 7 substance wrapped in clear plastic wrap and placed in brown paper bag, which had in turn been placed
 8 inside of a black canvas bag and placed on the rear passenger seat. Based on my training and experience,
 9 I know that this substance is consistent in appearance with black tar heroin. **GONZALES** and
 10 **FELISCIANO** were cited for possession of narcotics and released.

11 103. Later that morning, at approximately 11:04 AM, **GONZALES**, using (559) 961-6401
 12 (TT5), called **SANCHEZ**, using (279) 386-7769 (TT6). The following is a transcript of the pertinent
 13 portions of that conversation:

	[BEGINNING OF CONVERSATION]
SANCHEZ	<i>Bueno?</i>
GONZALES	Bro.
SANCHEZ	Yes.
GONZALES	Fuck, dog.
SANCHEZ	She didn't fuckin' listen, man.
GONZALES	What happened?
SANCHEZ	Uh, my <i>prima</i> .
GONZALES	What did you tell her?
...	[SANCHEZ then recounted how he had been speaking with FELISCIANO and the sequence of events that transpired when they were on the phone and after they had terminated the call, including FELISCIANO 's text messages to SANCHEZ during the traffic stop. SANCHEZ then began to express disbelief that a police officer would find a <i>clavo</i> and would not arrest GONZALES and FELISCIANO .]
SANCHEZ	Were you guys playing?
GONZALES	No, on the hood, dog. We got pulled over, dog.
SANCHEZ	Oh, on the hood? And they took the <i>clavo</i> ?
GONZALES	They took the <i>clavo</i> , dog. And they let us go.
SANCHEZ	Fuck. Those are some fuckin' crooked-ass cops.
GONZALES	[GONZALES then recounted the sequence of events that transpired during the stop. SANCHEZ then began to speak about getting "another one," and GONZALES indicated that FELISCIANO needed to buy diapers, but SANCHEZ had told her to wait.]

1	SANCHEZ	Yeah, yeah, no, no. I- I have to focus on- look, we can- we can get that- get those, uh, uh- it's just, I ha- I- I mean, I need to get me another- another, uh... uh, full black shirt. You know what I mean? But if you guys don't... yeah, if you don't want to do it, <i>pris</i> , I'll have to have someone go get it or something, but I- I gotta get another one. You know what I mean? I don't know- I cannot let this, um... [UI] [SANCHEZ spoke in the background to another individual] You hear me?
5	GONZALES	Yeah, yeah, no, I hear you, bro. I was just tryin' to find out what's gonna happen, 'cause I- I- I'm already right here at, uh...
6	SANCHEZ	Huh? You're- you're where?
7	GONZALES	I'm on Jensen Avenue. I'm tryin' to see what's going on. Do I have to go back or what? What's goin' on? What's the deal?
8	...	[The parties then spoke about how much money was in a CashApp account.
9	SANCHEZ	Okay, what I'm gonna do, real quick... is- yeah, <i>primo</i> , 'cause I just told the- the homie [that] I don't wanna l- l- leave the 'No Town without getting one real quick. I just gonna send the money to you real fast, so, uh, I can call dog and just send the money to his CashApp real fast. So I could- I could get that. You hear me?
12	GONZALES	Okay. But where do I need to go, <i>primo</i> ? 'Cause I'm right here on the outskirts of town. I need to fuckin'- fuckin' turn around and go back.
13	SANCHEZ	O- o- okay. We will go on McKinley- uh, 'cause the homie lives right there. We'll go on McKinley and, um... that Seven Eleven, uh... uh... McKinley and Fresno, <i>primo</i> . Do you hear me?
14	GONZALES	I don't know where that's at, but I'm gonna find it right now.
15	...	[SANCHEZ then speaks about how he is going to transfer money to a CashApp account, and begins a call with another male in the background. During the call, the male indicated that SANCHEZ could transfer funds to "his" (another male's) CashApp account. SANCHEZ and GONZALES then spoke again briefly, and SANCHEZ then started another call with the same male in the background, after which the call terminated.]
18		[END OF CONVERSATION]

19 104. Based on my training and experience, I know that gang members frequently used the
 20 phrase "on the hood" to indicate that they are taking a situation seriously. I also know that Hispanic drug
 21 traffickers who smuggle narcotics into detention facilities frequently use the Spanish slang term "*clavo*"
 22 to refer to a small object that is inserted inside of one's body in an attempt to thwart the facilities'
 23 scanning equipment, and that they also frequently use innocuous terms such as "one" to refer to their
 24 narcotics in an attempt to thwart law enforcement and avoid criminal prosecution. Based on my
 25 knowledge of the investigation, I know that SANCHEZ frequently uses the term "black shirt" and/or
 26 "black T-shirt" to refer to a set amount of black tar heroin.

27 105. Therefore, based on the information set out above, as well as the context of this call, I
 28 believe that SANCHEZ essentially begins this call by expressing to GONZALES that SANCHEZ is

1 frustrated with **FELISCIANO** because of the circumstances surrounding the traffic stop. **SANCHEZ**
2 then asks for reassurance from **GONZALES** that **GONZALES** is not simply playing a prank on
3 **SANCHEZ**, and **GONZALES** confirmed that he and **FELISCIANO** were actually stopped by the
4 police and that the police actually seized the “*clavo*,” which based on the context of the situation I
5 believe to have been a reference to the ounce of heroin which was recovered from the vehicle.
6 **SANCHEZ** then indicated that he had to get more heroin; in fact, based on the context of the
7 conversation, when **SANCHEZ** began to say, “I cannot let this,” I believe he was going to finish that
8 sentence by essentially indicating that he could not let the situation stand as it was (i.e. without having
9 received more heroin). **GONZALES** then expressed that he wished to know what was going to happen
10 because he was on “Jensen Ave” and “the outskirts of town.” Based on my knowledge of Fresno, I know
11 that Jensen Avenue runs east and west through the southern portion of the more heavily populated areas
12 of the city of Fresno, and that south of Jensen Avenue (which is the direction **GONZALES** would have
13 been headed if he were travelling out of town) the area would have become more and more rural at the
14 time of this call. I believe **SANCHEZ** confirmed this when he indicated that he had expressed to his
15 “homie” that he did not want to leave “No Town [i.e. Fresno] without getting [heroin] real quick.” I
16 believe **SANCHEZ** then indicated that they would go back to the 7-11 convenience store that
17 **FELISCIANO** previously used to receive the first ounce of heroin (at “McKinley and Fresno”) to
18 conduct the second deal because “the homie lives right there.”

19 106. Based on my knowledge of the investigation, I know that **TAMAYO**’s last known
20 address is 2415 E. Peralta Way, Fresno, CA, which is approximately 500 feet northwest of the 7-11
21 convenience store located on the northeast corner of E. McKinley Avenue and N. Fresno Street in
22 Fresno, CA. I therefore believe that **SANCHEZ** was indicating that he wanted to complete the second
23 deal at the same location as the first because **TAMAYO** lives in the area, and therefore believe that it
24 was also **TAMAYO** who completed the first deal with **FELISCIANO**, as well.

25 107. It should be noted that approximately two minutes after **SANCHEZ** began the above call
26 with **GONZALES**, **FELISCIANO**, using (559) 401-8633 (TT 8633), also called **SANCHEZ**, using
27 (279) 386-7769 (TT6). **SANCHEZ** put his call with **GONZALES** on hold and spoke with
28 **FELISCIANO**, during which **FELISCIANO** also recounted the events of the traffic stop.

1 108. At approximately 11:21 AM, **SANCHEZ** used (279) 386-7769 (TT6) to call **RIOS**,
2 using (559) 514-1768 (TT 1768). During the call, **SANCHEZ** asked to pay using \$130 in CashApp
3 funds initially, promising to pay the remaining \$270 later. **RIOS** indicated that he could not make this
4 decision on his own and started a three-way call with an individual named “Big.” **SANCHEZ** then
5 related to “Big” that he wished to purchase “another one” with \$130 in CashApp funds, promising to
6 pay the remaining funds when **SANCHEZ** (i.e. **GONZALES** and **FELISCIANO**) arrived back in “the
7 *varrio*.” “Big” indicated that this arrangement “would work,” and **SANCHEZ** told “Big” and **RIOS** to
8 stay on the line.

9 109. **SANCHEZ** then used (279) 386-7769 (TT6) to call **GONZALES**, using (559) 961-6401
10 (TT5), briefed **GONZALES** on the situation, and then merged the calls with **GONZALES**, using (559)
11 961-6401 (TT5), **RIOS**, using (559) 514-1768 (TT 1768), and an individual who was on the line with
12 **RIOS** and who was identified as “Vic,” at approximately 11:24 AM. It should be noted that when I
13 reviewed call detail records for (559) 514-1768 (TT 1768), used by **RIOS**, I observed that **RIOS**, using
14 (559) 514-1768 (TT 1768), had called (559) 776-7731 (TT17) at 11:22 AM, approximately two minutes
15 before **RIOS** and “Vic” were merged with **SANCHEZ**’s call; additionally, that call between (559) 514-
16 1768 (TT 1768) and (559) 776-7731 (TT17) lasted for approximately 4 minutes and 22 seconds,
17 indicating they stayed on the phone with **SANCHEZ** for another several minutes after the call was
18 merged. This matches the audio from the call with **SANCHEZ**, further corroborating my belief that
19 the user of (559) 776-7731 (TT17) (“Vic”) is Victor **TAMAYO**. During that portion of the call,
20 **SANCHEZ** introduced **GONZALES** as “Guero,” and requested the CashApp account to which the
21 funds would be paid. “Vic” gave the CashApp account handle as “\$BigVic500”, which is an account
22 registered to “Victor **TAMAYO**.” **SANCHEZ** then gave **GONZALES**’s CashApp handle as
23 “\$Huero824.” **SANCHEZ** indicated it would “come up as Benny **GONZALES**.”

24 110. At approximately 11:26 AM, **GONZALES**, using (559) 961-6401 (TT5), received a text
25 message from a number associated with CashApp which read, “Cash App: Victor Tamayo requested
26 \$130. Open the app to approve or decline.” Based on the context of the events set out in this affidavit, I
27 believe this money was partial payment for the second ounce of heroin received from **RIOS** and
28 **TAMAYO**.

1 111. The parties then agreed to meet at the “same spot,” at “Fresno and McKinley,”
 2 **GONZALES** indicated that he was already parked there, and the parties then terminated the call.

3 112. Based on the calls set out above, the surveillance team had initiated surveillance on the 7-
 4 11 convenience store where I believe **FELISCIANO** previously received the initial ounce of heroin.
 5 The vehicle tracker installed on **GONZALES**’s Nissan Altima indicated that it arrived back at the 7-11
 6 at approximately 11:22 AM, and the surveillance team observed the vehicle arrive at the same
 7 approximate time. At approximately 11:35 AM, the team observed **GONZALES** speaking with a
 8 Hispanic male adult – later identified as **TAMAYO** – in the parking lot of the 7-11. The two shook
 9 hands, embraced, and then **GONZALES** returned to his vehicle and departed the area.

10 113. The surveillance team then followed the Hispanic male adult as he drove to 2415 E.
 11 Peralta Way, Fresno, CA, in a Dodge Charger. The male then walked in and out of the residence and
 12 was positively identified as the individual who had met with **GONZALES** in the parking lot and as
 13 Victor **TAMAYO** based on a comparison with the picture of Victor **TAMAYO** maintained on file with
 14 the California Department of Motor Vehicles.

15 114. The surveillance team then followed **TAMAYO** as he and an unidentified female drove
 16 in the same Charger to the area of the Fashion Fair Mall in Fresno, CA. While one investigative team
 17 member called (559) 776-7731 (TT17), another team member observed the female take a phone out of
 18 her purse and give it to **TAMAYO**, who looked at the phone and then put it up to his right ear with his
 19 right hand. I therefore believe that **TAMAYO** is the user of (559) 776-7731 (TT17), and is the
 20 individual who distributed heroin to **GONZALES** and **FELISCIANO** earlier that day.

21 115. During the first weeks of the wiretap portion of this investigation, the investigative team
 22 observed that (213) 334-1252 (TT18) was being used by an individual housed in **SANCHEZ**’s same
 23 pod in Salinas Valley State Prison (UM97). Several hours after the above-referenced deal for the second
 24 ounce of heroin, at approximately 2:10 PM, (213) 334-1252 (TT18) called (559) 961-6401 (TT5), used
 25 by **GONZALES**. The investigative team immediately recognized **SANCHEZ**’s voice, and after
 26 reviewing further calls²⁶ and toll records, believes that **SANCHEZ** uses this line to communicate with

27 26 The investigative team was previously aware that **SANCHEZ** and his associates at least occasionally used (213)
 28 334-1252 (TT18) to communicate. On April 23, 2025, the investigative team served a warrant on VERIZON for records

1 ENTERPRISE members and associates.

2 116. The following is a transcript of the pertinent portions of the call between GONZALES
 3 and SANCHEZ:

	[BEGINNING OF CONVERSATION]
GONZALES	Yeah
SANCHEZ	[UI] <i>primo</i> , my phone died. You hear me?
GONZALES	Yeah.
SANCHEZ	Yeah, yeah. So it died real quick.
	[The parties then spoke about another female who was communicating with SANCHEZ during or around the time of the traffic stop set out above.]
SANCHEZ	But, uh, real quick, <i>primo</i> , so that's how they pulled you over? Just- just basically that- that [UI] she did that, and then [SANCHEZ then made noises like a siren].
GONZALES	I didn't even know we were getting pulled over, <i>primo</i> . I fuckin'... I seen her pulling over, I was like, "What the fuck?" I was like, "You know we're getting pulled over?" and she was like, "Yeah, the cops are behind us." I was like, "What the fuck?"
SANCHEZ	Yeah, and the- and then- and then she had the thing right there. She couldn't put it in her "P?"
GONZALES	Oh, it was right there, dog. But no, there was not- they- they fuckin'- it happened so quick. I even told her, I said, "You got that fuckin' shit put away?" She was like, "No." I was like, "Fuck."
SANCHEZ	Yeah. I do- I was like, "What?" And then she's texting me and- and tell- I was like, "What the f-..." And then-
GONZALES	They- they kept telling her, "Get off the phone. Get off the phone." [At this point, a female – likely FELISCIANO, based on all of the information set out herein – began speaking in the background] Because they said that she was calling people to fuckin' go meet them over there. They were thinking- thinking that we were trying to... put a hit on 'em or somethin'.
SANCHEZ	Yes, yes, yes.
	[The parties then continued to speak about the circumstances leading up to the stop, during the stop, and after the stop. In total, the call lasted approximately 50 minutes.]
	[END OF CONVERSATION]

23 associated with (213) 334-1252 (TT18). Because VERIZON retains content from text message conversations for several
 24 days, the investigative team received the content of a text message sent by FELISCIANO, using (559) 401-8633 (TT 8633),
 25 to (213) 334-1252 (TT18), on April 18, 2025, at approximately 6:04 PM, which read, "CICI ... Can you tell my primo to call
 me please when he has a chance. Please and thank you so much. Have a blessed day".

26 However, on May 7, 2025, at approximately 9:15 AM, SANCHEZ, using (279) 386-7769 (TT6), called an
 27 unidentified female (UF20), using (559) 413-8584. During the call, UF20 addressed SANCHEZ as "Giddy" and asked, "Was
 28 that you that just called me?" SANCHEZ responded, "Yeah, that was my other phone." The team previously obtained
 authorization to install a PRTT device on (213) 334-1252 (TT18). When I viewed call detail records for May 7, 2025, I
 observed that (213) 334-1252 (TT18) had attempted to call (559) 413-8584, used by UF20, approximately 30 seconds before
 the above-referenced call. Based on this call, I believe that SANCHEZ is a user of (213) 334-1252 (TT18).

1 117. Based on my training and experience, I know that it is very common in drug trafficking
 2 communities for females to attempt to hide narcotics in their vaginal cavity. I also know that the word
 3 “pussy” is a common slang term for a female’s vagina, and therefore believe this is what **SANCHEZ**
 4 and **GONZALES** were referencing when they spoke about **FELISCIANO** having the heroin “put
 5 away” and “put in her ‘P.’”

6 118. Therefore, I believe that on May 1 and May 2, 2025, **SANCHEZ** coordinated with **RIOS**
 7 and **TAMAYO** to have heroin distributed to **FELISCIANO** and **GONZALES**, and I believe that
 8 **TAMAYO** distributed that heroin to **FELISCIANO** and then to **GONZALES** on May 2, 2025.

9 4. **May 4, 2025 – SANCHEZ facilitated the distribution of methamphetamine**
 10 **from R. LOPEZ to GUILLEN**

11 119. On May 4, 2025, the investigative team became aware that **SANCHEZ**, while housed in
 12 the Salinas Valley State Prison, conspired to procure a half pound of methamphetamine from **R.**
 13 **LOPEZ**. This procurement was brokered by Carlos **GUILLEN** and was transported by both
 14 **GUILLEN** and an uncharged co-conspirator.

15 120. On May 4, 2025, at approximately 5:37 PM, the investigative team intercepted a call
 16 from **GUILLEN**,²⁷ using (559) 508-6409 (TT9), to **SANCHEZ**, using (279) 386-7769 (TT6). During
 17 the initial portion of this call, **SANCHEZ** merged the call with **GUILLEN** with another call between
 18 **SANCHEZ** and an uncharged co-conspirator. **SANCHEZ**, the uncharged co-conspirator, and
 19 **GUILLEN** then spoke generally about the ENTERPRISE, its maintenance, and its structure until
 20 approximately 12:27 into the call, at which point I believe the conversation turned to the distribution of
 21 methamphetamine. The following is a transcript of the pertinent portions of that conversation:

NAME	TRANSCRIPT
[BEGINNING AT THE 12:27 MINUTE MARK]	
SANCHEZ	Do you still got that – those – those homeboys from Mendota? Or from Kerman or

24 27 I believe that Carlos **GUILLEN** is the user of (559) 508-6409 (TT9) for several reasons. First, on April 19, 2025,
 25 at approximately 1:00 PM, Ignacio **SANCHEZ**, using (279) 386-7769 (TT6), called Ray **PINON**, using (559) 931-4104
 26 (TT1). At a certain point during the call, **SANCHEZ** indicated to **PINON** that **SANCHEZ** was receiving a call from an
 27 individual named “C-Dog,” which I know to be **GUILLEN**’s moniker based on my knowledge of the investigation and
 28 human source reporting. The investigative team was able to see that (279) 386-7769 (TT6) was receiving a call from (559)
 508-6409 (TT9) at the same time; additionally, the team was able to see the same data on a PRTT previously installed on
 (559) 508-6409 (TT9). Second, when **SANCHEZ** answered the call from (559) 508-6409 (TT9), members of the
 investigative team recognized **GUILLEN**’s voice based on prior contact with him. I therefore believe that **GUILLEN** is the
 user of (559) 508-6409 (TT9).

1	whatever?
2	GUILLEN Uh – from the – the – the crazy bitch? That white chicka?
3	SANCHEZ Yeah, the crazy <i>hyna</i> .
4	GUILLEN Yeah [background noise] yeah they’re uh - I think they’re on stand-by right now, I think. I think – they should have some I think dog.
5	SANCHEZ [speaking with someone in the background, then again with GUILLEN] Can you call them right now and see? Is it fire though?
6	GUILLEN Yeah, they told me it’s good dog. I don’t know, I never – I – I – I never – you know? I never had got somebody.
7	SANCHEZ We’re just kind of...
8	GUILLEN Yeah, I never had got somebody but he’s – [UI] but they sell like six of ‘em you know? Like six big ones.
9	SANCHEZ So do this. I – I – I’ll leave you the half of one right?
10	GUILLEN Oh, a half piece?
11	SANCHEZ Yes, just to see how it is dog. ‘Cause, I – I’m not going to give up all – give up money like that – and then it’s – you know what I mean? Like, I want it to be...
12	GUILLEN Yeah, I get you.
13	SANCHEZ And then if it’s good then I’ll come back and get one or – two or – whatever it might be. You know what I mean?
14	GUILLEN Yeah.
15	SANCHEZ How can we do this shit? Are we able to...
16	GUILLEN Um – do you want me to make a call right now for – for the half real quick? For just get to test it real quick?
17	SANCHEZ Yes, please.
18	GUILLEN Ok. Um – let me call – let me get back to you right now real quick. Okay, my dog?
19	SANCHEZ Alright, thank you.
20	GUILLEN Alright, no problem, dog.
21	SANCHEZ We will be right here. Just holler at me, alright?
22	GUILLEN Okay.
23	SANCHEZ Alright, bulldog, gotcha.
24	... [13:43 into the call, SANCHEZ and the uncharged co-conspirator remained on the line and the conversation returned to the history and maintenance of the ENTERPRISE .]
25	[END OF CALL]

121. Based on my training and experience, I know that drug traffickers use innocuous and vague-sounding terms such as “one,” “big one,” and “piece” to describe a pound of illicit narcotics, and that they also use terms that refer to a “white girl” such as “crazy bitch” and “white *hyna*” to describe methamphetamine, specifically. Finally, I know that they use the term “fire” to describe high-quality narcotics. Therefore, I believe that in this call, **SANCHEZ** asked **GUILLEN** if **GUILLEN** still had a connection with the methamphetamine distributor in Kerman, CA. **GUILLEN** responded that he did, and that he knew that the distributor had approximately six pounds of methamphetamine for sale. **SANCHEZ** then asked **GUILLEN** to coordinate the purchase of a half-pound of methamphetamine

1 from this distributor, so that **GUILLEN**'s customers can test it out prior to **SANCHEZ** purchasing a
 2 large amount from this distributor. **GUILLEN** agreed and exited the call, presumably to call
 3 **GUILLEN**'s distributor.

4 122. When the investigative team reviewed tolls records for (559) 508-6409 (TT9) used by
 5 **GUILLEN**, the team observed that immediately after getting off the phone with **SANCHEZ**,
 6 **GUILLEN**, using (559) 508-6409 (TT9), made three calls. The first and third calls were to unknown
 7 numbers and were so short that I believe they were unanswered. The second call, made immediately
 8 after the first, at approximately 5:54 PM, was to (559) 519-8338²⁸ (TT 8338), utilized by **R. LOPEZ**
 9 and lasted for approximately one minute and nineteen seconds. I believe the content of this call is set
 10 out in the transcription below, in **GUILLEN**'s own words. I believe when **GUILLEN** stated, "he told
 11 me he had a couple of 'em," **GUILLEN** was indicating that this individual (i.e. **R. LOPEZ**, see below)
 12 was indicating that he had several pounds of methamphetamine for sale.

13 123. At 5:55 PM, after making the three above-referenced calls, **GUILLEN** used (559) 508-
 14 6409 (TT9) to call **SANCHEZ** on (279) 286-7769 (TT6). The following is a transcript of a pertinent
 15 portion of that call:

NAME	TRANSCRIPTION
[BEGINNING OF CONVERSATION]	
SANCHEZ	Hello?
GUILLEN	Hey my dog. You hear me?
SANCHEZ	Yeah.
GUILLEN	Um – I just called the homie, he said that he – he um – he – he is um – he is hanging up his TV right now on his wall and all that. Like in 20 minutes or so he's going to call me back. But, I had hollered at him also to about like – since like – he had told me that he had a couple of 'em.
SANCHEZ	Yeah.
GUILLEN	I had told him like – like um – I wanted like maybe a half "P" real quick. Just to get a test real quick. But – like if my – if my folks like it and shit, we might come – like – for one or two maybe and shit. And then – and then they're still like on stand-by – like if – if it's constantly [UI] with it...
SANCHEZ	[SANCHEZ talking in the background] Go ahead my ninja, go ahead. I added my

28 Throughout this investigation, members of the investigative team have intercepted (559) 519-8338 on multiple occasions. During these intercepts, the user of (559) 519-8338 was identified as "R" or "R-Dog" or the "homie from San Joaquin." I know these monikers to describe **Ricardo LOPEZ**. Furthermore, members of the investigative team recognized the voice in these calls to be that of **R. LOPEZ** from prior contacts and investigations. Though **R. LOPEZ** ceased use of this phone toward the end of May 2025, I believe that **R. LOPEZ** was the user of (559) 519-8338 (TT20) at the time of the calls set out in this affidavit.

1	brother so we don't have him on hold. Go ahead.
2	GUILLEN Oh, okay – nah – nah – but it's good cuz I had just told him – hollered at him like, “Hey dog, well-” ‘cause, like, I just want to make sure, like, if we could lock it in and shit. It's going to be constantly, like, if we, like- hey, bitch, the plug is right there on stand-by, you know?
3	SANCHEZ Yeah.
4	GUILLEN Like, if my people like it, but we want to get that half too, so he said he would shoot me 5 bills, he would shoot it for 5 bills.
5	SANCHEZ Ye – yeah. So what did he say?
6	GUILLEN He said that he's gonna call me back like – in twenty, thirty minutes as soon as he's done, um, not being busy from, um, hanging up his TV on the wall in his house.
7	SANCHEZ Okay, where does he live at?
8	GUILLEN He – he – he stay in Fresno – but – I don't know if his shit – if he has his stash in Kerman or I don't know what – but – um either way I could meet him up though, dog.
9	SANCHEZ Oh, you – okay – the – the reason why...
10	GUILLEN I could probably get a ride or something if you need it you know?
11	SANCHEZ If you could – no – if you could get a ride right...
12	GUILLEN Yeah.
13	SANCHEZ I – I'll – um – um – what's it called – what we – what I'll do dog right – uh...
14	GUILLEN Yeah
15	SANCHEZ You get a ride, but you have bud, huh?
16	GUILLEN Um – um – yeah I have – well – to be honest – I just have like – I'm helping out the little homie – um – well, uh, “Rue” he be having some tree and shit.
17	SANCHEZ Yeah. Yeah well – well what I can do right – is – is – uh – if you could get a ride, dog – uh – uh you know I like to show appreciation dog so...
18	GUILLEN Yeah.
19	SANCHEZ So if you could do it for me – I – I come – I do whatever I can dog, you know what I mean?
20	GUILLEN Yeah I get it, I understand you right now.
21	SANCHEZ Remember the last time, I shot you bud whenever you were in the <i>vario</i> , da da da da da – so – um I could do that again – but um – I'm trying to do this asap though, dog, ‘cause I need to – I need to rock and roll, big dog.
22	GUILLEN Okay, okay, yeah. Like, right now you need it- an emergency right? It's, like, dry right now, that's why?
23	SANCHEZ It's dry and then the people that – that – that have, right? Look it – I don't mess with these other people in the hood right? I could be greedy.
24	GUILLEN Yeah.
25	SANCHEZ I could have the homies – I could – “Hey, dog, fuck that. We're going to go over here and wa wa.” I try to let everybody live – everybody have their own – uh – everybody has to live dog, you know what I mean?
26	...
27	[At the 2:54 minute mark, SANCHEZ continued to speak about the way he maintains the ENTERPRISE 's drug trade, and why SANCHEZ doesn't – even though he could – eliminate drug competitors within Huron. SANCHEZ and GUILLEN continued to speak about the issues facing the ENTERPRISE , including rival gang members and the history of their conflict(s). At the 18:22 minute mark the conversation returned to the drug conspiracy.]
28	

1	GUILLEN	Hey, my dog – um – the homie from SRP is calling me real quick – um – can I call you back in a couple minutes?
2	SANCHEZ	Yeah. Go ahead, go ahead.
3	GUILLEN	Alright.
4	SANCHEZ	Alright, 'bye.
	[END OF CALL]	

5 124. Based on my knowledge of the investigation, I know that “SRP” is an acronym used by
6 **ENTERPRISE** members to refer to the San Joaquin Ruthless Perros Bulldog criminal street gang.
7 Based on my training and experience, I know that drug traffickers use the phrase “to lock it in” to
8 indicate that a transaction will very likely occur or is being confirmed with that phrase and the letter “P”
9 to stand for one pound of an illicit narcotic. I also know that they will frequently shorten financial
10 denominations. For example, instead of saying “five hundred dollars,” a drug trafficker will often use
11 the phrase “five bills.” Finally, I know that they use the word “dry” to indicate that they do not possess
12 any more narcotics that they can sell.

13 125. Therefore, I believe that **GUILLEN** began the conversation by indicating that he had
14 contacted his distributor, who had indicated that he would call **GUILLEN** back in approximately 20
15 minutes. I believe **GUILLEN** then indicated that he had asked his distributor for one-half pound of
16 narcotics. **GUILLEN** then further elaborated that his distributor had indicated that he would sell the
17 half-pound for \$500, which based on my training and experience I know to be consistent with the price
18 of methamphetamine in California’s Central Valley. **GUILLEN** then indicated that his distributor
19 currently stayed in Fresno, but that his distributor may have his “stash” in Kerman, CA; **GUILLEN** also
20 said that he could get a ride to meet with the distributor. **SANCHEZ** then asked that **GUILLEN**
21 complete the transaction “asap,” and confirmed – when **GUILLEN** asked – that there was no
22 methamphetamine left for **SANCHEZ** to sell at that time, as **SANCHEZ** did not want to be “greedy”
23 and take other sellers’ methamphetamine.

24 126. Toll records from (559) 508-6409 (TT9), utilized by **GUILLEN**, showed that at 6:13
25 PM, **GUILLEN**, received a call on (559) 508-6409 (TT9) from (559) 519-8338 (TT 8338), utilized by
26 **R. LOPEZ** that lasted approximately 28 seconds.

27 127. I believe that **GUILLEN** and **R. LOPEZ** spoke, as indicated in the previous call between
28 **GUILLEN** and **SANCHEZ**, about **GUILLEN** purchasing one-half pound of methamphetamine on

1 behalf of **SANCHEZ**. I also believe these calls likely included conversations regarding the availability
 2 of the methamphetamine and the price to be advertised to **SANCHEZ** when **GUILLEN** returned
 3 **SANCHEZ**'s call.

4 128. Approximately six minutes after the last call, and with no intervening calls, at 6:53 PM,
 5 **GUILLEN**, using (559) 508-6409 (TT9), called **SANCHEZ**, using (279) 386-7769 (TT6). The
 6 following is a transcript of the pertinent portions of that call:

	[BEGINNING OF CALL]
7	GUILLEN [Background noise] Hello?
8	SANCHEZ My ninja?
9	GUILLEN Yeah.
10	SANCHEZ Everything Gucci?
11	GUILLEN Yeah I'm uh – I just went over to drop my daughter off and all that shit – um – I got a little, you know, distracted and all that but uh...
12	SANCHEZ No, no, it's beautiful. No it's – it's nice. You gotta take your baby. But – but – what's up with the – the homies?
13	GUILLEN Yeah I'm – I'm texting them right now on my other phone while we are talking right now.
14	SANCHEZ Yeah, so you can let me know so we can rock and roll. Dog, I need to handle business.
15	GUILLEN [Text message audio heard] Um yeah – let me – here – he's telling me that he gots it.
16	SANCHEZ Okay, well, then – uh – uh – how can we rock and roll?
17	GUILLEN Do you got the cash or...?
18	SANCHEZ Yeah! Hell yeah I got the cash.
19	GUILLEN [UI] Do you gotta – send it in CashApp.
20	SANCHEZ No, no I got it in hand.
21	GUILLEN Okay, um, what's it called? Um, let me – let me call this phone and number dog. Let me put him on the phone right quick.
22	SANCHEZ Yeah, let's do this, ninja style.
23	... [At 6:54 PM, the PRTT device installed on (559) 508-6409 (TT9) indicated that (559) 508-6409 (TT9) called (559) 519-8338 (TT8338); that call was then merged with the original call between GUILLEN and SANCHEZ . SANCHEZ and R. LOPEZ spoke generally about ENTERPRISE members and past drug deals. The conversation then turned to the purchase of methamphetamine.]
24	R. LOPEZ Yeah but, what's it called – I told "C-Dog" and shit, if fuckin it's for you – um – yeah it's good, for five, I'll give you the half – the half "P."
25	SANCHEZ Thank you, thank you, my dog – uh, uh – the – the thing is – is, uh – my boy is – where are you at? "Cause "C-dog" is going to do me the "paro."
26	R. LOPEZ I'm, uh – I'm right here in Fresno, I'm going to send him the address right now. He said he's going to come here right now.
27	SANCHEZ Ok, that's my little nigga. Ya – ya – no – no – ok so – check this out right – ok – so, are you the one that – that has it? Like basically you – you be um – the one that be having it? Or...

1	R. LOPEZ	Yeah.
2	SANCHEZ	Okay, so, whenever from here on out, 'cause I'm just going to go get it, 'cause I need a- I wanna see if it's good. If it's good, I'll come back tomorrow – or – or – or the following day for sure, you know what I mean? Like-
3	R. LOPEZ	Yeah it's good, it's good. [UI] You could just come get this one and I'll send it out, if you like it or whatever, I have it, so you could just tap in whenever.
4	SANCHEZ	Okay then, there it is, there it is, dog. Okay – so – alright – check this one out alright? Um – 'kay, let's see, uh – um – you know what – alright – but you could – it's guaranteed fire right?
5	R. LOPEZ	Yeah.
6	SANCHEZ	Ok, 'cause it – what I – what I'm thinking right now my dog.
7	R. LOPEZ	'Cause its fire and shit, it's good. And what's it called – I know the homies from the hood – the fool fucking um – homie [UI] fucking tried it, that fool said it was fire too, it's better – um it's better then all the ones that's right now in Kerman.
8	...	[The conversation turns to SANCHEZ 's cell mate, who is currently rehoused in another facility. The conversation returned to the drug conspiracy at the 6:55 minute mark.]
9	SANCHEZ	Um – if anything, it will be "C-Dog" rolling through with you and stuff because, I'll bring " <i>feria</i> " your way dog, like – if, if, if, if it's good – like that dog, I'll be coming through. For sure with pounds – or – half a pound, a pound. Or sometimes if you could get me a good deal, lil- lil- lil' better than a thousand I'll come through with two- two pounds, dog. I'll be doing my little thing dog even though I'm right here, do you hear me, my ninja?
10	R. LOPEZ	Yeah.
11	SANCHEZ	Mm-hm. So...
12	R. LOPEZ	Alright, alright that sounds good.
13	SANCHEZ	Is it consistently though? You always have it like this?
14	R. LOPEZ	Yeah, yeah I have it and shit because [UI] have it, or whenever I run out I'll get it back you know?
15	SANCHEZ	Ok, fuck yeah, dog! Alright, alright then dog, there it is there, bulldog.
16	R. LOPEZ	So whenever I run out it will probably be like – prolly like – just like – probably like a day wait – or like, less than that, fucking, until I get you know?
17	SANCHEZ	But you have – you – you have enough for me to go back to back a couple times right?
18	R. LOPEZ	Yeah – yeah – yeah – yeah. That's like fucking – fucking like – I've got like seven whole ones.
19	SANCHEZ	Oh, ok then, ok then. Alright. Ther – there it is there, but look – check this out – what about like if – if I ever needed to – you – you don't – you couldn't meet me halfways? Or to – to – to – uh – to uh – you know – you know how right there – uh by – your hood? Uh – um – that one little store right there? That helm or whatever or what is it, that's still by the railroad tracks?
20	...	[SANCHEZ then began describing how the ENTERPRISE 's drug trade struggles at times due to a shortage of vehicles. SANCHEZ asked if R. LOPEZ was able to meet buyers closer to Huron and reiterated that if the methamphetamine were good, he would be a regular customer. SANCHEZ then briefly left the conversation to take another call, and returned to the conversation at approximately 10:14.]
21	SANCHEZ	C-Dog?
22	GUILLEN	Is it 3880 N. Fruit?

1	R. LOPEZ	Yeah – yeah – yeah – yeah.
2	GUILLEN	Alright I got it over here.
3	...	[The parties then continued to rehash the details of the narcotics deal, and subsequently terminated the conversation]
4		[END OF CALL]

4 129. As stated above, I know that “SRP” stands for “San Joaquin Ruthless Perros,” and I know
 5 that **R. LOPEZ** is a member of that clique. Based on my knowledge of the investigation, I also know
 6 that **R. LOPEZ**’s moniker is “R-Dog.”

7 130. Therefore, I believe that **GUILLEN** began this portion of the conversation by indicating
 8 that his distributor – **R. LOPEZ** – had the requested narcotics and asked if **SANCHEZ** had cash. When
 9 **SANCHEZ** indicated that he did, **GUILLEN** then said that he would call **R. LOPEZ** and then
 10 subsequently merged his call with **R. LOPEZ** with his original call with **SANCHEZ**. When **R. LOPEZ**
 11 joined the call, I believe **R. LOPEZ** confirmed that he would sell **SANCHEZ** one-half pound of
 12 methamphetamine for \$500. I know that the Spanish word “*paro*” means “favor” in English, and
 13 therefore know that **SANCHEZ** then asked for **R. LOPEZ**’s location because **GUILLEN** was doing
 14 **SANCHEZ** a favor by picking up the narcotics. **R. LOPEZ** then indicated that he was in Fresno, CA,
 15 that he would send **GUILLEN** the location, and that he was the one who actually possessed the
 16 narcotics. **SANCHEZ** then also confirmed that the methamphetamine was “fire” or of a high quality and
 17 **R. LOPEZ** confirmed that it was. **SANCHEZ** then indicated that if **R. LOPEZ** was willing to give him
 18 a better deal than “a thousand,” **SANCHEZ** would buy multiple pounds. It is also worth noting that
 19 **SANCHEZ** asked if **R. LOPEZ** would have that amount of methamphetamine “consistently,” to which
 20 **R. LOPEZ** responded that he would. Finally, I believe that **R. LOPEZ** indicated that he currently had
 21 seven pounds of methamphetamine and that **GUILLEN** then confirmed the address of the deal with **R.**
 22 **LOPEZ** as “3880 N. Fruit.”

23 131. Members of the investigative team began monitoring the precision location information
 24 being transmitted by the ankle monitors worn by **GUILLEN** and **R. LOPEZ** as a term of their State of
 25 California parole terms. Several hours after the last call set out above, at approximately 8:40 PM, the
 26 investigative team observed that **GUILLEN**’s ankle monitor left the City of Huron and arrived at 3880
 27 N Fruit Avenue in Fresno, CA at approximately 9:35 PM. During the time of **GUILLEN**’s arrival, **R.**
 28 **LOPEZ** GPS ankle monitor remained in Kerman, CA. Members of the investigative team established

1 physical surveillance at 3880 N. Fruit Avenue and at 9:38 PM, **GUILLEN** was observed walking out of
 2 apartment #114, the address of record for **R. LOPEZ**'s paramour. **GUILLEN** was identified by
 3 comparing him to prior known booking photographs of **GUILLEN** as well as his California Department
 4 of Motor Vehicles photograph. **GUILLEN** was carrying a white bag as he walked toward a silver
 5 Infinity sedan. **GUILLEN** then placed the white bag in the trunk of the silver Infinity sedan and
 6 **GUILLEN** entered the passenger side of the vehicle. Members of the investigative team observed the
 7 Infinity sedan leave the apartment complex, and simultaneously intercepted a call between **GUILLEN**
 8 on (559) 508-6409 (TT9) and **SANCHEZ** on (279) 386-7769 (TT6). The following is transcript of the
 9 pertinent portions of the conversation:

	[BEGINNING OF CALL]
10	
11	SANCHEZ My ninja.
12	GUILLEN My dog.
13	SANCHEZ CiCi, what's upper boy?
14	GUILLEN CiCi, um – it's a green light.
15	SANCHEZ Ok, where are you at?
16	GUILLEN I'm barely leaving the homies spot right now.
17	SANCHEZ Ok, alright cool. I've got a little bit of bud for you too. It's like two different kinds but it's – it's still cool.
18	GUILLEN Alright then um – yeah that's cool – um – where do you want me to – uh – to drop it off?
19	SANCHEZ Uh – hold up – uh – hold up – wait up – my thug.
20	GUILLEN [UI] In the house?
21	SANCHEZ Uh – It would probably be best if you could do it at the thuggy.
22	... [SANCHEZ placed GUILLEN on hold and went to another call. SANCHEZ eventually returned to the call at the 1:07 minute mark.]
23	SANCHEZ Ninja? My ninja?
24	GUILLEN Yeah.
25	SANCHEZ Hey do me a big paro, take it to the thuggy so I could have some bud for you. Ok?
26	GUILLEN Um – alright then um – I'll see it when I get there um – um – let's see how town is in the entrance – if not, I'll probably pull my scooter and drop it off.
27	SANCHEZ Yeah – yeah – yeah, just do it ninja style, please.
28	... [The two end the conversation by rehashing the fact that SANCHEZ has bud for GUILLEN, and that GUILLEN will call when he is back in Huron.]
	[END OF CALL]

132. At 9:42 PM, a Fresno Police Department patrol unit conducted a vehicle stop on the
 2 Infinity sedan. This vehicle stop was not coordinated by the investigative team, and the patrol unit was
 3 not aware of this investigation. No searches were conducted during this detention, and **GUILLEN** and
 4 the uncharged co-conspirator who was driving were released with a verbal warning for a traffic
 5 infraction. After the vehicle stop, **GUILLEN** using (559) 508-6409 (TT9) placed a call to **SANCHEZ**
 6 on (279) 386-7769 (TT6) and advised **SANCHEZ** that **GUILLEN** had been pulled over, and “it was in
 7 the trunk.” **GUILLEN** and **SANCHEZ** then confirmed plans for **GUILLEN** to deliver the narcotics.
 8 The investigative team later observed that at approximately 11:13 PM, **GUILLEN** arrived at 36946 Los
 9 Angeles Street, a property owned by **SANCHEZ** and commonly referred to by **ENTERPRISE**
 10 members as “Thug Mansion” or “Thuggy.” **GUILLEN** then left “Thug Mansion” at about 11:16 PM
 11 and returned to his residence.

133. Based on all of the information set out above, I believe **R. LOPEZ** distributed one-half
 13 pound of methamphetamine to **GUILLEN** at **SANCHEZ**’s request. Based on all of the above, I believe
 14 **SANCHEZ, R. LOPEZ** and **GUILLEN**, conspired to distribute and possess with intent to distribute a
 15 controlled substance, in violation of 21 U.S.C. §§ 846, 841(a)(1).

16 5. **May 7, 2025 – SANCHEZ facilitated and orchestrated a plot to smuggle**
 17 **narcotics into the Fresno County Jail, in which FELISCIANO, ESCOBEDO,**
 18 **GONZALES, Debbie SANCHEZ, BALBOA, ALFARO, CHENOT, LIMA,**
 19 **DIAZ, and JEFF participated and/or conspired to complete**

134. Beginning on April 15, 2025, Ignacio **SANCHEZ** and his associates began to conspire to
 15 smuggle narcotics into the Fresno County Jail. After the smuggler – Armando **ALFARO** – was
 16 apprehended, several other individuals attempted to acquire the narcotics to save their investment, as
 17 well as to attempt to warn those involved that law enforcement had acquired the narcotics.

135. On April 15, 2025, at approximately 1:10 PM, **SANCHEZ**, using (279) 386-7769, spoke
 16 with an uncharged individual (UM44), using (559) 341-9376. During that conversation, UM44
 17 referenced something that **SANCHEZ** “had said,” that UM44 had been thinking about that topic, and
 18 then said that he had “a couple homies that’ll just fuckin’ go straight in there, too, you know?”
 19 **SANCHEZ** indicated that he understood and then said that there was “this one specific homeboy” who
 20 was **SANCHEZ**’s age, who had “been in the game for a long time,” and who had done “this” on three

1 other occasions.²⁹ **SANCHEZ** further told UM44, “I told him, ‘I got this much money and I got all this
 2 for you. [UM44 indicated he understood] What’s up?’ And he says, ‘Yeah, I got you.’” **SANCHEZ** then
 3 indicated that he hoped that he [**SANCHEZ**] “stayed in the County” because the smuggler “gets out on
 4 the twenty-first, and he’s on- it’s only gonna take him two days and he’s gonna come back, right?”
 5 UM44 then indicated that he knew an individual who **SANCHEZ** could use, and the parties began to
 6 hypothesize about what UM44’s associate was willing to do, including whether he would be willing to
 7 drunkenly argue with law enforcement, how many “ounces of black” and “ounces of white” **SANCHEZ**
 8 would be able to give him, and whether or not he “could do a Q.P in his butt.” UM44 expressed doubt
 9 that “he” could handle “a whole Q,” but that maybe he could handle “something close to it.” The parties
 10 also discussed paying these potential smugglers, indicating that the payment would be “a band” and that
 11 they could each contribute “five hundred.”

12 136. Based on my training and experience, I know that ENTERPRISE members use the
 13 phrases “homie” and “home boy” to refer to other members of the ENTERPRISE. I also know that the
 14 phrase “to be in the game” is used in popular culture frequently to refer to the idea that one has
 15 experience or expertise in a particular field or profession and that the phrase “I got you” is frequently
 16 used to indicate that the speaker understands and will fulfill the request of the other party to the
 17 conversation. Furthermore, I know that drug traffickers very often use vague and innocuous language to
 18 attempt to avoid prosecution for their crimes. Specifically, I know that they often use words such as
 19 “this” to refer to their contraband, the words “black” and “white” to refer to black tar heroin and
 20 methamphetamine, respectively, the acronym “Q.P.” (or simply “Q”) to refer to a quarter pound of illicit
 21 narcotics, and the word “band” to refer to \$1,000 U.S. currency. Finally, I also know that it is very
 22 common practice for drug traffickers to attempt to smuggle illicit narcotics into detention facilities by
 23 paying couriers to insert narcotics into their anal cavity and then intentionally have themselves arrested,
 24 either by being taken in on an outstanding warrant or by committing a new crime in front of a peace
 25 officer.

26 137. Therefore, based on the above information, I believe **SANCHEZ** and UM44 continued a
 27

28

 29 For clarity, the individual **SANCHEZ** is speaking about will be referred to as “the smuggler” until he is later identified.

1 previous conversation about narcotics smuggling. I believe **SANCHEZ** indicated that he knew a
2 smuggler who was about **SANCHEZ**'s age and who had smuggled narcotics several other times. I
3 believe **SANCHEZ** further specified that he had spoken with this smuggler, that he had detailed the
4 narcotics that he wished smuggled and how much he was willing to pay the smuggler, and that the
5 smuggler had indicated that he would smuggle those narcotics for **SANCHEZ**. I believe that
6 **SANCHEZ** further specified that the smuggler was going to be let out of custody and would then take
7 two days to get taken back into custody. When UM44 indicated that he knew a potential smuggler, as
8 well, I believe he and **SANCHEZ** began speaking about how much black tar heroin and
9 methamphetamine this smuggler would be willing to smuggle. I believe **SANCHEZ** then specified that
10 he would probably have to fit close to one-quarter pound of narcotics in his anal cavity, at which point
11 UM44 expressed doubt that his associate would be able or willing to do that. Finally, I believe that the
12 parties indicated that they would be willing to pay whichever smuggler was used \$1,000 for his troubles.

13 138. The next day, though **SANCHEZ** had indicated that he had a smuggler who was willing
14 to attempt to smuggle narcotics, **SANCHEZ** continued to attempt to find someone who was willing to
15 smuggle narcotics into the jail. For example, at approximately 8:03 PM, **SANCHEZ** was intercepted
16 using (279) 386-7769 to converse with an uncharged female (UF86) on (559) 816-0296 about that topic.
17 Of note is that during this call, **SANCHEZ** referred to "drawings" and white and black "portraits," as
18 well as "t-shirts," and indicated again in coded language that he would pay \$1,000 for someone to take
19 these items with them into custody.

20 139. Based on my knowledge of the investigation, I know that **SANCHEZ** and his associates
21 commonly use the word "t-shirt" to refer to ounces of heroin. Based on my training and experience, I
22 know that drug traffickers commonly use the word "white" to refer to methamphetamine and "black" to
23 refer to black tar heroin; based on the fact that – as is set out below – **SANCHEZ** began referring to the
24 smuggler as "the Artist," I believe that "white portraits" and "black portraits" were meant to refer to
25 methamphetamine and heroin, and that **SANCHEZ** was again speaking about smuggling these narcotics
26 into a detention facility.

27 140. It should be noted that while **SANCHEZ** was attempting to orchestrate the actual
28 smuggling of the narcotics, he was also coordinating the acquisition of the narcotics in the first place.

1 For example, on April 17, 2025, **SANCHEZ** sent Daniel Loubet **ROMERO** to Fresno, CA to pick up
 2 approximately one pound of methamphetamine from Luis AMARO **AGUILAR**. The investigative team
 3 conducted a traffic stop on the vehicle driven by **ROMERO** and seized the pound of methamphetamine.

4 141. Later in the day on April 17, 2025, **SANCHEZ** appeared to have finalized his selection
 5 of a smuggler. At approximately 5:00 PM, **SANCHEZ**, using (279) 386-7769, spoke with Carlos
 6 **GUILLEN**, using (559) 508-6409. During the call, **SANCHEZ** told **GUILLEN** that **SANCHEZ**
 7 “[gave] the homies *clavo*,” but that “they have not hollered at” him. After discussing other minor topics,
 8 **SANCHEZ** said, “I’m going back, though, in twenty something days, you hear me? . . . And then I got
 9 this other big play going- jumping off that the hom- you remember Whisper? Or you-” to which
 10 **GUILLEN** responded, “Oh, Whisper from Pleasant?” **SANCHEZ** confirmed that Whisper was “the big
 11 one” and **GUILLEN** indicated that he knew who **SANCHEZ** was speaking about. **SANCHEZ** then
 12 said that Whisper was “coming back, you know what I mean? For sure. ‘Cause [UI]. . . , you know what
 13 I mean? He’s- he already gave the word so money’s already put down, and stuff, so, yeah.” **SANCHEZ**
 14 then discussed when he would have his court date, how “Whisper” was going to be “going in” “damn
 15 near fuckin’ ten to twelve days” prior to **SANCHEZ** arriving, and that **SANCHEZ** would have to trust
 16 the other “homies” to “hold onto this shit” before he could retrieve “it” from them.

17 142. Based on my knowledge of the investigation, I know that “Whisper”³⁰ is the street
 18 moniker for Armando **ALFARO**. Based on my training and experience, I know that the word “*clavo*” is
 19 used by Hispanic drug traffickers to refer to a tightly-bound package of narcotics which is meant to be
 20 inserted into body cavities in order to be smuggled into detention facilities. I also know that drug

21

22 ³⁰ The calls that follow make it abundantly clear that the individual named “Whisper” is who will attempt to
 23 smuggle the narcotics into the Fresno County Jail, though the parties move back and forth between referring to him as
 24 “Whisper” and referring to him as “the Artist” in an attempt to use coded language to avoid detection by law enforcement.
 25 Based on my knowledge of the investigation, as well as subsequent events, I know that “Whisper” is the moniker for
 26 Armando **ALFARO**, and that it was actually **ALFARO** who the parties were speaking about. For example, on April 25,
 27 2025, at approximately 5:22 PM, **ESCOBEDO**, using (831) 596-0869, called (559) 214-7050. The next minute, at 5:23 PM,
 28 she then used (831) 596-0869 to call **SANCHEZ**, using (279) 386-7769, to tell him that she had called “Whisper” and then
 identified the number she called as (559) 214-7050. In a call on April 25, 2025, at approximately 5:55 PM, **SANCHEZ**,
 using (279) 386-7769, indicated on a multi-line call with several individuals, including **ALFARO**, that if he called **ALFARO**
 while he was in custody, he would be using the words “Artist” and “portraits.” **SANCHEZ** also identified **ALFARO** as
 “Whisper.” Finally, during a call on April 30, 2025, at approximately 2:05 PM, while attempting unsuccessfully to call
ALFARO, **SANCHEZ** told **FELISCIANO** that “the Artist’s” name was “Armando Alfaro,” that he is “Mexican,” and that
 he was 48 years old. Therefore, all references to “Whisper” and “the Artist” will instead be referenced as **ALFARO** for the
 rest of this section unless the language is quoted directly from an intercepted phone call.

1 traffickers generally also use the term “shit” to refer to their narcotics and the word “play” to refer to a
2 narcotics transaction. I also know that the phrase “to holler at” is used in popular culture to refer to the
3 idea of contacting or communicating with someone. Therefore, based on this information, as well as the
4 context of the previous calls set out above, I believe that **SANCHEZ** and **GUILLEN** were discussing
5 **SANCHEZ**’s plan to use **ALFARO** to smuggle narcotics into a detention facility. I believe **SANCHEZ**
6 indicated that he had given narcotics to other ENTERPRISE members which was meant to have been
7 smuggled into a detention facility, but that these other members had subsequently not contacted
8 **SANCHEZ**. I believe that **SANCHEZ** then referenced how he was going to return to the Fresno County
9 Jail, and then indicated that he was going to have a large narcotics transaction and began to reference
10 **ALFARO**. After indicating that **ALFARO** was from Pleasant – a reference to **ALFARO**’s status at the
11 time as a Pleasant Street Bulldog criminal street gang member – I believe **SANCHEZ** then indicated
12 that **ALFARO** was going to “come back” into custody and then essentially expressed concern because
13 **SANCHEZ** was going to have to trust for several days that his fellow ENTERPRISE members would
14 take care of his narcotics for him.

143. Several days later, on April 22, 2025, **SANCHEZ** made another attempt to obtain
15 methamphetamine, this time sending Ramona **FELISCIANO** to Fresno, CA to obtain it from Luis
16 **AMARO AGUILAR**, as his previous attempt with **ROMERO** had failed. Though **ROMERO** did not
17 participate directly, **SANCHEZ** asked **ROMERO** to use his vehicle, and I believe the surrounding
18 circumstances make it clear that **ROMERO** knew why his vehicle was being used by **FELISCIANO**.
19 On the afternoon of April 22, 2025, the investigative team observed and documented **FELISCIANO**
20 obtaining the half pound of methamphetamine from **AMARO AGUILAR** and transporting it back to
21 Huron, CA.

23 144. The next day, on April 23, 2025, at approximately 12:05 PM, **SANCHEZ**, using (279)
24 386-7769, utilized the three-way calling feature of (279) 386-7769 to speak with **FELISCIANO**, using
25 (559) 401-8633, and another uncharged individual (UM116), using (559) 852-6111. During the call, at
26 time marker 1:51, **SANCHEZ** indicated that “tomorrow, all myself, putting it together, and I’m gonna
27 meet dog anyways over there in, uh, uh, Fresno. You know what I mean? My Artist.” Later in the call,
28 the line fell silent for an extended period of time, after which – at time marker 27:10 – another male

1 voice came on the line and **SANCHEZ** began speaking with him, calling him “Artist.” When I reviewed
 2 the calls from April 23, 2027, I observed that **ESCOBEDO** had utilized (831) 596-0869 to engage in a
 3 three-way call with (279) 386-7769 (TT6) and (559) 214-7050 at approximately 12:31 PM and 12:32
 4 PM, respectively. I believe that **SANCHEZ** added **ESCOBEDO**’s call to his original call with
 5 **FELISCIANO**. Based on my review of the audio between the three-way call involving (279) 386-7769
 6 and (559) 401-8633, and (279) 386-7769, (831) 596-0869, and (559) 214-7050, I believe that it is all the
 7 same call, beginning at time marker 27:10 in the call involving (559) 401-8633. I therefore believe that
 8 “the Artist” – **ALFARO** – is the user of (559) 214-7050. For clarity, the following is a graph of how I
 9 believe the various phone lines connected:

20 145. During this portion of the call, in which **SANCHEZ**, **FELISCIANO**, **ESCOBEDO**, and
 21 **ALFARO** participated, **SANCHEZ** first identified the parties involved by indicating that both his
 22 “*prima*” – his pet name for **FELISCIANO** – and his “*ninjetta*” – his pet name for **ESCOBEDO** – were
 23 on the call. He then began speaking about how **FELISCIANO** “knows how to make plugs,” that the
 24 “plugs” would be made “with black tape,” and that **ALFARO** would have an additional “ounce of
 25 white” and an “ounce of chiva” in addition to the narcotics that he would be smuggling for **SANCHEZ**.
 26 **SANCHEZ** also indicated that “if it ain’t my *ninjetta*, it’ll be my *prima*” who would be meeting with
 27 **ALFARO** the following day.

28 146. Based on my knowledge of the investigation, I know that **SANCHEZ** almost constantly

1 refers to **FELISCIANO** as his “*prima*,” and likewise has referred to **ESCOBEDO** numerous times as
 2 his “nijetta,” and that he does so in a mutually exclusive fashion. I therefore believe that these are
 3 **SANCHEZ**’s pet names specifically for **FELISCIANO** and **ESCOBEDO** and will – for clarity – refer
 4 to the women’s actual names when **SANCHEZ** uses the pet names. Based on my training and
 5 experience, I know that the word “plug” is another word used by drug traffickers to refer to either a
 6 source of illicit narcotics or a tightly-bound package meant to be inserted into a body cavity to be
 7 smuggled into a detention facility. Based on the context of this conversation, I believe **SANCHEZ** is
 8 using the latter meaning. I believe that **SANCHEZ** also revealed in this conversation that **ALFARO**
 9 would be bringing in other narcotics in addition to those being smuggled in at **SANCHEZ**’s request, and
 10 that either **ESCOBEDO** or **FELISCIANO** would be meeting with **SANCHEZ** the following day.
 11 Based on subsequent events and calls, I believe the purpose of this meeting would be to deliver the
 12 narcotics to **ALFARO**.

13 147. As is set out in the preceding paragraphs, the investigation has revealed that
 14 **FELISCIANO** and **ESCOBEDO** are intricately involved with **SANCHEZ**’s drug trafficking
 15 enterprise. Numerous intercepted calls over the course of this wiretap investigation (and recorded jail
 16 calls prior to this wiretap investigation) have demonstrated that **FELISCIANO** and **ESCOBEDO**
 17 contact other individuals, transport narcotics, package narcotics, communicate information on behalf of
 18 **SANCHEZ**, and otherwise facilitate **SANCHEZ**’s will, all for the benefit of the ENTERPRISE as a
 19 whole.³¹

20

³¹ For example, on April 23, 2025, at approximately 9:52 PM, in a call between (831) 596-0869, used by
 21 **ESCOBEDO**, and (279) 386-7769, used by **SANCHEZ**, **SANCHEZ** indicated to **ESCOBEDO** that he was going to have
 22 the drugs transported to her location because the drugs had to be prepared for **ALFARO**. On April 24, 2025, at
 23 approximately 9:34 AM, in a call between **FESLICIANO**, using (559) 401-8633, and **SANCHEZ**, using (279) 386-7769,
 24 **SANCHEZ** instructed **FELISCIANO** to prepare the narcotics by weighing them, smashing them to make them smaller,
 25 wrapping them in black tape, and labeling them. On April 24, 20225, at approximately 11:34 AM, in a call between
 26 **SANCHEZ**, using (279) 386-7769, and **FELISCIANO**, using (559) 401-8633, **SANCHEZ** spent over an hour instructing
 27 **FELISCIANO** on which black t-shirts would be going to which individuals, how to make the narcotics bundles, how the
 28 “G” stands for “Giddy” (which I know to be **SANCHEZ**’s moniker), how the “P” stands for “Pleasant” (and how this ounce
 of heroin would be **ALFARO**’s payment for completing the smuggling operation), how the “five” stands for “5th Street” and
 was meant to be smuggled for a fellow ENTERPRISE member from the 5th Street Bulldog gang, how another plug would be
 labeled with the letter “B” because it would be given to an ENTERPRISE member from the Bond Street Bulldog gang, and
 how three ounces of methamphetamine would also be smuggled in for **SANCHEZ**. On April 24, 2025, at approximately
 12:43 PM, **SANCHEZ**, using (279) 386-7769, spoke with **ALFARO**, while **ESCOBEDO** used the three-way calling
 capabilities of (831) 596-0869 to connect (559) 214-7050, used by **ALFARO**, with (279) 386-7769, used by **SANCHEZ**.
 During that conversation, **SANCHEZ** detailed which *clavos* would go to which individuals, as well as how **ALFARO** would

148. On April 24, 2025, at approximately 11:34 AM (referenced above with respect to
 2 **SANCHEZ**'s instructions for **FELISCIANO**), **SANCHEZ**, using (279) 386-7769, spoke with
 3 **GONZALES**, using (559) 401-8633 (during the second half of this call, **GONZALES** took the phone
 4 from **FELISCIANO** and conversed with **SANCHEZ**). During this portion of the call, **SANCHEZ** set
 5 out for **GONZALES** exactly what would be transported to **ALFARO** and then subsequently smuggled
 6 into the jail. The following is a transcript of this portion of the call, which in total lasted over an hour:

	[BEGINNING OF CONVERSATION at approximately time marker 44:35]
SANCHEZ	So we're gonna go- see, what I'm gonna do with mine is you're gonna put "G" on it, <i>primo</i> . You're gonna grind- grind up, um, the twenty grams of bud.
GONZALES	Yes.
SANCHEZ	As [UI] as you can. Bam. Then you're gonna, uh, go ahead and do, uh, uh, a ounce of the black. Boom. Bam. And then we're gonna do, um, uh, a ounce of, uh, white- to the twenty-eight grams. Do- do it good. That's gonna be mine. And then, um, we're gonna do, uh... another- okay, that will be- okay, that will be mine to do. Boom. We'll do that one right. That one's gonna be mine. [UI]
GONZALES	Twenty grams of bud, Mona.
SANCHEZ	Twenty grams [UI] the- the... the ounce of black. And, uh, uh, uh, an ounce of white. Okay, that's gonna be mine, for sure. I'ma have to put another plug in there, I just- I gotta make sure I have enough for eve- everybody to divide it by. So that's gonna be mine, see, for right now. Then the one that- where it says, "Whisper," that's gonna be Whisper. Which is a "P," you're gonna [UI] [OV]
GONZALES	[OV] The "P?" Right.
SANCHEZ	The "P" for "Pleasant." His- his is gonna be, um, a ounce of black. Boom, that's his. And then he's gonna- you're gonna give him, um, about, uh- we're gonna make sure it's, uh... twenty-one grams- twenty-one grams. Which would be, uh, uh... you're gonna bring- you're gonna put one of those, uh, quarters, right? And then- and then a half. That'll be his. You put it together, that'll be his <i>cochina</i> . That'll come out to twenty-one grams. Twenty-one grams of white, that'll be his.
GONZALES	But they're gonna be- they're gonna be in different plugs, though, right?
SANCHEZ	Yeah, they're all gonna be in different plugs. All different plugs with their names- he- he- he could take, like, sixteen of those. You know what I mean?
GONZALES	Oof. [OV]
SANCHEZ	[OV] That's the most we took. Yeah, I know.
GONZALES	That's a lot to- that's a lot to have in your fuckin' gut, dog, and fuckin' stay in fuckin' booking for a long time.
SANCHEZ	He d- he did it, that's the max. [UI] I'll put all these-
GONZALES	Yeah, I- nah, I know. We used to... fuckin' take a fat-ass shit before you do that.
SANCHEZ	[UI]

26 proceed when he successfully entered the jail. On May 1, 2025, at approximately 5/1 at 3:43 PM, **SANCHEZ**, using (279)
 27 386-7769, called **ESCOBEDO**, using (831) 596-0869. During that conversation, **SANCHEZ** told **ESCOBEDO** that he
 28 wanted her to text and call "that number" (referring to (559) 214-7050, the number they had for **ALFARO**). The parties then attempted to remember "Whisper's" actual name. **ESCOBEDO** indicated that she would "do some thinking in [her] brain" to attempt to figure out **ALFARO**'s identity.

1	GONZALES	[UI]
2	SANCHEZ	Yeah. Okay. Okay, let me see real quick. Alright, so- al- alright, so there's- there's that. That's his. [UI] the two his. Right?
3	GONZALES	Okay, so for- for- for Whisper, it's gonna be the- the- the zip- the zip of the black and then, uh, twenty-one grams of the Go Fast.
4	SANCHEZ	Yes. Yes, right?
5	GONZALES	And those are- those are gonna have the "P" on it.
6	SANCHEZ	Yes. And then this one- this is gonna be a- a- a- a- "B." A "B" for Bulldog. That one is because of, uh, uh, uh... that's gonna be Envy, right? 'Kay. This is gonna be his, right? Due to the fact that he's [UI] paying with cash. Right? Um.. his is gonna be, uh, uh, a ou- a half- would be those twelve grams that I told my <i>prima</i> - 'cause I have three ounces of black and I have, like, twenty-one grams, or twenty-two grams, left ov- like, uh, that I have- [OV]
7	GONZALES	[OV] I tried talking to Envy the other day but I think he was in a fuckin' cell, he didn't want to come out.
8	SANCHEZ	[OV] He- he- he-
9	GONZALES	[OV] He was Mimi's.
10	SANCHEZ	He was Mimi's. Yeah, he don't know. He's alright, watch. That- that fucker is gonna get twelve grams of black, right? Which- which [OV]
11	GONZALES	[OV] Twelve grams of black.
12	SANCHEZ	And- and- and he's gonna get... uh, um, uh, uh, ten grams... wait a... yeah, ten grams of...
13	GONZALES	The Go Fast.
14	SANCHEZ	Of Go Fast.
15	GONZALES	And those are gonna be separate, as well, or they're gonna be together.
16	SANCHEZ	Um, you could put those together... with his. 'Cause that- that- that'll make one good little solid- solid one. So he'll have that, and then you'll have the... the- the ten grams of, uh, uh, white.
17	GONZALES	So it's gonna be- it's gonna be how much? Twelve grams of the- of the black?
18	SANCHEZ	Yes, and ten grams of the white.
19	GONZALES	And ten grams of the Go Fast. Alright.
20	SANCHEZ	Yes.
21	GONZALES	And that's gonna have a "B" on it.
22	SANCHEZ	A "B" on it. That'll be his. And then this other one itself, right? It's gonna be, uh, uh, a ounce of black. Just an ounce of black. And that's gonna have a five, a number five on it.
23	GONZALES	One zip of the black with a five on it.
24	SANCHEZ	Yes, yes. (50:17)
25		[END OF CONVERSATION at approximately time marker 50:17]

149. It should be noted that earlier in this conversation, **SANCHEZ** had indicated that the "G" on his plugs stood for "Giddy," the "P" on two of the plugs stood for "Pleasant" because **ALFARO** was a Pleasant Street Bulldog gang member, and the plug with the number "5" on it would be for "the Fifth Street associate."

150. Based on my training and experience, I know that drug traffickers in the ENTERPRISE

1 commonly use the word "black" to stand for black tar heroin, the word "white" to refer to
2 methamphetamine, the word "bud" to refer to marijuana, the word "plug" to refer to a tightly-bound
3 bundle of contraband which is inserted into a body cavity in order to smuggle it into a detention facility,
4 and the word "zip" to refer to an ounce of an illicit narcotic. Based on my knowledge of the
5 investigation, I know that "Whisper" is the street moniker used by **ALFARO** and that "Envy" is the
6 moniker of **Anthony JEFF**. I have also confirmed with members of the Fresno County Sheriff's Office
7 that **JEFF** was in the custody of the Fresno County Jail at the time of this call.

8 151. Therefore, I believe that in this call, **SANCHEZ** indicated to **GONZALES** that
9 **SANCHEZ** would need **GONZALES** to manufacture the following plugs:

- 10 a) Three "G" plugs for **SANCHEZ**, which would contain 20 grams of marijuana, one ounce
11 of heroin, and one ounce of methamphetamine;
- 12 b) Two "P" plugs for **ALFARO**, which would contain one ounce of heroin and 21 grams of
13 methamphetamine;
- 14 c) One "B" plug for **JEFF**, which would contain (in one plug) 12 grams of heroin and 10
15 grams of methamphetamine; and
- 16 d) One "5" plug for a Fifth Street Bulldog associate, which would contain one ounce of
17 heroin.

18 152. **SANCHEZ** also spoke later in the call about adding another eighth of an ounce of
19 methamphetamine to a "G" plug, and then also stated that he was "gonna be looking for a ride" so that
20 someone could "go to Fresno so I could, uh, bring, you know- and then to do a little bit more, uh, um, as
21 a plug." Based on the context of all of the information set out in this affidavit, I believe that **SANCHEZ**
22 was detailing exactly what would be given to **ALFARO** to smuggle into the detention facility and then
23 also indicating that he was about to ask someone to pick up more narcotics to make yet another plug to
24 be given to **ALFARO**. I therefore believe that **GONZALES** had knowledge of the conspiracy that
25 **SANCHEZ** was orchestrating, which would become relevant later that afternoon.

26 153. Accordingly, as soon as **SANCHEZ** hung up with **FELISCIANO**, at approximately
27 12:45 PM, **SANCHEZ**, using (279) 386-7769, attempted to call (559) 404-8363 (TT 8363), used by
28

1 **Debbie SANCHEZ**,³² who based on my knowledge of the investigation, I know to be **SANCHEZ**'s
 2 mother. The call went unanswered.

3 154. A little over a minute later, at 12:47 PM, **SANCHEZ** again used (279) 386-7769, this
 4 time to call (559) 413-8584 (TT 8584), used by Carly **BALBOA**.³³ During this conversation,
 5 **SANCHEZ** asked **BALBOA** what **SANCHEZ**'s "mom" was doing. **BALBOA** replied that
 6 **SANCHEZ**'s mother had obligations later that day. **SANCHEZ** then asked if she was available "right
 7 now" because **SANCHEZ** "would need her just to go, uh, uh, to Fresno for [him]." **SANCHEZ** also
 8 indicated that "that's the only ride [he's] gonna have right now." Based on the context of the previous
 9 calls, I believe **SANCHEZ** was attempting to reach his mother to ask her to travel to Fresno to pick up
 10 narcotics.

11 155. At approximately 1:00 PM, (559) 413-8584, used by **BALBOA**, called **SANCHEZ**,
 12 using (279) 386-7769. During the call, **BALBOA** said, "Mom said, 'Where in Fresno?'" **SANCHEZ**
 13 said he would "ask him right now," and then spoke with another individual in the background. When
 14 **SANCHEZ** came back on the phone, he said "Mom?" several times; when his mother did not answer,
 15 he began to say "Carly?" and then said, "Get my mom on the phone, please." **BALBOA** then said,
 16 "Here" and **SANCHEZ** began speaking with another female voice. Based on the totality of the
 17 circumstances, I believe this individual was **Debbie SANCHEZ**, who based on my knowledge of the
 18 investigation I know to be his mother. **SANCHEZ** then told **Debbie SANCHEZ** that "it's not deep in
 19 Fresno" and that "he lives on the west side." During that conversation, **Debbie SANCHEZ** indicated
 20 that she would arrive in "an hour," the parties spoke about how "Carly" was going to give **Debbie**
 21

22 ³² Based on my knowledge of the investigation, I know that **SANCHEZ** is Carly **BALBOA**'s brother and **Debbie**
 23 **SANCHEZ**'s son. Additionally, as is set out in this section, **BALBOA** was identified as the user of (559) 413-8584 (TT
 24 8584), and travelled with another individual on April 24, 2025 to obtain methamphetamine from Luis Amaro **AGUILAR**.
 25 During that trip, both **BALBOA** and **SANCHEZ** referred to the other individual in the vehicle with **BALBOA** as "Mom;"
 26 after the trip, as is set out below, **Debbie SANCHEZ** was positively identified as the driver of the vehicle. Finally, when
SANCHEZ attempted to call (559) 404-8363 (TT 8363) and **BALBOA** picked up the phone, **SANCHEZ** initially said,
 "Mom?" which indicates to me that he believed his mother – **Debbie SANCHEZ** – would be answering the phone.
 Therefore, based on the totality of the circumstances set out in this section, I believe that **Debbie SANCHEZ** is the user of
 TT 8363.

27 ³³ I believe **BALBOA** is the user of (559) 413-8584 for several reasons. First, based on my knowledge of the
 28 investigation, I know that **BALBOA** is **SANCHEZ**'s sister. Second, there are several calls in which **SANCHEZ** calls the
 user of TT 8584 "Carly." Finally, there are several calls in which **BALBOA** refers to **SANCHEZ**'s mother as "Mom,"
 indicating that she is also a child of Debbie **SANCHEZ**'s. I therefore believe that the user of TT 8584 is **BALBOA**.

1 **SANCHEZ** “the six” and **SANCHEZ** said that “he knows that you’re my mom.” When **BALBOA**
 2 reminded **SANCHEZ** that the parties would need gas, **SANCHEZ** indicated that **BALBOA** would
 3 instead give **Debbie SANCHEZ** “six twenty.”

4 156. The surveillance team then began to attempt to locate **Debbie SANCHEZ** without
 5 success.

6 157. Approximately one hour later, at 1:59 PM, **BALBOA**, using (559) 413-8584, called (279)
 7 386-7769, used by **SANCHEZ**. During the call, **BALBOA** asked for the address and said, “We’re in
 8 Selma,” at which point **SANCHEZ** responded, “Okay. Okay, yeah, you guys are, like, like, ten minutes
 9 away.” **BALBOA** then said, “But we want to know the address.” At approximately time marker 2:15 in
 10 the call, **SANCHEZ** said, “I’m gonna text it to you right now... sis, the address.” At approximately 2:01
 11 PM, (279) 386-7769 sent a text message to (559) 413-8584 which read, “1446 s. Chance”. The parties
 12 then clarified that the location was 1446 S. Chance Avenue and **BALBOA** indicated that she was 20
 13 minutes away. Based on my knowledge of the geography of California’ Central Valley, I know that
 14 1446 S. Chance Avenue, Fresno, CA is approximately 20 minutes away by car from the city of Selma,
 15 CA. Over the next several minutes, **SANCHEZ**, stayed on the phone with **BALBOA** and **Debbie**
 16 **SANCHEZ** until they arrived in the area of 1446 S. Chance Avenue, Fresno, CA where they were
 17 observed by the surveillance team.

18 158. At approximately 2:29 PM, members of the investigative team observed a white Chevy
 19 Cruze arrive in the area of 1446 S. Chance Ave, Fresno, CA. A male identified as Luis **AMARO**
 20 **AGUILAR** based on a comparison with the picture of **AMARO AGUILAR** maintained on file with the
 21 California Department of Motor Vehicles was observed walking up to the vehicle and making contact
 22 with the occupants.

23 159. After arriving at the Chance Avenue location, and while still on the phone with
 24 **SANCHEZ**, **Debbie SANCHEZ** indicated that “he” (the seller) was on the phone and then indicated
 25 that the seller wished to speak with **SANCHEZ**. Another male voice then came on the line and spoke
 26 with **SANCHEZ**. Based on the totality of the circumstances, including the following portion of this call
 27 and the surveillance observations set out below, I believe this individual was Luis **AMARO AGUILAR**
 28 and that he had simply been given the phone by **Debbie SANCHEZ**. When **AGUILAR** and

1 **SANCHEZ** began talking, **AGUILAR** said that he gave **SANCHEZ** “half and half,” “some white and
 2 some pink.” At approximately time marker 30:10, after **SANCHEZ** had indicated that **BALBOA** and
 3 **Debbie SANCHEZ** were his “people,” **AGUILAR** indicated that it was “good” but then mentioned
 4 “last time” and said to “make sure it’s always cash.” **SANCHEZ** responded, “Yeah, no, no, my *prima-*
 5 no, I fuckin’ chewed her ass out. You know what I mean? She knows better than that.” Based on the
 6 events of April 22, 2025, set out herein, I believe that **SANCHEZ** and **AGUILAR** were speaking about
 7 the transaction involving **FELISCIANO** and **AGUILAR** from that date, which further confirms my
 8 belief that the individual on the phone with **SANCHEZ** was **AGUILAR**. The parties then exchanged
 9 pleasantries and **Debbie SANCHEZ** may be heard in the background saying, “It was nice meeting you.”
 10 **SANCHEZ** then said that he was curious about “the pink one,” and **Debbie SANCHEZ** responded that
 11 they would “check it out when [they] get home.” **SANCHEZ** also indicated that someone would pick up
 12 the narcotics, thanked his mother and “Carly,” and terminated the call.

13 160. The white Chevy Cruze then departed the area and began to travel south back toward
 14 Hanford, CA. The surveillance maintained visual of the Cruze while it traveled.

15 161. At approximately 2:43 PM, while the Chevy Cruze was still in transit, **SANCHEZ**, using
 16 (279) 386-7769, called (559) 404-8363, used by **Debbie SANCHEZ**, **SANCHEZ**’s mother. When the
 17 call was answered, **SANCHEZ** said, “Mom?” but another female said, “It’s me.” **SANCHEZ** then said
 18 that he had been attempting to call this female but that it “wasn’t letting [him] pick up for some reason.”
 19 When I reviewed toll records for (279) 386-7769, I observed that the call made immediately prior was to
 20 (559) 413-8584, used by **BALBOA**. I therefore believe that **BALBOA** was using **Debbie SANCHEZ**’s
 21 phone for this call. During the call, **SANCHEZ** told **BALBOA** to “tell [his] mom” to “wrap it up good
 22 for [him]”. **SANCHEZ** then indicated that he was going to “take out two half of burritos- a half of
 23 burrito for [his] mom,” as well as take out other half burritos for another individual. **SANCHEZ** also
 24 indicated that **BALBOA** should “take out” “a half of- of- of- of that pink stuff” and “a half of the white
 25 stuff.” In this way, **SANCHEZ**’s mother would “get half pink and half, uh, uh, uh, white for her and
 26 half pink and half white for” another uncharged female. **SANCHEZ** then instructed **BALBOA** to “wrap
 27 [] up real good” his other “seven burritos,” which would then be taken to **SANCHEZ**’s “pad.”
 28 **BALBOA** then clarified that the other uncharged female would be the one “taking it” – she ultimately

1 would not – and **SANCHEZ** affirmed, indicating again that two half-burritos would be “taken out of
 2 that,” and that “we” (i.e. **BALBOA**) should “wrap that up real good” so that **SANCHEZ** could know “if
 3 someone got in it.” **BALBOA** then began speaking with an individual in the background and began
 4 speaking with **SANCHEZ** about “Mom,” when “Mom” would be “taking it,” and about how
 5 **SANCHEZ** was going to be given “Mom” a half “burrito.” I therefore believe that **Debbie SANCHEZ**
 6 was present in the background of **BALBOA**’s side of the conversation and that **Debbie SANCHEZ** was
 7 going to be paid for her services with a “half burrito.” **BALBOA** then indicated that “Mom” was going
 8 to drop **BALBOA** off in Hanford and said the parties would call **SANCHEZ** at that point.

9 162. Based on my knowledge of the investigation, I know that **SANCHEZ** uses the word
 10 “burrito” to refer to ounces of methamphetamine. I also know that **SANCHEZ** has previously received
 11 pink-colored methamphetamine from various sources of supply. Therefore, I believe that in this call
 12 **SANCHEZ** was instructing **BALBOA** to tell **Debbie SANCHEZ** to wrap up the ounces of
 13 methamphetamine tightly, and that **SANCHEZ** would be giving **Debbie SANCHEZ** one-half ounce of
 14 methamphetamine in exchange for her travelling to Fresno to pick up the narcotics. I believe that
 15 **SANCHEZ** then indicated that seven ounces of methamphetamine would be left, that these should be
 16 wrapped tightly so that no one could get into them without **SANCHEZ**’s knowledge, and initially that
 17 these would be taken to a location controlled by **SANCHEZ**, which based on subsequent events I
 18 believe to be the location ENTERPRISE members have named “Thug Mansion,” and is the residence of
 19 **GONZALES** and **FELISCIANO**.

20 163. At approximately 3: 25 PM, **SANCHEZ**, again using (279) 386-7769, had a conversation
 21 with Carlos **GUILLEN**, using (559) 508-6409. Though the topic of conversation between the two of
 22 them is only tangentially related to the conspiracy at issue, during this call, **GUILLEN** asked for money,
 23 at which point **SANCHEZ** put that call on hold and used (279) 386-7769 to call (559) 401-8633, used
 24 by **FELISCIANO**. **SANCHEZ** then merged the two calls. **SANCHEZ** then spoke at length with
 25 **FELISCIANO** and a male voice in the background – which I recognize as belonging to Benny
 26 **GONZALES** – regarding sending \$30 to **GUILLEN** using the money transfer application CashApp.³⁴

27

 28 ³⁴ It should be noted that I also believe that **GONZALES** participated in this call because the parties set out that
GUILLEN would request the \$30 from CashApp account handle “Huero824,” which I know based on my knowledge of the

1 After **GUILLEN** left the three-way call, **GONZALES** and **SANCHEZ** then began speaking about the
 2 conspiracy to smuggle narcotics into the detention facility. At approximately time marker 7:05,³⁵
 3 **GONZALES** told **SANCHEZ** that “these dubs are ready,” “I did all them *negra*, I did the three zippers
 4 of the *negra*.” **GONZALES** also spoke about preparing plugs for another individual and about how he
 5 prepared “twenty-one grams for the homie Whisper.”

6 164. As stated above, I know that **GONZALES** had specific knowledge of the conspiracy that
 7 **SANCHEZ** was orchestrating involving the smuggling of narcotics into a detention facility. Based on
 8 my training and experience, I also know that Hispanic drug traffickers use the word “*negra*” to refer to
 9 black tar heroin and the words “zip” and “zipper” to refer to an ounce of a narcotic. As is set out above, I
 10 also know that “Whisper” is **ALFARO**’s street moniker. Therefore, I believe that in this call
 11 **GONZALES** detailed for **SANCHEZ** how **GONZALES** had prepared several of the plugs, one of
 12 which was for **ALFARO**. I therefore believe that **GONZALES** knowingly assisted **SANCHEZ** with his
 13 conspiracy by packaging the narcotics for transport to **ALFARO** so that **ALFARO** could attempt to
 14 smuggle them into a detention facility.

15 165. It should be noted that **GONZALES** had also been involved in the planning for the
 16 transportation of the narcotics to **ALFARO**, though he would ultimately not fulfill this role. On April
 17 24, 2025, at approximately 11:34, **SANCHEZ**, using (279) 386-7769, spoke with **GONZALES**, using
 18 (559) 401-8633 (typically **FELISCIANO**’s phone); during that conversation, the parties spoke about
 19 how **GONZALES** would transport the narcotics to **ALFARO** the following day (April 25, 2025). Later
 20 that night, at approximately 10:07 PM, **SANCHEZ** sent a text message from (279) 386-7769 to TT5,
 21 used by **GONZALES**, which read, “Thank you primo tomorrow we will go and drop them off , I send
 22 love.”.

23 166. During and after **GONZALES**’ call with **SANCHEZ** at 3:25 PM, the surveillance team
 24 continued to follow the Chevy Cruze until it arrived at 11911 Chris Lane, Hanford, CA, at
 25 approximately 3:42 PM. Two females were then seen exiting the Chevy and entering the residence.

26
 27 investigation belongs to Benny **GONZALES**. Specifically, **SANCHEZ** and **GONZALES** used this CashApp account to
 facilitate the distribution of heroin from **TAMAYO** to **GONZALES** on May 2, 2025.

28³⁵ The sequence of calls these calls is confusing due to the way the monitoring system registers three-way calling; it
 should be noted that the conversation at issue here occurs in call number 11490 on (279) 386-7769.

1 Several minutes later, the female who was observed driving the Chevy came back outside and was
 2 positively identified as **Debbie SANCHEZ** based on a comparison with the picture maintained on file
 3 by the California Department of Motor Vehicles.

4 167. At approximately 3:54 PM, **SANCHEZ**, using (279) 386-7769, called **BALBOA**, using
 5 (559) 413-8584. During the call, **SANCHEZ** called **BALBOA** "Sis" and asked where his mother was.
 6 **BALBOA** indicated that **Debbie SANCHEZ** was there, that **Debbie SANCHEZ** was "gonna go right
 7 now," and that **Debbie SANCHEZ** and **BALBOA** "just got here." Based on the context of this call, as
 8 well as subsequent observations by the surveillance team, I believe that even though **SANCHEZ** had
 9 previously indicated that another uncharged female would be transporting the methamphetamine to
 10 **FELISCIANO** and **GONZALES**' location for preparation for transport to **ALFARO**, the plan changed
 11 such that **Debbie SANCHEZ** would now transport the narcotics there.

12 168. At approximately 4:20 PM, **SANCHEZ**, using (279) 386-7769, called **BALBOA**, using
 13 (559) 413-8584. During the call, **SANCHEZ** asked where his mother was, and **BALBOA** responded,
 14 "Right here." **SANCHEZ** then said, "Mom" and **Debbie SANCHEZ** responded "Yeah" in the
 15 background of the call. **SANCHEZ** then asked if **Debbie SANCHEZ** knew how they were "gonna do
 16 this" and specified that "six full burritos" would be going to his "pad." As state above, I know that
 17 **SANCHEZ** frequently uses the phrase "full burrito" to refer to an ounce of methamphetamine. I
 18 therefore believe that **SANCHEZ** was specifying that **Debbie SANCHEZ** would be transporting six
 19 ounces of methamphetamine to **FELISCIANO** and **GONZALES**' residence.

20 169. At approximately 4:44 PM, the surveillance team at 11911 Chris Lane, Hanford, CA
 21 observed **Debbie SANCHEZ** get back into the white Chevy Cruze. After a call at approximately 4:46
 22 PM, in which **SANCHEZ** instructed **Debbie SANCHEZ** – during a three-way call with **BALBOA** – to
 23 bring the other uncharged female's methamphetamine payment with her, **Debbie SANCHEZ** was
 24 observed briefly returning to 11911 Chris Lane at approximately 4:51 PM and then departing again after
 25 one minute. The surveillance team followed **Debbie SANCHEZ**'s vehicle until approximately 5:29 PM,
 26 when the vehicle was observed pulling into the alley that leads to 36946 Los Angeles Avenue, Huron,
 27 CA, a location ENTERPRISE members refer to as "Thug Mansion," the home of **GONZALES** and
 28 **FELISCIANO**. Several minutes later, at approximately 5:38 PM, **Debbie SANCHEZ**'s vehicle was

1 observed departing the area and the team terminated surveillance at that time.

2 170. Later that evening, at approximately 8:50 PM, **FELISCIANO**, using (559) 401-8633,
3 **ESCOBEDO**, using (831) 596-0869, and **SANCHEZ**, using (279) 386-7769, spoke about various
4 aspects of the conspiracy. At approximately time marker 19:20, **SANCHEZ** asked when his *primo*
5 (**GONZALES**) was coming; when **FELISCIANO** indicated she did not know, **SANCHEZ** suggested
6 that she and another male go instead. Based on the calls set out above, I believe **SANCHEZ** was
7 suggesting that **FELISCIANO** transport the narcotics to **ALFARO**. At approximately time marker
8 24:32, **SANCHEZ** indicated to **ESCOBEDO** that he wished to call **ALFARO** while **SANCHEZ** and
9 his *prima* were on the phone together. I then observed that **ESCOBEDO** created a separate call on (831)
10 596-0869 and called (559) 214-7050, used by **ALFARO**, at approximately 21:13 hours. I then began
11 hearing **ALFARO**'s voice on the original three-way call with **SANCHEZ**, and **SANCHEZ** began to
12 reiterate his instructions to **ALFARO** regarding not touching the drugs until **SANCHEZ** arrived at the
13 jail and how the drugs would be distributed. At approximately time marker 41:30, **SANCHEZ** asked
14 **ALFARO** for an "address," at which point **ALFARO** eventually indicated that the address was,
15 "Nineteen twenty-eight east Hunter." Based on subsequent surveillance observations, I believe
16 **ALFARO** was giving his home address of 1928 E. Hunter Avenue, Fresno, CA. It should be noted that
17 earlier in the call, at approximately time marker 24:41, **SANCHEZ** also indicated to **FELISCIANO** that
18 he wanted her to "send [him] pictures right now so [he could] show 'em... the homies." At
19 approximately 21:18 hours, I observed that (559) 401-8633, used by **FELISCIANO**, sent a multimedia
20 text message to (279) 386-7769 of the following picture:

21 ///

22 ///

23 ///

24 ///

25 ///

26 ///

27 ///

28 ///

14 171. Based on all of the information set out herein, I believe this is a picture of some of the
 15 *clavos* containing controlled substances before they were delivered to **ALFARO**.

16 172. That evening, **SANCHEZ** and **FELISCIANO** spoke several more times about the
 17 conspiracy, including discussing the type and weight of the narcotics being smuggled.

18 173. The next day, April 25, 2025, the involved parties began to coordinate the transfer of the
 19 narcotics to **ALFARO**. At approximately 2:04 PM, **ESCOBEDO**, using (831) 596-0869, called (559)
 20 214-7050³⁶, used by **ALFARO**, and merged the call with her original call with **SANCHEZ**. During the
 21 portion of that call, **SANCHEZ** indicated that his “*primo*” (**GONZALES**) was not able to take the
 22 narcotics to **ALFARO** and indicated that he was attempting to find another “ride.” It should be noted
 23 that **SANCHEZ** would speak with **ALFARO** several more times regarding the logistics of the
 24 smuggling operation, including how to use coded language while in the jail,³⁷ as well as the timing of
 25
 26

27

 28 ³⁶ On May 6, 2025, members of the investigative team detained **ALFARO** and located his cell phone. Members of
 the investigative team placed a call to (559) 214-7050 and watched as **ALFARO**’s call rang.

27 ³⁷ This was intercepted in a call on April 25, 2025, at approximately 5:55 PM.

1 the operation and **ALFARO**'s apprehension about it.³⁸

2 174. At approximately 5:03 PM, **SANCHEZ**, using (279) 386-7769, spoke with
 3 **FELISCIANO**, using (559) 401-8633. During that call, **FELISCIANO** indicated that she would "just
 4 take it [her]self" and that she "already had the ride and everything." After **SANCHEZ** had cancelled his
 5 other "ride," **SANCHEZ** indicated that he wanted to tell "the homeboy" – **ALFARO** – that "they would
 6 be there before seven." Several minutes later, at approximately 5:20 PM, **SANCHEZ**, using (279) 386-
 7 7769, called **ESCOBEDO**, using (831) 596-0869, and asked her to call "the boy," "my homeboy,"
 8 "Whisper" – again, **ALFARO** – to tell him that they would "be there no later than eight." **ESCOBEDO**
 9 indicated that she would call. Accordingly, at 5:22 PM, **ESCOBEDO** used (831) 596-0869 to call (559)
 10 214-7050, used by **ALFARO**, to let him know that "we got the ride" and that "the ninja said that the
 11 would be there no later than eight." The next minute, **ESCOBEDO**, using (831) 596-0869, called
 12 **SANCHEZ**, using (279) 386-7769, and reported the events of the previous call.

13 175. Several more calls transpired between **SANCHEZ**, using (279) 386-7769,
 14 **FELISCIANO**, using (559) 401-8633, **ESCOBEDO**, using (831) 596-0869, and **ALFARO**, using
 15 (559) 214-7050, in which **ALFARO** was informed that there were eleven *clavos*, **FELISCIANO**
 16 indicated that she was going to transport them and was going to leave imminently, and **ESCOBEDO**
 17 facilitated **SANCHEZ** speaking with other individuals.

18 176. At approximately 6:06 PM, the surveillance team observed **FELISCIANO** leaving
 19 "Thug Mansion," getting into the right front passenger seat of Chevy Malibu, and departing the area.
 20 Another uncharged individual was driving. The team maintained surveillance on the Chevy as it traveled
 21 to various locations, including **FELISCIANO**'s apartment and a gas station, before travelling to the
 22 Fresno, CA area and pulling into the shared driveway between 1928 E. Hunter Ave and 1916 E. Hunter
 23 Avenue.

24 177. The investigative team then observed an individual dressed all in black exit 1928 E.

26 _____
 27 ³⁸ This was intercepted in calls on April 26, 2025, at approximately 4:19 PM, during a three-way call between (279)
 28 386-7769, used by **SANCHEZ**, (559) 401-8633, used by **FELISCIANO**, and (559) 214-7050, used by **ALFARO**, as well as
 on May 1, 2025, at approximately 4:11 PM, in a call between **ESCOBEDO**, using (831) 596-0869, and **ALFARO**, using
 (559) 894-1568. It should be noted that during this call, **ALFARO** was not using (559) 214-7050, but identified himself to
ESCOBEDO at the beginning of the call as "Whisper."

1 Hunter Avenue, Apartment 3 and approach the Chevy. After appearing to make contact with the
 2 occupants, the individual re-entered 1928 E. Hunter Ave, Apartment 3 and the Chevy departed the area.

3 178. Several minutes later, at approximately 7:26 PM, the team observed a red Chevy
 4 Avalanche leave the parking lot in front of 1928 E. Hunter Avenue. The team maintained surveillance
 5 on the vehicle until it parked in the parking lot of a shopping center and subsequently identified the front
 6 seat passenger as Armando **ALFARO** based on a comparison with the picture of Armando **ALFARO**
 7 maintained on file with the California Department of Motor Vehicles. Additionally, when **ALFARO**
 8 entered a store, a member of the surveillance team established physical surveillance on **ALFARO** while
 9 another member of the team called (559) 214-7050 ((559) 214-7050); the first team member observed
 10 **ALFARO** take out his cellular phone, look at it, and put it to his head as if he were answering it. As
 11 stated above, I believe that **ALFARO** is the user of (559) 214-7050.

12 179. While **FELISCIANO** was on her way back to Huron, CA, at approximately 7:49 PM,
 13 **SANCHEZ**, using (279) 386-7769, spoke with **ESCOBEDO**, using (831) 596-0869. During that call,
 14 **SANCHEZ** spoke about how “she” was “a ninja associate [] from one of the finest,” and indicated that
 15 “she’s already on her way back” and that she “did it before eight.” **SANCHEZ** then asked **ESCOBEDO**
 16 what “we should give her.” **FELISCIANO** then came on the line and began speaking with **SANCHEZ**
 17 and **ESCOBEDO** about how she (i.e. **FELISCIANO**) had completed the transaction for **SANCHEZ**.
 18 Based on the context of the calls set out herein, I believe that **SANCHEZ** was praising **FELISCIANO**
 19 for transporting the narcotics to **ALFARO** at 1928 E. Hunter Ave, Fresno, CA.³⁹

20 180. **SANCHEZ**’s associates then began to make plans to acquire the narcotics when
 21 **ALFARO** came into the jail. On May 2, 2025, at approximately 7:33 PM, an inmate at the Fresno
 22 County Jail named **Timothy CHENOT** used his jail identification number to use the recorded telephone
 23 system at the Fresno County Jail to call (559) 720-4260, used by his mother, an uncharged female
 24 (UFM).⁴⁰ During the call, **CHENOT** gave his mother the number (559) 214-7050 and asked her to call

25
 26 ³⁹ This was also made clear in a call between **SANCHEZ**, using (279) 386-7769, and **FELISCIANO**, using (559)
 27 401-8633, on May 1, 2025, at approximately 1:44 PM. During the call, **SANCHEZ** asked **FELISCIANO** where she went
 which based on my knowledge of the investigation is the apartment complex where **ALFARO** resides.

28 ⁴⁰ I have listened to numerous calls between **CHENOT**, using both his jail identification number and other jail

1 that number for him. UFM indicated that she would, after which there was a period of silence. When I
 2 reviewed call detail records for (559) 720-4260, I observed that at approximately 7:37 PM, it called
 3 (559) 214-7050, used by **ALFARO**. A male voice which I recognized as **ALFARO**'s subsequently
 4 came on the line and another male voice began speaking with him and identified himself as "Envy,"
 5 which based on my knowledge of the investigation, I know to be the street moniker of Anthony **JEFF**.
 6 **JEFF** also indicated that he had "Tim on the line right here;" when **ALFARO** asked, "Who?" **JEFF**
 7 said, "My cellie," and **ALFARO** responded, "Whis?" and **JEFF** said, "Yeah." **CHENOT** then said,
 8 "What's crackin', homie?" in the background. **JEFF** then asked how **ALFARO** was doing and indicated
 9 that he was "just checking in on" him. **ALFARO** replied that he was okay, but related that he almost
 10 "ended up the hospital" because he was "tucking away the luggage" and it all "fell out on" of him; there
 11 was "too much luggage." **ALFARO** then indicated that "everything's good" and that he was going "to
 12 bring [UI] there for everybody." When UFM began to ask **ALFARO** "When-" **ALFARO** cut him off
 13 and indicated it would be "today." **JEFF** then thanked **ALFARO** and both **JEFF** and **ALFARO** left the
 14 call. **CHENOT** and UFM then began to speak about non-pertinent matters and subsequently concluded
 15 their call.

16 181. Based on my knowledge of the investigation, I know that **CHENOT**'s street moniker is
 17 "Lil' Whisper." As stated above, I also know that "Envy" is **JEFF**'s moniker; I also know that at the
 18 time this call was made **CHENOT** was housed with only two other individuals: Anthony **JEFF** and
 19 another uncharged individual whose moniker is not "Envy" or even phonetically close to it. Based on
 20 my training and experience, I know that drug traffickers commonly use vague and innocuous language
 21 when speaking about their narcotics. Based on all of the facts set out herein, I believe that **ALFARO**
 22 was using coded language involving luggage to speak about attempting to insert the *clavos* into his
 23 body.

24 182. I therefore believe that **ALFARO** was indicating to **CHENOT** and **JEFF**, who were
 25 "checking in on" him, that he had attempted to insert all of the *clavos* into himself, but had almost ended
 26

27 identification numbers, and the user of (559) 720-4260. Based on the fact that I have heard **CHENOT** call the female "Mom"
 28 numerous times, as well as the fact that I have heard her call **CHENOT** "Tim," "Timmy," and "Timothy," I believe that it is
 actually **CHENOT** calling from the Fresno County Jail and that the user of (559) 720-4260 is actually his mother, UFM.

1 up in the hospital because there were too many of them. I believe that **ALFARO** indicated that he was
 2 going to be bringing in narcotics “for everybody,” which was why **JEFF** thanked him.

3 183. However, by May 6, 2025, **ALFARO** still had not been arrested or otherwise taken into
 4 custody at the Fresno County Jail. Throughout the day on May 6, 2025, **SANCHEZ** spoke with multiple
 5 associates who offered to find and potentially assault **ALFARO** for not getting himself taken into
 6 custody for the purpose of smuggling the narcotics into the jail. That evening, at approximately 6:25
 7 PM, the investigative team conducted a traffic stop on the red Chevy Avalanche previously seen at 1928
 8 E. Hunter Avenue, Fresno, CA, which was being driven by Barbara **DAIAZ** and in which **ALFARO** was
 9 a passenger. **ALFARO** was taken into custody for violation of an order of protection, as he was
 10 violating the protective order by being in the vehicle with **DAIAZ**. At the time of the stop, **ALFARO** had
 11 approximately one ounce of heroin on his person. Based on the totality of the circumstances, I believe
 12 that this was the ounce of heroin promised to **ALFARO** by **SANCHEZ** in exchange for **ALFARO**’s
 13 promise to smuggle narcotics.

14 184. At approximately 4:38 PM on May 6, 2025, **CHENOT** used his jail identification
 15 number to make a call to (559) 720-4260, used by UFM, using the Fresno County Jail’s recorded
 16 telephone system. During the call, UFM called **CHENOT** “Timothy” and **CHENOT** called UFM
 17 “Mom.” During the conversation, **CHENOT** told his mother to “[g]ive this phone number a call real
 18 quick, please. I need a three-way” and then identified the number as (559) 628-5743. It should be noted
 19 that UFM indicated that she had missed several calls from a “six one two” number and that she did not
 20 know if those calls were for **CHENOT**. After indicating that she would call the number set out above,
 21 **CHENOT**’s mother then came back on the line and said, “Go ahead” at which point a female voice I
 22 recognized as Victoria **LIMA**’s came on the line.⁴¹ **CHENOT** then asked for “Whisper,” identified
 23 himself as “Lil’ Whisper,” and said that they were calling off of his “mom’s phone.” **LIMA** indicated
 24

25 ⁴¹ I recognized the user of (559) 628-5743’s voice after having listened to several dozen calls to (559) 628-5743
 26 from the Fresno County Jail. Additionally, I believe that **LIMA** is the user of (559) 628-5743 for several reasons. First, when
 27 I listened to the calls, I could tell that the user of the phone is female and that she is referred to as “V” in several calls,
 28 including in a call to (559) 628-5743 at 11:54 AM on May 6, 2025. Based on my knowledge of the investigation, I know that
LIMA’s first name is Victoria, and that this is likely a reference to her first name. Second, **LIMA** gave this number to the
 officer who conducted the traffic stop on her and Barbara **DAIAZ** on May 7, 2025. Additionally, during that same stop, a
 member of the investigative team called (559) 628-5743 and the officer at the scene observed **LIMA**’s phone ringing. I
 therefore believe that **LIMA** is the user of (559) 628-5743.

1 that she would try to get ahold of "Whisper," at which point, **CHENOT** indicated that **ALFARO** could
 2 simply leave a message with UFM. **LIMA** then suggested that **CHENOT** simply contact her directly;
 3 **CHENOT** indicated that he would call her shortly and concluded the call.

4 185. Less than an hour later, at approximately 5:06 PM, **CHENOT** again used his jail
 5 identification number to make a call using the Fresno County Jail's recorded telephone system to (559)
 6 628-5743, used by Victoria **LIMA**. During the call, **CHENOT** identified himself as "Whisper," and
 7 later on in the call also specified his jail identification number (7039403). **LIMA** indicated that she had
 8 messaged "him," and that "his" phone had broken because "he" had dropped it. **LIMA** also indicated
 9 that she had instructed "him" to call her. **LIMA** also indicated that **CHENOT** could call her the next
 10 day. **CHENOT** then indicated that the number he spoke with **LIMA** on last ((559) 720-4260, used by
 11 UFM) was his mother's number, and that if **LIMA** wanted to get ahold of **CHENOT**, she could contact
 12 that number and that his mother would reach out to him using "G.T.L.," the jail's communication
 13 system. Finally, **CHENOT** also specified his pod number at the Fresno County Jail and said that "he
 14 just left here not too long ago."

15 186. Based on my knowledge of the investigation, as well as subsequent events, I believe that
 16 the male being spoken about during this call is Armando **ALFARO**. I believe that **LIMA** indicated that
 17 she attempted to send a message to **ALFARO** and that she believed that **ALFARO** was not responding
 18 because his phone had broken. I also believe that **CHENOT** indicated that if **LIMA** wished to get ahold
 19 of him, she could call UFM, who would connect her with **CHENOT**.

20 187. Several hours after that, on May 6, 2025, at approximately 8:37 PM, **CHENOT** again
 21 used the Fresno County Jail's recorded telephone system to call (559) 628-5743, used by **LIMA**.
 22 During the call, **LIMA** indicated that she had contacted **CHENOT** – apparently by using a messaging
 23 service available through the jail – to indicate that she had seen that "he" had been arrested. **CHENOT**
 24 then indicated that the situation could have turned into "something bigger;" based on the context of the
 25 conversation, I believe it was clear that both parties believed that **ALFARO** had successfully smuggled
 26 the narcotics into the jail.

27
 28

1 188. The next day, May 7, 2025, at approximately 11:54 AM, **ALFARO**⁴² used a phone in the
 2 booking division of the Fresno County Jail to place a recorded phone call to (559) 628-5743, used by
 3 **LIMA**. During the call, **LIMA** indicated that “Lil’ Whisper” kept calling to attempt to get ahold of
 4 **ALFARO** and that “people were trippin’.” **ALFARO** indicated that “it’s bad right now for [him]” and
 5 asked **LIMA** to “message them” to tell them that he “made every effort to come in.” At a certain point,
 6 **ALFARO** said, “I got everything still” and “I’m not holding nothing, you know what I’m saying?”
 7 **ALFARO** then elaborated that when he was pulled over, he had “some black” on him, but that he has
 8 “the rest,” “the baseball cards,” “the t-shirts,” all “at home.” **LIMA** then asked if there was any way that
 9 she could “go pick up the t-shirts and, uh, give ‘em to somebody else.” **ALFARO** responded that **LIMA**
 10 should ask if “they” wanted her to do that, reiterated that “everything’s there,” and indicated that “the
 11 only thing that wasn’t theirs” was “some black that was mine,” and that this was what he “got popped
 12 with.”

13 189. Based on my training and experience, I know that drug dealers commonly use vague and
 14 innocuous language, such as the phrases “baseball cards,” “t-shirts,” “the rest,” and “everything” when
 15 speaking about their narcotics. I also know that they use the word “black” to refer to black tar heroin. I
 16 also know that the phrase “to trip” is commonly used in popular culture to refer to someone being
 17 particularly upset about a situation. Finally, I know that the phrase “to get popped” is used in gang
 18 communities to refer to the idea of being arrested for committing a crime. Finally, based on my
 19 knowledge of the investigation, I know that “Lil’ Whisper” is the street moniker of Timothy **CHENOT**.

20 190. Therefore, I believe that in this call **LIMA** told **ALFARO** that **CHENOT** was asking
 21 about **ALFARO** and attempting to get ahold of him. I believe she also conveyed that “people” – i.e.
 22 **SANCHEZ** and his associates, based on the context of the conversation and the situation as a whole –
 23 were becoming upset. **ALFARO** then asked **LIMA** to message these people to let them know that he
 24 made every effort to get arrested with the narcotics. However, **ALFARO** then specified that he did not
 25 have the narcotics on him when he was arrested, indicating that the narcotics were still at his residence
 26

27 28 ⁴² Though **ALFARO** did not use his jail identification number, based on the context of the call, including his
 recitation of how he was pulled over, the narcotics that were found on his person, and his concern and understanding of the
 situation as a whole, I believe that he was the male calling **LIMA**’s phone, (559) 628-5743.

1 and that the only narcotics he had on his person when he was arrested was heroin. Based on the totality
 2 of the circumstances, I believe this was the heroin **SANCHEZ** paid **ALFARO** in exchange for
 3 **ALFARO** agreeing to smuggle narcotics into the jail. Finally, I believe that the reason **ALFARO** was
 4 specifying this is because he understood that if he smuggled the narcotics into the jail and did *not* turn
 5 them over to **SANCHEZ** as directed, **ALFARO** was risking his life.

6 191. Several minutes later, at approximately 12:35 PM, **CHENOT**, using his account on the
 7 recorded telephone system at the Fresno County Jail, made a call to **LIMA**, using (559) 628-5743.
 8 During that call, **LIMA** spoke with **CHENOT** about the conversation she had several minutes earlier
 9 with **ALFARO**, indicating that the “white t-shirts and everything were at the pad.” **CHENOT**
 10 responded, “I need you to pick all that up,” to which **LIMA** replied that she would “figure out how to go
 11 get it.” **CHENOT** then further specified, “I’ll give you the address to where my mom is at. You will go
 12 and pick that up and drop it off to her.” At a certain point in the conversation, **CHENOT** also gave the
 13 address “2677 College” and the phone number (559) 720-4260 as being associated with his mother and
 14 told **LIMA** to contact his mother to tell his mother that **LIMA** would be dropping something off “for
 15 Whisper,” and that his mother’s name was “Tracy.” **CHENOT** also specified that they “need that done
 16 today.”

17 192. I then accessed open-source databases that law enforcement frequently use to identify
 18 individuals and observed that (559) 720-4260 is associated with UFM. Based on the previous call, as
 19 well as the context and content of the calls set out below, in which **CHENOT** calls (559) 720-4260 from
 20 the Fresno County Jail using the jail’s recorded phone system and is called “Tim” by a woman that he
 21 calls “Mom,” I believe that UFM is the user of (559) 720-4260.

22 193. As is stated above, I also know that ENTERPRISE members commonly use the word “t-
 23 shirts” to refer to narcotics. I therefore believe that **CHENOT** was instructing **LIMA** to go to
 24 **ALFARO**’s residence, retrieve the narcotics, and transport them to UFM’ residence at 4766 N. College
 25 Ave, Fresno, CA.

26 194. Several minutes after the call with **CHENOT**, at approximately 1:37 PM, **LIMA**, using
 27 (559) 628-5743, received a call from **ALFARO**, using his jail ID number from a recorded line at the
 28 Fresno County Jail. During the call, **LIMA** generally relayed the content of her conversation with

1 **CHENOT**, including that **LIMA** was to take the “t-shirts.” When **LIMA** indicated that she was willing
 2 and able to pick up the “t-shirts,” **ALFARO** said, “We need a three-way. Because that’s probably
 3 what’s gonna happen.” When **LIMA** indicated that she was not sure if she would have a ride, **ALFARO**
 4 indicated that “ol’ girl gots [sic] a car, you know what I mean?” The parties then ran out of time and the
 5 call terminated.

6 195. Based on my training and experience, I know that the phrase “ol’ girl” is used in criminal
 7 street gang culture to refer to one’s significant other, such as one’s wife, girlfriend, or sometimes other
 8 immediate family member. Based on my knowledge of the investigation, I know that Barbara **DAZ** is
 9 **ALFARO**’s girlfriend. Based on this fact, as well as subsequent events, I believe that **ALFARO** was
 10 indicating that **LIMA** could use **DAZ**’s vehicle to transport the narcotics.

11 196. Several minutes later, at approximately 1:44 PM, **LIMA**, using (559) 628-5743, received
 12 another call from **ALFARO** at the Fresno County Jail, who was again using his account to make a call
 13 using the jail’s recorded telephone system. During that call, **LIMA** said, “Okay, what’s the number?”
 14 **ALFARO** responded, “eight nine four, fifteen sixty-eight.” I then heard silence for several seconds,
 15 after which I heard **LIMA** said that there was no answer. When I reviewed call detail records for (559)
 16 628-5743, I observed that at approximately 1:46 PM, **LIMA** used (559) 628-5743 to call (559) 894-
 17 1568. At a certain point during the call, after **ALFARO** indicated that he did not want to be separated
 18 from the rest of the gang – which had been done for his own safety due to statements made by
 19 **SANCHEZ** – **ALFARO** said, “You were... look, man, you were there. You were there helping me
 20 make them motherfuckers again, you know what I mean?” **LIMA** responded, “That’s what I told him,
 21 too. I told him, that.” She then reiterated that she knew that **ALFARO** had not gone out in public
 22 because he did not want to be arrested before he was ready (i.e. before he had the drugs inserted in
 23 himself) and then stated, “I even told him. I go, ‘We’ve got...’ I go, ‘He even got sick.’ I go, ‘That’s
 24 why...’ I go, ‘That’s why I- I- we- we met up.’ I go, ‘So... that we can clean the t-shirts even better so
 25 that . . . he can have ‘em.’ You know what I mean?” Later in the call, **LIMA** indicated that “he” was
 26 calling, at which point there was silence for several seconds, and then a male voice came on the line.
 27 **ALFARO** asked if it was “Whis” – i.e. “”Lil’ Whisper,” or **CHENOT** – and the male indicated that it
 28

1 was.⁴³ **CHENOT** then asked how they were going to obtain the narcotics and indicated that he was
 2 going to have “her” – **LIMA**, based on previous calls – take the narcotics to **CHENOT**’s mother’s
 3 house. **ALFARO** was clearly concerned that **CHENOT** was going to think that **ALFARO** was stealing
 4 from the gang and repeatedly protested that he did not want to be in solitary confinement, and that
 5 “everything’s still the same way they left it, dog. Everything’s marked.” **ALFARO** then indicated that
 6 he would “work on getting” it for” **CHENOT** and that **ALFARO** would “have her take it to
 7 [CHENOT’s] mom’s.”

8 197. Based on my training and experience, I know that if *clavos* are dirty, they can actually
 9 transmit bacteria or other foreign bodies to the smuggler, causing the smuggler to become ill. As set out
 10 above, I know that **ENTERPRISE** members and associates use the phrase “t-shirts” to reference
 11 narcotics. Based on the calls set out above in which **SANCHEZ** extensively discussed which narcotics
 12 would be labeled and for whom they would be labeled, I believe that **ALFARO** was indicating that
 13 everything was still as **SANCHEZ** wanted it and was ready for **LIMA** to pick up and transport. I also
 14 believe that **LIMA** admitted that she helped **ALFARO** clean the *clavos* after – as **ALFARO** mentioned
 15 above to UFM and **CHENOT** – **ALFARO** attempted to insert them into himself and subsequently
 16 became ill.

17 198. Several minutes later, at approximately 1:59 PM, **ALFARO**, using his jail identification
 18 number on the recorded line at the Fresno County Jail, spoke again with **LIMA**, using (559) 628-5743,
 19 asking **LIMA** to tell “her” that **ALFARO** wanted to talk to “her,” and that “he wants you to hear it from
 20 him.” Based on the context of the calls set out below, I believe **ALFARO** was asking **LIMA** to call
 21 Barbara **DIAZ** for him.

22 199. At approximately 2:38 PM, **CHENOT** again used the recorded phone system at the
 23 Fresno County Jail to call UFM, again using (559) 720-4260 (TT 4260). It should be noted that during
 24 the call, UFM called **CHENOT** “Tim” and **CHENOT** called UFM “Mom.” **CHENOT** also told his
 25

26

⁴³ It should be noted that call detail records from the Fresno County Jail indicated that “Michael Castillo”’s jail
 27 identification number was used to make this call. However, given the fact that this individual told **ALFARO** that he was
 28 “Whis,” as well as the fact that this individual told **LIMA** that he was “Whisper” before she connected this call with her
 original call with **ALFARO**, I believe the caller was actually **CHENOT**. Additionally, this male’s voice sounds very similar
 to **CHENOT**’s to the point where after having listened to several hours of **CHENOT**’s calls, I am confident they are the
 same person.

1 mother to save “(559) 628-5743” in her phone and said the user’s name was “Nia.” UFM responded that
 2 she would save that number so she would know it was actually **CHENOT** calling. **CHENOT** further
 3 stated that “Nia” was going to “take [UI] today,” that it was “important to put it away,” and that
 4 **CHENOT** would tell UFM “what to do with it later.” UFM replied, “Okay. Okay. Got it.” Later,
 5 **CHENOT** told UFM to “text her and [stuttering] write, ‘I’m awake if you ever- if you want to drop that
 6 off.’” UFM replied, “Hold on, ‘K.’” UFM asked for the number again, at which point **CHENOT** stated,
 7 “Just hit her text and put, ‘My son doesn’t know what’s going on. I’m here, uh, when it’s ready.’” UFM
 8 said, “Okay,” and then clarified the number – (559) 628-5743 – with **CHENOT** again.

9 200. Based on the context of the calls set out above, I believe **CHENOT** was giving his
 10 mother **LIMA**’s number because he knew that UFM and **LIMA** would need to coordinate with each
 11 other when **LIMA** delivered the narcotics. I believe **CHENOT** was also attempting to obtain
 12 information about the status of **LIMA**’s delivery by instructing UFM to message (559) 628-5743.

13 201. Several minutes after the previous call began, at approximately 2:40 PM, **ALFARO** used
 14 his jail identification number to use the jail’s recorded phone system to call **LIMA**, using (559) 628-
 15 5743. During that call, **LIMA** asked if **ALFARO** wanted **LIMA** to call “her,” which was followed by
 16 several seconds of silence. Barbara **DIAZ**⁴⁴ then came on the line, at which point **ALFARO** stated that
 17 he wanted **DIAZ** to give “the bundles” to “V.” **ALFARO** also instructed **DIAZ** to pull specific
 18 “bundles” out, as those belonged to “that person;” **DIAZ** indicated that she was looking at the bundles as
 19 they were speaking, which I believe indicates that she was likely with “the bundles” at the time of the
 20 call. **ALFARO** then told **DIAZ** to “hold on to that” and to “give ‘V’ the rest.” Finally, **LIMA** concluded
 21 this portion of the call by indicating that she would travel to **DIAZ**’s location.

22 202. Based on the context of the calls set out above, as well as subsequent events, I believe
 23 that the “bundles” being spoke about during this call are the *clavos* which **ALFARO** was supposed to

25

 26 ⁴⁴ At a certain point, when **ALFARO** was attempting to get the second female’s attention, he said the name,
 27 “Barbara,” and the new female said “Yeah?” **ALFARO** also began describing the *clavos* and the new female indicated that
 28 she was looking at them while he was speaking. Based on these facts, as well as the fact that Barbara **DIAZ** was with
ALFARO when he was arrested and was at the residence where the *clavos* had been dropped off, I believe it was **DIAZ** on
 the line with **LIMA**. When I reviewed call detail records for (559) 628-5743, I observed that while the jail call with
ALFARO was still active, (559) 628-5743, used by **LIMA**, called (559) 894-1568. Later in the call, **DIAZ** and **ALFARO**
 confirmed that **DIAZ**’s number was “894-1568,” as well. I therefore believe that **DIAZ** is the user of (559) 894-1568.

1 have smuggled into the Fresno County Jail. Based on the fact that **LIMA** was supposed to transport the
2 narcotics at **CHENOT**'s direction, I believe that **ALFARO** was speaking about **LIMA** when he said the
3 letter "V."

4 203. Therefore, I believe that in this conversation, **ALFARO** told **DIAZ** to separate one of the
5 *clavos* for another individual, and that **DIAZ** indicated that she would. I also believe based on the
6 totality of the circumstances that **DIAZ** was at 1928 Hunter Avenue, Apartment 3 when she did so.
7 Finally, I believe that **ALFARO** instructed **DIAZ** to give the rest of the *clavos* to **LIMA**, and that
8 **LIMA** then indicated that she would travel to **DIAZ**'s location, which based on subsequent events I
9 believe to be 1928 Hunter Avenue, Apartment 3, Fresno, CA.

10 204. At approximately 3:34 PM, based on the calls set out above, the investigative team
11 established surveillance on 1928 Hunter Avenue, Apartment 3, Fresno, CA. At approximately 4:08 PM,
12 the team observed the red Chevy Avalanche pickup truck leaving the apartment complex that **DIAZ** had
13 driven the day before. **DIAZ** was positively identified as the driver of the vehicle based on a comparison
14 with the picture of **DIAZ** maintained on file by the California Department of Motor Vehicles, as well as
15 the contact the day before with **ALFARO**; the surveillance team also noted that there was a female in
16 the front passenger seat. Several minutes later, the truck returned and **DIAZ** was observed manipulating
17 an object in the backseat of the vehicle. At approximately 4:13 PM, the truck was again observed
18 leaving the parking lot and was followed by the surveillance team.

19 205. At this time, based on the calls set out above, the team believed that **LIMA** and **DIAZ**
20 were likely transporting the narcotics which were supposed to have been smuggled into the Fresno
21 County Jail from **ALFARO** and **DIAZ**'s shared residence to UFM's residence at **CHENOT**'s direction.
22 It should be noted that at approximately 4:16 PM, call detail records for (559) 628-5743, used by **LIMA**,
23 indicated that it had a 40 second conversation with (559) 720-4260 TT 4260, used by UFM, which
24 would become relevant several hours later. A traffic stop was subsequently made on the vehicle at
25 approximately 4:24 PM. **LIMA** and **DIAZ** were both contacted in the vehicle and detained.

26
27
28

1 206. The investigative team then froze the red Chevy Avalanche and the apartment located at
2 1928 Hunter Avenue, Apartment 3 and wrote a search warrant for both locations, as well as for the
3 persons of **DIAZ** and **LIMA**. When the team searched **LIMA**'s purse, which was located in a backpack
4 on the floorboard between the center console and the dashboard of the Chevy Avalanche, the team
5 located nine small, tightly-bound objects which based on my training and experience I know to be
6 consistent in appearance with *clavos*, plugs, and/or other objects inserted into the human body while
7 attempting to smuggle them into detention facilities. The following is a picture of the objects recovered
8 from **LIMA**'s purse:

24 207. The investigative team subsequently sent the *clavos* to a laboratory used by the Fresno
25 County Sheriff's Office to test evidence. The laboratory results indicated that the substances inside the
26 *clavos* tested positive for methamphetamine, heroin, and fentanyl.

27 208. Inside 1928 Hunter Ave, Apartment 3, Fresno, CA, the team recovered drug
28 paraphernalia, as well as user amounts of narcotics. During the stop, **LIMA** indicated to the reporting

1 officers that (559) 628-5743 was her phone number. Additionally, it should be noted that **LIMA** later
 2 called Fresno County Dispatch and gave (559) 628-5743 as her callback number. Finally, during the
 3 traffic stop, a team member called (559) 628-5743 and watched the phone that **LIMA** had identified as
 4 hers begin to ring.

5 209. At approximately 10:38 PM, UFM, using (559) 720-4260 TT 4260, received a call from a
 6 recorded line in the Female Pre-Booking division at the Fresno County Jail. During the call, the female
 7 caller indicated that her name was “Victoria”⁴⁵ and asked if UFM’s name was “UFM.” UFM responded,
 8 “Yes.” **LIMA** indicated that she was followed right after she had last been on the phone with UFM and
 9 then said, “They got it.” UFM responded, “They got it?” and then asked, “So you’re locked up?” **LIMA**
 10 confirmed that she was, and then described the situation further, including specifying that “it was, like,
 11 almost a whole pound.” **LIMA** also detailed how the police obtained search warrants for **LIMA**’s
 12 vehicle and an apartment. UFM said that she did not “know what ‘it’” was, indicating that she was “just
 13 doing Mom Duty.” **LIMA** indicated again that “it was just under a pound.” After **LIMA** indicated that
 14 “he” – **CHENOT**, based on the context of the call – needs to be careful, UFM acknowledged and
 15 indicated that she would pass the word of warning along. **LIMA** concluded the call by indicating that
 16 she would continue to reach out to UFM to let UFM know what was happening with **LIMA** and to get
 17 updates if **LIMA** were to stay in custody. UFM indicated that she understood.

18 210. Based on my training and experience, I know that it is unconstitutional for individuals to
 19 be arrested based on transporting articles of clothing or – absent other circumstances – anything other
 20 than illegal contraband. Therefore, I believe that when **LIMA** indicated that she had been followed right
 21 after she last spoke with UFM, and stated that “they got it,” and UFM responded by saying, “So you’re
 22 locked up?” I believe UFM knew that **LIMA** was transporting illegal contraband to her residence at
 23 **CHENOT**’s direction. It should also be noted that when **LIMA** confirmed that “it” weighed “almost a
 24 whole pound” and “was just under a pound,” UFM did not ask what “it” was, instead going out of her
 25 way to say that she did not know what “it” was and that she was just doing “Mom Duty.” I do not
 26

27 ⁴⁵ Based on the fact that this call occurred several hours after **LIMA** had been arrested after being caught with the
 28 *clavos*, as well as the fact that she previously used her phone to speak with UFM at **CHENOT**’s direction, I believe that
 “Victoria” was **LIMA**.

1 believe that either of these statements is consistent with an individual who thought that something
2 completely innocuous – such as “t-shirts” (as set out in the call below on May 8, 2025 at 12:53 PM) –
3 was being delivered to her residence. Additionally, based on the context of the calls and events set out
4 above, I believe that **LIMA** was asking UFM to warn **CHENOT** to be careful, as **LIMA** had been doing
5 all of this at **CHENOT**’s direction, and knew that he was open to criminal liability now that **LIMA** had
6 been arrested and the narcotics recovered. I further believe that UFM’s agreement to pass the word of
7 warning along also indicates her complicity in this conspiracy.

8 211. The following morning, on May 8, 2025, at approximately 11:25 AM, **CHENOT**, using
9 his jail identification number to use the Fresno County Jail’s recorded telephone system, called UFM,
10 using (559) 720-4260. During the call UFM said that “Nia got pulled over last night” “for DUI, and []
11 they took everything.” **CHENOT** responded, “Oh, hell no,” and then said “that can’t happen”
12 repeatedly. UFM then passed on the message that “she said to be careful,” and further stated that “they
13 took her phones, everything.” **CHENOT** then said that “that’s just out” and the indicated that he would
14 call UFM back.

15 212. Based on the context of this conversation, as well as the conversation that UFM had with
16 **LIMA** the night before and the fact that **LIMA** had been introduced to UFM as “Nia” in a call on May
17 7, 2025 at 2:38 PM, I believe it is clear that UFM was speaking about **LIMA**’s arrest and the seizure of
18 the *clavos* on May 7, 2025, as no other numbers called UFM’s number from the Fresno County Jail
19 between **LIMA**’s call the night before and this call. I also believe that UFM was knowingly assisting
20 **CHENOT** and **LIMA** with the concealing of evidence by informing **CHENOT** of the events of the
21 previous night and then warning him – as instructed by **LIMA** – to “be careful.”

22 213. Over an hour later, at approximately 12:53 PM, the jail identification number for
23 “Michael Castillo” called (559) 720-4260, used by UFM. In addition to the fact that I recognized
24 **CHENOT**’s voice, it should be noted that UFM called the male on the other end “Timmy,” and
25 therefore believe that the caller was actually **CHENOT**. During the call, UFM asked **CHENOT** if he
26 was “okay,” and he responded that “weird shit is going on” that he is going to try to avoid. UFM
27 respond, “Me, too” and that she did not “need to be involved in any of that shit, too.” **CHENOT**
28 responded, “Yeah, well, you know, if you ever... you know, never comes through . . . we were just

1 waiting on t-shirts, you know what I mean?" UFM responded, "Yeah." **CHENOT** reiterated that "that's
 2 all we know. Nothing else," and UFM again responded, "Yeah." **CHENOT** then again confirmed that
 3 UFM understood by asking, "Did you hear me, though?" and UFM responded, "Uh-huh," indicating she
 4 understood.

5 214. If – as UFM claimed – UFM were simply waiting on **LIMA** to deliver t-shirts, I do not
 6 believe that UFM would have taken the fact that "they got it" with such acceptance or would have gone
 7 out of her way to clarify immediately that she did not know what "it" was, as she claimed above. I also
 8 believe she would have been confused by **LIMA**'s instruction to "warn" **CHENOT**, and would have
 9 likely requested more information about the situation as a whole. I therefore believe that in this call,
 10 **CHENOT** and UFM, knowing they were being recorded, were attempting to insulate themselves from
 11 criminal liability by essentially claiming that they believed that **LIMA** was attempting to deliver t-shirts.
 12 As stated above, I believe this is logically inconsistent with UFM's actions, and patently not what
 13 **CHENOT** believed was happening.

14 215. Therefore, I believe that **SANCHEZ** directed and facilitated the distribution of narcotics
 15 and the attempted smuggling of those narcotics into a detention facility; that **ESCOBEDO** knowingly
 16 facilitated those plots by assisting **SANCHEZ** with communicating with his associates and transmitting
 17 information to him about the plot, as well as by "breaking down" the narcotics so they could be
 18 packaged for transfer to **ALFARO**; that **FELISCIANO** facilitated those plots by assisting **SANCHEZ**
 19 with communicating with his associates and transmitting information to him about the plot, as well as by
 20 transported narcotics to **ALFARO** at **SANCHEZ**'s direction, that **Debbie SANCHEZ** obtained
 21 narcotics at **SANCHEZ**'s direction and transported them to **GONZALES** and **FELISCIANO**'s
 22 residence, that **GONZALES** facilitated this plot by assisting with the packaging of the narcotics, that
 23 **JEFF** requested that **ALFARO** smuggle narcotics into the Fresno County Jail and check on **ALFARO**'s
 24 progress by using **CHENOT**'s jail identification number and TH's phone, that **ALFARO** facilitated this
 25 plot by accepting responsibility for the narcotics, storing them, receiving payment for his services, and
 26 indicating that he would bring them inside the Fresno County Jail; that **CHENOT** assisted with this plot
 27 by instructing **LIMA** on where to attempt to take the narcotics so that the plot could proceed after
 28 **ALFARO**'s arrest, that **LIMA** facilitated this plot by assisting **ALFARO** with communicating with

1 **DIAZ**, recovering the narcotics from **ALFARO**'s residence, and attempting to transport them to
 2 **CHENOT**'s mother's residence, and that **DIAZ** facilitated this plot by showing **LIMA** where the
 3 narcotics were located and using her vehicle to transport **LIMA** and the narcotics to UFM's residence.

4 6. **May 8, 2025 – SANCHEZ, A. LOPEZ, PLASENCIA, B. MURPHY, D. MURPHY, and SANDOVAL Conspired to Distribute and Possess with Intent to Distribute Methamphetamine into a Custodial Facility**

5
 6 216. In the days leading up to May 8, 2025, the investigative team became aware that
 7 **SANCHEZ** and **D. MURPHY**, while housed in the Fresno County Jail, were conspiring to smuggle
 8 contraband, to include methamphetamine and heroin, into the Fresno County Jail. Specifically, the team
 9 became aware that **SANCHEZ** and **D. MURPHY** coordinated the operation from custody over the
 10 recorded and monitored phone system and video call system, while **A. LOPEZ, PLASENCIA, B. MURPHY, D. MURPHY, M. MURPHY** and **SANDOVAL** procured, packaged and attempted to
 11 distribute the contraband to **SANCHEZ** and **D. MURPHY**.

12
 13 216. On May 7, 2025, at 9:40 PM, members of the investigative team intercepted and
 14 monitored an outgoing call from **A. LOPEZ** on (559) 818-8601⁴⁶ (TT8), to **SANCHEZ** on (279) 386-
 15 7769 (TT6). During this call, **SANCHEZ** told **A. LOPEZ**, "There's a play right now in the County
 16 right. We gotta – we gotta – hole in the – in the what's a called right. And, um – I'm making – um –
 17 straws and everything right, and – and – basically I need someone to tie on right. So once the homie –
 18 any of the homies end up tying on right, because I got the homie from San Joaquin that came with us.
 19 He knows the spot, he knows where right." The conversation continued as **SANCHEZ** told **A. LOPEZ**,
 20 "You tell any of the homies right – little homies – want to make some money – everything is good –
 21 they tie it on, I'll give them 250 bucks."

22
 23 217. I know based on my training and experience, including conversations with investigators
 24 familiar with the Fresno County Jail, that incarcerated persons within the Fresno County Jail have been
 25 bringing contraband into the facility through holes that ran from the housing units to the outer grounds
 26 of the facility. Investigators found that incarcerated persons would throw a "line"⁴⁷ through these holes,

27
 28

⁴⁶ I entered (559) 818-8601 into CashApp which produced an account with the account name "Angel Solorio" and
 29 the handle "\$Activecdl". Based on my training and experience, I know that **A. LOPEZ**'s street moniker is "Active." Based
 30 on my knowledge of the investigation, I know that the acronym "CDL" is commonly used by ENTERPRISE members to
 31 refer to the Coalinga Dog Life Bulldog criminal street gang, of which I know that **A. LOPEZ** is a member. I have also heard
 32 individuals call the user of (559) 818-8601 "Active" during intercepted calls. Therefore, I believe **A. LOPEZ** is the user of
 33 (559) 818-8601

34

⁴⁷ Consisting of anything from string to cloth taken from common items within the facility.

1 and that individuals outside of the facility would tie contraband onto the line as the incarcerated persons
 2 pulled the contraband through the holes and into facility. This manner of bringing contraband into the
 3 facility became commonly referred to as “fishing.”

14
 15 *Figure 1: Photograph taken by FSO Sgt. J. Guzman on May 13, 2025 depicting holes in the Fresno County Jail.*

16 218. I know from my training and experience that the phrase, “there’s a play” means that an
 17 individual is currently working on a conspiracy to commit a crime. I know “the County” to be
 18 synonymous with the “County Jail.” I also know that the Fresno County Jail is currently investigating
 19 physical holes in the housing units that incarcerated persons are utilizing to bring contraband into the
 20 facility. I know the term “homie” to refer to members of the same gang. I know the term, “straws” to
 21 refer to the shape the contraband is made into to smuggle the contraband into the Fresno County Jail. I
 22 also know “the homie from San Joaquin” to be **RUVALCABA** based on other intercepted calls in which
 23 **RUVALCABA** is identified as the “homie from San Joaquin⁴⁸.” I know the phrase “to tie on” refers to
 24 individuals tying contraband to the lines extended from the incarcerated person’s housing unit.

25 219. Therefore, I believe **SANHCEZ** informed **A. LOPEZ** of a conspiracy **SANCHEZ**
 26 organized that would bring contraband into the Fresno County Jail through holes in the facility.
 27 **SANCHEZ** related that he would pay any of the junior members of the **ENTERPIRSE** \$250 if they
 28 successfully tied the contraband to the line **SANCHEZ** planned to extend to the outer grounds of the

⁴⁸ Sometimes shortened to **SRP** for the San Joaquin Ruthless Perros Bulldog criminal street gang.

1 Fresno County Jail.

2 220. On May 8, 2025, at approximately 3:39 PM, **A. LOPEZ**, using (559) 818-8601 (TT8),
 3 called (559) 404-9901⁴⁹ (TT25), used by **A. GUEVARA**. The following is a transcript of the pertinent
 4 portions of the call:

	[BEGINNING OF CONVERSATION]
5	LOPEZ Hey.
6	A. GUEVARA Heya.
7	LOPEZ You wanna make two fifty?
8	A. GUEVARA To do what?
9	LOPEZ Sucking my dick.
10	A. GUEVARA Huh?
11	LOPEZ Sucking my dick.
12	A. GUEVARA Your fucking stupid nigga.
13	LOPEZ Nah I'm just playing. You do or not?
14	A. GUEVARA What is it doing though?
15	LOPEZ You have to tie uh – uh – a necklace.
16	A. GUEVARA A necklace?
17	LOPEZ In Fresno. [background voice] tell him a string comes down and...
18	A. GUEVARA I got to tie 'em...
19	LOPEZ Look, a string comes down, you tie it, and leave that's it. Walk away. There's no 20 camera, there's no nothing right there. Everyone...
21	A. GUEVARA But I just came back from Fresno, Dog...
22	LOPEZ I'm pretty sure the homies are gonna shoot you a ride, I don't know though, but – it's just "G" needs someone to do it, and he's gonna give you two fifty right there and then – well – whenever your coming back into town.
23	A. GUEVARA Are you going to do it too or what?
24	LOPEZ Uh no nigga – the fuck – "G" didn't ask me.
25	... [The call continues as the two continue to rehash the plan, the fact that the homie from San Joaquin will give A. GUEVARA directions on how to complete the operation, and that LOPEZ would call FELISCIANO to gather all the pertinent details].
26	[END OF CONVERSATION]

221. During the call, **LOPEZ** asked **A. GUEVARA** if **A. GUEVARA** wanted to make \$250,
 22 and then indicated that **A. GUEVARA** only had to "tie a necklace" "at Fresno." When **A. GUEVARA**
 23 expressed confusion, **A. LOPEZ** indicated that "a string comes down, you tie it, and leave. That's it,
 24

25 ⁴⁹ Members of the investigative team have reviewed numerous intercepted calls with (559) 404-9901 in which
 26 **ENTERPRISE** members have referred to the user of (559) 404-9901 as "Action." Based on my knowledge of the
 27 investigation, I know that "Action" is the street moniker of **A. GUEVARA**. Additionally, members of the investigative
 28 team have reviewed multiple Fresno County Jail video calls in which **A. GUEVARA** is communicating on a recorded video
 and audio call. Members of the investigative team compared **A. GUEVARA**'s voice on these audio/video jail calls with the
 voice belonging to the user of (559) 404-9901 and found them to be the same. Based on these facts, I believe the user of
 (559) 404-9901 is **A. GUEVARA**.

1 walk away.” **A. LOPEZ** also said that he believed that “the homies” were going to “shoot [A.
 2 **GUEVARA**] a ride.” **A. LOPEZ** also indicated during the call that “G” was “in county today.” When
 3 **A. GUEVARA** asked who was going to “shoot the ride,” **A. LOPEZ** indicated that he believed it was
 4 “going to be a homie from SRP.” **A. GUEVARA** then indicated that he would call “Mona” (the moniker
 5 of **FELISCIANO**) to ask for more details.

6 222. Based on my training and experience, I know that **ENTERPRISE** members and gang
 7 members use the word “homie” to refer to members of the same gang and the phrase “to shoot a ride” to
 8 refer to the idea of someone giving someone else a ride. Based on my knowledge of the investigation, I
 9 know that **SANCHEZ**’s associates occasionally refer to him as “G,” as his moniker is “Giddy.” Based
 10 on my knowledge of subsequent events, I believe that the phrase “tie a necklace” was meant to refer to
 11 the smuggling scheme set out above in which a line would be lowered from the housing unit, tied to a
 12 strand of narcotics, and then pulled back up into the jail.

13 223. Therefore, based on the information set out above, as well as my knowledge of the
 14 activities of the inmates at the Fresno County Jail, I believe that **ENTERPRISE** members were being
 15 mobilized by **SANCHEZ** in an attempt to smuggle contraband into the Fresno County Jail. Several
 16 minutes later, at approximately 3:44 PM, **A. LOPEZ**, using (559) 818-8601 (TT8), called **A.
 17 GUEVARA**, on (559) 404-9901(TT25). The call lasted approximately 20 seconds and consisted mainly
 18 of **A. LOPEZ** telling **A. GUEVARA** that “[t]hey just said that all you gotta do is the same shit. All you
 19 gotta do is walk up, tie it, walk to the car, and just dip.”

20 224. Based on all of the information set out above, I believe that **A. LOPEZ** was effectively
 21 confirming **A. GUEVARA**’s role in the smuggling operation.

22 225. At approximately 5:00 PM, **A. GUEVARA** used (559) 404-9901 (TT25) to send a text
 23 message to **PLASENCIA** on 559-800-4470 (TT12) which read, “218 el Camino Ln”. I immediately
 24 recognized this address as being the residence of **A. GUEVARA** and believe that **A. GUEVARA** sent
 25 this address so that **PLASENCIA** could come and pick him up.

26 226. At approximately 5:02 PM, the surveillance team observed a Honda sedan parked at
 27 **FELISCIANO**’s residence located at 36946 Los Angeles St, Huron, CA. The Honda sedan travelled to
 28 several locations, including 218 El Camino Lane, Coalinga, CA, at which location **A. GUEVARA** was

1 observed entering a rear passenger seat of the Honda sedan. It should be noted that at approximately
 2 5:20 PM, several minutes prior to the Honda sedan's arrival at **A. GUEVARA**'s location,
 3 **PLASENCIA**, using 559-800-4470 (TT12), sent a text message to (559) 404-9901 (TT25) used by **A.**
 4 **GUEVARA** which read, "B outside I'm rolling up."

5 227. Shortly thereafter, at approximately 5:54 PM, **D. MURPHY**, while in custody at the
 6 Fresno County Jail and in the same housing unit as **SANCHEZ**⁵⁰, used the Fresno County Jail phone
 7 system⁵¹ to call **B. MURPHY** at (559) 908-8713 (TT 8713). During this call, **D. MURPHY** named the
 8 user of (559) 908-8713 (TT 8713) "Bridgette"⁵². **D. MURPHY** asked **B. MURPHY**, "did you get a
 9 message." **B. MURPHY** replied, "No, I didn't get a call or a message." **D. MURPHY** then stated,
 10 "they're going to text you right now for your address, go ahead and send it to them." Later in the call,
 11 **SANCHEZ** can be heard in the background of **D. MURPHY**'s call and appeared to be on another call.
 12 **D. MURPHY** is heard relaying the fact that **B. MURPHY** will be sending the address to **SANCHEZ**'s
 13 associates, as **SANCHEZ** is heard on his call telling his associates that **B. MURPHY** will be sending
 14 the address shortly.

15 228. I believe this jail call demonstrated that **D. MURPHY** and **SANCHEZ** met personally
 16 within their housing unit and decided to coordinate their efforts to bring narcotics into the Fresno
 17 County Jail. **SANCHEZ** then sent **PLASENCIA**, **RUVALCABA** and **A. GUEVARA** to **B.**
 18 **MURPHY**'s residence to package the narcotics to be smuggled into the Fresno County Jail.

19 229. At the 9:44 minute mark, **D. MURPHY** asked **B. MURPHY**, "Did you guys do the
 20 chocolate packs?" **B. MURPHY** responded, "No, we didn't do that one yet." **D. MURPHY** then told
 21 **B. MURPHY** to, "put Naul"⁵³ back on the phone." **SANDOVAL** joined the conversation and **D.**
 22 **MURPHY** told **SANDOVAL**, "On the chocolate packs, do the same thing, but let me know how many
 23 it actually comes out to." **SANDOVAL** responded, "ok."

24 _____
 25 ⁵⁰ Members of the investigative team searched jail records and found that both **SANCHEZ** and **D. MURPHY** were
 housed in MJ5B in the Fresno County Jail at this time.

26 ⁵¹ This phone system advised the recipient that the call was monitored and recorded.

27 ⁵² Later identified as **Bridgette MURPHY**. The investigative team had also listened to multiple jail video calls
 between **D. MURPHY** and **B. MURPHY** and became familiar with **B. MURPHY**'s voice. As a result, the investigative
 team recognized the voice of the user of (559) 908-8713 as **B. MURPHY**.

28 ⁵³ Later identified as **Naul SANDOVAL**.

1 230. I know from my training and experience that incarcerated persons are prudent with their
 2 communications on recorded lines and often attempt to confuse law enforcement and insulate
 3 themselves from criminal liability. I believe that when **D. MURPHY** asked about the “chocolate
 4 packs,” he was actually referring to black tar heroin. Based on the context of the prior calls, I believe **B.**
 5 **MURPHY** and **SANDOVAL** are packaging narcotics to be smuggled into the Fresno County Jail.

6 231. Meanwhile, the surveillance team observed the Honda driven by **PLASENCIA** arrive at
 7 630 N. Thorne Avenue, Fresno, CA at approximately 6:34 PM. This residence is located approximately
 8 two miles northwest of the Fresno County Jail and is associated to **B. MURPHY**. At 6:43 PM, **D.**
 9 **MURPHY** used the Fresno County Jail video call system⁵⁴ to call **B. MURPHY**. This video call
 10 showed a live video of **D. MURPHY** speaking with **B. MURPHY**. During this call, **D. MURPHY**
 11 asked, “Are you guys almost done?” **B. MURPHY** responded, “We’re on the last one, because Naul
 12 [**SANDOVAL**] had to take it out and rescale it.” **SANDOVAL** can be heard in the background stating,
 13 “and the black, I’m going to try and put it into one fool.” **D. MURPHY** was visibly upset with
 14 **SANDOVAL**’s statement. **D. MURPHY** responded by stating, “Careful what you say bro.”

15 232. I know drug traffickers often use vague or innocuous language when discussing narcotics
 16 to attempt to confuse law enforcement and insulate themselves from criminal liability. I
 17 know the term, “black” to refer to black tar heroin. I believe that **D. MURPHY** was using the term,
 18 “chocolate packs” in prior calls to also describe heroin. I believe that **D. MURPHY** was upset with
 19 **SANDOVAL** because **D. MURPHY** believed accurately that law enforcement knows that “black”
 20 means heroin, and that **SANDOVAL** just communicated that on a recorded and monitored video call.

21 233. Therefore, I believe **D. MURPHY** called **B. MURPHY** to inquire as to the status of the
 22 narcotics being packaged. **B. MURPHY** responded that they were not done yet, due to the fact that
 23 **SANDOVAL** had to remove the narcotics from their packaging to determine their weight.

24 234. **D. MURPHY** then asked, “where’s Mariah?” **B. MURPHY** then handed the phone to an
 25 uncharged co-conspirator, herein referenced as UCC2, and **D. MURPHY** noticed (UCC2) was wearing
 26

27 28 ⁵⁴ This video call system is an application based system which requires users, both in and out of custody, to create a
 profile within the application to accept video calls and messages. This application advises users that these video calls are
 monitored and recorded.

1 a red rag on her face. UCC2 stated, "It stinks." **D. MURPHY** agreed and commented that it –
 2 assumably the narcotics – smells like "chemical, or vinegar or mustard." UCC2 then related she's "just
 3 chilling, helping" indicating she was helping package the narcotics to be sent to the Fresno County Jail.

4 235. I have spoken to experienced narcotics detectives who related that heroin has a strong
 5 smell that resembles vinegar or a chemical smell.

6 236. Later in the call, **D. MURPHY** asked, "where's the homie's people at?" **B. MURPHY**
 7 responded that they were, "in the living room", and described them as a "lady and a young boy, and an
 8 older one." **B. MURPHY** then took the phone to the living room, and handed the phone to
 9 **RUVALCABA**, who was seated on the couch. **RUVALCABA** took the phone to the bedroom where
 10 the narcotics were being processed and began to help (off camera) with the packaging.

11 237. Based on the physical observations of **PLASENCIA**'s vehicle arriving at **B.**
 12 **MURPHY**'s residence, I believe the aforementioned video corroborates my belief that **SANCHEZ**,
 13 who **D. MURPHY** named, "the homie", sent his associates to the residence of **B. MURPHY**, to
 14 combine their efforts in smuggling narcotics into the Fresno County Jail.

15 238. At approximately 7:00 PM, **D. MURPHY** again used the Fresno County Jail video call
 16 system to call **B. MURPHY**. At the beginning of the call, **D. MURPHY** is observed telling another
 17 inmate, "I'll just tie it on." **D. MURPHY** then turned his attention to the video call and asked **B.**
 18 **MURPHY**, "are you guys done?" **B. MURPHY** responded, "Yeah, I think we are about to start
 19 wrapping it." **D. MURPHY** handed the phone to another inmate as **RUVALCABA** joined the call.
 20 **RUVALCABA** stated that he believed "it (the contraband) was too thick." This uncharged inmate
 21 provided **RUVALCABA** with direction on how to make the contraband thinner by utilizing tape to wrap
 22 it tightly. **D. MURPHY** then rejoined the call and is observed speaking with **RUVALCABA** as
 23 **RUVALCABA** is observed manipulating a rope shaped item. **RUVALCABA** then asked an individual
 24 off camera for, "another one" and is handed a plastic tube-shaped container with a white powder
 25 substance contained within. **D. MURPHY** observed the white powder and demanded that
 26 **RUVALCABA** "put it down" so the white powder was out of the cameras view. **RUVALCABA**
 27 obliged the demand and was observed manipulating the rope shaped object and applying strips of tape
 28 out of the cameras view.

1 239. I believe this call demonstrated that **RUVALCABA**, at the direction of **SANCHEZ** and
 2 **D. MURPHY**, assisted **B. MURPHY** and **M. MURPHY** with the packaging of narcotics, to include a
 3 white powdery substance to be smuggled into the Fresno County Jail.

4 240. At approximately 7:15 PM, **D. MURPHY** again used the Fresno County Jail video call
 5 system to call **B. MURPHY**, who handed the phone to **RUVALCABA**. **D. MURPHY** explained to
 6 **RUVALCABA** that, “it needs to be as thin as possible.” **RUVALCABA** agreed and panned the camera
 7 to show **SANDOVAL** and **A. GUEVARA** within the room where the narcotics are being packaged.
 8 Later in the call, **D. MURPHY** called to an incarcerated person within **D. MURPHY**’s housing unit to
 9 assist with directing **RUVALCABA** on properly packaging the narcotics. **D. MURPHY** handed this
 10 incarcerated person the phone and is identified as Ricardo **NUNEZ**. I identified **NUNEZ** by his prior
 11 booking photos. **NUNEZ** stated, “put em in saran wrap and just tape em” and that the hole is “like a
 12 Gatorade cap.” I believe **NUNEZ** was providing **RUVALCABA** with direction and insight as to how to
 13 package the narcotics. **SANDOVAL** and **RUVALCABA** are observed taping the rope shaped object in
 14 full view of the camera. Later in the call, **D. MURPHY** asked, “who’s the little homie you’re with?”
 15 **RUVALCABA** then handed **A. GUEVARA** the phone who introduced himself by stating, “I’m Action,
 16 from Coalinga to Huron” to which **D. MURPHY** stated, “I’m Fujo from 5th.”

17 241. I believe this video call further corroborated the fact that **RUVALCABA**, **SANDOVAL**,
 18 **B. MURPHY**, and **A. GUEVARA** clearly conspired together to package narcotics to be smuggled into
 19 the Fresno County Jail. This video call ended at 7:25 PM.

20 242. At approximately 7:45 PM, two individuals were observed exiting the Murphy residence
 21 and walked toward the Honda sedan, one of which was a male holding a backpack. The Honda then
 22 departed the residence and was followed until it arrived at the Fresno County Jail.

23 243. At 7:57 PM, members of the investigative team continued to physically surveil the Honda
 24 and watched as **RUVALCABA**, **SANDOVAL**, and **A. GUEVARA** exited the Honda and loitered near
 25 the intake sally port for the Fresno County Jail. During this time, **A. GUEVARA** was manipulating a
 26 backpack that had been taken out of the Honda, which he eventually gave to **SANDOVAL**. It should be
 27 noted that this process took over an hour, and **SANCHEZ** was intercepted on jail calls during this period
 28 speaking with **A. GUEVARA** (and other individuals); based on the language being used in the call, it

1 was clear that **SANCHEZ** and his associates within the Fresno County Jail were attempting to lower
2 something down to a level where it would be accessible to **A. GUEVARA** and **SANCHEZ**'s other
3 associates. Based on the observations being made by the investigative team, as well as all the previous
4 calls, I believe that **SANCHEZ** and his associates inside of the jail were attempting to lower a string to
5 **A. GUEVARA** and other individuals with him; **A. GUEVARA** was supposed to tie the string to one
6 end of the "necklace" referenced above by **LOPEZ**, at which point **SANCHEZ** and his associates
7 would pull the string and the "necklace" up through the hole in the jail's wall.

8 244. Fresno County Sheriff's Deputies contacted **SANDOVAL**, who immediately took flight
9 and disobeyed the Deputy's commands. **SANDOVAL** threw the backpack while being pursued and was
10 eventually apprehended. **SANDOVAL** was identified by his California identification card and was
11 advised of his rights pursuant to the Miranda decision. **SANDOVAL** expressed remorse for fleeing
12 from Deputies but would not speak on the contents of the backpack that he threw during the foot pursuit.
13 **PLASENCIA**, **RUVALCABA**, and **A. GUEVARA**, reentered the Honda sedan and attempted to leave
14 the scene but were detained during a vehicle stop. **RUVALCABA** and **PLASENCIA** were identified
15 by their California identification cards, while **A. GUEVARA** was identified by his verbal statements
16 which were corroborated by **A. GUEVARA**'s California DMV photograph. The backpack **A.**
17 **GUEVARA** was observed with at 7:57 PM and that **SANDOVAL** later possessed and threw, was seized
18 and searched. Members of the investigative team located what appeared to be numerous straws which
19 were filled with narcotics and duct taped together into a strand approximately 20 feet long, similar to the
20 rope shaped object in the video calls detailed above.

21 ///

22 ///

23 ///

24 ///

25 ///

26 ///

27 ///

28 ///

FIGURE 1: Photograph taken by Fresno County Sheriff's Deputies of the rope shaped apparatus located in the backpack.

245. Both **A. GUEVARA** and **RUVALCABA** were wearing the same outfits as observed in the video call just hours prior. **SANDOVAL** was arrested and booked at the Fresno County Jail for the contents of the backpack, due to the fact that **SANDOVAL** possessed the backpack at the time of detention and fled from Deputies. The contents of the rope shaped object were submitted to the Fresno County Sheriff's Office Forensic Laboratory and determined to be methamphetamine (6.864 grams), marijuana (3.661 grams), and heroin (23.498 grams).

246. Based on all of the above, I believe **SANCHEZ** and **D. MURPHY** coordinated the collection of narcotics and contraband to be smuggled into the Fresno County Jail. I believe **PLASENCIA** transported **RUVALCABA** and **A. GUEVARA** to the residence of **B. MURPHY** and **SANDOVAL**, where they packaged the narcotics to be trafficked. Finally, I believe **RUVALCABA**, **SANDOVAL**, **A. GUEVARA** and **PLASENCIA** transported the narcotics, to the Fresno County Jail and attempted to distribute the narcotics to **SANCHEZ** and **D. MURPHY**, conspired to distribute and

1 possess with intent to distribute a controlled substance, in violation of 21 U.S.C. §§ 846, 841(a)(1).

2 7. **May 12, 2025 – SANCHEZ, FELISCIANO, ESCOBEDO, PULIDO,**
3 **GARCIA, L. PLASENCIA, B. MURPHY, D. MURPHY, RUVALCABA, and**
4 **SANDOVAL Procured a Pound of Methamphetamine, and Conspired to**
5 **Distribute and Possess with Intent to Distribute Controlled Substances into a**
6 **Custodial Facility**

7 247. On May 12, 2025, the investigative team became aware that **SANCHEZ** and **D.**
8 **MURPHY**, while housed in the Fresno County Jail, conspired to smuggle contraband, to include
9 methamphetamine and heroin, into the Fresno County Jail. Specifically, the team became aware that
10 **SANCHEZ** and **D. MURPHY** coordinated the operation from custody over the recorded and monitored
11 phone system and video call system, while **ESCOBEDO, FELISCIANO, GARCIA, B. MURPHY,**
12 **RUVALCABA, and SANDOVAL** procured, packaged, transported, and attempted to distribute the
13 contraband to **SANCHEZ** and **D. MURPHY** within the Fresno County Jail.

14 248. During this conspiracy, **SANCHEZ** coordinated the procurement of a pound of
15 methamphetamine from an unknown male (UM65). **ESCOBEDO** brokered this procurement, while **L.**
16 **PLASENCIA** assisted in the transportation of it, and **FELISCIANO** packaged it to be sold after it was
17 obtained.

18 249. I know based on my training and experience, including conversations with investigators
19 familiar with the Fresno County Jail, that incarcerated persons within the Fresno County Jail have been
20 bringing contraband into the facility through holes that ran from the housing units to the outer grounds
21 of the facility. Investigators found that incarcerated persons would throw a “line” through these holes,
22 and that individuals outside of the facility would tie contraband onto the line as the incarcerated persons
23 pulled the contraband through the holes and into facility. This manner of bringing contraband into the
24 facility became commonly referred to as “fishing.”

25 ///

26 ///

27 ///

28 ///

FIGURE 2: Photograph taken by FSO Sgt. J. Guzman on May 13, 2025 depicting holes in the Fresno County Jail.

250. On May 12, 2025, at 11:33 AM, **D. MURPHY** used the Fresno County Jail phone system to place a video call⁵⁵ to **B. MURPHY**. **D. MURPHY** was identified by prior booking photographs of **D. MURPHY**, while **B. MURPHY** was identified by her California driver license photograph. The video call began as **B. MURPHY** was observed in the video call manipulating an unknown object off camera. **D. MURPHY** asked **B. MURPHY**, “which one is messed up?” **B. MURPHY** then produced a handful of multi-colored straw shaped items that were interconnected and showed them to **D. MURPHY**.

FIGURE 3: Screenshot of the video call between **D. MURPHY** (left) and **B. MURPHY** (right).

⁵⁵ This video call system is an application based system which requires users, both in and out of custody, to create a profile within the application to accept video calls and messages. This application advises users that these video calls are monitored and recorded.

1 251. I believe this video call showed **B. MURPHY** was assembling a device which could be
 2 used to traffic contraband into the Fresno County Jail, at the direction of **D. MURPHY**.

3 252. At approximately 1:01 PM, **SANCHEZ** used the Fresno County Jail phone system to call
 4 (559) 401-8633 utilized by **FELISCIANO**. The following is a transcript of the call, beginning at the
 5 3:41 minute mark:

NAME	TRANSCRIPTION
[BEGINNING OF CONVERSATION]	
FELISCIANO	On a different note – um – Regal?
SANCHEZ	Yes, my ninja.
FELISCIANO	He came this morning, to try to come in, pick up some candy bags and um...
SANCHEZ	But it was, yeah but the candy bags were not – did you get – what were [UI] that shit was all papas. Yeah, but I don't have that much candy bags to be giving I thought...
FELISCIANO	Yeah, but he had it – to pay for it. Because big cousin didn't want to give it to him.
SANCHEZ	Ok, what did he – what did he – what did he pay for? What did he take?
FELISCIANO	For uh – burrito.
SANCHEZ	Oh, ok – ok.
...	[The call continues as the two speak about the events of the night prior until the call ends at the 6:38 minute mark].
[END OF CONVERSATION]	

14 253. I know from my training and experience that “Regal” is the street moniker of
 15 **RUVALCABA**, who **SANCHEZ** subsequently called “my ninja” during this call. I know that members
 16 of the **ENTERPRISE** refer to narcotics utilizing terms and phrases that describe food. In this call, I
 17 believe the phrase, “candy bags” actually means “narcotics.” I also know “big cousin” to be
 18 **GONZALES**. I know the term, “burrito” to be commonly used by the **ENTERPRISE** and actually
 means, “an ounce of methamphetamine.”

19 254. I believe **FELISCIANO** communicated to **SANCHEZ** that **RUVALCABA** came to
 20 **FELISCIANO**’s residence and purchased an ounce of methamphetamine. At approximately 1:49 PM,
 21 **SANCHEZ** used the Fresno County Jail phone system to call (559) 401-8633 (TT 8633) utilized by
 22 **FELISCIANO**. **SANCHEZ** then asked **FELISCIANO** to set up a 3-way call with **RUVALCABA**⁵⁶
 23 on (559) 210-2375⁵⁷ (TT21). The following is a transcript of the call, beginning at the 1:40 minute

24
 25 ⁵⁶ This transaction was captured on the pen-register trap and trace device installed on (559) 401-8633 utilized by
 26 **FELISCIANO**.

27 ⁵⁷ I entered (559) 210-2375 into “CashApp,” a commonly used money sending mobile phone application, which
 28 indicated that (559) 210-2375 was associated with the account name “Rodrigo Torres” and the account handle “\$regal15SJ”.
 I know from my training and experience that it is common for San Joaquin Ruthless Perros (SRP) use “SJ” to represent “San
 Joaquin.” I also know that **RUVALCABA**’s is an SRP Bulldog criminal street gang member who goes by the street moniker
 of “Regal.” Based on the CashApp account name and handle, corroborated by the intercepted and monitored calls, and law
 enforcement databases, I believe the user of (559) 210-2375 is **RUVALCABA**

1 mark:

2	NAME	TRANSCRIPTION	
	[BEGINNING OF CONVERSATION]		
3	SANCHEZ	My ninja.	
4	RUVALCABA	Hey, yes.	
5	SANCHEZ	My ninja, real quick right – I need you to do me a paro right. Cuz, my little niece, she's over there in uh – right here in the no town right.	
6	RUVALCABA	Uh huh [in affirmation]	
7	SANCHEZ	And she doesn't know where the – where the theater is at like that. You hear me?	
8	RUVALCABA	Ok.	
9	SANCHEZ	Can you – can you make a sister and – show her the theater and everything – and then um – make sure goes in the – um – she goes in the movie theater? Cuz she's only uh – she's only uh – 14 years old. Do you hear me?	
10	RUVALCABA	Yeah.	
11	SANCHEZ	But I just wanna make sure that her butt goes to the theater right. And, you know what I mean? Cuz it's her and her friends.	
12	RUVALCABA	Ok.	
13	SANCHEZ	And then my tia, she's not – she's not around – my tia is – uh – she's active, she's got work. So I just want to make sure that – you know what I mean? My little – my little niece and her little friends, they go in the movie theater and they go in there safe you know what I mean?	
14	RUVALCABA	Yeah, yeah.	
15	SANCHEZ	That's all I need you to do.	
16	RUVALCABA	Ok.	
17	...	[The call continued as the two spoke about coordinating a ride for RUVALCABA before RUVALCABA left the call. SANCHEZ and FELISICIANO continued their conversation until the call ends at the 14:57 minute mark].	
		[END OF CONVERSATION]	

16 255. I know from my training and experience that incarcerated persons will use coded
 17 language, especially when communicating on recorded jail phone lines, in an attempt to thwart law
 18 enforcement's ability to arrest and prosecute them for trafficking illicit narcotics. I know that
 19 **SANCHEZ** calls **RUVALCABA** "my ninja." I also know that the term, "paro" is a Spanish slang term
 20 that translates to "a favor" in the English language⁵⁸. I know that when **SANCHEZ** stated, "my little
 21 niece" "she's in the no town right," **SANCHEZ** used coded language to communicate that **B.**
 22 **MURPHY** (Niece⁵⁹) resides in the City of Fresno (no town). I also believe that the term, "theater" in
 23 this coded message referred to the Fresno County Jail. I base this belief on my experience gained during
 24 a similar scheme in which **SANCHEZ** attempted to traffic narcotics into the Fresno County Jail on May
 25 8, 2025. During this prior attempt, **RUVALCABA** was identified by **SANCHEZ** as having the

26 ⁵⁸ Spanish speaking members of the investigative team corroborated this translation.

27 ⁵⁹ There is not a familial connection between **B. MURPHY** and **SANCHEZ**. I believe "Niece" to be **B. MURPHY**
 28 based on my training, experience and context gained from prior efforts to smuggle narcotics into the Fresno County Jail
 perpetrated by **SANCHEZ**, **D. MURPHY** and their associates.

1 knowledge of where to stand outside of the Fresno County Jail to effectively traffic the contraband into
 2 the facility.

3 256. I believe **SANCHEZ** communicated to **RUVALCABA** that **SANCHEZ** needed
 4 **RUVALCABA** to show **B. MURPHY** where the “fishing” holes were located in the Fresno County Jail,
 5 so that **B. MURPHY** could distribute contraband into the Fresno County Jail effectively.

6 257. At approximately 4:06 PM, **D. MURPHY** used the Fresno County Jail phone system to
 7 call (559) 908-8713 (TT 8713) utilized by **B. MURPHY**. The following is a transcript of the call,
 8 beginning at the 2:01 minute mark:

	[BEGINNING OF CONVERSATION]
9	
10	D. MURPHY Ok, so where you at?
11	B. MURPHY Outside in Aladdin.
12	D. MURPHY Did you guys uh – did Mariah give you the pens?
13	B. MURPHY Yeah.
14	D. MURPHY Did you put em on?
15	B. MURPHY Um, yeah.
16	D. MURPHY Do you have it with you?
17	B. MURPHY No.
18	D. MURPHY [exhales in annoyance] Ok, look sister...
19	B. MURPHY What?
20	D. MURPHY You hear me?
21	B. MURPHY Yeah, I hear you.
22	D. MURPHY We’re going to have to – um – We’re going to have to break the law. I’m going to need you to break the law for me – with me – ok?
23	B. MURPHY I’mma have to do it?
24	D. MURPHY Yep.
25	B. MURPHY Oh my God.
26	D. MURPHY It’s going to be really simple sister, you hear me?
27	B. MURPHY No...
28	D. MURPHY Ok.
29	B. MURPHY Alright – alright it’s good, I’ll do it.
30	D. MURPHY Nope, you already said no.
31	B. MURPHY It’s ok, I’ll just do it.
32	D. MURPHY Nope. I’ll call you back, I’m going to find – um – I’m going to call you back right now.
33	B. MURPHY Alright.
	[END OF CONVERSATION]

24 258. Based on my training and experience, I know “Aladdin” to be a bail bonds establishment
 25 located directly across the street from the Fresno County Jail. I know that “pens” is short for “vape
 26 pens” that can contain controlled substances. I believe **B. MURPHY** to be **D. MURPHY**’s sister based
 27 on the fact that **D. MURPHY** called **B. MURPHY** share a common last name, as well as the fact that **D. MURPHY**
 28 called **B. MURPHY** “sister” in prior jail calls.

29 259. I believe **D. MURPHY** called **B. MURPHY** to ask if **B. MURPHY** received the vape

1 pens from **M. MURPHY**, and if **B. MURPHY** had packaged them to be smuggled into the Fresno
 2 County Jail. **B. MURPHY** related she obtained the vape pens and packaged them to be smuggled,
 3 however she did not have the packaged contraband at the time of this call. I believe that when **D.**
 4 **MURPHY** told **B. MURPHY** "I'm going to need you to break the law for me," **D. MURPHY**
 5 communicated that he needed **B. MURPHY** to personally smuggle the contraband into the Fresno
 6 County Jail on **D. MURPHY**'s behalf.

7 260. At approximately 5:14 PM, the investigative team intercepted a call between
 8 **RUVALCABA** on (559) 210-2375 (TT21) and **ESCOBEDO** on (831) 596-0869 (TT3). The following
 9 is a transcript of the call:

NAME	TRANSCRIPTION
[BEGINNING OF CONVERSATION]	
ESCOBEDO	I'm not going to say. [UI].
RUVALCABA	Hey – Hey jenna...
ESCOBEDO	Yes.
RUVALCABA	Ok so – ok look, you hear me? SANCHEZ heard in the background of RUVALCABA 's line, likely on a separate phone's external speaker].
SANCHEZ	Tell her – why the fuck is that shit not uh – um – fulled up! What was [UI].
RUVALCABA	Hey you hear him?
SANCHEZ	Tell her...
ESCOBEDO	Yeah.
SANCHEZ	Come on man – Jen – ninjetta – of all the mother fucking people, why is that shit not filled up!
...	[SANCHEZ continued to berate ESCOBEDO for making SANCHEZ look dumb in front of other people. ESCOBEDO explained the situation to SANCHEZ beginning at the 00:39 second mark].
ESCOBEDO	I filled the ones that I could fill. Me and Gracie finished doing the ones we could fill and then he told us to leave and then I did what I could do. And then the other ones that are empty – the ones – is because some of the – some of the black shirts got inside of the one – so I didn't put nothing in it. And the other ones have two or three of the black shirts. But we couldn't get them in and they were starting to melt.
...	[SANCHEZ goes on to express his frustration with ESCOBEDO as the call ended at the 1:21 minute mark].
	[END OF CONVERSATION]

22 261. I know from my training and experience that "Jen" or "ninjetta" are ways **SANCHEZ**
 23 identifies **ESCOBEDO**. I believe that when **SANCHEZ** asked, "why is that shit not filled up"
 24 **SANCHEZ** was referring to the fact that the "straws" to be smuggled into the Fresno County Jail were
 25 not filled with contraband to **SANCHEZ**'s liking. I know "Gracie" to be Gracie **PULIDO**. I also know
 26 "black shirts" are synonymous with "heroin."

27 262. I believe **RUVALCABA** possessed two phones or devices during this call and was
 28

1 speaking with **SANCHEZ** on a second phone or device which **RUVALCABA** used to simultaneously
 2 call **ESCOBEDO** on (831) 596-0869 (TT3). **SANCHEZ** then expressed his frustration that
 3 **ESCOBEDO** and **PULIDO** did not fill the “straws” completely with narcotics to be smuggled into the
 4 Fresno County Jail. **ESCOBEDO** went on to defend **PULIDO** and herself and stated that **ESCOBEDO**
 5 and **PULIDO** packaged what narcotics they had available to them at the time, which included heroin.

6 263. At approximately 5:31 PM, **SANCHEZ** used the Fresno County Jail phone system to call
 7 **ESCOBEDO**, on (831) 596-0869 (TT3). During the call, **SANCHEZ** asked **ESCOBEDO** if she
 8 remembered an individual that **SANCHEZ** and **ESCOBEDO** “dropped off at McDonald’s.”
 9 **SANCHEZ** continued and asked **ESCOBEDO** if the individual “had food.” **ESCOBEDO** replied that
 10 she was not sure. **SANCHEZ** then asked **ESCOBEDO** about “Big Cousin.” **ESCOBEDO** related that
 11 **SANCHEZ** called **ESCOBEDO** the other day, and **ESCOBEDO** believed that the individual did “have
 12 food.”

13 264. Based on my training and experience, I am aware that narcotics traffickers often use
 14 vague and innocuous language to refer to narcotics in an effort to hide their illegal activity from law
 15 enforcement. In this call, I believe that **SANCHEZ** was using the word “food” to refer to narcotics and
 16 asked **ESCOBEDO** if “Big Cousin” was supplied with narcotics that **SANCHEZ** likely intended to
 17 purchase for further distribution. **SANCHEZ** directed **ESCOBEDO** to call this unidentified individual
 18 about the food. **ESCOBEDO** stated, “I think he said six but I’ll call him just to make sure” and put
 19 **SANCHEZ** on hold. Based on this statement, I believe that **ESCOBEDO** meant to relay that the drug
 20 supplier previously quoted a price of “six” or \$600 for a unknown quantity of a narcotic.

21 265. Immediately following the direction from **SANCHEZ**, **ESCOBEDO**, using (831) 596-
 22 0869 (TT3), called (559) 753-3713 (TT3713) utilized by an unidentified male, hereinafter referenced as
 23 “UM65”. **ESCOBEDO** asked UM65 if he “had anything available”.

24 266. Based on the conversation with **SANCHEZ** and the prior conversations between
 25 **ESCOBEDO** and UM65, I believe that **ESCOBEDO** asked UM65 if he had any narcotics available for
 26 distribution. UM65 asked **ESCOBEDO** what she needed, and **ESCOBEDO** said that she needed
 27 “eight.” UM65 clarified “a half” and said that he, “got it but it’s going to be six though.”

28 267. Based on my training and experience, I believe that **ESCOBEDO** meant that she, on

1 behalf of **SANCHEZ**, wished to purchase eight ounces of a narcotic, which UM65 clarified meant a half
2 pound. I believe UM65 meant that he was supplied with the narcotic, but it would cost \$600. Based on
3 my training and experience, I am aware that \$600 is consistent with the price of a half pound of
4 methamphetamine in the Central Valley of California. Therefore, I believe **ESCOBEDO** asked UM65
5 for a half pound of methamphetamine and UM65 relayed that he could supply the drug for \$600.
6 **ESCOBEDO** then told UM65 that **ESCOBEDO** would “jump over really quick and tell him,” which I
7 believe meant that **ESCOBEDO** would reconnect with **SANCHEZ** who was on hold and relay the price
8 of the methamphetamine.

9 268. **ESCOBEDO** then placed UM65 on hold and rejoined the original call with **SANCHEZ**.
10 **ESCOBEDO** relayed to **SANCHEZ** that it was “eight for six.” Based on my training and experience
11 and the context from the prior conversation between **ESCOBEDO** and UM65, I believe that
12 **ESCOBEDO** meant to relay that UM65 would sell a half pound of methamphetamine for \$600.
13 **SANCHEZ** asked **ESCOBEDO**, “what if I wanted a fully?” Based on my training and experience, I
14 believe **SANCHEZ** asked **ESCOBEDO** what the price would be if **SANCHEZ** purchased a full pound
15 of methamphetamine. **ESCOBEDO** related that she would ask and put **SANCHEZ** on hold again.

16 269. **ESCOBEDO** rejoined the call with UM65. **ESCOBEDO** told UM65, “he said how
17 much would it be for a whole one.” Based on my training and experience, I believe that a “whole one”
18 referred to a whole pound of methamphetamine. UM65 replied that he did not have a “whole one” right
19 now. UM65 said he had four the other day but now he only had “one.” UM65 said he did not know if he
20 could get “another one” right now. Based on the comment, I believe UM65 meant that he previously
21 was supplied with four pounds of methamphetamine, but now only had one remaining, which UM65
22 was unable to sell to **SANCHEZ**. I believe UM65 meant to relay that he was unsure if he could acquire
23 another pound of methamphetamine from whoever supplied UM65 which UM65 could then use to
24 supply **SANCHEZ**. **ESCOBEDO** related that she would speak again with **SANCHEZ** and put UM65
25 back on hold.

26 270. **ESCOBEDO** rejoined the call with **SANCHEZ**. **ESCOBEDO** relayed that “he just has
27 that right now” and that “he just has one.” Based on the prior conversation, I believe **ESCOBEDO**
28 meant to relay that UM65 only had a supply of one pound of methamphetamine and was only willing to

1 sell the half pound of methamphetamine previously discussed to **SANCHEZ**. **SANCHEZ** told
 2 **ESCOBEDO**, “I want it, tell him I’ll work my way over there and get it.” Based on the comment (and
 3 detailed further below in subsequent calls), I believe that **SANCHEZ** meant that he wanted to purchase
 4 the whole pound of methamphetamine that UM65 had, and **SANCHEZ** would send a member of the
 5 **ENTERPRISE** to UM65’s location to complete the transaction.

6 271. **ESCOBEDO** then placed **SANCHEZ** on hold and rejoined the call with UM65.
 7 **ESCOBEDO** told UM65, “we’ll take it.” UM65 agreed and the call was ended. Shortly after, at
 8 approximately 5:39 PM, UM65, using (559) 753-3713 (TT3713), called **ESCOBEDO**, using (831) 596-
 9 0869 (TT3). UM65 asked **ESCOBEDO** how long it would take for them to get “here,” which I believe
 10 meant UM65’s location to complete the drug transaction. **ESCOBEDO** relayed that “she” was coming
 11 to pick her up and it should not take more than an hour. UM65 asked **ESCOBEDO** if “he” was still in
 12 Fresno, and **ESCOBEDO** said, “yes.” UM65 said, “damn so you can’t even talk to him right now.”
 13 Based on the comment, I believe that UM65 asked about **SANCHEZ**, who was temporarily housed at
 14 Fresno County Jail and did not have access to his contraband prison phone which **SANCHEZ** normally
 15 used to communicate. UM65 continued and said, “it’s a fresh one, if you guys want, I won’t even open
 16 it.” Based on my training and experience, I believe that UM65 meant that he had not opened the pound
 17 of methamphetamine that **ESCOBEDO** intended to purchase on behalf of **SANCHEZ**. This was clearer
 18 when UM65 continued and said, “it’s packaged the way they bring it across the border.” Based on my
 19 training and experience, I believe that UM65 meant that the methamphetamine was in the packaging in
 20 which it was wrapped when the pound was smuggled into the United States. UM65 continued and said,
 21 “if you want it, I’ll do it for eleven right now.” Based on my training and experience, I believe that
 22 UM65 meant that he would sell the pound of methamphetamine to **ESCOBEDO** who represented
 23 **SANCHEZ** for \$1,100. **ESCOBEDO** asked UM65 to “give her a couple minutes” and she would get
 24 back to UM65.

25 272. Shortly after, at approximately 5:53 PM, **ESCOBEDO**, using (831) 596-0869 (TT3),
 26 received a call from **SANCHEZ** on the Fresno County Jail phone system. During the call, **ESCOBEDO**
 27 told **SANCHEZ** that “Big Cousin has that one right now...and he hasn’t even opened it or nothing.”
 28 Based on the previous calls, I believe **ESCOBEDO** meant to relay that UM65 had an unopened pound

1 of methamphetamine that **SANCHEZ** could purchase. **SANCHEZ** told **ESCOBEDO** to tell UM65 that
 2 **SANCHEZ** “wanted it” but told **ESCOBEDO** that **SANCHEZ** would have to give “the rest” to UM65
 3 on CashApp. Based on the comment, I believe that **SANCHEZ** intended to purchase the pound of
 4 methamphetamine from UM65 and would provide some of the \$1,100 payment in cash and would send
 5 the remaining balance through a Cashapp account. **ESCOBEDO** told **SANCHEZ** to send it to a third-
 6 party female’s CashApp. **SANCHEZ** said he could do that and to tell UM65 “yes”.

7 273. **SANCHEZ** asked **ESCOBEDO** to tell his “primo” to send his “comadre four hundred,”
 8 which would allow them to get a “full thing instead half of one.” I believe that in this comment,
 9 **SANCHEZ** was instructing **ESCOBEDO** on how to procure funds so the **ENTERPRISE** could
 10 complete the transaction for the whole pound of methamphetamine. **SANCHEZ** and **ESCOBEDO**
 11 continued to discuss facilitating funds and **SANCHEZ** told **ESCOBEDO** to put his “Primo” on the line.
 12 Based on my knowledge of the investigation, I am aware that **SANCHEZ** referred to Benny
 13 **GONZALES** as his “primo.” Shortly after, a male voice I recognize as **GONZALES** from numerous
 14 prior intercepts was merged into the call. **SANCHEZ** asked **GONZALES** about an account, and the call
 15 was dropped.

16 274. At approximately 6:04 PM, **ESCOBEDO**, using (831) 596-0869 (TT3), received another
 17 call from **SANCHEZ** on the Fresno County Jail phone system. During the call, **ESCOBEDO**,
 18 **SANCHEZ**, and an additional male voice which I recognized as Benny **GONZALES** were connected.
 19 I have reviewed hundreds of calls in which **GONZALES** was intercepted on (559) 961-6401(TT5)
 20 during the course of this investigation. Based on this past experience listening to **GONZALES**’ voice, I
 21 recognized **GONZALES**’ voice as the male voice that joined this call. **SANCHEZ** directed
 22 **GONZALES** to “send 400 to my prima’s chime.” I know from my training and experience that
 23 “Chime” is a mobile banking application. I also know that “prima” is a name by which **SANCHEZ**
 24 identifies **FELISCIANO**. **SANCHEZ** spoke again with **ESCOBEDO** later in the call. **SANCHEZ** and
 25 **ESCOBEDO** discussed “Jay” who owed **SANCHEZ** “one seventy-five,” which I believe meant \$175.
 26 **SANCHEZ** said that if “Jay” owed that much money, then “Jay” owed **SANCHEZ** some rides. Based
 27 on the comment, the investigative team believed that **SANCHEZ** planned to use “Jay’s” vehicle to
 28 complete the narcotics transaction. The investigative team believed that “Jay” likely referred to an

1 uncharged co-conspirator, who was known to operate a white Honda sedan. **SANCHEZ** told
 2 **ESCOBEDO**, “All I want is Susanna in the car, that’s my main thing.” **SANCHEZ** continued and said,
 3 “Regal is going to meet the home girl and we’re going to do it like that.” Based on the comment, I
 4 believe **SANCHEZ** was indicating that he wanted “Susanna” to be enroute to complete the drug
 5 transaction as soon as possible. I know from my training and experience that “Regal” is the street
 6 moniker of Rodrigo **RUVALCABA**.

7 275. At approximately 6:20 PM, **ESCOBEDO**, using (831) 596-0869 (TT3), received an
 8 incoming voice call from **SANCHEZ** on the Fresno County Jail phone system. **ESCOBEDO** told
 9 **SANCHEZ** that “everyone’s here.” **SANCHEZ** asked if “what’s her name was here,” and
 10 **ESCOBEDO** affirmed that she was. Based on the prior calls, I believe that the female **SANCHEZ** was
 11 clarifying was present was “Susanna.” **SANCHEZ** said, “Let’s rock and roll” and asked **ESCOBEDO**
 12 to call “Regal.” Based on my knowledge of the investigation, I am aware that “Regal” referred to
 13 Rodrigo **RUVALCABA**. **ESCOBEDO** added a male to the call who I believe was **RUVALCABA**.
 14 **SANCHEZ** introduced “Susanna” to **RUVALCABA**.

15 276. At 6:30 PM, **D. MURPHY** used the Fresno County Jail phones to complete a video call
 16 to **B. MURPHY**. During this call, **D. MURPHY** asked **B. MURPHY**, “where’s the whatchamacallit
 17 at?” **B. MURPHY** responded, “the stuff?” **D. MURPHY** then stated, “Yep” “did we put some pens on
 18 there?” To which **B. MURPHY** stated, “yeah” “still working on it.” **B. MURPHY** then handed
 19 **RUVALCABA** the phone and **RUVALCABA** and **D. MURPHY** spoke while **RUVALCABA**
 20 manipulated an object out of the camera’s view. **RUVALCABA** was identified from prior contacts with
 21 members of the investigative team, as well as **RUVALCABA**’s California Department of Motor
 22 Vehicles photograph. **D. MURPHY** then stated to **RUVALCABA**, “the plumas?” to which
 23 **RUVALCABA** responded, “yeah.” **D. MURPHY** then asked, “they’re small enough right?”
 24 **RUVALCABA** responded in affirmation and showed **D. MURPHY** the object that **RUVALCABA** was
 25 manipulating out of the camera’s view. This object was a rope shaped object and is pictured below:

26 ///

27 ///

28 ///

FIGURE 4: Screenshot of the video call between D. MURPHY (left) and RUVALCABA (right).

FIGURE 6: Screenshot of the video call between D. MURPHY (left) and RUVALCABA (right).

277. Based on my training and experience, I believe that the “whatchamacallit” **D. MURPHY** referenced is a rope shaped package of narcotics. I also believe, “the stuff” **B. MURPHY** referenced are narcotics and contraband. I know “pens” in the English language or “Plumas⁶⁰” in the Spanish language are vape pens that can contain controlled substances.

278. I believe this video call showed that **RUVALCABA**, an associate of **SANCHEZ**, and **B. MURPHY**, an associate of **D. MURPHY**, packaged narcotics and contraband to be trafficked into the Fresno County Jail at the direction of both **D. MURPHY** and **SANCHEZ**. I believe this video call demonstrated that **D. MURPHY** and **SANCHEZ** met personally within their housing unit⁶¹ and decided

279. ⁶⁰ Spanish speaking members of the investigative team corroborated this translation.

280. ⁶¹ Members of the investigative team searched jail records and found that both **SANCHEZ** and **D. MURPHY** were housed in MJ5B in the Fresno County Jail at this time.

1 to coordinate their efforts to bring narcotics into the Fresno County Jail.

2 279. At approximately 7:00 PM, physical surveillance was established in the area of
 3 **GONZALES'** residence located at 36946 Los Angeles Street, Huron, CA. The white Honda associated
 4 with an uncharged male was located in the area parked near the intersection of Apple Avenue and Los
 5 Angeles Street in the City of Huron. The investigative team observed two females sitting within the
 6 Honda sedan. Shortly after, the Honda sedan departed and stopped at a shopping complex in the City of
 7 Huron. Members of the investigative team identified **ESCOBEDO** exit the vehicle along with **L.**
PLASENCIA.

8 280. At approximately 7:30 PM, surveillance units observed **L. PLASENCIA** walk back to
 9 the white Honda and enter the driver's seat. Shortly after, **ESCOBEDO** returned to the vehicle and
 10 entered the passenger side of the vehicle. Members of the investigative team followed the Honda sedan
 11 as it navigated onto State Route 41 northbound towards the city of Fresno.

12 281. At 7:39 PM, **SANCHEZ** used the Fresno County Jail phones to call (831) 596-0869
 13 (TT3) utilized by **ESCOBEDO**. During this call, I believe **ESCOBEDO** was travelling in a vehicle as I
 14 could hear road noise in the background of the call. **ESCOBEDO** relayed to **SANCHEZ** that she was
 15 in "Save Mart" taking money out. **ESCOBEDO** and **SANCHEZ** confirmed that **ESCOBEDO** was
 16 with "comadre" and "chicana." **SANCHEZ** told **ESCOBEDO** that they needed to go to "Regal's"
 17 location and asked if they had "already picked up the food." Based on the prior conversations, I believe
 18 **SANCHEZ** was directing **ESCOBEDO** to meet up with **RUVALCABA** and asked if **ESCOBEDO** and
 19 those in her company had picked up the pound of methamphetamine from UM65. **ESCOBEDO** relayed
 20 that they did not yet but were on their way. **SANCHEZ** then stated, "my comadres going to take it back,
 21 make sure it is what it is you hear me?" Based on my training and experience, and in the context of the
 22 prior calls, **SANCHEZ** meant that **ESCOBEDO** and **L. PLASENCIA** should verify that the quantity of
 23 methamphetamine they received from UM65 was correct, and then his "comadre" would bring the
 24 narcotics back to Huron. I know from my training and experience that "comadre" is a name by which
 25 **SANCHEZ** identifies **L. PLASENCIA**. I also know that a "burrito" is an ounce of methamphetamine,
 26 and that "Susanna" is later identified as Susanna **GARCIA**.

27 282. At approximately 8:08 PM, members of the investigative team observed the Honda sedan

1 arrive at a specific address in Fresno, California. At 8:13 PM, **ESCOBEDO**, using (831) 596-0869
 2 (TT3), called UM65, on (559) 753-3713 (TT 3713). During the call, UM65 asked, “You here?”, and
 3 **ESCOBEDO** confirmed that she was. UM65 stated, “Alright, go to the garage, I’ll be right there.”
 4 Based on the prior calls between UM65, **ESCOBEDO**, and **SANCHEZ**, I believe that **ESCOBEDO**
 5 was at the location where **ESCOBEDO** and UM65 would complete the narcotics transaction for one
 6 pound of methamphetamine. Members of the investigative team observed a subject exit the Honda sedan
 7 and walk towards the garage following the call. At 8:20 PM, the Honda sedan departed the residence.
 8 Due to darkness, it was unclear who returned to the vehicle or if the subject was carrying an object.
 9 Based on the totality of the circumstances including the surveillance observations in conjunction with
 10 the pertinent interceptions, I believe that **ESCOBEDO** entered the garage of 2314 Terrace Avenue, met
 11 with UM65, and purchased a pound of methamphetamine.

12 283. Between 8:31 PM and 8:34 PM, the Honda sedan was observed by the investigative team
 13 arriving at the residence of **B. MURPHY** located at 632 Thorne Street in the City of Fresno.

14 284. At approximately 8:41 PM, the Honda sedan and a Toyota sedan left the residence of **B.**
 15 **MURPHY** in tandem. The investigative team observed the Honda sedan separate from the Toyota
 16 sedan, and the investigative team elected to stay with the Toyota sedan and observed it arrive at the
 17 Fresno County Jail. Concurrently, **SANCHEZ** used the Fresno County Jail phone system to call (831)
 18 596-0869 (TT3) utilized by **ESCOBEDO** at 8:53 PM. **ESCOBEDO** answered the phone and
 19 **SANCHEZ** asked **ESCOBEDO** to “hand her the phone.” A female is heard on the phone and
 20 **SANCHEZ** identified her as “Susanna.”

21 285. At approximately 8:55 PM, the investigative team observed three individuals exit the
 22 Toyota sedan and approach the jail. One of these individuals was a female who was holding a bag and
 23 was on the phone. Simultaneously, “Susanna”, using (831) 596-0869 (TT3), informed **SANCHEZ**, who
 24 was utilizing the Fresno County Jail Phone system, that she was unable to locate the string lowered from
 25 **SANCHEZ**’s and **D. MURPHY**’s housing unit. At 9:08 PM, Fresno County Sheriff’s Deputies
 26 detained the female holding the bag and the phone.

27 286. The female was verbally identified as Susanna **GARCIA**. **GARCIA** placed her open bag
 28 on a brick half wall during this detention and complied with the Deputy’s commands. Deputies noticed

1 a glass pipe within **GARCIA's** open bag. Deputies observed that the glass pipe had a burnt white
2 crystalline substance within it, consistent with methamphetamine. A probable cause search of
3 **GARCIA's** bag was conducted and Deputies discovered a 19-foot apparatus that had vape pens, a black
4 substance, a green substance, and a white crystalline substance, all of which were wrapped in plastic and
5 secured to the apparatus with layers of tape. These items are pictured below:

15 *Figure 7: Digital photograph taken by FSO Deputy E. Colegio.*

23 *Figure 8: Digital photograph taken by FSO Deputy E. Colegio.*

7 *Figure 9: Digital photograph taken by FSO Deputy E. Colegio.*

8 287. During the previously described detention of **GARCIA**, the Toyota sedan attempted to
 9 leave the scene, but was eventually stopped by law enforcement. **RUVALCABA** was driving the
 10 Toyota sedan and identified by his California identification card. **SANDOVAL, B. MURPHY,**
 11 **ESCOBEDO**, and an uncharged individual were occupants in the Toyota sedan and were identified
 12 verbally as well as by their California Department of Motor Vehicles photographs.

13 288. The contents of the rope shaped object were submitted to the Fresno County Sheriff's
 14 Office Forensic Laboratory and determined to be methamphetamine (46.178 grams), marijuana (2.088
 15 grams), Tetrahydrocannabinol (THC) (54.682 grams) and heroin with fentanyl (1.151 grams).

16 289. On the morning of May 13, 2025, **SANCHEZ** was transported from the Fresno County
 17 Jail back to the Salinas Valley State Prison. At 10:47 AM, members of the investigative team
 18 intercepted and monitored an outgoing call from **SANCHEZ** on (279) 386-7769 (TT6) to
 19 **FELISCIANO** on (559) 401-8633 (TT 8633). At the beginning of this call, **SANCHEZ** asked
 20 **FELISCIANO**, "did you make the 32?" To which **FELISCIANO** replied, "yes." I believe the "32"
 21 were 32 half ounce packages of methamphetamine that **FELISCIANO** made from the pound of
 22 methamphetamine procured from UM65. The conversation turned to the thwarted effort to smuggle
 23 narcotics into the Fresno County Jail at the 8:46 minute mark. The following is a transcript of the
 24 pertinent portions of that call:

NAME	TRANSCRIPTION
[BEGINNING OF CONVERSATION]	
SANCHEZ	I was so disappointed. That's why I was chewing out Jen.
FELISCIANO	I was mad too.
SANCHEZ	Because I said you guys did not fucking do what I said – how I said it – and I couldn't even – remember I can't talk in the County. I can't talk on that phone.

1	FELISCIANO	These were the words that you told me. For me to get everything to Jennifer that
2		she needed, and for me to go to sleep. That's what you told me. But I still sat right
3	...	there, and I still helped her.
4		[The call continues as the two speak about the events of the night prior until the call
5		turned to the procurement of the pound of methamphetamine at the 15:44 minute
6		mark.]
7	FELISCIANO	You should have seen the way they gave me the thing.
8	SANCHEZ	What thing?
9	FELISCIANO	I'm going to send you the picture, the – the- the cochina.
10	SANCHEZ	Ok, let me see.
11	...	FELISCIANO sent a multimedia message using (559) 402-8633 to SANCHEZ on
12		(279) 386-7769 (pictured below).
13		
14		
15		
16		
17		

Figure 10: Digital photograph taken by FSO Deputy E. Colegio.

19	FELISCIANO	And fucking – clean it and everything – like – It wasn't that hard like – it was easy
20		just for me but – it was like – I was like – what the fuck, what am I gonna do with
21		this shit. How do I do it. I put gloves on – I got napkins and I got a bag and I
22		fucking get it.
23	...	[The call continues as the two speak about the current inventory of narcotics at the
24		“thuggy,” as well as law enforcement being called at the bar. The call ended at the
25		59:43 minute mark.]

290. I know from my training and experience that “Jen” or “Jennifer” is Jennifer
 ESCOBEDO. I also know the “County” is the Fresno County jail. I know the term, “cochina” is used
 by members of the ENTERPRISE to describe methamphetamine.

291. I believe this call began as **FELISCIANO** and **SANCHEZ** blamed the failed smuggling
 operation on **ESCOBEDO** and those in her company. **SANCHEZ** discussed his inability to speak
 freely on the Fresno County Jail phone system, which I believe was due to the fact that these calls are

1 monitored and recorded. **FELISCIANO** then described how she gave, “everything to Jennifer that she
 2 needed.” I believe this indicated that **FELISCIANO** gave **ESCOBEDO** the narcotics that were seized
 3 the night before, and then stated, “I still helped her,” which I believe meant **FELISCIANO** helped
 4 **ESCOBEDO** package the narcotics to be smuggled into the Fresno County Jail.

5 292. The call then turned to the procurement of methamphetamine from UM65 as
 6 **FELISICANO** told **SANCHEZ** she would send **SANCHEZ** a photograph of the methamphetamine
 7 they received. **FELISCIANO** then sent an MMS to **SANCHEZ** that showed an unopened greasy
 8 plastic bag containing a white crystalline substance I recognized as methamphetamine.

9 293. Based on all of the above, I believe **SANCHEZ, L. PLASENCIA, D. MURPHY,**
 10 **ESCOBEDO, PULIDO, RUVALCABA, GARCIA, FELISCIANO, SANDOVAL** and **B.**
 11 **MURPHY**, conspired to distribute and possess with intent to distribute a controlled substance, in
 12 violation of 21 U.S.C. §§ 846, 841(a)(1).

13 8. **May 15, 2025 – SANCHEZ conspired with HERNANDEZ to distribute**
methamphetamine to ESCOBEDO, and conspired with RIOS to distribute
heroin to ESCOBEDO

15 294. During this conspiracy, **SANCHEZ** coordinated the procurement of heroin from Angel
 16 Soto **RIOS**.

17 295. On May 15, 2025, at 5:16 PM, **SANCHEZ**, using (279) 386-7769 (TT6), called **RIOS** on
 18 (559) 514-1768 (TT 1768). During this call, **SANCHEZ** asked **RIOS** if he had “Café” for sale. **RIOS**
 19 related he did and the two discussed the logistical details for **SANCHEZ**’s associates to meet **RIOS** for
 20 the procurement of “1.” **SANCHEZ** related he was already going to be in Fresno due to the fact that
 21 **SANCHEZ** was attempting to purchase narcotics from “the homie from San Joaquin” “R-Dog.” The
 22 call concluded as the two summarized their plans for the day. The following is a transcript of the call,
 23 beginning at the 2:25 minute mark:

	[BEGINNING AT 2:25 MINUTE MARK]
RIOS	I’m going to contact my people right now and make it happen, ok?
SANCHEZ	Yes!
RIOS	For the “café?”
SANCHEZ	Yes, yes. And it’s good “café” right? The fire, and the desire.
RIOS	It’s always fire and desire dog! You already know.
SANCHEZ	Ok. That’s right, that’s right. Let me handle business right quick and then I’ll holler at you. Oh, alright?

1	RIOS	Alright.
2	SANCHEZ	I just wanted to give you the heads up, thank you.
3	RIOS	Alright B.
4	SANCHEZ	K cool. K bye.
	[END of CALL]	

296. Based on my training and experience, I know that drug traffickers often use vague or
 5 innocuous language to describe narcotics to attempt to thwart law enforcement's ability to arrest and
 6 prosecute them. Therefore, I believe the term "café" is synonymous with heroin. I also believe that
 7 when **SANCHEZ** asked for "1," **SANCHEZ** was asking for an ounce of heroin. I know that the term,
 8 "fire" is used in popular culture to describe something that is of high quality. I also know the phrase,
 9 "holler at you" to mean to contact someone. I know the term, "B" is short for "Bulldog." I know "R-
 10 Dog" from "San Joaquin" to be the street moniker of **R. LOPEZ** who is a member of the San Joaquin
 11 Ruthless Perros Bulldog criminal street gang.

297. I believe this call indicated **SANCHEZ** intended to purchase narcotics from **R. LOPEZ**,
 13 as well as purchase heroin from **RIOS**, pending securing finances and a means of transportation to
 14 Fresno, CA.

298. At 7:26 PM, **SANCHEZ**, using (279) 386-7769 (TT6), received a call from **R. LOPEZ**,
 16 using (559) 519-8338 (TT20). Among other things, **SANCHEZ** and **R. LOPEZ** discussed during the
 17 call how **SANCHEZ** wished to purchase more methamphetamine from **R. LOPEZ**. The following is a
 18 transcript of the pertinent portions of that call beginning at the 5:54 minute mark:

19	NAME	TRANSCRIPTION	
20		[Beginning at the 5:54 minute mark]	
21	SANCHEZ	You have a "P" oh – you have a "P" right now?	
22	R. LOPEZ	That's all – that's what I was going to talk to you about right now and shit. Because I...	
23	SANCHEZ	Yeah.	
24	R. LOPEZ	This shit happens, this [UI] can happen and I had another [UI] this shit can happen right.	
25	SANCHEZ	Yes.	
26	R. LOPEZ	So – so – so – so I was like, the shit that – that end of the thing that I had left, that shit, well, my shit's gone, but I was thinking about getting more but then I'm like – not like – I'm barely trying not – proly not even thinking of getting more you know?	
27	SANCHEZ	Mm-Hmm [in affirmation]	
28	R. LOPEZ	But I – I got my person	
	SANCHEZ	Can you put me – can you do me a "paro?"	
	R. LOPEZ	Yeah, I got my homie. Like – um – that fool is touched in with it right?	

1	SANCHEZ	Mm-Hmm [in affirmation]
2	R. LOPEZ	The only thing is that fool – that fool fucking um – he said that, for the whole thing he'll do 11 but if you buy more than 1 he'll do it for 1 you know?
3	SANCHEZ	Ok so does he have 11 right now? I mean does he have 1 right now?
4	R. LOPEZ	Yeah he has one right now. I just got off the phone with him right now too and I told him the whole get down cuz I told him look, I don't even think I want to get more. And he's like why not? And I just all just – just – just you know cuz it comes with a lot of shit you know?
5	...	[The conversation continued as SANCHEZ reiterated his need for a "pound" and R. LOPEZ agreed on the price of \$1,100.
6		[Ending at the 7:15 minute mark]

299. I know from my training and experience that drug traffickers often abbreviate or shorten the phrases and terms they use to describe money and contraband. In this conversation, when the parties stated, they needed a "P" or "1" the parties actually meant a "pound", usually of narcotics. When they stated, "1100" or "for 1", it means for "\$1,100" or "\$1,000" respectively. I know that the term, "shit" is synonymous with "methamphetamine." I also know when **SANCHEZ** stated, "Paro", he meant a "favor." I know the phrase, "touched in with it" means an individual has a lot of narcotics.

300. Therefore, I believe this conversation demonstrated that **SANCHEZ** asked **R. LOPEZ** to procure a pound of narcotics on **SANCHEZ**'s behalf. **R. LOPEZ** replied that **R. LOPEZ** does not have any methamphetamine at the moment but could connect **SANCHEZ** with **R. LOPEZ**'s source of supply due to the fact that **R. LOPEZ** is not interested in procuring methamphetamine at this time. **R. LOPEZ** stated his source of supply is well stocked with methamphetamine, and per a recent conversation between **R. LOPEZ** and this source, this source of supply will sell a pound of methamphetamine for \$1,100 per pound, or \$2,000 for two pounds.

301. This call continued as **R. LOPEZ** offered to connect **SANCHEZ** with his source of supply and the parties discussed **SANCHEZ**'s needs and his methodology, including his use of his "ninjetta" who I know to be **ESCOBEDO** based on my knowledge of this investigation as discussed throughout this affidavit. **R. LOPEZ** then used (559) 519-8338 (TT20) to place an outgoing call to (559) 803-7096⁶² (TT16) which I believe is utilized by **Gilberto HERNANDEZ**. **R. LOPEZ** merged

62 On May 22, 2025, interceptions indicated that **Ignacio SANCHEZ** intended to utilize **Romona FELISCIANO** to purchase a quantity of "pink, blue, and white" methamphetamine from the user of (559) 803-7096. **HERNANDEZ** directed **SANCHEZ** to send **FELISCIANO** to a gas station in Lemoore, CA to complete the transaction. Surveillance units monitored a vehicle occupied by **FELISCIANO** as it met with a vehicle described by the user of (559) 803-7096 as his

1 the call with **SANCHEZ** with **HERNANDEZ**, as is set out in detail below. The following is a transcript
 2 of the pertinent portions of the conversation after that point:

3	[At approximately 10:03, HERNANDEZ joined the call. After 4 exchanging introductions and pleasantries, the conversation turned to HERNANDEZ 's narcotics supply.]
5	SANCHEZ So trip out, dog, this- this is- this is the thing: I need someone 6 consistent, right? I- I be doin' my thing. [stuttering] You can meet my- my- my, uh, girl, right? She's a girl. She's- she's my sidekick, dog. You know what I mean? [OV]
7	HERNANDEZ [OV] Okay.
8	SANCHEZ [stuttering] She does all my, um... She fucked with Big Joe, too, you know what I mean?
9	HERNANDEZ Okay. [OV]
10	SANCHEZ [OV] A few times. Yeah, so... um, this is- this is the thing, though: 11 uh, I'll go ahead and do the- do the eleven right now, but if we could work something like two for eighteen, I'll- I'll- I'll come through, uh, uh- I come through, dog... Every other- [OV]
12	HERNANDEZ [OV] [UI]
13	SANCHEZ -three- every other three days, every other four days I come through, dog. You know what I mean?
14	HERNANDEZ Yeah, yeah, yeah, yeah.
15	... [SANCHEZ then appeals to HERNANDEZ 's sense of common 16 membership in the Bulldog gang and indicates that other individuals will consider SANCHEZ a "good dude."]
17	SANCHEZ So can we do something like that after this one? Are you able to do stuff like that or not?
18	HERNANDEZ Uh, I could work with you [UI], but... eighteen for two... I probably could do, like, nineteen, you know what I mean?
19	SANCHEZ Yeah. Oka- [OV]
20	HERNANDEZ [UI]
21	SANCHEZ [UI] And I respect that, dog, I respect that. [SANCHEZ then spoke to himself in the background momentarily.] Alright. Alright, dog. I- I'll go ahead and, uh, uh, do that, uh, next time. I'll get one just to show you, dog: I don't play. I'll get one for eleven real quick.
22	... [SANCHEZ then discussed the other matters he was attending to at the time.]
23	SANCHEZ But, um, this is my thing, my dog: where would I have to meet you at?

24
 25 vehicle. Surveillance units positively identified the driver of the vehicle associated with (559) 803-7096 as **Gilberto**
 26 **HERNANDEZ**. Pertinent interceptions also indicated that **HERNANDEZ** had met with **FELISCIANO** and completed the
 27 transaction at the time of the surveillance observations. Following the transaction, surveillance continued to follow
 28 **FELISCIANO**'s vehicle. A traffic stop was eventually conducted, and **FELISCIANO** was identified in the vehicle.
 Additionally, following one of the surveilled narcotics transactions which was arranged with the user of (559) 803-7096, the
 user was observed operating a vehicle back to a residence located at 3542 West Michigan Avenue, Fresno, CA. According to
 open-source records, this residence is associated with **HERNANDEZ**. During the same transaction, the user of (559) 803-
 7096 identified himself to **SANCHEZ** as "G", which I believe was a moniker for **Gilberto HERNANDEZ**. Therefore, I
 believe the user of (559) 803-7096 is likely **HERNANDEZ**.

1	HERNANDEZ	Uh, honestly, dog, either- if it's during the day [UI] I- I drive around, dog, so... I drive around for work, so...
2	SANCHEZ	Yes.
3	HERNANDEZ	[UI] taking me to work. I be goin' all the way to Lemoore and shit, you know what I mean?
4	SANCHEZ	Oh, oh, that's you. I'm right there at Huron and Coalinga. That's- that's- that's my little- uh, Lemoore's only- [OV]
5	HERNANDEZ	[UI]
6	SANCHEZ	Yeah, Lemoore's only, like, twenty miles from- from our area, you hear me? I know Lemoore real good, you know?
7	...	[HERNANDEZ then discussed the various narcotics he can produce, including pills and cocaine, and he and SANCHEZ compared the prices that SANCHEZ currently paid for those items. SANCHEZ also detailed the different narcotics SANCHEZ distributed.]
10	HERNANDEZ	The- the only- the only thing I can fuck with you on, dog, is- is the... is the- the- the glass. I mean, the- the little windows, the powder, and the little blue things. [UI] That's all I got at my disposal, you know what I mean?
12	...	[SANCHEZ then inquired about the price for and quality of HERNANDEZ 's cocaine, and the parties began discussing mutual acquaintances. SANCHEZ also spoke how he would previously arrange to distribute large quantities of narcotics and HERNANDEZ again indicated that he was consistent.]
15	SANCHEZ	So, <i>spenca</i> , say your name again, dog. 'Cause I- I- I kinda- when I heard "Parkside" I- I didn't get your name right. I just heard the "park" and I was like, "Okay, that's the homie." Wh- what's [OV]
17	HERNANDEZ	[OV] "G."
18	SANCHEZ	"G." "G," alright.
19	HERNANDEZ	[The parties then again spoke about mutual acquaintances.]
20	SANCHEZ	But anyhoo, dog, let's- let's get back to this dog. I'm gonna leave right now to Fresno. Where- where- where can I, um, meet you at or something, dog?
21	HERNANDEZ	Um, ninety-nine and Clinton, dog.
22	SANCHEZ	Ninety-nine and Clinton? Okay. Ninety-nine and Clinton. A-a- um...dog, you don't mi- uh, <i>spenca</i> . Little R-Dog?
23	R. LOPEZ	Yeah?
24	SANCHEZ	Ey, ey, <i>spenca</i> , dog. Can you shoot me the homie's number and his address, dog, so I could have it?
25	R. LOPEZ	Um, I'll shoot you his number. I don't' know the address- [OV]
26	SANCHEZ	[OV] Okay. Just-
27	R. LOPEZ	[OV] [UI] a long time ago.
28	SANCHEZ	Sh- shoot me dog's number real quick, dog.
	...	[SANCHEZ then discussed the other drug conspiracies that he was orchestrating and HERNANDEZ indicated that he had also engaged in one of the same conspiracies. HERNANDEZ also asked for SANCHEZ 's number and SANCHEZ gave him (279) 386-7769, as well as identifying himself as both "Giddy" and

“Ninja.” **SANCHEZ** also asked for the address where his associates would meet **HERNANDEZ** and **HERNANDEZ** indicated that they would meet on a corner, at a taco stand. The parties also spoke about future plans to meet with each other. **SANCHEZ** thanked **R. LOPEZ** and the parties eventually terminated the call after exchanging more pleasantries.]

[END OF CONVERSATION]

5 302. Based on my training and experience, I know that drug traffickers very often attempt to
6 use vague or innocuous language to attempt to confuse law enforcement and avoid prosecution for their
7 illegal activity. Specifically, I know that they commonly refer both to their narcotics and to the price of
8 their narcotics by number only. For example, here, when **SANCHEZ** said he would “do the eleven” but
9 then wished to transition to “two for eighteen,” I believe he was stating that he would purchase one
10 pound of methamphetamine for \$1,100 but in the future wished to purchase two pounds of
11 methamphetamine for \$1,800. I also know that it is very common for drug traffickers to use the word
12 “window” or “glass” to refer to methamphetamine, “powder” to refer to cocaine, and “little blue things”
13 to refer to pills, most likely M-30 pills. Based on my training and experience, I know that \$1,100 for one
14 pound and \$1,900 for two pounds is consistent with the price of methamphetamine in California’s
15 Central Valley, that this is also not consistent with the price of cocaine, and that pills are generally not
16 measured by pounds. I therefore believe that the parties are discussing the price of pounds of
17 methamphetamine.

18 303. Therefore, I believe that **SANCHEZ** began this portion of the conversation by indicating
19 that he wanted to have a “consistent” narcotics distribution relationship with **HERNANDEZ**. Based on
20 the context of the conversation, I believe that **SANCHEZ** then indicated that he would be using his
21 “sidekick,” a female, to physically obtain the methamphetamine since he was in custody, indicated that
22 he was willing to purchase one pound for \$1,100, and asked to purchase two pounds for \$1,800 every
23 three to four days. **SANCHEZ** then attempted to appeal to **HERNANDEZ**’s sense of comradery, but
24 **HERNANDEZ** indicated that he was only willing to sell two pounds of methamphetamine for \$1,900.
25 **SANCHEZ** accepted the offer, and indicated that he would purchase one pound this time to show
26 **HERNANDEZ** that he was serious. **SANCHEZ** then asked where to meet and **HERNANDEZ**
27 indicated that he drives to Lemoore, CA frequently, at which point the parties discussed Lemoore, CA’s
28 vicinity to Huron, CA and Coalinga, CA, as well the various narcotics that **HERNANDEZ** could

1 produce. I believe **HERNANDEZ** then clarified that the only narcotics he had at his “disposal” were
 2 methamphetamine, cocaine, and blue pills. When **SANCHEZ** asked again for **HERNANDEZ**’s name,
 3 **HERNANDEZ** responded that he was known as “G,” which based on my training and experience I
 4 believe to be a moniker. After discussing other matters, **SANCHEZ** indicated that “he” was going to
 5 leave for Fresno, CA and again asked where “he” (i.e. **ESCOBEDO**) could meet **HERNANDEZ**;
 6 **HERNANDEZ** indicated that they could meet at “ninety-nine and Clinton.” Based on my training and
 7 experience, I know that State Route 99 runs through Fresno, CA and intersects with W. Clinton Avenue
 8 within the city limits. **SANCHEZ** then addressed **R. LOPEZ** and asked for **R. LOPEZ** to send
 9 **SANCHEZ** **HERNANDEZ**’s number and address. After **R. LOPEZ** indicated he would send
 10 **HERNANDEZ**’s number, **SANCHEZ**, **HERNANDEZ**, and **R. LOPEZ** spoke about other matters and
 11 eventually terminated the call, though it should be noted that **HERNANDEZ** indicated that the meeting
 12 spot that evening would be on a corner, at a taco stand.

13 304. At 7:51 PM, members of the investigative team intercepted an incoming call from
 14 **FELISCIANO** on (559) 401-8633 (TT 8633) to **SANCHEZ** on (279) 386-7769 (TT6). During this
 15 call, **SANCHEZ** told **FELISCIANO** he just spoke with a consistent source of supply. **SANCHEZ** then
 16 spoke with **FELISCIANO** about gathering the necessary finances, as well as **ESCOBEDO** and
 17 “Gordo” making the trip to Fresno to purchase the pound of methamphetamine. **SANCHEZ** told
 18 **FELISCIANO**, “before you go, put all the money in the envelope real quick” and asked to speak to
 19 “Gordo.” “Gordo” is placed on the phone, as **SANCHEZ** asked, “Gordo, what do you like more – what
 20 do you prefer – what do you like? Weed? Pens? “Gordo” then related he prefers pens and **SANCHEZ**
 21 stated, “I got you on a pen.” **SANCHEZ** then told **FELISCIANO**, “now we are going to rock and roll
 22 and “Gordo” is going to be on his way.”

23 305. Based on my training and experience, I know “pens” to be vape pens that can contain
 24 controlled substances. I believe **SANCHEZ** demonstrated in this call that **SANCHEZ** coordinated the
 25 procurement of funds, as well as couriers to take the money to **HERNANDEZ** in exchange for a pound
 26 of methamphetamine.

27 306. At 8:26 PM, **SANCHEZ** used (279) 386-7769 (TT6) to send a text message to
 28 **HERNANDEZ**, using (559) 803-7096 (TT16), which read, “My dog can you send me the address were

1 you want my people's to meet up with you? Good looking out my ninja [dog paws emoji]." **SANCHEZ**
 2 then sent another text approximately one minute later, which read, "Or the location?"

3 307. At 8:32 PM, **HERNANDEZ**, using (559) 803-7096 (TT16), called **SANCHEZ**, on (279)
 4 386-7769 (TT6). The following is a transcript of the pertinent portions of that conversation:

NAME	TRANSCRIPTION
[BEGINNING OF CONVERSATION]	
HERNANDEZ	Spensa, I missed your call.
SANCHEZ	No- no, no- yeah, no, it's good. It's good. So- so, real quick, uh- 'cause my people left about twenty minutes already out of the hood, right? So I just need the location, my dog. Like- like, uh, the- the store or whatever.
HERNANDEZ	Yeah, yeah, yeah.
SANCHEZ	So they could put it on their little- on their phone and they could, uh, have it right there, you know?
HERNANDEZ	I'll send it to you right now, my dog.
SANCHEZ	Al- alright, my dog. Uh, uh, so they'll be over there – give or take – I wanna say [in] about forty-five minutes. Fifty minutes.
HERNANDEZ	[UI] good.
SANCHEZ	O- okay, my dog.
...	[The parties then spoke about multiple other issues for the remainder of the call.]
[END OF CONVERSATION]	

15 308. Based on the context of the call, as well as the calls set out above, I believe **SANCHEZ**
 16 was asking **HERNANDEZ** to send him the location where the narcotics deal would take place. I believe
 17 **HERNANDEZ** indicated that he would send the location to **SANCHEZ**. When the call concluded
 18 approximately nine minutes later – and after speaking about multiple other issues – **HERNANDEZ**,
 19 using (559) 803-7096, sent a text message to **SANCHEZ**, using (279) 386-7769, which read, "3760 w
 20 shields ave Fresno ca 93722". Based on my knowledge of the city of Fresno, CA, I know that Shields
 21 Avenue is the next major street north of Clinton Ave that city, and therefore believe that the location
 22 was close enough that **HERNANDEZ** had been estimating the location when he had spoken on the
 23 phone about it. I also know that this address references a Mexican food restaurant located near the
 24 intersection of W. Shields Avenue and N. Brawley Avenue, and is approximately one mile west of
 25 where W. Shields Avenue intersects with State Route 99. I therefore believe that the text sent in the text
 26 message was the location where the drug transaction was expected to occur.

27 309. Based on **SANCHEZ**'s previous history of using **ESCOBEDO** to receive or distribute
 28 illicit narcotics, the investigative team believed it was likely that **SANCHEZ** would use **ESCOBEDO**

1 to complete this transaction. The team then began monitoring precision location information transmitted
 2 by (831) 596-0869 (TT3) pursuant to a court order and observed that (831) 596-0869 (TT3) left the City
 3 of Huron. The investigative team located a Honda sedan known to be used by **SANCHEZ**'s associates
 4 also leaving the City of Huron at this time and established physical surveillance on it.

5 310. At approximately 9:35 PM, **SANCHEZ**, using (279) 386-7769 (TT6), called
 6 **HERNANDEZ**, using (559) 803-7096 (TT16). During the call, **SANCHEZ** indicated that "they" (i.e.
 7 his associates) were four minutes away and were in a white Honda Accord. **HERNANDEZ** indicated
 8 that he was in a silver [Toyota] Camry and indicated that they should meet in front of a liquor store.
 9 Five minutes after that, **SANCHEZ** again used (279) 386-7769 (TT6) to call **HERNANDEZ**, on (559)
 10 803-7096 (TT16). During that call, **SANCHEZ** indicated that his associates were "right there in front of
 11 the liquor store." **HERNANDEZ** indicated that he was about a block away. Simultaneously, members
 12 of the investigative team observed the Honda sedan regularly utilized by **SANCHEZ**'s associates arrive
 13 and park near the liquor store at 3760 w shields Avenue in Fresno, CA. Members of the investigative
 14 team then observed a silver Toyota Camry arrive at the same location.

15 311. At approximately 9:37 PM, **SANCHEZ** used (279) 386-7769 (TT6) to call **RIOS** on
 16 (559) 514-1768 (TT 1768) regarding the purchase of heroin. The following is a transcription of the
 17 pertinent portions of the call:

NAME	TRANSCRIPTION
[BEGINNING OF CONVERSATION]	
RIOS	Well, I'll be damned.
SANCHEZ	I'm sor – I'm sorry dog. They – Their asses – cuz I – remember – I was 20 getting the "P" of the "white." Ok, so – where is exactly – give me your 21 address or the...
...	[RIOS and SANCHEZ joke back and forth, and eventually return to the 22 procurement of heroin at the 51 second mark.]
SANCHEZ	Just send me the address. They're already in the "no town."
[END OF CONVERSATION]	

24 312. Based on my training and experience, I know a "P" is used by drug traffickers to describe
 25 a pound of narcotics. I also know "white" to describe methamphetamine. I believe this call further
 26 corroborated that **SANCHEZ** was in the process of procuring a pound of methamphetamine but was
 27 also coordinating the procurement of heroin from **RIOS** and needed **RIOS**' address to complete that
 28 transaction.

1 313. At 9:39 PM, **RIOS** used (559) 514-1768 (TT 1768) to send **SANCHEZ** on (279) 386-
 2 7769 (TT6) the following text message:

3 "5838 W. pico Ave, Fresno 93722."

4 314. Based on my training and experience, as well as the context from the prior call, I believe
 5 **RIOS** sent the address where **SANCHEZ**'s associates could meet **RIOS** to purchase the heroin.

6 315. At 9:41 PM, **HERNANDEZ**, using (559) 803-7096 (TT16), called **SANCHEZ**, on (279)
 7 386-7769 (TT6). The following is a transcript of the pertinent portion of that conversation:

	[BEGINNING OF CONVERSATION]
SANCHEZ	Yeah, yeah, they just got scared because the- the- they said there was, uh, uh, a- a- activity right there. It's- you see their car right there?
HERNANDEZ	Is it, uh, is it a older one?
SANCHEZ	It's a w- uh... it's a white one.
HERNANDEZ	Is it- uh, is it, like, a long one, or sh- or new one or...?
SANCHEZ	Let me see, just say on the line, dog, okay? Alright, real quick. Hold up. Okay, lemme [UI]
...	[At this point, there is a pause, and then ambient noise may be heard, indicating another call has joined. Based on other calls I have reviewed involving ESCOBEDO , I recognized her voice in the following portion of the call.]
ESCOBEDO	[OV] Hello?
SANCHEZ	[OV] Jenny, I have- I have my boy on here. Where are- [OV]
ESCOBEDO	[OV] Okay.
SANCHEZ	[OV] -you guys exactly at?
ESCOBEDO	We're parked right here on the side of the liquor store.
SANCHEZ	You're parked on the side of the liquor store? Well- [OV]
ESCOBEDO	[OV] Yeah.
SANCHEZ	[OV] -what- what kind- is it a old, uh- uh- [OV]
ESCOBEDO	[OV] No, it's a newer one.
SANCHEZ	It's a newer one? Do you see it, my dog? They're parked on the side.
HERNANDEZ	Oh, yeah.
ESCOBEDO	I just barely pulled into the parking lot.
SANCHEZ	Yes.
ESCOBEDO	That's where. Yeah, we should- we should've- we should do this in front of, like, Dollar Tree, so [UI].
SANCHEZ	Yeah. Yeah, but- [OV]
ESCOBEDO	[OV] Okay, lemme get off real quick.
SANCHEZ	[OV] [UI] it's good.
HERNANDEZ	[UI] in front of the grocery store.
SANCHEZ	[UI] [stuttering]
ESCOBEDO	Okay.

1	SANCHEZ	You could follow him t- front of the grocery store. [OV]
2	ESCOBEDO	[OV] Alright. Okay.
3	SANCHEZ	Yes.
4	...	[SANCHEZ then asked ESCOBEDO about another address that he gave her and the parties terminated the call.]
5		[END OF CONVERSATION]

316. Based on the context of the call, I believe that **SANCHEZ** was asking **HERNANDEZ** if **HERNANDEZ** saw **ESCOBEDO**'s newer-model vehicle, and indicated that her vehicle was in front of a liquor store. I believe that **HERNANDEZ** eventually located **ESCOBEDO** and the parties then made plans to travel to an area in front of a grocery store.

317. Members of the investigative team then observed the silver Toyota Camry and the Honda sedan travel to the front of a nearby grocery store in the same strip mall, at which point **ESCOBEDO** was observed exiting the Honda sedan and getting into the silver Toyota Camry. Several minutes later, **ESCOBEDO** was observed exiting the Toyota Camry while holding something to her abdomen with her hands. Immediately after **ESCOBEDO** exited the Toyota Camry, it began backing out of the parking stall, as **ESCOBEDO** re-entered the front passenger seat of the Honda sedan. The surveillance team then followed the silver Toyota Camry until it arrived at 3542 Michigan Avenue, Fresno, CA.

318. At approximately 9:52 PM, **HERNANDEZ**, using (559) 803-8096 (TT16), called **SANCHEZ**, on (279) 386-7769 (TT6). The following is a transcript of the pertinent portions of that conversation:

19		[BEGINNING OF CONVERSATION]
20	SANCHEZ	Yes, my dog. Everything good?
21	HERNANDEZ	Yes, sir, my dog. Touchdown. [OV]
22	SANCHEZ	Thank- thank- thank you, my dog. Appreciate you.
23	...	[The parties then spoke about future transactions they would complete together, as well as associates they had in common and which narcotics HERNANDEZ could distribute to SANCHEZ .]
		[END OF CONVERSATION]

319. Based on my training and experience, I know that drug traffickers frequently use the phrase "touchdown" to indicate that an illegal transaction has been completed. I therefore believe that the above calls and surveillance observations indicate that the transaction for one pound of methamphetamine was successfully completed.

320. At 10:18 PM, **RIOS** using (559) 514-1768 (TT 1768) called **SANCHEZ** on (279) 386-

1 7769 (TT6). The following is a transcript of the pertinent portions of the call:

	[BEGINNING OF CONVERSATION]
SANCHEZ	Ninja.
RIOS	They're right here dog. [RIOS is counting out loud.] They gave me um – 155 dog. So, what's owed is 2 – Um – 245.
SANCHEZ	Alright, alright. Got you, got you.
RIOS	You got the CashApp right?
SANCHEZ	Yes, yes, I got you "B." They already left?
RIOS	I'm in the car again right now dog.
SANCHEZ	Ok – ok. They my people, they're my peoples. Ok?
RIOS	Nah – nah, I'm told them it's all good dog. It's all good.
SANCHEZ	Ok did – yeah um – alright, good. Good – good job I got you right now. It's gonna come from two different CashApps though.
RIOS	Ok dog.
...	[the conversation ended as the two exchange pleasantries and SANCHEZ reassures RIOS the money owed will be sent soon.]
	[END OF CONVERSATION]

121. Based on my training and experience, I believe **RIOS** was counting money given to him at the beginning of the call, which totaled \$155. **RIOS** then related that he was still owed \$245. I know that \$400 for an ounce of heroin is consistent with the price of heroin in California's Central Valley. Therefore, based on the first call between **RIOS** and **SANCHEZ** where **SANCHEZ** indicated he needed, "1" of "café" from **RIOS**, I believe **SANCHEZ**'s associates purchased one ounce of heroin from **RIOS** for the price of \$400.

182. At 11:47 PM, **SANCHEZ** used (279) 386-7769 (TT6) to call **FELISCIANO** on (559) 401-8633 (TT 8633). **SANCHEZ** asked **FELISCIANO**, "so what did she [ESCOBEDO] give you?" **FELISCIANO** responded, "she just gave me this bag." **SANCHEZ** asked, "Ok, so what does it have in it then?" **FELISCIANO** stated, "it has a whole thing." **SANCHEZ** asked, "what about the black?" **FELISCIANO** responded, "oh it's right here." The two speak about **ESCOBEDO** and her untrustworthiness, and how **FELISCIANO** paid her "2" for the procurements. **SANCHEZ** asked, "does it look like a full one?" **FELISCIANO** stated "no, in my point of view." **SANCHEZ** then stated, "send me a picture." At 11:49 PM, **FELISCIANO** used (559) 401-8633 (TT 8633) to send the following MMS to **SANCHEZ** on (279) 386-7769 (TT6):

Figure 10: MMS sent from **FELISCIANO** on (559) 401-8633 to **SANCHEZ** on (279) 386-7769 at 11:49 PM.

217. **SANCHEZ** then instructed **FELISCIANO** to weigh the methamphetamine, which **FELISCIANO** obliged and related the methamphetamine was 8 grams short which **FELISCIANO** related was caused by the packaging.

218. Based on my training and experience, I believe, “a whole thing” or “a full one” is coded language for a pound of methamphetamine. I also know “black” is a term often used by drug traffickers to describe heroin. Therefore, I believe **ESCOBEDO** gave **FELISCIANO** a bag which contained the pound of methamphetamine and heroin which **ESCOBEDO** recently obtained on **SANCHEZ**’s behalf. This belief was corroborated by the MMS that was sent/received during this conversation.

219. Based on all of the above, I believe **SANCHEZ**, **R. LOPEZ**, **ESCOBEDO**, **RIOS** and **FELISCIANO**, conspired to distribute and possess with intent to distribute a controlled substance, in violation of 21 U.S.C. §§ 846, 841(a)(1).

23 9. **May 22, 2025 – SANCHEZ facilitated the distribution of methamphetamine**
from HERNANDEZ to ESCOBEDO and FELISCIANO

24 220. Between May 21, 2025 and May 22, 2025, **SANCHEZ** conspired with **HERNANDEZ**,
25 to distribute methamphetamine to **ESCOBEDO** and **FELISCIANO**.

26 221. On May 21, 2025, at approximately 8:31 PM, **SANCHEZ**, using (279) 386-7769 (TT6),
27 received a call from **Gilberto HERNANDEZ** using (559) 803-7096 (TT16). During the conversation,

1 **SANCHEZ** and **HERNANDEZ** spoke about **SANCHEZ**'s previous efforts to smuggle narcotics into
2 the Fresno County Jail, about how much money could be made selling narcotics in various detention
3 facilities, and about how **SANCHEZ** only had "black" – and no "white" – at the time of this call. Later
4 in the call, at approximately time marker 18:00, **HERNANDEZ** indicated that he had "some pink" and
5 "some blue" that he could sell to **SANCHEZ**. When **SANCHEZ** indicated that he was already familiar
6 with "the pink" being "food coloring," but expressed concern over "blue," indicating that "it turned
7 blue" when "they clean it out," **HERNANDEZ** indicated instead that "the blue" was "for the look and it
8 smells good, dog." **HERNANDEZ** then elaborated that "a lot of people – you know what I mean? – are
9 tired of just fuckin' with the white, and they see something that does the same thing. They're willing to
10 pay a couple bucks more, you know what I mean?" **SANCHEZ** then proposed that **HERNANDEZ** give
11 **SANCHEZ** "a Q.P. of- of- of- of the pink, a Q.P. of the blue, and then the half a P of the- of the- of the-
12 of the white." **HERNANDEZ** counter-proposed that he provide **SANCHEZ** with several "zips" of each
13 color, and the parties later agreed that if **SANCHEZ** like the "pink" and the "blue," he would buy
14 "Q.P."s of each later on for "six bills" in total (i.e. three each), and that they would meet in "Lemoore"
15 "at the location" if this were to happen. **SANCHEZ** then asked where the parties would meet the
16 following day. **HERNANDEZ** initially described a location, but then indicated that he would send
17 **SANCHEZ** the address the following morning and further indicated that he drove "a big truck" and
18 could not "go into normal neighborhoods." It should also be noted that at approximately time marker
19 31:35, **SANCHEZ** indicated that **HERNANDEZ** was 25 years old; during that portion of the
20 conversation, **HERNANDEZ** also indicated that he has three children. The parties then spoke about
21 other matters and concluded the call.

222. Based on my training and experience, I know that drug traffickers very often use vague
23 and innocuous words and phrases to speak about their narcotics in an attempt to confuse law
24 enforcement and avoid criminal liability for their activities. I also know that they use the word "zip" to
25 refer to an ounce of an illicit narcotic, the acronym "Q.P." to refer to one-quarter pound of an illicit
26 narcotic, the letter "P" to refer to a pound of an illicit narcotic, and the word "half" to refer to one-half of
27 whatever quantity the context of the conversation demands. I also know that \$600 for one-half pound is
28 consistent with the price of methamphetamine in California's Central Valley at the time of this call and

1 that drug traffickers commonly use the word “bill” to refer to \$100. Finally, I know that it is common
 2 for drug distributors to dilute their narcotics to attempt to artificially create a larger quantity of it and
 3 make more money; based on the context of this conversation, I believe **SANCHEZ** was using the phrase
 4 “to clean it out” in this fashion. Based on my knowledge of the investigation, I know that
 5 **ENTERPRISE** members commonly use the word “white” to refer to methamphetamine and the word
 6 “black” to refer to black tar heroin. I also know that **SANCHEZ**’s associates have purchased pink
 7 methamphetamine in the past and spoken with **SANCHEZ** about it; I therefore believe that he is already
 8 familiar with it.

9 223. Therefore, I believe that in this conversation, **SANCHEZ** first indicated that he had
 10 control over a certain quantity of black tar heroin, but did not have any methamphetamine at the time of
 11 the call. Later, I believe that **HERNANDEZ** indicated that he would sell **SANCHEZ** pink and blue
 12 methamphetamine. I believe that **SANCHEZ** was already familiar with pink methamphetamine,
 13 knowing that it is pink merely because food coloring is added to it, but expressed concern that
 14 methamphetamine only turns blue when it is diluted, which would make it lower quality. I believe
 15 **HERNANDEZ** responded by indicating that blue methamphetamine is blue for the same reason as pink:
 16 drug users get bored with using “normal” white methamphetamine and want to try something new, and
 17 are willing to pay “a couple bucks more” to do so. When **SANCHEZ** proposed buying approximately
 18 one pound of methamphetamine, **HERNANDEZ** instead proposed that he distribute several ounces of
 19 methamphetamine at first, and then I believe the parties made plans for the future – if **SANCHEZ**’s
 20 customers like the pink and blue methamphetamine – for **SANCHEZ** to purchase one-half pounds of
 21 pink and blue methamphetamine for \$600 in the future. I believe the parties then agreed to meet the
 22 following day, and that **HERNANDEZ** indicated he would send **SANCHEZ** the location.

23 224. The following morning, on May 22, 2025, at approximately 7:23 AM, **SANCHEZ**, using
 24 (279) 386-7769 (TT6), called **ESCOBEDO**, using (831) 596-0869 (TT3). During the call, **SANCHEZ**
 25 indicated that he had two “train tickets” and was “trying to see what train ticket [he was going to] take,”
 26 that he needed “a ride” “just to Lemoore,” and that he would be bringing “some blue stuff and that pink
 27 stuff” to **ESCOBEDO**. It should be noted that at a certain point in the call, **SANCHEZ** switched to
 28 speaking about the “ticket” as if it were a bus ticket. **SANCHEZ** then asked **ESCOBEDO** to call “Jay,”

1 at which point **SANCHEZ** and **FELISCIANO** spoke for approximately one minute without
 2 **ESCOBEDO**. When I reviewed call detail records for (831) 596-0869 (TT3), I observed that at
 3 approximately 7:30 AM, (831) 596-0869 (TT3) called (559) 213-2144, used by an uncharged male
 4 (UM200). Accordingly, after that one minute, **ESCOBEDO**'s voice came back on the line and said,
 5 "He's on the line," at which point a voice I recognized as UM200's voice began speaking with
 6 **SANCHEZ** about how **SANCHEZ** had "to be in Lemoore" and had "a bus ticket" that would "be there"
 7 "at ten." **SANCHEZ** also indicated that "they're coming in a semi." After speaking about how much
 8 money UM200 owed **SANCHEZ**, UM200 agreed to let **SANCHEZ** use his vehicle and arranged for
 9 another uncharged male to drive it in exchange for some of his debt being wiped clean, as well as for
 10 one-half ounce of methamphetamine.

11 225. As is set out above, I know that drug traffickers commonly use vague and innocuous
 12 phrasing to attempt to avoid criminal liability. Based on the context of the previous call, as well as the
 13 fact that **SANCHEZ** switched back and forth between using the phrase "train ticket" and "bus ticket," I
 14 believe that in this call **SANCHEZ** was speaking about his appointment with **HERNANDEZ** at
 15 approximately 10:00 AM in Lemoore. I also believe that the "blue stuff" and "pink stuff" phrases
 16 **SANCHEZ** used were references to the blue and pink methamphetamine discussed in the previous call.

17 226. Therefore, I believe that in this call **SANCHEZ** was attempting to coordinate the
 18 acquisition of the blue and pink methamphetamine with **FELISCIANO** and **ESCOBEDO**. I specifically
 19 believe that **SANCHEZ** indicated that the transaction would take place in Lemoore, CA at
 20 approximately 10:00 AM, and indicated that he would be bringing **ESCOBEDO** blue and pink
 21 methamphetamine. I believe that **SANCHEZ** then arranged for transportation to Lemoore, CA with
 22 UM200 and another driver.

23 227. At approximately 7:39 AM, **SANCHEZ**, using (279) 386-7769 (TT6), sent several text
 24 messages to (559) 803-7096 (TT16), used by **HERNANDEZ**, which when pieced together read, "Top
 25 of the morning my dog, when you get the chance shoot the address, Good looking out, [dog paws
 26 emoji]". After **SANCHEZ** and **HERNANDEZ** exchanged several more text messages in which
 27 **SANCHEZ** indicated he would be able to be at the location "at 10," **HERNANDEZ** used (559) 803-
 28 7096 (TT16) to send a multimedia message to **SANCHEZ**, using (279) 386-7769 (TT6), which

1 consisted of a picture of a hand holding a cellular phone with a map of 1130 Iona Ave, Lemoore, CA
2 displayed on it.

3 228. At approximately 8:48 AM, **SANCHEZ**, using (279) 386-7769 (TT6), sent the same
4 picture to **FELISCIANO**, using (559) 401-8633 (TT 8633), as well as another text message
5 approximately two minutes later, which read, “5598037096”. Based on my knowledge of the
6 investigation, I know that the string of numbers sent in the second text message is (559) 803-7096
7 (TT16). I therefore believe that with these two messages, **SANCHEZ** was informing **FELISCIANO** of
8 the location of the meeting and giving her **HERNANDEZ**’s phone number so that she could coordinate
9 the meeting with him when the time came.

10 229. The investigative team then established surveillance at the Maverick truck stop at 1130
11 Iona Avenue, Lemoore, CA. At approximately 9:46 AM, a white Honda Accord sedan registered to
12 UM200 pulled into the parking lot at the Maverick truck stop. An uncharged male (UM327) and a
13 female positively identified as Jennifer **ESCOBEDO** based on a comparison with the picture maintained
14 on file with the California Department of Motor Vehicles exited the driver’s seat and entered the store.
15 **FELISCIANO** was also positively identified as she exited the vehicle based on prior contacts, as well
16 as a comparison with the picture maintained on file by the California Department of Motor Vehicles.

17 230. When I reviewed call detail records for (559) 401-8633 (TT 8633), used by
18 **FELISCIANO**, I observed that between approximately 9:47 AM and 9:53 AM, (559) 401-8633 (TT
19 8633) and (559) 803-7096 (TT16), used by **HERNANDEZ**, exchanged six calls. At approximately 9:54
20 AM, one minute after **FELISCIANO**’s last call with **HERNANDEZ**, the surveillance team observed a
21 white pickup truck pull into the parking lot; the vehicle had the words “Blackstone Wholesale Parts” and
22 a phone number written on its sides and back. **FELISCIANO** was then observed walking up to the truck
23 and receiving a bag from its driver, who was positively identified as Gilberto **HERNANDEZ** based on a
24 comparison with the picture maintained on file with the California Department of Motor Vehicles.
25 **FELISCIANO** then returned to and entered the white Honda sedan, and the white pickup truck pulled
26 away.

27 231. After UM327 and **ESCOBEDO** re-entered the white Honda sedan with **FELISCIANO**,
28 the trio then travelled to another nearby gas station, parked, and exited the vehicle.

1 232. At approximately 10:25 AM, **SANCHEZ**, using (279) 386-7769 (TT6), called (559) 803-
 2 7096 (TT16), used by **HERNANDEZ**. During the call, **SANCHEZ** asked if there was a “touchdown,”
 3 to which **HERNANDEZ** responded, “Yeah, touchdown everything perfectly.” Later in the call,
 4 **HERNANDEZ** indicated that “it was two pink, two blue, and the rest white,” and also indicated that he
 5 was “in a company vehicle.”

6 233. Based on my training and experience, I know that contraband traffickers commonly use
 7 the phrase “touchdown” to indicate that a transaction of some kind has been completed successfully.
 8 Based on the context of the calls set out above, as well as subsequent events, I believe that
 9 **HERNANDEZ** was indicating to **SANCHEZ** that he had given him pink methamphetamine, blue
 10 methamphetamine, and white methamphetamine. Finally, I believe that the fact that **HERNANDEZ** also
 11 indicated that the methamphetamine had come from a “company vehicle” corroborates my belief that
 12 **FELISCIANO** received the methamphetamine from the white pickup truck with the words “Blackstone
 13 Wholesale Parts” and a phone number professionally displayed on it.

14 234. As UM200, **FELISCIANO**, and **ESCOBEDO** were taking a break outside the second
 15 gas station, **SANCHEZ**, using (279) 386-7769 (TT6), called **ESCOBEDO**, using (831) 596-0869
 16 (TT3). During the call, **SANCHEZ** asked if “everything’s good,” and **ESCOBEDO** responded that it
 17 was. **SANCHEZ** also asked where his “*prima*” “put the food at” and **ESCOBEDO** responded that it
 18 was “away.” Later in the call, **SANCHEZ** asked if **ESCOBEDO** had seen “the pink, the blue and stuff,”
 19 but **ESCOBEDO** indicated that “we haven’t even looked at it or anything.” **ESCOBEDO** then
 20 volunteered to take a pink “basketball” and a blue “basketball,” and **SANCHEZ** agreed.

21 235. Several minutes later, at approximately 10:42 AM, the surveillance team observed
 22 **FELISCIANO** get back into the white Honda, at which point the vehicle began to depart the Lemoore,
 23 CA area.

24 236. After allowing the vehicle to depart the area, the investigative team initiated a traffic stop
 25 on the vehicle at approximately 10:59 AM. While the patrol vehicle was making the stop, **SANCHEZ**,
 26 using (279) 386-7769 (TT6), and **ESCOBEDO**, using (831) 596-0869 (TT3), had been in the middle of
 27 a conversation; **ESCOBEDO**’s side was on speakerphone such that **SANCHEZ** could speak with
 28 everyone in the vehicle. When UM200 indicated that “the Sheriff” was behind him, **SANCHEZ**

1 instructed the occupants of the vehicle to attempt to pull into a nearby housing area to act as if they lived
 2 there. **SANCHEZ** also instructed “you” and “Jen” to “put that shit- ‘cause you guys could half it and put
 3 it in your guys’ thing. That’s if anything.” When the parties inside the vehicle indicated that they were
 4 actually being pulled over, **SANCHEZ** then said, “Okay, listen. Grab both of those things and put it
 5 underneath your- your- you got your license, right? Put it underneath your stomach. Grab both- you
 6 guys- put it underneath your guys’ stomach. Or in your guys’ pussy thing.”

7 237. Based on my training and experience, I know that it is very common for female drug
 8 couriers to attempt to hide narcotics in their vaginal cavity to attempt to avoid detection by law
 9 enforcement. I therefore believe that **SANCHEZ** was referring to **FELISCIANO** when he said “you”
 10 and to **ESCOBEDO** when he said “Jen,” and that he was instructing them to attempt to hide the
 11 narcotics by splitting them in half and either inserting them into the females’ vaginal cavities or hiding
 12 them underneath a flap of human tissue in their stomach area.

13 238. Despite **SANCHEZ**’s instructions for hiding the narcotics, investigative team members
 14 located a bag filled with approximately one pound of blue, pink, and white shards consistent in
 15 appearance with methamphetamine on **FELISCIANO**’s person, under her shirt. The following is an
 16 image of that bag:

27 239. I therefore believe that **SANCHEZ** coordinated the distribution of approximately one
 28 pound of methamphetamine, that **FELISCIANO** and **ESCOBEDO** facilitated this distribution, that

1 **FELISCIANO** actually received the methamphetamine from **HERNANDEZ**, and that **HERNANDEZ**
 2 coordinated the deal with **SANCHEZ** and distributed the methamphetamine to **FELISCIANO**.

3 10. **May 22, 2025 – SANCHEZ and GONZALES facilitated the distribution of**
 4 **methamphetamine from HERNANDEZ to BONILLA and MARTINEZ**

5 240. On May 22, 2025, the investigative team became aware that **SANCHEZ** conspired to
 6 procure a half pound of methamphetamine from **HERNANDEZ** to **BONILLA** and **MARTINEZ**.

7 241. On May 22, 2025, as described above, **SANCHEZ** conspired to procure one pound of
 8 methamphetamine from **HERNANDEZ**. The investigative team observed the transaction, involving
 9 **FELISCIANO** and **ESCOBEDO**, and ultimately arrested **FELISCIANO** and seized approximately
 10 one pound of methamphetamine from her person. Later in the day on May 22, 2025, at about 1:29 PM,
 11 the investigative team intercepted a call from **SANCHEZ**, using (279) 386-7769 (TT6) to
 12 **HERNANDEZ** using (559) 803-7096 (TT16). During the initial portion of this call, **SANCHEZ**
 13 advised **HERNANDEZ** that he wanted to “do an instant replay”. **SANCHEZ** stated that he wants to do
 14 it as soon as possible, he was willing to meet at the same spot, and he wanted “the colorful ones”. The
 15 two discussed times and locations for them to meet, and **SANCHEZ** advised that he was probably going
 16 to send his child’s mother. **SANCHEZ** also advised that he would have his associates there prior to 6:30
 17 PM and referred to **HERNANDEZ** as “Bulldog” before ending the call.

18 242. Based on my training and experience, I know that drug traffickers use innocuous and
 19 vague-sounding terms to describe illicit narcotics. For example, I know that the terminology of “instant
 20 replay” is used to describe that **SANCHEZ** wants to make a second narcotics purchase after having just
 21 made a recent narcotics purchase earlier in the same day. **SANCHEZ** also stated he wanted “the colorful
 22 ones,” which I know from prior calls intercepted by the investigative team – set out in the section above
 23 – to be a reference to pink and blue-colored methamphetamine. Therefore, I believe that in this call,
 24 **SANCHEZ** asked **HERNANDEZ**, with whom he had just completed a procurement of one pound of
 25 methamphetamine, some of which was pink and blue, to participate in a second methamphetamine sale.
 26 I believe **HERNANDEZ** confirmed that he was willing to participate in the transaction, and the two
 27 discussed a time and location to conduct the transaction.

28 243. At approximately 1:33 PM, the investigative team intercepted a call coming from (559)

1 526-6067 being used by **ESCOBEDO**⁶³ to **SANCHEZ** using (279) 386-7769 (TT6). During this call,
 2 **SANCHEZ** and **ESCOBEDO** discussed **FELISCIANO**'s arrest that occurred after the previous
 3 narcotics purchase set out above. Later in the call, **SANCHEZ** asked **ESCOBEDO** if she still had
 4 "food" and **ESCOBEDO** confirmed that she did. **SANCHEZ** then advised **ESCOBEDO** that he was
 5 going to get some "colored food" later that day. The conversation then returned to discussing how
 6 **FELISCIANO** attempted to hide the methamphetamine during the prior vehicle stop which resulted in
 7 her arrest. This remained the topic of conversation until the call ended.

8 244. Based on my training and experience, as well as my knowledge of the investigation, I
 9 know that **SANCHEZ** and his associates frequently use the terminology of "food" and "colored food" to
 10 refer to illegal narcotics. I also believe that the "colored food" terminology is much more specific and is
 11 a reference to the pink and blue colored methamphetamine sold to **SANCHEZ** by **G. HERANDEZ**.

12 245. Therefore, I believe that during this call, **SANCHEZ** requested to know whether or not
 13 **ESCOBEDO** still had any narcotics in her possession, and that she confirmed that she did. Directly
 14 afterwards, **SANCHEZ** advised **ESCOBEDO** that he was intending to purchase pink and blue-colored
 15 methamphetamine the same day.

16 246. At approximately 1:46 PM, the investigative team intercepted a call from **SANCHEZ**
 17 using (279) 386-7769 (TT6) to (559) 573-0476, used by a female who **SANCHEZ** referred to as "Kris."
 18 **SANCHEZ** advised Kris of the details of **FELISCIANO**'s arrest, and told "Kris" that she needed to be
 19 in "the 'No town" by six. **SANCHEZ** placed "Kris" on hold, then returned shortly afterwards to tell her
 20 to be in "the 'No town" by six-thirty. **SANCHEZ** advises he "did not tell his boy" because he did not
 21 want him to get worried. **SANCHEZ** also advised "Kris" he will send her money on CashApp.

22 247. Based on my training and experience, I know that drug traffickers will use innocuous and
 23 vague-sounding terms to describe illicit narcotics. I also know that the phrase "'No town" is used
 24 frequently in California's Central Valley area to refer to Fresno, CA. Based on the context of the
 25 previous call, I believe that when **SANCHEZ** advised that he "did not tell his boy" because he did not
 26

27 28 ⁶³ At this point in the investigation, I have reviewed several hours of phone calls involving **ESCOBEDO** and can
 recognize her voice; I believe that the female using this phone number was **ESCOBEDO** based on that experience.
 Additionally, I believe the fact that they were speaking about **FELISCIANO**'s arrest also corroborates my belief.

1 want him to get worried, he was referring to the conversation he had with **HERNANDEZ** to set up a
2 new narcotics procurement without advising **HERNANDEZ** of **FELISCIANO**'s arrest, to prevent
3 **HERNANDEZ** from being hesitant to sell to **SANCHEZ**. Additionally, I know the phone number (559)
4 573-0476 is registered to a Snapchat account for Louis **BONILLA (BONILLA)**, is subscribed to an
5 Irene Bonilla, and in previous intercepted calls has been used by a male subject who is referred to as
6 "Louis". I also know **BONILLA** to be involved in a romantic relationship with Crystal **MARTINEZ**,
7 and Crystal **MARTINEZ** has a child in common with **SANCHEZ** from a previous romantic
8 relationship.

9 248. Therefore, I believe that though the phone number (559) 573-0476 (TT 0476) is primarily
10 used by **BONILLA**, it was likely being used by **MARTINEZ** during this call. This belief is
11 corroborated by the earlier call at 1:29 PM when **SANCHEZ** stated to **HERNANDEZ** that he is
12 probably going to send his child's mother. I therefore believe that during this call **SANCHEZ** instructed
13 **MARTINEZ** to be in Fresno, CA by 6:30 PM.

14 249. At approximately 1:49 PM, the investigative team intercepted a call from (559) 961-6401
15 (TT5), utilized by **GONZALES** to (279) 386-7769 (TT6), utilized by **SANCHEZ**. During this call,
16 **GONZALES** advised **SANCHEZ** that he had just got "five" right now, and **SANCHEZ** told
17 **GONZALES** to "send five to Kris." **GONZALES** agreed and said he will send it "right now." The
18 remainder of the call was spent discussing **FELISCIANO**'s arrest.

19 250. I believe that **SANCHEZ** instructed **GONZALES** to send \$500 to **MARTINEZ**
20 utilizing some type of money transfer application, which based on my knowledge of the investigation I
21 know both **SANCHEZ** and **GONZALES** to use frequently. Based on my training and experience, I also
22 know that \$500 for one-half pound is consistent with the known current price for methamphetamine.

23 251. At approximately 2:50 PM, the investigative team intercepted a series of text messages
24 between (279) 386-7769 (TT6), utilized by **SANCHEZ**, and (559) 573-0476 (TT 0476), utilized by
25 **MARTINEZ**. The following is a transcript of the text message conversation:

26
27
28

	[BEGINNING OF CONVERSATION]
1	SANCHEZ Kris
2	MARTINEZ Yeah
3	MARTINEZ I'll call you back in a bit k
4	SANCHEZ We going to go right?
5	SANCHEZ It's going to be in & out
6	SANCHEZ Cuz I have to be in the no town, before 630
7	SANCHEZ ?? If not so I can try to look for a ride,
8	MARTINEZ Am call you rn am just picking up the kids
9	SANCHEZ Kk,
10	[END OF CONVERSATION]

8 252. As stated above, I believe that **MARTINEZ** is the user of this phone, and therefore
 9 believe that the name "Kris" is a reference to Crystal **MARTINEZ**. As stated above, I also know that
 10 the phrase "No town" is used to refer to Fresno, CA. I therefore believe that here **SANCHEZ** was
 11 confirming with **MARTINEZ** that she was going to be able to go to Fresno for him as they previously
 12 discussed, and **MARTINEZ** refusing to answer but advising she would call **SANCHEZ** soon.

13 253. At approximately 3:18 PM, the investigative team intercepted a call from (279) 286-7769
 14 (TT6), utilized by **SANCHEZ**, to (559) 573-0476 (TT 0476), utilized by **MARTINEZ**. During this call,
 15 **MARTINEZ** began complaining about "Anthony" being disrespectful. **SANCHEZ** redirected
 16 **MARTINEZ** by telling her to look at the big picture, and continued to persuade her to "pick up" for
 17 him. It should be noted that **MARTINEZ** stated "we are low too, we need some." **MARTINEZ** then
 18 told **SANCHEZ** she would call him from another phone.

19 254. Based on my training and experience, as well as the context of the call, I believe the
 20 terminology of "pick up" used by **SANCHEZ** is a reference to picking up narcotics during a narcotics
 21 purchase. When **MARTINEZ** stated, "we are low too, we need some," I believe she was referring to
 22 herself and **BONILLA** needing to purchase their own methamphetamine. Based on my knowledge of
 23 the investigation, as well as my conversations with other members of the investigative team, I know that
 24 both **MARTINEZ** and **BONILLA** are known to use methamphetamine.

25 255. Therefore, I believe in this short conversation, **SANCHEZ** attempted to convince
 26 **MARTINEZ** to assist in procuring narcotics from Fresno, CA on his behalf and **MARTINEZ** advised
 27 that she and **BONILLA** currently also needed methamphetamine.

28 256. At approximately 3:25 PM, a call was intercepted from (559) 961-2103 (TT 2103) to

1 (279) 389-7769 (TT6), utilized by **SANCHEZ**. In the beginning of the call, the female user of (559)
 2 961-2103 (TT 2103) identified herself as “Kris” and I have been informed by other members of the
 3 investigative team that the voice matched the previous user of (559) 573-0476 (TT 0476). I therefore
 4 believe that the user of (559) 961-2103 (TT 2103) was **MARTINEZ**. Later in the call, **MARTINEZ**
 5 told **SANCHEZ** that she only had \$127 on Cash App and had not received the \$500 yet. **SANCHEZ**
 6 told **MARTINEZ** to send a request to “Primo” for five hundred. **SANCHEZ** then spoke with
 7 “Anthony” and attempts to give him advice on being respectful to **MARTINEZ** and **BONILLA**.
 8 Afterwards **SANCHEZ** tells Anthony to put “Louis” on the phone; based on the totality of the
 9 circumstances, I believe that he was referring to Louis **BONILLA**, and I believe that **BONILLA** then
 10 joined the conversation. **BONILLA** then began speaking with **SANCHEZ**, and was apparently on
 11 speakerphone with **MARTINEZ**, who was also participating in the conversation. **SANCHEZ** told
 12 **BONILLA** that **BONILLA** should be getting the five hundred, and **SANCHEZ** was going to send
 13 another hundred for a total of six hundred. **MARTINEZ** asks what “burrito” she is getting in exchange
 14 for getting “the stuff,” and **SANCHEZ** laughed and corrected her, saying she would receive a “half
 15 burrito.” **SANCHEZ** also confirmed with **MARTINEZ** that they would get \$600. Finally, **SANCHEZ**
 16 told **MARTINEZ** to call back in ten to fifteen minutes.

17 257. Based on my training and experience, I know that drug traffickers will use innocuous and
 18 vague-sounding terms to describe illicit narcotics. As with his prior coded language, I believe
 19 **SANCHEZ** utilized the term “burrito” to refer to one ounce of methamphetamine. I therefore believe
 20 **MARTINEZ** was requesting an ounce of methamphetamine to be provided to her for her participating
 21 in collecting methamphetamine on **SANCHEZ**’ behalf, and **SANCHEZ** countered by advising her it
 22 would be half an ounce of methamphetamine. I also believe that **SANCHEZ** confirmed that
 23 **GONZALES**, whom he refers to as his “Primo,” would send **MARTINEZ** a total of \$600 through the
 24 CashApp phone application, \$500 of which was for the methamphetamine purchase and \$100 of which
 25 would be paid to **MARTINEZ**.

26 258. At approximately 3:34 PM, the investigative team intercepted a call placed from (559)
 27 961-6401 9TT5), utilized by **GONZALES**, to (279) 389-7769 (TT6), utilized by **SANCHEZ**. During
 28 this call, **GONZALES** advised he has not yet sent the “five” to “Kris,” at which point **SANCHEZ**

1 instructed **GONZALES** to send the \$500 immediately. **SANCHEZ** also stated that he and Kris would
 2 be going to “the ‘No town to do what we gotta do”.

3 259. Based on my training and experience, I believe that this call indicated that **SANCHEZ**
 4 was utilizing **GONZALES** to send \$500 to **MARTINEZ** through the Cash App phone application. I
 5 also believe, based on **SANCHEZ** and **GONZALES**’ previous interactions involving illicit narcotics,
 6 that the statement regarding going to “the ‘No town to do what we gotta do” was **SANCHEZ** using
 7 vague language to advise **GONZALES** that **SANCHEZ** was conducting a narcotics purchase and that
 8 this was therefore the reason behind **SANCHEZ**’s request that **GONZALES** transfer funds. This is also
 9 relevant based on the previous call where **SANCHEZ** advised **GONZALES** of **FELISCIANO**’s arrest.

10 260. At 3:36 PM, the investigative team intercepted multimedia message sent from (559) 961-
 11 6401 (TT5), utilized by **GONZALES**, to (279) 389-7769 (TT6) utilized by **SANCHEZ**. The message
 12 included the following image attachment:

13
 14
 15
 16
 17
 18
 19
 20
 21
 22
 23 261. Based on my training and experience, I recognize the attached image to be a screenshot
 24 from a cell phone utilizing the CashApp phone application. I also know that this specific screenshot
 25 shows a transaction from **GONZALES** to **MARTINEZ** at 3:35 PM in the amount of \$500 “for food.”
 26 As state above, I know that the food terminology is a commonly used code by members of the
 27 **ENTERPRISE** when discussing illegal narcotics. I believe that **GONZALES** sent this image to
 28 **SANCHEZ** as proof that he sent money via Cash App to **MARTINEZ**, as **SANCHEZ** had directed him

1 to do, and I believe also corroborates my belief that **GONZALES** knew that this money transaction was
2 for the purpose of paying for narcotics.

3 262. At approximately 4:04 PM, the investigative team intercepted a call from (559) 895-3465
4 (TT 3645), which I again believe was utilized by **MARTINEZ** based on my conversations with other
5 members of the investigative team who recognized her voice and the context of the call, to (279) 386-
6 7769 (TT6), utilized by **SANCHEZ**. During this call, **MARTINEZ** confirmed having received “the
7 five” from **GONZALES** and “pulling it out.” **MARTINEZ** also advised that she had left town already,
8 but she did not receive the extra \$100. **SANCHEZ** told **MARTINEZ** to request \$100 from his sister and
9 provided a phone number of “413-8584.” **MARTINEZ** attempts to call the phone number but told
10 **SANCHEZ** that there was no answer. **SANCHEZ** told **MARTINEZ** to request \$100 from “her” on
11 CashApp and provided the CashApp name “Carly XOXO – Carly Balboa”. **SANCHEZ** also stated he
12 would call her to tell her to send the \$100.

13 263. Based on my training and experience, as well as the context of the conversation, I believe
14 that “the five” is a reference to the \$500 received by **MARTINEZ**, and “pulling it out” is a reference to
15 the act of retrieving the money as cash through an automated teller machine.

16 264. At approximately 4:13 PM, the investigative team intercepted a text message sent from
17 (279) 386-7769 (TT6), utilized by **SANCHEZ** to (559) 573-0476 (TT 0476), previously utilized by both
18 **MARTINEZ** and **BONILLA**. The text message indicated that “she sent it”. I believe this message, in
19 the context of the previously described call, was **SANCHEZ** advising that Carly **BALBOA** had sent
20 \$100 to **MARTINEZ** through Cash App.

21 265. At approximately 4:23 PM, the investigative team intercepted a text message sent from
22 (279) 386-7769 (TT6), utilized by **SANCHEZ**, to (559) 895-3465 (TT 3465) utilized by **MARTINEZ**.
23 The text read, “drive normal”. Based on the context of all the information in this section, I believe
24 **SANCHEZ** was warning **MARTINEZ** to drive in such a way that she would not have any encounters
25 with law enforcement while she is procuring narcotics for **SANCHEZ**.

26 266. At approximately 4:52 PM, the investigative team intercepted a call placed by (559) 803-
27 7096 (TT16), utilized by **HERNANDEZ**, to (279) 389-7769 (TT6), utilized by **SANCHEZ**. During the
28 call, **HERNANDEZ** advised that he was running late because of a flat tire. **SANCHEZ** advised that his

1 people would be in Fresno in thirty to forty minutes, and asked for the address. **HERNANDEZ**
 2 indicated he would send **SANCHEZ** the address.

3 267. Based on my training and experience, as well as the context of all the events set out in
 4 this section, when **SANCHEZ** and **HERNANDEZ** referred to “the address” in this call I believe they
 5 were specifically referring to the address that would be used at the meeting location for their narcotics
 6 transaction.

7 268. At approximately 4:55 PM, the investigative team intercepted a call from (559) 895-3465
 8 (TT 3465), utilized by **MARTINEZ**, to (279) 386-7769 (TT6), utilized by **SANCHEZ**. During this call,
 9 **SANCHEZ** advised **MARTINEZ** that “his boy” was running late due to a flat tire, and that he was
 10 getting the address.

11 269. Based on the context of the call, when **SANCHEZ** advised “his boy” is running late, I
 12 believe he was referring to **HERNANDEZ**.

13 270. At approximately 4:57 PM, the investigative team intercepted a call from (559) 895-3465
 14 (TT 3465), utilized by **MARTINEZ**, to (279) 386-7769 (TT6), utilized by **SANCHEZ**. During the call,
 15 **MARTINEZ** advised **SANCHEZ** that she is almost to Fresno, CA, and that “Louis” was driving.
 16 **SANCHEZ** mentioned that he could also get blue pills for **MARTINEZ**, but **MARTINEZ** declined
 17 and said that was not something she wanted to get addicted to.

18 271. Based on my training and experience, I believe that when **MARTINEZ** indicated that
 19 “Louis” was driving, she was referring to **BONILLA**. I also believe that the mention of “blue pills” is a
 20 reference to fentanyl, which is commonly processed into small round blue pills stamped with the
 21 characters “M 30”.

22 272. At approximately 5:14 PM, the investigative team intercepted a multimedia message sent
 23 from (559) 803-7096 (TT16), utilized by **HERNANDEZ**, to (279) 386-7769 (TT6), utilized by
 24 **SANCHEZ**, which included a photograph attachment. The photograph was a cell phone showing
 25 location information for a business named Boss Food & Liquor with an address of 3348 E Butler Ave. I
 26 believe that this message was **HERNANDEZ** providing the location for **SANCHEZ** to have
 27 **MARTINEZ** meet him at for the narcotics transaction.

28 273. The next minute, at approximately 5:15 p.m. the investigative team intercepted another

1 multimedia message, this time sent from (279) 386-7769 (TT6), utilized by **SANCHEZ**, to (559) 895-
2 3465 (TT 3465), utilized by **MARTINEZ**. The message included a photograph attachment, which was
3 the same image described above. Based on the context of this second message, I believe **SANCHEZ**
4 was providing the location that **HERNANDEZ** sent to **MARTINEZ** so that **MARTINEZ** could meet
5 **HERNANDEZ** for the narcotics transaction.

6 274. At approximately 5:16 PM, the investigative team intercepted a text message sent from
7 (279) 386-7769 (TT6), utilized by **SANCHEZ**, to (559) 803-7096 (TT16), utilized by **HERNANDEZ**.
8 The text message stated “Kk my dog , good looking out they 15mins a way.. appreciate u my P.Sider”.
9 Based on my training and experience, I know the terminology of “my dog” to be a term frequently used
10 by Bulldog gang members to refer to other Bulldog gang members in a friendly manner. I also know the
11 terminology of “P. Sider” to be a reference to **HERNANDEZ** being a member of the Parkside subset of
12 the Bulldog criminal street gang.

13 275. At about 5:27 PM, the investigative team observed a silver Toyota Camry associated with
14 **HERNANDEZ** and conducted a vehicle stop on it at the intersection of Butler Ave and East Ave in
15 Fresno County. During the vehicle stop, **HERNANDEZ** was identified as the driver and sole occupant
16 of the vehicle based on previous contacts, as well as the driver’s license he presented during the stop. A
17 search of the passenger compartment of the vehicle revealed narcotics packaged for sales located in a
18 hidden compartment within the center console. In total, three packages were located. Two contained
19 about one-quarter pound each of suspected methamphetamine, one colored pink and one colored blue.
20 The third bag contained what appeared to be several dozen round blue pills, consistent with M30 pills
21 possibly containing fentanyl. The phone used by **HERNANDEZ** was not confirmed during this vehicle
22 stop. The following is a cropped picture of the seized narcotics:

23 ///
24 ///
25 ///
26 ///
27 ///
28 ///

276. While the vehicle stop was occurring, a series of text messages and phone calls occurred between **SANCHEZ**, **BONILLA** and **MARTINEZ**. At 5:33 p.m. **SANCHEZ** utilizing (279) 386-7769 (TT6), sent an outgoing text message to **HERNANDEZ**, utilizing (559) 803-7096 (TT16), which read, "My P my people's are right there". Based on the context surrounding this message, I believe **SANCHEZ** was notifying **HERNANDEZ** that **BONILLA** and **MARTINEZ** had arrived at the designated meeting location. **SANCHEZ** did not receive any response due to **HERNANDEZ**, as **HERNANDEZ** had been detained by the investigative team.

277. Several minutes later, at approximately 5:41 PM, **SANCHEZ**, utilizing (279) 386-7769 (TT6), and **MARTINEZ** utilizing (559) 961-2103 (TT 2103), had a conversation consisting of a series of text messages. The following is a transcript of the conversation:

	[BEGINNING OF CONVERSATION]
SANCHEZ	Are you guys good?
MARTINEZ	We're here already
MARTINEZ	We're here already
MARTINEZ	We're here already
SANCHEZ	Ur at the pad, did my boi come out
SANCHEZ	??
SANCHEZ	Call me
	[END OF CONVERSATION]

1 278. Based on the context of the conversation, I believe that **SANCHEZ** was attempting to
2 confirm with **MARTINEZ** that she had made contact with **HERNANDEZ** and conducted the narcotics
3 transaction.

4 279. While this text message exchange was occurring, the investigative team located a silver
5 Toyota SUV bearing California license plate 9GVK255 parked in front of 3808 E Butler Ave which was
6 known to be associated with **BONILLA**, and was registered as a leased vehicle to Louis **BONILLA** at
7 his known residence of 853 Chianti Circle, Coalinga, CA. Undercover surveillance units confirmed that
8 there were three occupants in the vehicle: a male subject seated in the driver's seat who was positively
9 identified as **BONILLA** and a female subject in the rear passenger seat directly behind the driver who
10 was positively identified as **MARTINEZ**. Both were identified based on a comparison with known
11 pictures maintained on file by the California Department of Motor Vehicles. There was also an
12 unidentified Hispanic male adult seated in the front passenger seat.

13 280. At approximately 5:48 PM, **SANCHEZ**, utilizing (279) 386-7769 (TT6), placed a call to
14 **MARTINEZ**, utilizing (559) 961-2103 (TT 2103). **BONILLA** answered the line rather than
15 **MARTINEZ**, and **SANCHEZ** asked if they were at the address. **BONILLA** confirmed that they were
16 at the address and the address was a store. **SANCHEZ** asked if they saw "the homie right there," and
17 **MARTINEZ** can be heard in the background saying "no." **BONILLA** also asked, "What's he in? We
18 don't even know what he looks like." **SANCHEZ** told **BONILLA** to hold on. While **BONILLA** was
19 holding, **MARTINEZ** could be heard speaking to **BONILLA** in the background saying that right
20 around the corner "they" have somebody pulled over and that a sheriff and a cop were searching. The
21 parties then go back and forth about whether the individual that was pulled over was the one they were
22 supposed to be meeting. After **MARTINEZ** and **BONILLA** indicated that the individual was arrested,
23 **SANCHEZ** then attempted to arrange for a separate transaction with another subject for the remainder
24 of the call.

25 281. During this phone call, the investigative team was maintaining undercover surveillance of
26 **BONILLA** and **MARTINEZ** and observed them driving past the vehicle stop involving
27 **HERNANDEZ**. This occurred simultaneously with the conversation that was intercepted in the above-
28 described call.

1 282. Based on the context of this call, as well as the surveillance team's identification of
 2 **MARTINEZ** and **BONILLA** near the vehicle stop on **HERNANDEZ**, I believe that in this call
 3 **MARINTEZ** and **BONILLA** effectively informed **SANCHEZ** that **HERNANDEZ** had been detained
 4 by the police and that the vehicle was being searched. I believe that **SANCHEZ** realized that the
 5 narcotics transaction would not be completed, which is why he then was attempting to quickly locate an
 6 alternate source of narcotics.

7 283. **SANCHEZ** then utilized (279) 386-7769 (TT6) to place several additional calls to
 8 multiple individuals attempting to obtain a new methamphetamine source. At 6:49 PM, **SANCHEZ**
 9 contacted **MARTINEZ**, utilizing (559) 961-2103 (TT 2103), and asked if they had left yet.
 10 **MARTINEZ** confirmed that they had already left Fresno. **MARTINEZ** also advised she would be
 11 putting the money back into Cash App.

12 284. During this call, I believe **MARTINEZ** and **BONILLA** refused to wait in Fresno any
 13 further and departed the area. **MARTINEZ** stated she would be "putting the money back into Cash
 14 App", which I believe is a reference to the \$500 she had obtained in cash after she received the CashApp
 15 transaction from **GONZALES** on **SANCHEZ**' behalf. I also believe **MARTINEZ** was advising
 16 **SANCHEZ** that she would return his money due to them not making a successful purchase.

17 285. Based on all of the information set out above, I believe **SANCHEZ** organized the
 18 purchase of one-half pound of methamphetamine from **HERNANDEZ**, that **BONILLA** and
 19 **MARTINEZ** attempted to broker this purchase, and that **GONZALES** provided the monetary
 20 transaction to **MARTINEZ** to fund the purchase.

21 286. Based on all of the above, I believe **SANCHEZ**, **HERNANDEZ**, **BONILLA**,
 22 **MARTINEZ** and **GONZALES**, conspired to distribute and possess with intent to distribute a controlled
 23 substance, in violation of 21 U.S.C. §§ 846, 841(a)(1).

24 11. **June 4, to June 9, 2025 – Ignacio SANCHEZ Arranged Two**
Methamphetamine Transactions with Luis Amaro AGUILAR Resulting in
the Seizure of a Half Pound of Methamphetamine

25 287. On June 4, 2025, **SANCHEZ**, while housed at the Fresno County Jail, coordinated the
 26 procurement of a half pound of methamphetamine from **AGUILAR**. On June 9, 2025, **SANCHEZ**,
 27 while housed at the Fresno County Jail, again coordinated the procurement of a second half pound of

1 methamphetamine from **AGUILAR**.

2 288. On June 4, 2025, at approximately 12:25 PM, **SANCHEZ** used the Fresno County Jail
 3 phone system⁶⁴ to call (559) 401-8633 (TT 8633) utilized by **FELISCIANO**. **SANCHEZ** used his
 4 Fresno County Jail Identification Number to place this call. During this call, **SANCHEZ** asked
 5 **FELISCIANO** to send a text message and ask, “if they could come and fix the fence.” **SANCHEZ**
 6 related that they would know what that meant. Simultaneously, at 12:40 PM, **FELISCIANO** used (559)
 7 401-8633 (TT 8633) to send a text message to the uncharged user of (213) 334-1252 (TT18). The text
 8 message read, “Good afternoon. May you have a blessed day. My primo said he sends his and that
 9 everything is good. If you can send me the number or for you to call so we can have them bring us some
 10 groceries please and thank you.”

11 289. I know from my training and experience that drug traffickers use coded language,
 12 especially on monitored and recorded jail phones, to discuss criminal matters in an effort to thwart law
 13 enforcement’s ability to arrest and prosecute them for these crimes. I also know that “my primo” is a
 14 name by which **FELISCIANO** identifies **SANCHEZ**. I know members of the ENTERPRISE use the
 15 term “groceries” to describe illicit narcotics.

16 290. Therefore, I believe **SANCHEZ** used coded language to instruct **FELISCIANO** to send
 17 a text message to an uncharged individual regarding the procurement of illicit narcotics. **FELISCIANO**
 18 responded in kind and sent a message on behalf of **SANCHEZ** to an uncharged individual.
 19 **FELISCIANO** communicated in this text message that **SANCHEZ** needed more narcotics.

20 291. At 12:41 PM, **SANCHEZ** used the Fresno County Jail phone system to call (559) 401-
 21 8633 (TT 8633) utilized by **FELISCIANO**. During this call, **SANCHEZ** asked **FELISCIANO** “did
 22 Ninja Gorilla get back at you?” **FELISCIANO** responded, “I text him [UI] no.” **SANCHEZ**
 23 responded, “No? Ok.”

24 292. Based on my training and experience, I believe **SANCHEZ** asked **FELICIANO** if the
 25 uncharged individual had returned **FELISCIANO**’s text message. **FELISCIANO** responded that they
 26 had not responded despite **FELISCIANO** sending the text message.

27
 28 ⁶⁴ The parties on the call were advised the Fresno County Jail phone system is subject to monitoring and recording.

1 293. **FELISCIANO**, while still on the jail call with **SANCHEZ**, **FELISCIANO** used (559)
 2 401-8633 (TT 8633) to call the uncharged user of (213) 334-1252 (TT18). **FELISCIANO** then merged
 3 this call with the original **SANCHEZ** jail call, allowing all three individuals to speak on a 3-way call.
 4 This uncharged individual spoke with **SANCHEZ** about **SANCHEZ**'s current housing situation at the
 5 Fresno County Jail. Later in this call, **SANCHEZ** asked the uncharged individual, "can you please get
 6 ahold of the guy to fix my fence?" The uncharged individual is confused by this statement, so
 7 **SANCHEZ** clarified, "my boy-boy." **SANCHEZ** continued, "he charges me 6 to hook up the whole
 8 fence and then I give him 50 bucks to eat food and stuff." The uncharged individual responded, "so you
 9 want him to go and fix the fence today?" **SANCHEZ** responded in affirmation and stated, "yes, and get
 10 a hold of my prima."

11 294. Based on my training and experience, I believe **SANCHEZ** was again speaking in coded
 12 language about procuring narcotics from the uncharged user's source of supply. I also know that drug
 13 traffickers shorten financial terms. For example, when **SANCHEZ** stated, "he charges me 6"
 14 **SANCHEZ** actually communicated "he charges me \$600." I know the term, "bucks" to be a synonym
 15 for "dollars." I also know, "prima" to be a name by which **SANCHEZ** identifies **FELISCIANO**.

16 295. I believe **SANCHEZ** communicated to the uncharged individual that **SANCHEZ** was
 17 prepared to purchase \$600 worth of narcotics from the uncharged individual's source of supply, and that
 18 **SANCHEZ** would pay the supplier \$50 for it to be delivered. **SANCHEZ** further related that this
 19 transaction would be completed by **FELISCIANO** due to the fact that **SANCHEZ** is currently
 20 incarcerated.

21 296. At 1:09 PM, the user of (213) 334-1252 (TT18) sent a text message to **FELISCIANO** on
 22 (559) 401-8633 (TT 8633). This text message read, "I'm waiting on the homie to get back at me about
 23 the groceries I'll let you know asap when he does."

24 297. Based on my training and experience, I know "homie" to be a fellow gang member. As
 25 previously discussed, I know groceries to be narcotics. I also know "asap" to mean "as soon as possible."

26 298. I believe the uncharged user of (213) 334-1252 (TT18) communicated to **FELISCIANO**,
 27 and ultimately **SANCHEZ**, that the uncharged individual contacted their source of supply regarding the
 28 narcotics, and that they have not yet responded. The uncharged individual advised they would notify

1 **FELISCIANO** when the source of supply responded.

2 299. At 1:11 PM, the uncharged user (UCC3) of (213) 334-1252 (TT18) called **Luis Amaro**
 3 **AGUILAR** on (559) 652-6826⁶⁵ (TT 6826). The following is a transcript of the pertinent portions of
 4 that call:

	[BEGINNING OF CALL]
AGUILAR	Yo.
UCC3	What's good block?
AGUILAR	What's going on?
UCC3	Shit, [UI] just chilling. [stuttering] my celly wants to know right – if you could get another one? A half?
AGUILAR	Uh huh [in affirmation].
UCC3	Alright. And if you could roll all the way over there again and drop it off?
AGUILAR	Uh today?
UCC3	Uh – yeah – because...
AGUILAR	Uh – tell him – uh – to give me some time cuz I was barely going to head out right now to get a haircut – me and my son.
UCC3	Ok, just let me know – and then uh – he gots the 6 right?
AGUILAR	Yeah.
UCC3	Ok – uh – and he got that 50 too.
AGUILAR	Alright, yeah.
UCC3	Ok. Just let me know.
AGUILAR	Alright bud.
UCC3	Ok, alright, buh bye.
AGUILAR	Late.
	[END OF CALL]

18 300. Based on my training and experience, I know “celly” to be short for “cellmate.” I also
 19 know drug traffickers use vague or innocuous language to describe narcotics in an attempt to thwart law
 20 enforcement’s ability to prosecute them. I believe the phrase, “another one” and “a half” when used in
 21 this context to mean “another half pound of narcotics.” I know the phrase, “to roll” when used in this
 22 context to mean “to travel.” As previously described, drug traffickers often shorten terms associated
 23 with finances. For example, when the uncharged individual stated, “he gots the 6” they actually
 24 communicated, “the price is \$600.” I know that \$600 for a half pound of narcotics is consistent with the
 25 price of methamphetamine in the Central Valley of California.

26

27 ⁶⁵ On June 9, 2025, members of the investigative team detained **AGUILAR** during a vehicle stop. During this
 28 detention, the investigative team called (559) 652-6826 and watched as **AGUILAR**’s cell phone received a call. Therefore, I believe **AGUILAR** is the user of (559) 652-6826.

1 301. Therefore, I believe the uncharged individual communicated to **AGUILAR** that
 2 **SANCHEZ** needed to purchase another half pound of methamphetamine for \$600. Therefore, I believe
 3 **AGUILAR** responded that **AGUILAR** had the narcotics requested, and confirmed he would accept
 4 \$600 in addition to the \$50 as a delivery fee.

5 302. At 1:12 PM, the uncharged individual (UCC3) used (213) 334-1252 to call
 6 **FELISCIANO** on (559) 401-8633 (TT 8633). The following is a transcript of that call:

	[BEGINNING OF CALL]
UCC3	Because right now he's going to get his son a haircut. And all that stuff.
FELISCIANO	Ok.
UCC3	But he's – but he's gonna to let me know when he gets on the road – and when it's good.
FELISCIANO	Ok. Just let me know for I could [UI] I could go get the money and have it in hand.
UCC3	Yeah – yeah cuz he wants it in cash. It – it – its' the 6 plus the 50.
FELISCIANO	That's ok.
UCC3	Ok, cool.
FELISCIANO	Ok, thank.
UCC3	Ok, I'll let you know. Alright later.
FELISCIANO	Bye.
	[END OF CALL]

15 303. Based on my training and experience, as well as the context from the prior call, I believe
 16 the uncharged individual communicated to **FELISCIANO** that their narcotics source confirmed the
 17 price of \$600 for the half pound of methamphetamine, as well as the \$50 delivery fee, and would be
 18 leaving soon to deliver the methamphetamine.

19 304. At 3:08 PM, **AGUILAR** used (559) 652-6826 (TT 6826) to send a text message to the
 20 uncharged user of (213) 334-1252 (TT18). This text message read, "omw." I know this to mean "on my
 21 way." At 3:33 PM, the uncharged user of (213) 334-1252 (TT18) called **FELISCIANO** on (559) 401-
 22 8633 (TT 8633) and related "they're on their way right now." I believe the uncharged individual relayed
 23 the impending arrival of **AGUILAR** to **FELISCIANO**. At 3:58 PM, the uncharged user of (213) 334-
 24 1252 (TT18) called **FELISCIANO** on (559) 401-8633 (TT 8633) and the two decided the
 25 methamphetamine transaction would take place at the same location as previous transactions.

26 305. At 4:09 PM, **FELISCIANO** used (559) 401-8633 (TT 8633) to send a text message to
 27 the uncharged user of (213) 334-1252 (TT18). This text message read, "here" indicating **FELISCIANO**
 28 had arrived. Moments later, the uncharged user of (213) 334-1252 (TT18) responded with a text that

1 read, "He should be pulling up right now" indicating **AGUILAR** was arriving as well. At 4:10 PM,
 2 **FELISCIANO** used (559) 401-8633 (TT 8633) to send a text message to the uncharged user of (213)
 3 334-1252 (TT18). This text message read, "It's a raiders touch down." Simultaneously, **AGUILAR**
 4 used (559) 652-6826 (TT 6826) to send a text message to the uncharged user of (213) 334-1252 (TT18).
 5 The text message read, "Touch down."

6 306. Based on my training and experience, I know the term "Touchdown" is used by members
 7 of the ENTERPRISE to communicate that there has been a successful narcotics transaction. Therefore,
 8 based on these text messages, I believe that **FELISCIANO** met with **AGUILAR** and purchased a half
 9 pound of methamphetamine.

10 307. At 5:24 PM, **SANCHEZ** used the Fresno County Jail phone system to call (559) 401-
 11 8633 (TT 8633) utilized by **FELISCIANO**. During this call, **FELISCIANO** stated, "touchdown."
 12 **SANCHEZ** responded, "Touchdown, big mighty Raider touchdown!"

13 308. Based on my training and experience, and the context of the prior call, I believe
 14 **FELISCIANO** communicated to **SANCHEZ** that she successfully purchased a half pound of
 15 methamphetamine.

16 309. Between June 5, and June 8, 2025, the uncharged individual, **AGUILAR** and
 17 **FELISCIANO** on behalf of **SANCHEZ**, exchanged messages and calls that indicated **SANCHEZ**
 18 would like to purchase additional narcotics.

19 310. On June 7, 2025, at 6:07 PM, **SANCHEZ** used the Fresno County Jail phone system to
 20 call (559) 401-8633 (TT 8633) utilized by **FELISCIANO**. During this call, **SANCHEZ** stated, "If you
 21 can, text Ninja Gorilla, and let him know that – I don't know how the day is going to go – we should be
 22 good huh Prima?" **FELISCIANO** responded in affirmation. **SANCHEZ** continued, "I need to let him
 23 know that tomor..." **FELISCIANO** interjected, "Monday" as **SANCHEZ** continued, "Yeah for
 24 Monday" "it would be for the afternoon."

25 311. Based on my training and experience, and the context of the prior communications on
 26 June 4, 2025, I know "Ninja Gorilla" to be the uncharged user of (213) 334 1252 (TT18). I know
 27 "prima" to be a name by which **SANCHEZ** identifies **FELISCIANO**.

28 312. Therefore, I believe **SANCHEZ** communicated to **FELISCIANO** that **SANCHEZ**

1 would like **FELISCIANO** to again contact the uncharged individual to broker another purchase of
 2 narcotics on Monday (June 9, 2025).

3 313. **FELISCIANO** responded in kind and used (559) 401-8633 (TT 8633) to send a text
 4 message to the uncharged user of (213) 334-1252 (TT18) at 7:10 PM. This text message read, “[UI
 5 characters]ed me to tell you if you can hit up old boy and let him know that he needs more groceries. If
 6 he works on the weekend or not. If they can come tomorrow or Monday cause we are ready.” At 7:10
 7 PM, the uncharged user of (213) 334-1252 (TT18) responded with a text message to **FELISCIANO** on
 8 (559) 401-8633 (TT 8633) and stated, “He said he could make it over there Monday.”

9 314. Based on my training and experience, I know the term, “groceries” is used by members
 10 of the ENTERPRISE to describe narcotics. Therefore, I believe **FELISCIANO**, at **SANCHEZ**’s
 11 direction, contacted the uncharged individual to procure additional narcotics on the afternoon of June 9,
 12 2025.

13 315. On June 9, 2025, at 8:33 AM, the uncharged user of (213) 334-1252 (TT18) sent a text
 14 message to **AGUILAR** on (559) 652-6826 (TT 6826). This text message read, “I’m going to be on
 15 giddys phone [phone emoji].

16 316. Based on my training and experience, I know “giddy” to be the street moniker of **Ignacio**
 17 **SANCHEZ**, who is typically the user of (279) 386-7769 (TT6). Therefore, I believe the uncharged
 18 individual communicated to **AGUILAR** that **AGUILAR** could communicate with the uncharged
 19 individual on (279) 386-7769 (TT6).

20 317. At 8:58 AM, the uncharged user of (279) 386-7769 (TT6) sent a text message to
 21 (559) 401-8633 (TT 8633) utilized by **FELISCIANO**. This text message read, “Do you think you’ll
 22 make it back in time for the homie..he said he’s getting on the road at 1.. and will be there at 2 with the
 23 groceries.”

24 318. Based on my training and experience, I know members of the ENTERPRISE use food
 25 terms to describe narcotics. I know the term, “groceries” when used in this context to mean “narcotics.”
 26 I also know “homie” to be a fellow gang member, and in this text message, I believe “homie” to be
 27 **AGUILAR**.

28 319. I believe the uncharged individual communicated to **FELISCIANO** that **AGUILAR**

1 would be arriving at 2:00 PM with narcotics.

2 320. At 1:08 PM, **AGUILAR** used (559) 652-6826 (TT 6826) to send a text message to the
 3 uncharged user of (279) 386-7769 (TT6). This text message read, "Okay, on my way." Based on my
 4 training and experience, as well as the context from the prior calls, I believe **AGUILAR** communicated
 5 that he was departing to meet with **FELISCIANO** to conduct a transaction for narcotics.

6 321. Members of the investigative team established physical surveillance at the residence of
 7 **AGUILAR** located at 2417 S. Argyle Avenue in the City of Fresno, CA. The investigative team
 8 observed **AGUILAR**⁶⁶ leave the residence and departed in a Dodge Durango.

9 322. At 1:30 PM, the uncharged person (UCC3) using (279) 386-7769 (TT6) called
 10 **FELISCIANO** on (559) 401-8633 (TT 8633). The following is a transcript of the pertinent portions of
 11 that call:

NAME	TRANSCRIPTION
[BEGINNING OF CALL]	
FELISCIANO	CiCi.
UCC3	CiCi. Yeah, fucking – um – Yeah – so they should be there about 2:17, he's on his way – um
FELISCIANO	Ok.
UCC3	You got the 6 and the 50 right?
FELISCIANO	Yeah.
UCC3	Ok, cool.
...	[The conversation turns to non-pertinent talk about another individual.]
[END OF CALL]	

13 323. Based on my training and experience, I know that drug traffickers shorten terms and
 14 phrases associated with finances. For example, when the uncharged individual stated, "You got the 6
 15 and the 50 right?" The uncharged individual actually stated, "you got the \$600 and \$50 right?" I also
 16 know that \$600 is the current price for a half pound of methamphetamine in the Central Valley of
 17 California.

18 324. Based on the context from the prior calls, I believe that **AGUILAR** was responding to
 19 traffic narcotics. Based on this call, **FELISCIANO**, on behalf of **SANCHEZ**, is again purchasing a half
 20 pound of methamphetamine for \$600, and paying **AGUILAR** \$50 as a delivery fee, as they did on June
 21

22
 23
 24
 25
 26
 27
 28 ⁶⁶ **AGUILAR** was the sole occupant of the vehicle, and later identified by his California driver license during a vehicle stop.

1 4, 2025.

2 325. At 1:34 PM, members of the investigative team detained **AGUILAR** during a vehicle
3 stop. **AGUILAR** was identified by his California driver license. A search of **AGUILAR**'s vehicle was
4 conducted and a plastic bag containing a white crystalline substance was located under the driver's seat.
5 Based on their training and experience, members of the investigative team recognized the substance as
6 methamphetamine.

22 FIGURE 6: WHITE CRYSTALLINE SUBSTANCE LOCATED UNDER THE DRIVER'S SEAT OF AGUILAR'S
23 VEHICLE ON JUNE 9, 2025.

24 326. **AGUILAR** was arrested and later booked at the Fresno County Jail without further
25 incident.

26 327. At 2:18 PM, **FELISCIANO** used (559) 401-8633 (TT 8633) to send a text message to
27 the uncharged user of (279) 386-7769 (TT6). The text message read, "I'm here already waiting."

28 328. At 2:20 PM, the uncharged user of (279) 386-7769 (TT6) sent a text message to

1 **FELISCIANO** on (559) 401-8633 (TT 8633) that read, "I haven't heard nothing from him."

2 329. I believe these text messages show that **FELISCIANO** had arrived at the meeting
 3 location, and the supplier, **AGUILAR**, had not arrived due to the fact that he was detained by members
 4 of the investigative team.

5 12. **June 10, 2025 – SANCHEZ facilitated the distribution of methamphetamine**
from an uncharged male to PULIDO

6 330. Between June 9 and June 10, 2025, the investigative team became aware that
 7 **SANCHEZ**, while housed in the Fresno County Jail and Salinas Valley State Prison, conspired to
 8 procure a pound of methamphetamine from an unidentified male (UM828). This procurement was
 9 brokered by **PULIDO** and was acquired by **PULIDO** and an uncharged co-conspirator.

10 331. On June 9, 2025, at approximately 10:47 AM, **SANCHEZ** used the Fresno County Jail
 11 phone system⁶⁷ to call (559) 413-9807 (TT 9807) utilized by **PULIDO**⁶⁸. **SANCHEZ** used his Fresno
 12 County Jail Identification Number to place this call. The Fresno County Jail system began the call by
 13 identifying the caller via a pre-recorded message. This pre-recorded message indicated the incarcerated
 14 person who placed the call was "Giddy." I know "Giddy" to be the street moniker of **SANCHEZ**.

15 332. During the initial portion of this call, **PULIDO** and **SANCHEZ** speak about
 16 **SANCHEZ**'s court proceedings. At the 9:57 minute mark, the conversation turned to the procurement
 17 of narcotics. The following is a transcript of the pertinent portions of that conversation:

[BEGINNING AT THE 12:27 MINUTE MARK]	
SANCHEZ	Where do you go grocery shopping at?
PULIDO	Uh – when I was at your mom's, we use to always go to Wal-Mart. But I go to that Foods – I like to bargain shop – fucking – [UI] Foods Co. – I'll go to Foods Co., or like – if they have like sales at Costless or whatever I'll like – I'll go over there.
SANCHEZ	Yeah. No – and then the other food too? The other food. The other food.
PULIDO	Oh that food! Oh – um – I have a homeboy right here. Fucking uh – His name's "Nutty."
SANCHEZ	Yeah.
...	[The call continued as PULIDO advised she gets "food" from other sources and named multiple uncharged individuals. The call quickly turned to matters unrelated to the procurement of narcotics. The call ended at the 16:10 minute mark.]

26 67 The parties on the call were advised the Fresno County Jail phone system is subject to monitoring and recording.

27 68 On June 10, 2025, members of the investigative team detained **PULIDO** during a vehicle stop. **PULIDO** advised
 28 (559) 413-9807 was **PULIDO**'s cell phone number. **PULIDO**'s cell phone was located during the detention and found to be associated to phone number (559) 413-9807.

1	[END OF CALL]
---	---------------

2 333. Based on my training and experience, I know that members of the ENTERPRISE refer to
 3 narcotics using terms and phrases associated to food. I have also heard **SANCHEZ** refer to the
 4 procurement of narcotics as “grocery shopping” during prior intercepted calls.

5 334. Therefore, I believe **SANCHEZ** asked **PULIDO** where **PULIDO** purchases narcotics
 6 from. **PULIDO** initially did not understand **SANCHEZ**’s hidden meaning and answered with
 7 establishments that **PULIDO** has purchased groceries from. **SANCHEZ** then clarified, “Yeah. No –
 8 and then the other food too? The other food. The other food.” To which **PULIDO** answered with
 9 sources to which she acquires narcotics.

10 335. At 5:22 PM, **SANCHEZ** used the Fresno County Jail phone system to call (559) 413-
 11 9807 (TT 9807) utilized by **PULIDO**. **SANCHEZ** used his Fresno County Jail Identification Number
 12 to place this call. The following is a transcript of the pertinent portions of that conversation:

13	[BEGINNING AT THE 1:40 MINUTE MARK]
14	SANCHEZ Remember what we were talking about earlier?
15	PULIDO Uh – no.
16	SANCHEZ About – remember what I asked you? Where you used to go grocery shopping and stuff like that?
17	PULIDO Oh, yeah, yeah, yeah.
18	SANCHEZ Ok – um – is [stuttering] there like Costco – like – do they have – uh – big – yeah. Uh – [stuttering][UI] My Dad wants to barbecue and everything – and you need to go over there and barbecue with them. Just take a pound of meat. You know what I mean?
19	PULIDO Yeah.
20	SANCHEZ Yeah.
21	PULIDO Oh, like to get a pound of meat?
22	SANCHEZ Yeah.
23	PULIDO See if they want me to take a pound of meat?
24	SANCHEZ Yes. For you. And then I got a burrito for you. And you don’t owe that 60 bucks no more or nothing.
25	PULIDO Alright. I don’t know if they’re going to have. We’ll see. Let me tap in real quick.
	... [The call ended as the two rehashed the statements made.] The call ended at the 3:28 minute mark.]
	[END OF CALL]

26 336. Based on my training and experience, I know members of the ENTERPRISE use food
 27 terms to describe narcotics. I also know from the context of the earlier call, that **SANCHEZ** asked
 28 **PULIDO** who she purchases narcotics from. I know the term “burrito” to be used by **SANCHEZ** to

1 describe an ounce of methamphetamine. I also know the phrase, “tap in” to be used in popular culture
 2 which means, “to contact.”

3 337. Therefore, I believe **SANCHEZ** called **PULIDO** to ask **PULIDO** to contact her source
 4 of supply to purchase a pound of narcotics on **SANCHEZ**’s behalf. **SANCHEZ** related that in return,
 5 **SANCHEZ** would forgive **PULIDO**’s debt of \$60 and provide **PULIDO** with an ounce of
 6 methamphetamine.

7 338. At 5:43 PM, **SANCHEZ** used the Fresno County Jail phone system to call (559) 413-
 8 9807 (TT 9807) utilized by **PULIDO**. During this call, **PULIDO** stated, “Yeah I called and then [UI] he
 9 will make a call, and he’s waiting on him.” I believe **PULIDO** communicated to **SANCHEZ** that
 10 **PULIDO** had contacted her source of supply as requested by **SANCHEZ**, and that the source was
 11 working on locating a pound of narcotics. **SANCHEZ** then stated, “So most likely you’re going to go
 12 over there to the barbecue?” **PULIDO** related, “yeah, yeah for sure.” I believe **SANCHEZ** again was
 13 using “the barbecue” as coded language to communicate the procurement of narcotics on **SANCHEZ**’s
 14 behalf, to which **PULIDO** advised she was able to complete.

15 339. At 6:58 PM, **SANCHEZ** used the Fresno County Jail phone system to call (559) 401-
 16 8633⁶⁹ (TT 8633), used by **FELISCIANO**. During this call, **SANCHEZ** and **FELISCIANO** discussed
 17 funds available to **SANCHEZ** to purchase narcotics. **SANCHEZ**, satisfied with the finances then
 18 stated, “Text Gracie. Say my primo said thumbs up.”

19 340. Based on my training and experience, I believe “Gracie” to be Grace **PULIDO**. I also
 20 know, “primo” to be a name by which **FELISCIANO** identifies **SANCHEZ**. I know “thumbs up” to be
 21 another way of saying, “we are good to go.”

22 341. Therefore, I believe **SANCHEZ** and **FELISCIANO** discussed funding the pending
 23 purchase of narcotics. **SANCHEZ** then requested **FELISCIANO** send a text message to **PULIDO**, to
 24 communicate that **PULIDO** was to plan on purchasing the pound of narcotics. Concurrently,
 25 **FELISCIANO** used (559) 401-8633 (TT 8633) to send a text message to (559) 413-9807 (TT 9807)

26
 27 ⁶⁹ On March 11, 2025, members of the investigative team established physical surveillance on **FELISCIANO**.
 28 Members of the investigative team called (559) 401-8633 and spoke with **FELISCIANO** while surveilling her. Therefore, I believe **FELISCIANO** is the user of (559) 401-8633.

1 utilized by **PULIDO**. This transaction was captured on a pen-register installed on (559) 401-8633 (TT
 2 8633) via a court order.

3 342. At 8:01 PM, **SANCHEZ** used the Fresno County Jail phone system to call (559) 413-
 4 9807 (TT 9807) utilized by **PULIDO**. **PULIDO** communicated to **SANCHEZ** that, “early in the
 5 morning, he said yeah for the 11.” **SANCHEZ** then responded in affirmation and stated, “I got you for
 6 a burrito” and “thank you Grace.”

7 343. I know based on my training and experience that drug traffickers often shorten words
 8 describing money. For example, in this call when **PULIDO** stated, “for the 11” she communicated “for
 9 \$1,100.” I also know that “burrito” is synonymous with an ounce of methamphetamine. I know based
 10 on my training and experience, that a pound of methamphetamine is typically sold in the Central Valley
 11 of California for \$1,100.

12 344. I believe **PULIDO** communicated to **SANCHEZ** that **PULIDO**’s source of supply
 13 would sell **SANCHEZ** a pound of methamphetamine for \$1,100 tomorrow morning. **SANCHEZ** then
 14 reiterated that **PULIDO** would receive an ounce of methamphetamine for this procurement.

15 345. On June 10, 2025, at 9:35 AM, **SANCHEZ** used (213) 334-1252⁷⁰ (TT18) to call
 16 **PULIDO** on (559) 413-9807 (TT 9807). During this call, **PULIDO** stated, “I’m driving over there to
 17 go do that.” I believe **PULIDO** communicated to **SANCHEZ** that **PULIDO** was on her way to procure
 18 the narcotics as planned. **PULIDO** then stated, “Carly wanted you to call her,” “because I guess
 19 yesterday you told her whatever she had in hand, and I ended up needing the whole – the 11 so fucking
 20 uh – I think she just wanted to clear that with you.” Later in the call, **SANCHEZ** stated, “text me an tell
 21 me touchdown” to which **PULIDO** responded in affirmation.

22 346. I know based on my training and experience that “Carly” is Carly **BALBOA**, the sister of
 23 **SANCHEZ**. I also know **BALBOA** to distribute and store narcotics and finances on **SANCHEZ**’s
 24 behalf. I know “on hand” to mean “in one’s possession.” I know that drug traffickers often shorten
 25 words describing money. For example, in this call when **PULIDO** stated, “the 11” she communicated
 26

27 28 ⁷⁰ (213) 334-1252 was identified as being a contraband cell phone used by both **SANCHEZ** and other incarcerated
 persons within the Salinas Valley State Prison during the course of this investigation. I also recognized **SANCHEZ**’s voice
 to be the same on this call as compared to the previously mentioned Fresno County Jail phone calls.

1 “the \$1,100.” I also know, “touchdown” to be a term ENTERPRISE members use when they have
 2 successfully obtained narcotics for distribution.

3 347. Therefore, I believe **PULIDO** communicated to **SANCHEZ** that **BALBOA** gave
 4 **PULIDO** all the money **BALBOA** had, which was \$1,100, to purchase the pound of methamphetamine
 5 at the direction of **SANCHEZ**. I checked the historical location data on the GPS tracking device affixed
 6 to **PULIDO**’s vehicle pursuant to a court order and found that on June 9, 2025, at 9:27 PM, **PULIDO**’s
 7 vehicle traveled to **BALBOA**’s residence located at 664 Northstar Drive in the City of Hanford. I
 8 believe this GPS data corroborated that **PULIDO** did in fact obtain the finances for this procurement
 9 from **BALBOA** at the direction of **SANCHEZ**. **SANCHEZ** then directed **PULIDO** to text **SANCHEZ**
 10 when the methamphetamine had been procured.

11 348. At 12:56 PM, **PULIDO** used (559) 413-9807 (TT 9807) to send a textmessage to
 12 **SANCHEZ** on (213) 334-1252 (TT18) which read, “Should be here any minute.” At approximately
 13 1:00 PM, members of the investigative team established physical surveillance on **PULIDO**’s vehicle
 14 and found it to be unoccupied at 1020 Evergreen Avenue in the City of Lemoore, CA. At 1:33 PM, the
 15 investigative team observed a white Volkswagen sedan arrive at 1020 Evergreen Avenue. An
 16 uncharged individual exited the residence and retrieved a manilla envelope with a bulge from the
 17 occupant(s) of the Volkswagen sedan. The uncharged individual returned to the residence of 1020
 18 Evergreen Avenue, as the Volkswagen sedan departed. Simultaneously, **PULIDO** used (559) 413-9807
 19 (TT 9807) to send a textmessage to **SANCHEZ** on (213) 334-1252 (TT18) which read, “It’s here are we
 20 hooking up my friend for the paro or what.” I know “Paro” to be a Spanish slang term for “favor.” I
 21 also know “hooking up” to mean to provide someone with something.

22 349. I believe these text messages show that **PULIDO** had arrived at the source of supply’s
 23 location, and that the narcotics had also arrived. I believe **PULIDO** asked **SANCHEZ** if he intended on
 24 providing **PULIDO**’s friend with a gift in exchange for the favor he provided.

25 350. At 1:40 PM, **PULIDO** received an incoming call on (559) 413-9807 (TT 9807) from
 26 **SANCHEZ** on (213) 334-1252 (TT18). **SANCHEZ** related, “we can give him a couple basketballs and
 27 give you six of em.”

28 351. Based on my training and experience, I know “basketballs” are a term used by members

1 of the ENTERPRISE that mean methamphetamine packaged in 3.5 grams packages. I believe this call
2 showed that **PULIDO** would give her friend a couple 3.5 gram packages of methamphetamine, and that
3 **PULIDO** would get six of the same packages.

4 352. At 1:56 PM, members of the investigative team observed **PULIDO** exit the residence of
5 1020 Evergreen Lane and entered the driver side of her vehicle. **PULIDO** departed the residence and
6 was detained along with an uncharged passenger during a vehicle stop. **PULIDO** was identified by her
7 California driver license while her vehicle and person were searched. Fresno County Sheriff's Deputies
8 located a clear bag containing a white crystalline substance under **PULIDO**'s left breast and recognized
9 the substance to be methamphetamine based on their training and experience.

25 FIGURE 7: PHOTOGRAPH OF WHITE CRYSTALLINE SUBSTANCE REMOVED FROM PULIDO'S PERSON.

26 353. Based on all of the above, I believe **SANCHEZ, FELISCIANO, BALBOA** and
27 **PULIDO**, conspired to distribute and possess with intent to distribute a controlled substance, in
28 violation of 21 U.S.C. §§ 846, 841(a)(1).

1 **B. Count 2 - PINON Possesses and Distributes Methamphetamine**2 354. During April 15, 2025, a series of intercepted communications on (559) 931-4104 (TT1),
3 used by Ray **PINON**⁷¹, and (559) 301-6131 (TT 6131), used by an uncharged co-conspirator (UM49).4 355. On April 15, 2025, at approximately 11:22 AM, the following phone call was made by
5 **PINON** using (559) 931-4104 (TT1), to UM49, using (559) 301-6131 (TT 6131). After speaking about
6 whether UM49 was going to sell **PINON** a rifle, UM49 asked **PINON** if when he gets off UM49 could
7 get some “black t-shirts.” **PINON** told UM49, “Yes.” UM49 told **PINON** that he was not sure how
8 many he would purchase, but he might get the “piece.” **PINON** told UM49 that sounded good, and the
9 conversation ended.10 356. Based on my training, experience, and knowledge of this investigation, I believed the
11 uncharged co-conspirator was referring to black tar heroin when he referenced purchasing black t-shirts.
12 Based on my training and experience, I am aware that UM49 was possibly referring to a “Mexican
13 piece,” which based on my training and experience I know to be a term used in drug communities to
14 describe an ounce of heroin that weighs approximately 25 grams instead of 28 grams.15 357. On April 15, 2025, beginning at approximately 6:45 PM, **PINON**, using (559) 931-4104
16 (TT1), and UM49, using (559) 301-6131 (TT 6131), spoke about whether **PINON** could get the “white
17 shirts” down to “six.” **PINON** said no and offered to make a call, but UM49 said it was okay and that he
18 did not need it at that time. UM49 further said “I still got like . . .” and the rest was unintelligible.
19 UM49 confirmed with **PINON** that if he obtained six “black shirts” it would only be “two fifty,” but if
20 he got 12 it would be 600, and it would cost more money. **PINON** asked, “How much did I tell you the
21 half was?” UM49 replied, “Six hundred.” **PINON** asked if it would be easier to get that. UM49 stated,
22 “two sixes,” which is two quarters is “five hundred,” and further stated that “[i]t’s a hundred dollars
23 cheaper.” **PINON** admitted those are the prices “they” gave him and that is what he goes off of. When
24 UM49 asked, “How much for a zip of the cris?” **PINON** said it would cost \$120. UM49 then said he
2526

27 ⁷¹ The investigative team learned via intelligence gathered from a Confidential Human Source (CHS-1) that
28 **PINON**’s used the cell phone number (559) 931-4104. This was corroborated as multiple individual’s call **PINON** “risk”
during intercepted calls on (559) 931-4104. “Risk” is one of the street monikers **PINON** is known by. Members of the
investigative team have also intercepted **PINON** on (559) 931-4104 while simultaneously watching **PINON** talk on the
phone via a pole camera installed near **PINON**’s residence. Therefore, I believe **PINON** is the user of (559) 301-6131.

1 would take one of those, but he is going to count the money and call back.

2 358. Based on my training and experience, I know that drug traffickers commonly use the
3 term "crys" to refer to crystal methamphetamine. Therefore, I believe that UM49 asked **PINON** how
4 much money it would cost him to purchase an ounce of crystal methamphetamine. Based on my training
5 and experience I know a "zip" is a street drug terminology to describe an ounce. **PINON** told UM49 it
6 would cost him \$120, which is consistent with my knowledge of the price for an ounce of
7 methamphetamine as of the writing of this warrant.

8 359. On April 15, 2025, at approximately 7:14 PM, **PINON**, using (559) 931-4104 (TT1),
9 received a call from UM49, using (559) 301-6131 (TT 6131). During that call, UM49 told **PINON** he
10 did not need "ice cream" and would probably need it tomorrow, but if anything, he needed some "cris"
11 and some "black," which as stated above I believe to mean crystal methamphetamine and black tar
12 heroin. After speaking again about selling **PINON** a rifle, UM49 then stated he wanted to come over
13 and get some "black shirts" and some "ice cream." **PINON** told UM49 they were acting weird on the ice
14 cream. **PINON** told UM49 he thought his drug source wanted more money for the "ice cream," which
15 he originally told UM49 would be \$120. **PINON** told UM49 he would call him in about 40 minutes.

16 360. Based on the context of the previous calls, as well as my training and experience, I
17 believe that UM49 was indicating during this call that he wanted to purchase black tar heroin and/or
18 methamphetamine.

19 361. On April 15, 2025, at approximately 7:41 PM, **PINON**, using (559) 931-4104 (TT1),
20 called UM49, using (559) 301-6131 (TT 6131). During the call, **PINON** told UM49, "It's good to go".
21 UM49 asked **PINON**, "the white and black"? **PINON** confirmed that UM49 wanted ice cream. **PINON**
22 told UM49 he could obtain six black t-shirts for "two something" and that it would cost \$120 for the ice
23 cream. **PINON** told UM49 he would talk to UM49 when UM49 arrived at **PINON**'s house.

24 362. The investigative team then established surveillance on **PINON**'s residence at 17271
25 Tornado Avenue, Huron, CA.

26 363. At approximately 8:29 PM, the surveillance team observed a white truck approaching
27 **PINON**'s residence. An individual was subsequently observed exiting the truck and entering **PINON**'s
28 residence. The driver then came back out, briefly re-entered the truck, and then re-entered the residence.

1 364. At approximately 8:54 PM, the driver again entered the truck, appeared to turn it on, and
 2 then left the vehicle again.

3 365. At approximately 9:06 PM, the driver again entered the driver's seat and drove away
 4 from the residence. The investigative team maintained mobile surveillance on the vehicle as it began to
 5 depart the area and conducted a traffic stop on the vehicle at approximately 9:27 PM.

6 366. During a search of the vehicle, UM49 was contacted and identified. The team recovered
 7 two clear plastic bags containing approximately 30 grams of a white crystalline substance consistent
 8 with the appearance of methamphetamine on UM49's person.

9 367. Additionally, during the stop, a team member observed the phone in UM49's possession
 10 while another team member called (559) 301-6131 (TT 6131). While the second team member was
 11 calling that number, the first team member observed UM49's phone begin to ring. I therefore believe
 12 that UM49 is the user of (559) 301-6131 (TT 6131).

13 368. Based on the calls set out above, as well as my knowledge of the investigation, I believe
 14 **PINON** distributed methamphetamine to UM49 on April 15, 2025.

15 C. **Count 3 - VELAZQUEZ and PINON Distribute and Possess with Intent to**
 16 **Distribute Methamphetamine**

17 369. On April 26, 2025, **PINON** coordinated with **VELAZQUEZ** and CHS-1 for
 18 **VELAZQUEZ** to distribute narcotics to **PINON**, at which point **PINON** distributed those narcotics to
 19 CHS-1.

20 370. On April 26, 2025, the investigative team became aware that **PINON** conspired to
 21 distribute a pound of methamphetamine from **VELASQUEZ** (supplier) to CHS-1. CHS-1 purchased
 22 this methamphetamine at the direction of the investigative team.

23 371. At 11:40 AM, **PINON** used (559) 931-4104 (TT 4104) to call CHS-1 on a phone number
 24 they had previously provided to the investigative team. The following is a transcript of the call,
 25 beginning at the 2:25 minute mark:

NAME	TRANSCRIPTION
[BEGINNING of CONVERSATION]	
PINON	Well, tell her that I – that I – that you have some – that they're at a thousand.
CHS-1	Alright.
PINON	Right now. But I need it right now. No – hey Tuesday, Monday, Wednesday. If she

1	wan't em right now, if not forget it.
2	CHS-1 Ok.
3	PINON I don't want to go through all that bullshit again. Like – oh, we got the money.
4	CHS-1 [UI] Don't give people time to adjust basically.
5	PINON Ya – just fucking yes or no, and we got it – and the half for 500 and a full for a thousand – and um – the O.Z.s we could do em at 1 – 140 – 150. So...
6	CHS-1 Ok.
7	PINON Ok.
8	CHS-1 I'll call you right back
9	[END of CALL]

372. In prior controlled purchases of narcotics between CHS-1 and **PINON**, the investigative team instructed CHS-1 to inform **PINON** that CHS-1 was brokering purchases of narcotics on behalf of a female rival gang member. Based on my training and experience, I know drug traffickers use vague or innocuous language to communicate about narcotics in an attempt to thwart law enforcement's ability to arrest and prosecute them. I believe when **PINON** stated, "that you have some" and "they're at a thousand," **PINON** actually stated that **PINON** had pounds of methamphetamine for sale at a thousand dollars a pound. I also believe that when **PINON** stated, "half for 500 and a full one for a thousand" "the O.Z.s we could do em at 1 – 140 – 150," **PINON** actually communicated that **PINON** would sell a half pound of methamphetamine for \$500, a full pound of methamphetamine for \$1,000, and ounces of methamphetamine for between \$140 and \$150.

373. Therefore, I believe **PINON** called CHS-1 to communicate that **PINON** had pounds of methamphetamine for sale, and would sell them to CHS-1 connection for the aforementioned prices.

374. At 11:43 AM, CHS-1 contacted members of the investigative team and related that **PINON** had procured methamphetamine and had attempted to sell it to CHS-1. The investigative team instructed CHS-1 to finalize the purchase with **PINON** and that the investigative team would provide \$1,000 to CHS-1 to purchase a pound of methamphetamine from **PINON**. CHS-1 agreed and related CHS-1 would attempt to use **PINON**'s vehicle to act as a courier between **PINON** and the investigative team.

375. At 3:08 PM, CHS-1 called **PINON** on (559) 931-4104. The call turns to the methamphetamine procurement 15 seconds into the call. The following is a transcript of the pertinent portions of that call:

	[BEGINNING of CONVERSATION]
--	-----------------------------

1	CHS-1	Well, they're ready.
2	PINON	They're ready?
3	CHS-1	Yeah.
4	PINON	To sell – I mean to buy one?
5	CHS-1	Yeah.
6	PINON	Ok. [CHS-1], If I let you use my car, how fucking fast are you going to get over there and back?
7	CHS-1	[UI] there and back.
8	PINON	I need it there and back, and give me the money so I can get more.
9	...	[The conversation ended as CHS-1 requested PINON CHS-1 would be quick with the transaction.]
10		[END of CALL]

376. Based on my training and experience, I believe that when **PINON** stated, “to buy one” **PINON** was communicating “to buy a pound of methamphetamine.” Therefore, I believe CHS-1 communicated to **PINON** that **CHS-1**’s buyer was ready to purchase a pound of methamphetamine, and that **PINON** would allow CHS-1 to utilize **PINON**’s vehicle to broker the transaction.

377. At 3:40 PM, **PINON** used (559) 931-4104 to call **Hemir VELASQUEZ**⁷² on (213) 795-3500 (TT14). The call occurred almost entirely in Spanish and was translated by a Spanish-speaking member of the investigative team. The following is a transcript of the pertinent portions of that call:

NAME	TRANSCRIPTION (SPANISH)	TRANSCRIPTION (ENGLISH)
	[BEGINNING OF CALL]	[BEGINNING OF CALL]
VELASQUEZ	[English]	‘Sup?
PINON	[English]	Hey.
VELASQUEZ	[English]	What?
PINON	<i>Siquieres traeme una y media si quieres. O si no traeme una y si no traeme una Y que vajie mi compa pa llevar se lo. Y ahorita en unos cuarenta cinco minutos. Unos veinte pa ya y veinte para tras. Por que yo le dije que yo no mas fuera de [UI].</i>	If you want, bring me one and a half, if you want. Or if not, bring me one, and if not, bring me one, and my friend comes to take it to him. And in about forty-five minutes about twenty there and twenty back. Because I told him to I was just going to be [UI].
VELASQUEZ	<i>este Bueno... aqui tengo una ya. Ya me trajieron uno. Le dije que me trajieron uno por que iban a tocar. Compar a subir ayi para ya pa pa por Visalia...</i>	Well, here I have one now. They already brought me one. I told him they brought me one because they were going to touch. Going to buy to raise for over there in Visalia.
PINON	[English]	Oh, oh, okay.
VELASQUEZ	<i>Fueron vender a Visalia y aqui me dejaron una.</i>	They went to Visalia and they left me one here.

72 On May 20, 2025, members of the investigative team established physical surveillance on **VELASQUEZ** and called (213) 795-3500. Simultaneously, the investigative team observed **VELASQUEZ** answer his cell phone. Therefore, I believe **VELASQUEZ** is the user of (213) 795-3500.

1	PINON	<i>OK Que Ve... Ok si vendo esa. Que voy a tener aqui pa vender yo.</i>	Okay, what... Okay, if I sell that one. What am I going to have here to sell?
2	VELASQUEZ	<i>Si si te estoy diciendo te estoy diciendo Que vende esa que vende esa Y mandamos Traer otra, dos si quieres, otras tres, cuatro, cinco. Como a tu ahorita le ocupas piezas enteras, ya como a tu si quieres has tu pasito en media te dejo media por que en el city ocupo sacar piezas enteras a la neta. Ok ocupas juntar hortita la “unintelligible” ocupo vajar por, ocupan vajar manana por por mas pues y</i>	Yes, yes, I am telling you- I am telling you to sell that one- to sell that one. And we will send to bring another one, two if you want, another three, four, five. Like for you right now- you need pieces whole, and how you want- if you want, do your little steps in half, I'll leave you half, because in the city I need to take out whole pieces for reals. Okay, you need to gather right now [UI] I need to take down, they need to take down tomorrow for more then and...
9	PINON	<i>Pos te te dijo, que por que no mandaste con pa traer unos dos horita</i>	Well, I told you, why did you not send for more, or to bring two right now?
11	VELASQUEZ	<i>Por que que asi um como asi.</i>	Because like that, um, like that.
12	PINON	<i>Por que ira voy a vender uno horita and then mi compa mi otro compa que esta alla en pinche Hawaii, Va querer una media. And then Uno dos, tres aqui, que van a querer unas otras aqui [UI]</i>	Because right now I'm going to sell one and then my homie, my other homie, that is in fuckin' Hawaii, is going to want half. And then two, three here, that are going to want some here [UI]
15	VELASQUEZ	<i>ok Horita vende ese Y horita, Horita que trigan</i>	Okay, right now, sell that one and right now, right now they will bring.
16	PINON	<i>So So lo lo no se.</i>	So- So- I- I- I don't know.
17	VELASQUEZ	<i>Hay te veo pa ya</i>	I'll see you over there.
18	PINON	<i>[English]</i>	Okay.
		[END OF CONVERSATION]	[END OF CONVERSATION]

19 378. Based on the context of the previous calls set out above, as well as subsequent events set
 20 out in further detail below, I believe that when **PINON** spoke with **VELASQUEZ** about “one and a
 21 half,” he was speaking about a pound and a half of methamphetamine. Additionally, I therefore also
 22 believe that when the parties spoke about single numbers (e.g. “three, four, five”) they were actually
 23 speaking about pounds of methamphetamine.

24 379. Therefore, I believe that **PINON** began the conversation by asking if **VELASQUEZ**
 25 could bring him a pound and a half of methamphetamine, and if not, **VELASQUEZ** could just bring
 26 “one.” When **VELASQUEZ** indicated that he only had “one,” **PINON** then asked what he would have
 27 left to sell if he immediately sold the “one” that **VELASQUEZ** brought, and **VELASQUEZ** indicated
 28 that he would bring more pounds of methamphetamine for **PINON** to sell later. **PINON** later confirmed

1 that he had multiple other individuals that were going to want to buy pounds of methamphetamine from
 2 him. The parties then ended the call with **VELASQUEZ** indicating that he would “see [PINON] over
 3 there.” Based on prior calls, as well as subsequent events, I believe **PINON** intended to obtain this
 4 pound of methamphetamine from **VELASQUEZ** to sell to CHS-1.

5 380. CHS-1 then travelled⁷³ to **PINON**’s residence at 17271 Tornado Avenue, Huron, CA,
 6 met with **PINON** in the driveway, and then entered the residence with **PINON**. The investigative team
 7 was able to view CHS-1’s arrival at the residence on the pole camera installed in the vicinity. At
 8 approximately 3:46 PM, a Hispanic male subject, not known to CHS-1, arrived at **PINON**’s residence
 9 and entered the garage. CHS-1 later informed the investigative team that CHS-1 and **PINON** met this
 10 Hispanic male in the garage, where the Hispanic male gave **PINON** a clear plastic bag; **PINON**
 11 immediately handed the bag to CHS-1. CHS-1 then entered **PINON**’s white Honda Accord and departed
 12 the area with the bag; the unidentified male left the area approximately two minutes later, at 3:50 PM.
 13 Based on the prior calls, I believe the Hispanic male that supplied **PINON** with the clear plastic bag was
 14 in fact **VELASQUEZ**.

15 381. Members of the surveillance team followed CHS-1 to a pre-planned meeting location.
 16 CHS-1 and **PINON**’s white Honda were searched; no contraband was located other than the clear plastic
 17 bag previously handed to CHS-1 by **PINON**. The investigative team located approximately one pound
 18 of a clear white crystalline substance consistent with the appearance of methamphetamine inside of the
 19 bag. CHS-1 was then given \$1,000 in buy funds, returned to **PINON**’s residence, and gave the money to
 20 **PINON**.

21 382. Based on all of the above, I believe **PINON** and **VELASQUEZ**, conspired to distribute
 22 and possess with intent to distribute a controlled substance, in violation of 21 U.S.C. §§ 846, 841(a)(1).

23 **D. Count 4 – GUILLEN Conspires to Traffic in Firearms and Count 5 – VIERA**
 24 **Possesses a Firearm as a Felon**

25 383. On May 9, 2025, the investigative team became aware that **GUILLEN** conspired to

26
 27 ⁷³ Because CHS-1 did not have a working vehicle, the investigative team was not able to meet with CHS-1 prior to
 28 CHS-1’s meeting with **PINON** due to **PINON**’s extensive network of individuals who inform him of strange or out-of-the-
 ordinary activity in Huron, CA.

1 broker the purchase of a firearm between an uncharged individual (UCC4) and **VIERA JR.**

2 384. At 12:38 PM, **GUILLEN** used (559) 508-6409 (TT9) to call an uncharged individual
 3 (UCC4) using (559) 934-9745 (TT 9745). The following is a transcript of the pertinent portions of the
 4 call:

	[BEGINNING of CONVERSATION]
5	GUILLEN Hey.
6	UCC4 Hello?
7	GUILLEN Hey you hear me?
8	UCC4 Yeah
9	GUILLEN Hey – they just sent me a picture of a 43X like yours.
10	UCC4 A what?
11	GUILLEN They sent me a 43X right now [UI]
12	UCC4 How much?
13	GUILLEN For 9.
14	UCC4 Where at?
15	GUILLEN In Fresno. They just told me to come grab it if you want it.
16	UCC4 Tell them I'm going right now.
17	GUILLEN Alright. Let me get the address real quick.
18	UCC4 Alright then. Call me.
19	GUILLEN Alright look at the picture then.
20	UCC4 Alright then.
21	GUILLEN Alright.
22	[END of CALL]

17 385. Based on my training and experience, I know a “43X” is a Glock pistol. I believe when
 18 **GUILLEN** stated, “for 9” he communicated the price was \$900. Therefore, I believe **GUILLEN**
 19 communicated to the uncharged individual, that **GUILLEN** was contacted by an unknown individual
 20 regarding the sale of a Glock 43X pistol. **GUILLEN** acted as a broker during this call and relayed the
 21 seller was asking \$900 for the pistol. The uncharged individual expressed interest in the firearm, and
 22 **GUILLEN** related he would obtain the address for the transaction.

23 386. At 1:20 PM, **GUILLEN** used (559) 508-6409 (TT9) to call an unknown male (UM333)
 24 on (559) 420-3927⁷⁴ (TT 3927). The following is a transcript of that call:

	[BEGINNING of CONVERSATION]
25	UM333 What happened?
26	GUILLEN Hey, you hear me?

27
 28 ⁷⁴ Although the investigative team suspects **VIERA JR.** is the user of (559) 420-3927, there are not enough
 articulable facts to confirm this suspicion. Therefore, the user of (559) 420-3927 is herein referenced as UM333.

1	UM333	Yeah.
2	GUILLEN	Fuck dog, do you think the homie would take um – you think the homie would fucking take um – CashApp?
3	UM333	I – I think he – I could ask him why?
4	GUILLEN	Cuz Dog, the fucking homie is fucking – Dog he left Fresno dog – but his girls out there and he could CashApp his girl and she'll pick it up.
5	UM333	Alright for sure. Let me see right now.
6	...	[The call ended as GUILLEN expressed his frustration with “the homie” for doing the transaction in this manner.]
		[END of CALL]

7 387. Based on my training and experience, I know the term “homie” to mean a fellow gang
 8 member. I also know “CashApp” to be a money sending/receiving application. I know “his girl” to
 9 mean girlfriend or wife. Therefore, based on the fact that **GUILLEN** called UM333 shortly after
 10 speaking with the uncharged individual, I believe UM333 is acting on behalf of the seller for this firearm
 11 transaction. I therefore believe **GUILLEN** called UM333 to ask if the seller of the firearm would accept
 12 a CashApp payment for a firearm. **GUILLEN** indicated that “the fucking homie,” who I believe to be
 13 the uncharged individual, had just left Fresno, but could send his paramour to pick up the firearm should
 14 the seller agree to accept CashApp as a form of payment.

15 388. At 1:24 PM, **GUILLEN** used (559) 508-6409 (TT9) to call the uncharged individual on
 16 (559) 934-9745 (TT 9745). During this call, **GUILLEN** and the uncharged individual discuss other
 17 firearms available for purchase within the ENTERPRISE, as well as the “G43X” that the uncharged
 18 individual is inclined to purchase. **GUILLEN** told the uncharged individual, that “he said that you guys
 19 could CashApp the money” and “how far is your girl from that address right now?” **GUILLEN** then
 20 clarified, “835 W. Ashlan Avenue.” the uncharged individual related it was unlikely his girlfriend could
 21 make it before the seller had to leave the residence at 1:40 PM, due to the fact that the uncharged
 22 individual had to deposit the cash he had on hand in order to transfer any money on CashApp.
 23 **GUILLEN** related he would just “tell him [seller] it’s not going to be CashApp – it’s going to be cash”
 24 and that the transaction would take place in a few hours. Both **GUILLEN** and the uncharged individual
 25 agreed and the call ended shortly thereafter. During this call, I believe that **GUILLEN** was utilizing a
 26 second phone to communicate with the seller of the firearm. This observation is based on the fact that
 27 **GUILLEN** was heard during this call reading text messages aloud and sending text messages to the
 28 seller while a 2nd phone could be heard periodically making notification sounds that indicated incoming

1 messages were being received. This belief was corroborated when the investigative team observed (559)
 2 508-6409 (TT9) had a lack of transactional data during this call. This search of transactional data was
 3 conducted via a Pen Register Trap and Trace device which was installed on (559) 508-6409 (TT9)
 4 pursuant to a court order.

5 389. Based on my training and experience and the context from the prior calls, I believe
 6 **GUILLEN** originally planned to have the uncharged individual send his girlfriend to pick up the firearm
 7 from 835 W. Ashlan Avenue in the City of Fresno, while the uncharged individual sent the money via
 8 CashApp. This plan was not completed, and therefore had to be modified to accommodate the purchase
 9 of the firearm.

10 390. At 2:46 PM, **GUILLEN** used (559) 508-6409 (TT9) to call an unknown male (UM333)
 11 on (559) 420-3927 (TT 3927). The following is a transcript of that call:

	[BEGINNING OF CONVERSATION]
12	UM333 Hello?
13	GUILLEN Hey, send me the address.
14	UM333 I'm at my house.
15	GUILLEN Huh?
16	UM333 My house.
17	GUILLEN Well send me the address.
18	UM333 Alright.
19	GUILLEN Alright
	[END of CALL]

20 391. Based on the context of this call, as well as subsequent events, I believe **GUILLEN**
 21 contacted UM333 after speaking with the uncharged individual to obtain UM333's location so that
 22 **GUILLEN** could in turn relay that information to the uncharged individual to complete the firearm
 23 transaction. Though no data was intercepted by the investigative team on TT9, based on my training and
 24 experience, I know it is very common for firearms traffickers to communicate with each other using
 25 means other than their cellular phones, and therefore believe that this is what happened here. At 4:17
 26 PM, the uncharged individual used (559) 934-9745 (TT 9745) to call **GUILLEN** on (559) 508-6409
 27 (TT9). During this short call, the uncharged individual advised he was 20 minutes away. **GUILLEN**
 asked the uncharged individual to inform **GUILLEN** when the uncharged individual was 10 minutes
 away.

28 392. I believe the uncharged individual called **GUILLEN** to inform **GUILLEN** of the

1 uncharged individuals estimated time of arrival, due the fact that **GUILLEN** would relay this
 2 information to the seller of the firearm. This is significant due to the fact that this call showed that
 3 **GUILLEN** brokered this firearm transaction.

4 393. Immediately following this call, **GUILLEN** used (559) 508-6409 (TT9) to call an
 5 unknown male (UM333) on (559) 420-3927 (TT 3927). During this call **GUILLEN** told UM333 that,
 6 “he’s 20 minutes away.” Based on the context of the prior call, I believe **GUILLEN** relayed the
 7 uncharged individual’s current location to facilitate the firearm transaction.

8 394. At 4:38 PM, **GUILLEN** used (559) 508-6409 (TT9) to call the uncharged individual on
 9 (559) 934-9745 (TT 9745). During this call, the uncharged individual related he was arriving at the
 10 seller’s location. **GUILLEN** related he would notify the seller, who **GUILLEN** identified as “the
 11 homie from 5th Street,” to come outside.

12 395. I know based on my training and experience that “homie” is a term for a fellow gang
 13 member, while “5th street” is the Vario Fifth Street Bulldog criminal street gang within the City of
 14 Fresno. Additionally, I know that the word “homie” is generally used when referring to members of
 15 one’s own gang, and I therefore believe it unlikely that **GUILLEN** would use this word with someone
 16 who is not also a Bulldog gang member, as he is at the very least referring to UM333 as a Bulldog gang
 17 member. However, the fact that **GUILLEN** said “the homie from 5th Street” is more significant, as it
 18 implies that **GUILLEN** knows that the uncharged individual is aware that the phrase “5th Street” in a
 19 Bulldog gang clique context refers to the 5th Street Bulldog criminal street gang clique. In other words, I
 20 believe **GUILLEN** is effectively identifying UM333 as a member of the 5th Street Bulldog criminal
 21 street gang clique and expecting the uncharged individual to understand this fact, which would be
 22 unlikely if the uncharged individual were not also a Bulldog gang member. Therefore, I believe that this
 23 conversation indicates not only that **GUILLEN** and UM333 are Bulldog gang members, but that the
 24 uncharged individual is also a Bulldog gang member and that **GUILLEN** is aware of this fact.
 25 Therefore, I believe this call showed that the uncharged individual had arrived at the seller’s location,
 26 and that **GUILLEN** would contact this fellow gang member to coordinate the sale of the firearm.

27 396. In May of 2020, **GUILLEN** was arrested for a violation of California Penal Code section
 28 30305(b)(1) – A misdemeanor count of possessing ammunition as a member of a criminal street gang,

1 and California Penal Code section 25850(c)(3) – A felony count of possessing a firearm as a member of
 2 a criminal street gang. **GUILLEN**, because of this arrest, is aware that it is a Felony in the State of
 3 California to possess a firearm as a member of a criminal street gang.

4 397. Therefore, I believe **GUILLEN** not only knew that this firearm transaction was illegal
 5 due to it circumventing the requirements set out in California Penal Code section 27545, but it was also
 6 a Felony based solely on the fact that **GUILLEN** was coordinating the purchase of a firearm from
 7 Bulldog criminal street gang members, who are prohibited from possessing a firearm per California
 8 Penal Code section 25850(c)(3), as **GUILLEN** was arrested for this violation in the year 2020.

9 398. At 4:43 PM, **GUILLEN** used (559) 508-6409 (TT9) to call the uncharged individual on
 10 (559) 934-9745 (TT 9745). During this call, the uncharged individual asked if the seller was wearing a
 11 white T-shirt. **GUILLEN** related he wasn't sure, but the seller was named, "the homie Herm" and that
 12 those in his company were "the homies from 5th."

13 399. Based on my training and experience, I know "Herm" from "5th street" to be Herman
 14 **VIERA JR.**

15 400. Members of the investigative team established physical surveillance at 4362 E. Ball
 16 Avenue, the address of record for Herman **VIERA JR.** and watched as the uncharged individual arrived
 17 in a black Toyota sedan at 4:43 PM. Simultaneously, members of the investigative team observed
 18 **VIERA JR.**⁷⁵ exit the residence wearing a white tank top and carried an object to the uncharged
 19 individual who remained in his vehicle. The uncharged individual then left **VIERA JR.**'s residence.

20 401. At 4:46 PM, UM333 used (559) 420-3927 (TT 3927) to call **GUILLEN** on (559) 508-
 21 6409 (TT9). The following is a transcript of the pertinent portions of that call:

	[BEGINNING of CONVERSATION]
GUILLEN	Yeah.
UM333	He got it.
GUILLEN	Alright then, thank you.
UM333	Yup.
GUILLEN	[UI] appreciate it – um – I'll let you know what comes up over here from our side alright.
UM333	Yup it's good, tap in.
GUILLEN	Alright then, send my love, thank you.

28 ⁷⁵ **VIERA JR.** was positively identified by his prior booking photograph.

1	UM333	I send mine too.
[END of CALL]		

2 402. Based on my training and experience, and the context gathered from the prior call, I
 3 believe UM333 confirmed that the sale of the firearm between **VIERA JR.** and the uncharged
 4 individual had been completed.

5 403. At 4:53 PM, members of the investigative team observed the uncharged individual arrive
 6 at the “Dollar General” parking lot located at 1520 N. First Street, Fresno, CA. The uncharged
 7 individual met with an unknown individual who appeared to give the uncharged individual a box
 8 containing a chain necklace.

9 404. At 5:20 PM, members of the investigative team located the uncharged individual and
 10 detained him during a vehicle stop and determined the uncharged individual was the sole occupant of the
 11 vehicle. The uncharged individual was identified by his California driver license. A probable cause
 12 search of the passenger compartment of the uncharged individual’s vehicle revealed a Glock Model 43X
 13 firearm was stored under the driver’s seat of the vehicle. The firearm was serialized and found to be
 14 recently stolen in March of 2025⁷⁶. The uncharged individual was arrested and advised of his rights
 15 pursuant to the Miranda decision. The uncharged individual waived his right to silence and counsel and
 16 provided a statement. The uncharged individual related he obtained the firearm from his aunt who he
 17 identified. The uncharged individual advised he could not remember his aunt’s birthday, her phone
 18 number or her address nor would that information be on his cellphone. The uncharged individual further
 19 advised his aunt got the Glock pistol from the uncharged individual’s grandfather, upon him passing
 20 away in 2023. The uncharged individual was asked multiple follow-up questions regarding the source
 21 of the firearm, to which he eventually stated, “[he] just wanted to get this over with.” The uncharged
 22 individual was subsequently booked into the Fresno County Jail.

23 405. On June 12, 2025, Special Agent Kristin Loeffler utilized the specialized training she
 24 received from the Bureau of Alcohol, Tobacco, Firearms, and Explosives in the origin and manufacture
 25 of firearms to examine a picture of the firearm and confirmed with me that the firearm had been
 26 manufactured outside the state of California.

27
 28 ⁷⁶ Fresno Police Department Case #2503130758.

1 406. Based on all of the above, I believe **GUILLEN** brokered the purchase of a firearm
 2 between the uncharged individual and **VIERA JR**, knowing that it would be a felony for the uncharged
 3 individual to use, carry, or possess that firearm under the laws of the State of California, in violation of
 4 18 U.S.C. § 933(a)(1), and that **VIERA JR**, a convicted felon, knowingly possessed and distributed a
 5 firearm in violation of 18 U.S.C. § 922(g)(1).

6 **E. Count 6 – LICEA, AYALA, VASQUEZ, and FORNES Conspire to Deal in**
 7 **Firearms without a License and Count 7 - VASQUEZ and FORNES Conspire to Traffic in**
 8 **Firearms**

9 407. On May 11, 2025, at approximately 6:59 PM, the investigative team intercepted a call
 10 between **VASQUEZ** on (559) 895-2027⁷⁷ (TT10) and **Brian FORNES (FORNES)** on (559) 742-
 11 9396⁷⁸ (TT23).

12 408. During the call, **VASQUEZ** spoke to **FORNES** about picking up a “chop” in the “C” by
 13 the “airport.” I know from conducting and working on multiple gang investigations that “chop” is a
 14 commonly used slang term by gang members to describe fully automatic firearms, specifically fully
 15 automatic rifles. I also know from working this wire investigation that “C” is a shortened version for the
 16 town of Coalinga in California. From the call it appears **VASQUEZ** is requesting **FORNES** to go with
 17 him to acquire an automatic firearm by the airport in Coalinga. The call then drops.

18 409. Several seconds later **VASQUEZ** on (559) 895-2027 (TT10) calls **FORNES** on (559)
 19 742-9396 (TT23) and **VASQUEZ** confirms he would like **FORNES** to pick him up so he can pick up a
 20 “chop” by the “airport” where “the helicopters land” out in the “C.” **FORNES** agrees to assist
 21 **VASQUEZ** and tells him that his won’t be ready to go until around 7:30.

22 410. On May 11, 2025, a surveillance team was set in Huron, CA to follow **VASQUEZ** and
 23 **FORNES** to observe them obtaining a firearm. At 7:40 PM the surveillance team positively identified
 24 **VASQUEZ** and **FORNES** at a Chevron gas station located at 36700 Lassen Ave, Huron, CA. The two

25

⁷⁷ On March 13, 2025, members of the investigative team established physical surveillance on **VASQUEZ** while
 26 calling (559) 895-2027 (TT10). Simultaneously, the investigative team observed **VASQUEZ** answer his cell phone.
 27 Therefore, I believe **VASQUEZ** is the user of (559) 895-2027 (TT10).

28 ⁷⁸ On May 11, 2025, members of the investigative team detained **FORNES** at the termination of a vehicle pursuit.
 29 **FORNES** provided (559) 742-9396 as the phone number to his cell phone. Therefore, I believe **FORNES** is the user of
 30 (559) 742-9396.

1 were observed in a 2019 Hyundai Elantra, Ohio license plate number KCF5947. The surveillance team
 2 observed **FORNES** get into the driver's seat and **VASQUEZ** into the front passenger seat. The Hyundai
 3 then drove out of the Chevron parking lot and traveled South on Lassen Ave. Surveillance followed the
 4 Hyundai out of Huron and towards Coalinga.

5 411. On May 11, 2025, at approximately 7:43 PM, the investigative team intercepted a call
 6 between **VASQUEZ** on (559) 895-2027 (TT10) and **Jose LICEA (J. LICEA)** on 559-410-2221⁷⁹ (TT
 7 2221). **J. LICEA** told **VASQUEZ** "that fool" was waiting and told **VASQUEZ** to "bang that shit."
 8 Approximately 10 minutes after this call at 7:53 PM **VASQUEZ** on (559) 895-2027 (TT10) placed a
 9 call to **J. LICEA** on TT26. **VASQUEZ** confirmed with **J. LICEA** that his was supposed to "grab it and
 10 hand this one off?" **J. LICEA** agreed and told **VASQUEZ** to hand off "the box." **J. LICEA** asks if
 11 **VASQUEZ** saw the contact and that the contact should be under the bridge. **VASQUEZ** confirmed that
 12 he saw a car pulled over under the bridge. **J. LICEA** told **VASQUEZ** to go to that car and tell them that
 13 **VASQUEZ** was with him. The surveillance team at this time observed the Hyundai travel to an offroad
 14 area underneath Interstate 5 (I5) near South El Dorado Avenue and a dirt extension of Phelps Ave. A
 15 few minutes later, **VASQUEZ** on (559) 895-2027 (TT10) received a call from **J. LICEA** on 559-410-
 16 2221 (TT 2221). **J. LICEA** told **VASQUEZ** "don't hand it until you pop it" and "don't hand it until you
 17 see that it works." **VASQUEZ** confirmed with **J. LICEA** that he wanted him to "load it and shoot it?"
 18 **J. LICEA** responded positively and told **VASQUEZ** to ask for "Servando." At approximately 8:09 PM
 19 **VASQUEZ** on (559) 895-2027 (TT10) called **J. LICEA** on 559-410-2221 (TT 2221). **VASQUEZ** said
 20 that the "fool" put one round in the "AR" right in front of him and shot towards the office. **VASQUEZ**
 21 told **J. LICEA** that the AR "smacks." **VASQUEZ** then told **J. LICEA** that he was on his way back into
 22 town and they agreed to meet up once **VASQUEZ** was back in town. The surveillance team was able to
 23 observe the vehicle that met with **VASQUEZ**, it had a California license plate 8ZBG048 and was
 24 registered to Servando **AYALA**, date of birth December 21, 1994, address 389 Jefferson St, Coalinga,
 25

26 ⁷⁹ 559-410-2221 (TT 2221) is subscribed to "Jose Licea." Members of the investigative team have intercepted calls
 27 in which the user of 559-410-2221 is called, "T-Bird." Based on my knowledge of the investigation, I know that "T-Bird" is
 28 the moniker used by **Jose LICEA**. On May 4, 2025, **J. LICEA** was detained in a vehicle stop by the investigative team. I
 searched the historical precision location data associated with 559-410-2221 (TT 2221) and found 559-410-2221 (TT 2221)'s
 location data covered the location at which **J. LICEA** had been physically detained at the time. Therefore, I believe **J.
 LICEA** is the user of 559-410-2221 (TT 2221).

1 CA.

2 412. Based on the above conversation, **J. LICEA** appears to have orchestrated a firearms trade
 3 or purchase between the seller “Servando,” and the buyers **VASQUEZ** and **FORNES**. This is apparent
 4 due to the fact that **J. LICEA** seems to be giving step-by-step instructions to **VASQUEZ** on who
 5 **VASQUEZ** is meeting, where the meeting is to take place, how to exchange the firearms, and how to
 6 test the firearms. When **J. LICEA** tells **VASQUEZ** to “bang that shit” and “don’t hand it until you see
 7 that it works,” I believe **J. LICEA** is telling **VASQUEZ** to ensure that the firearm worked and was fully
 8 functional before he completed the trade. This was confirmed with **VASQUEZ** asks **J. LICEA** if he
 9 wants him to “load it and shoot it?” From the conversations above it appeared **VASQUEZ** did have the
 10 firearm tested when he told **J. LICEA** “that the “fool” put one round in the “AR” right in front of him
 11 and shot towards the office. I know that AR is a common acronym for a an Armalite Rifle or Assault
 12 Rifle, in both instances it refers to a rifle. The person who was selling the firearm to **VASQUEZ** appears
 13 for have loaded the rifle and fired it in the direction of an office. The surveillance team in the area who
 14 were following **VASQUEZ** at the time reported hearing gunshots coming from the direction where
 15 **VASQUEZ** and “Servando” were parked. It should be noted that the surveillance personnel were not
 16 close enough to determine who was firing the weapon.

17 413. The investigative team searched the Pen Register Trap and Trace records installed on
 18 559-410-2221 (TT 2221) and found that on May 11, 2025, between 3:26 PM and 7:37 PM, **J. LICEA**
 19 received 11 calls on 559-410-2221 (TT 2221) from the phone number (559) 403-3241⁸⁰ (TT 3241). T-
 20 Mobile was subpoenaed for (559) 403-3241 (TT 3241) and returned subscriber information for
 21 Servando **AYALA** with residential address of 389 Jefferson St, Coalinga, CA. With the call timing for
 22 **J. LICEA** on 559-410-2221 (TT 2221) to (559) 403-3241 (TT 3241) matching with **J. LICEA** on 559-
 23 410-2221 (TT 2221) calling **VASQUEZ** on (559) 895-2027 (TT10), I believe that Servando **AYALA**
 24 was the “Servando” involved in the illegal firearms transfer described above.

25 414. After the firearms transfer was completed, **VASQUEZ** with **FORNES** in the Hyundai

26
 27 ⁸⁰ I entered (559) 403-3241 into CashApp, a commonly used money sending mobile phone application, which
 28 indicated that (559) 961-6401 was associated with the account name “servando ayala” and the account handle
 “\$9nty4kidd559.” Furthermore, **AYALA** is listed as the subscriber of (559) 403-3241. Therefore, I believe **AYALA** is the
 user of (559) 403-3241.

1 started to drive towards Huron. They called **J. LICEA** and asked where he was located. I believe they
2 were bringing the firearm they had just acquired from **AYALA** to **J. LICEA**, which is why **J. LICEA**
3 was coordinating the transfer of the firearm. As they arrived in Huron a traffic stop was conducted by
4 the Fresno County Sheriff's Office. The Hyundai, being driven by **FORNES**, failed to yield and a
5 vehicle pursuit was initiated. During the pursuit **VASQUEZ** on (559) 895-2027 (TT10) called **J.**
6 **LICEA** on 559-410-2221 (TT 2221) at 8:21 PM and **VASQUEZ** said he "lost the chop." **VASQUEZ**
7 appeared to be short of breath and sounded like he could be running. **VASQUEZ** then told **J. LICEA**
8 "they caught me." At approximately 8:34 PM the Fresno County Sheriff's Office notified the
9 surveillance personnel that two subjects were apprehended from the pursuit of the Hyundai, the two
10 subjects were **VASQUEZ** and **FORNES**. During a subsequent search of the area a rifle was located.
11 The rifle appeared to have been thrown by one of the occupants of the Hyundai.

12 415. A Bureau of Alcohol, Tobacco, Firearms, and Explosives Special Agent utilized their
13 specialized training in the origin and manufacture of firearms to examine a picture of the firearm and
14 confirmed with me that the firearm had been manufactured outside the state of California.

15 416. When I reviewed **VASQUEZ**'s criminal history, I observed that he has several previous
16 felony arrests in 2019 and 2021, both for carrying a loaded firearm. When I reviewed **FORNES**'
17 criminal history, I observed that he was arrested in 2019 for carrying a loaded firearm as a gang
18 member. When I reviewed **AYALA**'s criminal history, I observed that 2012, **AYALA** had a Felony
19 conviction for selling controlled substances. I therefore believe that both **VASQUEZ** and **FORNES**
20 were aware that if they possessed the rifle described above, they could be arrested for felony offenses
21 under the laws of the state of California.

22 417. Members of the investigative team found that on October 4, 2023, Coalinga Police
23 Department (COPD) was dispatched to an assault with a firearm. COPD Officers contacted the victim
24 and found that Servando **AYALA** pointed a firearm at the victim. On October 12, 2023, COPD Officers
25 arrested **AYALA**, and searched his residence pursuant to a search warrant. COPD Officers located and
26 seized multiple illegal firearms and ammunition during this search. COPD Case #23-2043 was filed by
27 the Fresno County District Attorney's Office for multiple charges. Ultimately, the charges were reduced
28 and **AYALA** was convicted of a misdemeanor charge of Penal Code 30605(a) – possession of an assault

1 weapon.

2 418. Based on the fact that **AYALA** is a Felon and has recently had all of his illegal firearms
 3 and firearm's accessories removed from his residence by law enforcement, I believe **AYALA** is not
 4 simply selling firearms personally owned by him. I believe **AYALA** procured additional firearms after
 5 this seizure by Coalinga Police Department and was intentionally circumventing the requirements set
 6 out in California Penal Code section 27545⁸¹ during the aforementioned sale of firearms to **FORNES**
 7 and **VASQUEZ**. Furthermore, these beliefs are further corroborated by the fact that **AYALA** was
 8 observed advertising the capabilities of these firearms in violation of California Penal Code sections
 9 25850⁸² and 246.3⁸³.

10 419. Therefore, I believe that **VASQUEZ** and **FORNES** conspired and attempted to obtain a
 11 firearm, the possession of which was a felony under the laws of the state of California, a violation of 18
 12 U.S.C. § 933 (a)(1) and (a)(3). I also believe that **J. LICEA** knowingly conspired with **AYALA** to
 13 illegally purchase a firearm, and that **AYALA** did in fact engage in the business of dealing in firearms
 14 with **VASQUEZ** and **FORNES**, in violation of 18 U.S.C. § 371 and 922(a)(1)(A).

15 F. **Count 8 – QUESADA Illegally Possessed and Distributed a Firearm.**

16 420. On May 31, 2025, Jesus **QUESADA**, a convicted felon, illegally possessed and
 17 distributed a firearm to O.A.A., an uncharged individual.

18 421. On May 31, 2025, between approximately 5:54 PM and 6:29 PM, Jesus **QUESADA**,⁸⁴
 19 using (559) 796-3656 (TT27) and an uncharged individual (O.A.A.),⁸⁵ using (559) 309-2506 (TT 2506),
 20 exchanged the following text messages:

21

⁸¹ Failure to use a licensed firearms dealer for a private party transfer.

22 ⁸² Carrying a loaded firearm in public.

23 ⁸³ Discharging a firearm in public in a grossly negligent manner.

24 ⁸⁴ On May 25, 2025, at approximately 3:14 PM, members of the investigative team conducting surveillance
 25 observed a male entering a vehicle and positively identified the male as **Jesus QUESADA** based on comparison to a known
 26 California Department of Motor Vehicles photograph of **Jesus QUESADA**. Members of the investigative team followed
 27 **QUESADA** and observed that the approximate location of (559) 796-3656 (TT27) was the same as
 28 **QUESADA**. Additionally, (559) 796-3656 (TT27) is subscribed to Jesus Quesada. I therefore believe that the user of (559)
 796-3656 (TT27) is **QUESADA**.

27 ⁸⁵ As is set out below, during a traffic stop later that day on a vehicle driven by O.A.A., a phone in O.A.A.'
 28 possession began to ring when a member of the investigative team called (559) 309-2506 (TT 2506). I therefore believe that
 O.A.A. is the user of (559) 309-2506 (TT 2506).

1	O.A.A.	Can we use your piece
2	O.A.A.	?
3	O.A.A.	If not it's cool lmk cuz ima be in Lemoore rq
4	QUESADA	Of course you can
5	QUESADA	I'll be home in 5 minutes
6	O.A.A.	Ok
7	O.A.A.	Ok
8	O.A.A.	Close can u come out with it I got to still get my bros lol
9	QUESADA	Ok

7 422. Based on my training and experience, I know that the word “piece” is commonly used in
 8 criminal street gang culture to refer to a firearm. I also know that the acronym “R.Q.” is used in popular
 9 culture to refer to the phrase “right quick.”

10 423. Therefore, I believe that in this text message exchange, O.A.A. was asking **QUESADA** if
 11 O.A.A. could use **QUESADA**’s firearm, and I believe **QUESADA** agreed to allow him to do so. I
 12 believe that O.A.A. then asked **QUESADA** to come outside when O.A.A. was close to **QUESADA**’s
 13 residence.

14 424. After the initial text messages sent and received in this thread, the investigative team had
 15 established surveillance on 640 Kimball Lane, Hanford, CA, a property **QUESADA** owns and which is
 16 registered to him with the California Department of Motor Vehicles. At approximately 6:31 PM, a red
 17 Chevy SUV was seen pulling up the address. The surveillance team observed **QUESADA** walk up to
 18 the vehicle from the residence and then return to the residence.

19 425. The surveillance team then followed the red SUV and coordinated a traffic stop on the
 20 vehicle several minutes later. A Glock 19, serial number BGZD037, chambered in 9 millimeter, was
 21 located in the vehicle and O.A.A. was arrested and booked into the Kings County Jail. The following is
 22 a picture of the firearm:

23 ///

24 ///

25 ///

26 ///

27 ///

28 ///

426. During the stop, a team member called (559) 309-2506 (TT 2506), and watched as the phone which had been in O.A.A.' possession began to ring. I therefore believe that O.A.A. is the user of (559) 309-2506 (TT 2506).

427. A Special Agent with ATF utilized their specialized training in the origin and manufacture of firearms to examine a picture of the firearm and confirmed with me that the firearm had

1 been manufactured outside the state of California.

2 428. Later that evening, at approximately 8:19 PM, an unidentified male (UM597), using
 3 (559) 796-5389 (TT 5389) called **QUESADA**, using (559) 796-3656 (TT27). **QUESADA** began the
 4 conversation by asking, “Are you guys okay?” UM597 asked if **QUESADA** had given “Adrian”⁸⁶
 5 something, to which **QUESADA** responded, “He asked me for something.” UM597 responded, “Well,
 6 he got fuckin’ pulled over and now he’s booked.” When UM597 and **QUESADA** continued to discuss
 7 the situation, **QUESADA** eventually said that “that shit was extra. You know what I’m talkin’ about?”
 8 UM597 indicated that he did. The parties then discussed how they believed O.A.A. had lied to them
 9 about the circumstances surrounding the matter, after which **QUESADA** said, “Well, that’s what he told
 10 me. He said, ‘I’m in Lemoore, *tio*. Um, can I hold something?’ And I said, ‘Yes.’ Fuck. I don’t give a
 11 fuck about the toy, but-” The parties then briefly spoke over each other, after which **QUESADA** said,
 12 “The thing is- it’s, um, extra. And that’s not good.” UM597 then asked if **QUESADA** thought that
 13 O.A.A. would be questioned, and **QUESADA** responded that he did not know but had “wiped it” before
 14 he gave “it” to O.A.A.. UM597 then clarified that he wanted to know if O.A.A. had “got one” or was
 15 “hiding it” and **QUESADA** responded, “No, no, no. He asked me. Because- remember, you text[ed]
 16 me? [UM 597: “Yeah.”] And- and then I thought you guys were all goin’ together. And [UI] I even said
 17 too, ‘Are you sure? Because you don’t got no tags or none o’ that shit.’” At that point, UM597 indicated
 18 that he just wanted to let **QUESADA** know and **QUESADA** responded, “Ok, I’m gonna- yeah, I gotta
 19 put something- some stuff away.” The parties then spoke about how O.A.A. was in “Kings.”

20 429. Based on my training and experience, I know that gang members and firearms traffickers
 21 commonly speak in vague or innocuous phrases when speaking about firearms in order to attempt to
 22 confuse law enforcement and avoid criminal liability for their illegal activity. Here, based on the context
 23 of the information set out above, I believe the parties used the words, “something,” “shit,” and “stuff” to
 24 refer to one or more firearms. I also know that it is very common for the same communities to use the
 25 word “toy” to refer to a handgun, specifically. Furthermore, I know that the word “extra” is commonly
 26 used in street gang circles to refer to a firearm that will yield more evidence if it is examined closely; for
 27

28 ⁸⁶ It should be noted that name as said by UM597 sounded closer to a name such as “Ayden.” However, given the totality of the circumstances, I believe it is clear that he was speaking about O.A.A., as O.A.A.’s middle name is “Adrian.”

1 example, if the firearm has been used in a homicide and its casings entered into a national database
2 meant to identify the firearm if it is ever used again, an examination of the firearm from one criminal
3 incident would yield “extra” evidence of other criminal activity. I also know that gang members
4 commonly attempt to remove any of their fingerprints from firearms by wiping them after a firearm has
5 been used in criminal activity. Finally, I know that contraband traffickers take special care to make sure
6 that their vehicle registration is current, as this removes a way for law enforcement to conduct traffic
7 stops on their vehicles and therefore impede their criminal activity. Based on my knowledge of the
8 investigation, I know that O.A.A.’ middle name is “Adrian” and that he indicated during the traffic stop
9 that this was the name he uses on a daily basis.

10 430. Therefore, based on the context of the events set out above, I believe that UM597 had
11 been informed of O.A.A.’ arrest and was calling **QUESADA** to ask if **QUESADA** had given O.A.A. –
12 “Adrian” – a firearm. I believe that **QUESADA** acknowledged that he did. When UM597 indicated that
13 O.A.A. had been arrested and then booked into jail, **QUESADA** indicated that he was worried because
14 the firearm had been used in criminal activity and would therefore yield “extra” evidence. I believe that
15 **QUESADA** also indicated that he had wiped the fingerprints off of the firearm before giving it to
16 O.A.A., and that he also had other firearms which he needed to hide, given the fact that this firearm had
17 been brought to the attention of law enforcement. Finally, I believe that **QUESADA** indicated that he
18 had questioned O.A.A. to make sure that his vehicle’s “tags,” (i.e. registration tags) were current so that
19 ARIAS could not be pulled over.

20 431. When I reviewed **QUESADA**’s criminal history, I observed that he has been convicted of
21 several felonies, including a 1994 conviction for California Penal Code § 12021(a) – felon in possession
22 of a firearm, 1999 convictions for California Penal Code § 246 – Shooting into an inhabited dwelling
23 and California Penal Code § 245(a)(2) – assault with a firearm upon a person, and a 2001 conviction for
24 California Penal Code § 459 – burglary.

25 432. Therefore, I believe that on May 31, 2025, **QUESADA**, a convicted felon, illegally
26 possessed and distributed a firearm which had travelled in interstate commerce to Osbaldo O.A.A., a
27 violation of 18 U.S.C. § 922(g)(1).

III. CONCLUSION

433. Based on the totality of facts set forth in this affidavit, I believe there is probable cause to believe that the defendants committed the violations as described above.

434. I respectfully request the issuance of arrest warrants for individuals listed above.

I declare under penalty of perjury that the facts contained herein are true and correct to the best of my knowledge and belief.

Ryan Steger, Special Agent
Federal Bureau of Investigation

Attested to by the applicant in accordance with
the requirements of Fed.R.Crim.P. 41.1, by internet/
telephone this **23rd** day of June, 2025.

Stanley A. Boone
The Honorable Stanley A. Boone
United States Magistrate Judge

Approved as to form and substance:

/s/ Antonio J. Pataca
Antonio J. Pataca
Assistant United States Attorney

PENALTY SLIP

COUNT 1:

IGNACIO SANCHEZ,
AKA “GIDDY”;
BENNY GONZALES,
AKA “HUERO”;
RAMONA FELISCIANO;
JENNIFER ESCOBEDO;
ARMANDO ALFARO,
AKA “WHISPER”;
LUIS AMARO AGUILAR;
CARLY BALBOA;
TIMOTHY CHENOT,
AKA “LIL WHISPER”;
BARBARA DIAZ;
SUSANNA GARCIA;
AXEL GUEVARA,
AKA “ACTION”;
CARLOS GUILLEN,
AKA “C-DOG”;
GILBERTO HERNANDEZ;
ANTHONY JEFF,
AKA “ENVY”;
VICTORIA LIMA;
ANGEL SOLORIO LOPEZ,
AKA “RONZO”;
RICARDO LOPEZ,
AKA “R-DOG”;
DAMIEN MURPHY;
BRIDGETT MURPHY;
RICARDO NUNEZ;
LAURA PLASENCIA,
AKA “LP”;
GRACIE PULIDO;
DANIEL LOUBET ROMERO,
AKA “TOPO”;
DEBBIE SANCHEZ;
NAUL SANDOVAL;
ANGEL SOTO RIOS;
RODRIGO RUVALCABA,
AKA “REGAL”;
VICTOR TAMAYO;
LOUIS BONILLA; and
CRYSTAL MARTINEZ

VIOLATION: **Conspiracy to Distribute and Possess with Intent to Distribute Methamphetamine in violation of 21 U.S.C. §§ 846, 841(a)(1)**

PENALTY: Mandatory minimum of 10 years in prison and up to life; or Fine of up to \$10,000,000; or both fine and imprisonment Supervised release of at least 5 years and up to life \$100 Special Assessment (mandatory on each count)

COUNT 2: **RAY PINON, AKA “LIL RAY”**

VIOLATION: **Distribution and Possession with Intent to Distribute Methamphetamine in violation of 21 U.S.C. § 841(a)(1)**

PENALTY: Mandatory minimum of 10 years in prison and up to life; or Fine of up to \$10,000,000; or both fine and imprisonment Supervised release of at least 5 years and up to life \$100 Special Assessment (mandatory on each count)

COUNT 3: **RAY PINON, AKA “LIL RAY”
HEMIR ALONSO FEVELA VELAZQUEZ;**

VIOLATION: **Distribution and Possession with Intent to Distribute Methamphetamine in violation of 21 U.S.C. § 841(a)(1)**

PENALTY: Mandatory minimum of 10 years in prison and up to life; or Fine of up to \$10,000,000; or both fine and imprisonment Supervised release of at least 5 years and up to life \$100 Special Assessment (mandatory on each count)

COUNT 4: **CARLOS GUILLEN,
AKA “C-DOG”;**

VIOLATION: **Conspiracy to Traffic in Firearms in violation of 18 U.S.C. § 933(a)(1), (2), and (3)**
